

APOCALYPSE: GOD-LEVEL ZOMBIE SYNTHESIS SYSTEM

Chapter 6

Ye Li hadn't walked for long when several panicked voices reached his ears.

"Help! Help!"

Ye Li focused his gaze and saw several humans running towards him.

"Are they all Awakened Beings?"

Ye Li noticed that he could sense the energy fluctuations in the bodies of these humans.

Awakened Beings were divided into levels 1 to 10. Although they were not very strong, they were still warriors.

Ye Li was puzzled. Why were these Awakened Beings so terrified?

Could it be...

Ye Li suddenly thought of a shocking possibility: there were many zombies chasing after them.

Sure enough, not long after these Awakened Beings, countless zombies surged towards them.

Ye Li was stunned. There were probably thousands of zombies.

He quickly found a place to hide because with the zombies he had, he wouldn't be able to withstand such a large horde.

"Huh?"

Ye Li suddenly had an idea. Since he couldn't confront them head-on, could he engage in guerrilla battle?

With this thought, Ye Li's eyes gleamed.

After the horde of zombies passed, Ye Li emerged from his hiding spot and shouted at the zombies.

The zombies all turned their heads and, upon seeing Ye Li in front of them, surged towards him crazily.

"Roar! Roar!"

There were hundreds of zombies in this wave.

Seeing this, Ye Li quickly climbed up a nearby tall tree, and he had Ah Da, the level 5 male zombie, and the level 4 female zombie climb up as well.

“Beat whomever climbs up to death!”

Ye Li ordered them.

A hundred or so zombies scrambled to climb up the tree.

Although the tree was large, it wasn't big enough to accommodate all of them.

The hundred or so zombies were pulling and tugging at each other and repeated the cycle of climbing up and falling down.

Finally, about a dozen male zombies managed to climb up and were not far from Ye Li.

At that moment, Ah Da, the level 5 male zombie, and the level 4 female zombie began to take action.

The dozen or so male zombies instantly fell down.

Ye Li smiled. Now he could synthesize these zombies in the tree.

He synthesized the dozen or so fallen male zombies into eight level 2 zombies.

The eight level 2 zombies began to ambush the other zombies on the ground.

Whenever a zombie fell, Ye Li would synthesize it. If it fell again, he would synthesize it again.

The smile on Ye Li's face grew wider and wider. He realized he was on a roll.

In no time, all the hundreds of zombies had been synthesized into level 2 zombies by Ye Li.

Among them were twenty-six level 2 male zombies and twenty-five level 2 female zombies.

Ye Li synthesized the twenty-six level 2 male zombies into thirteen level 3 male zombies, and he continued synthesizing these thirteen level 3 male zombies.

Six level 3 male zombies were synthesized into three level 4 male zombies.

The three level 4 male zombies were naturally synthesized into one level 5 male zombie and one level 4 male zombie.

Ye Li was very satisfied. He already had one level 5 male zombie, and now he had two.

Immediately, Ye Li synthesized the two level 5 zombies into a level 6 zombie.

Another level 6 zombie was born. Without hesitation, Ye Li synthesized this level 6 male zombie with Ah Da.

Ah Da became level 7!

Now he had Ah Da and one level 4 male zombie.

And twenty-five level 2 female zombies.

Ye Li started synthesizing the female zombies.

Ye Li crazily synthesized in his mind. The whole process was incredibly fast

Three level 5 female zombies were produced just like that.

The two level 5 female zombies were then synthesized into one level 6 female zombie.

Ye Li now possessed a high-level female zombie.

His current female zombies included one level 6 female zombie, one level 4 female zombie, and one level 2 female zombie.

What a delight!

Ye Li stored the five zombies in the system space and then ran forward.

He wanted to see how those Awakened Beings were doing, although he guessed they had probably been eaten by the zombies.

He didn't feel any discomfort in his heart. In this world, human lives were as insignificant as grass.

If he pitied those Awakened Beings, who would pity him?

If it weren't for Ye Li acquiring the system, he probably wouldn't have been able to leave the hospital yesterday.
