

APOCALYPSE: GOD-LEVEL ZOMBIE SYNTHESIS SYSTEM

Chapter 8

Nevertheless, Ye Li chose to chase after them. Only by doing so could he combine those two high-level female zombies.

As he chased into the alley, there was no trace of the girl and the two high-level female zombies.

The girl was an advanced Awakened, so she could definitely run very fast.

Ye Li kept chasing into the alley, not knowing how long he had been pursuing when he finally saw the girl and the two high-level female zombies.

It turned out they had reached a dead end. The girl leaned against the wall, panting heavily, seemingly exhausted.

Although the girl was an advanced Awakened Being, she could still get tired. Presumably, she had been running for quite a while to be in such a state.

The two high-level female zombies pounced towards the girl!

The girl closed her eyes as if she knew she was about to die.

“Take action!”

Ye Li commanded Ah Da.

Ah Da shot out, moving at an incredible speed.

“Boom!”

Ah Da threw two punches, sending the two high-level female zombies flying away.

The two high-level female zombies were embedded into the wall, unable to break free.

The girl opened her eyes and looked at the Tier 1 male zombie in front of her. Her already pale face became even paler.

“You... you!”

“Don’t worry, he won’t harm you.”

Ye Li’s voice reached the girl’s ears.

The girl was startled as she looked at Ye Li.

Right, she had seen them just now.

Ye Li didn't pay any further attention to the girl. Instead, he looked at the two high-level female zombies in the wall.

The two high-level female zombies appeared in the grid in Ye Li's mind, and their displayed level was 7.

Ye Li was delighted. Indeed, they were high-level zombies.

Immediately, Ye Li synthesized these two 7th-level female zombies into one 8th-level female zombie.

Currently, Ye Li didn't intend to develop this 8th-level female zombie. He wanted to nurture female zombies that had turned from Awakened Beings.

Without much thought, Ye Li stored the male and female zombies into the system space.

System Space: 13/100.

It contained Ah Da, a 7th-level male zombie, a 6th-level male zombie, a 4th-level male zombie, an 8th-level female zombie, a 6th-level female zombie, a 4th-level zombie, and a 2nd-level female zombie.

In addition, there were five boxes of food and a steel-cutting knife.

The girl watched as the eight zombies disappeared before her eyes. She was dumbfounded. She swore she was truly astonished.

A scene that would never be possible appeared right before her eyes. How could she not be amazed?

She also remembered clearly that Ye Li was standing together with those zombies just now, and there was even a Tier 1 zombie among them.

So why didn't those zombies attack him?

Furthermore, she saw that the two 7th-level female zombies chasing her had merged into one and even upgraded in level.

She couldn't understand. She really couldn't comprehend.

"Are you... are you human or...?" The girl looked at Ye Li in astonishment.

Everything she saw made her doubt whether Ye Li was even human.

"Of course, I'm human. What kind of question is that?" Ye Li found it somewhat amusing.

Although he didn't have an exceptionally handsome appearance, he still had a certain air about him. How could this girl not tell if he was human or a zombie?

Hearing his response, the girl let out a sigh of relief. No matter how she looked at it, she felt that Ye Li was a human.

"Thank you, Senior, for saving me. My name is Yun Man," the girl looked at Ye Li and said.

Ye Li didn't expect the girl to address him as Senior. That was interesting. It seemed like she considered him an Evolved Being.

Above the Awakened Beings were the Evolved Beings. Their difference was just like that between a Level 10 zombie and a Tier 1 one.

There was a world of difference between the two!

"Yun Man," Ye Li murmured.

"By the way, why were you being chased by zombies?"
