Chapter 30 Kaido's Awakened Kindergarten Principal's Heart

I saw that she took out an antique knife from her waist, and then a few rolled over to Kaido's side.

"Don't come here! If you come here, I will kill this guy!"

Shaina's expression twitched a few times, and Quinn dropped his cigar in shock. They didn't know what to say for a while.

If Morgans was here, tomorrow's headlines might be there, so he likes the act of exaggeration, and it's likely that similar headlines will be born

【The mysterious little girl, the new star of the new era, Kaido was actually hijacked】 .

There is a big difference in body size, and the movement of her holding the knife across Kaido's neck seems a little joyous at this gap, and neither Quinn nor Shaina take it seriously. This kind of knife is even Kaido's. The skin cannot be pierced.

Even if he is sleeping.*noVELus&.com*

"Aren't you and the pervert Jhin watching the night, how did she get here?"

"It's just a little thief who stole food. Didn't I just stare at it, what danger could such a little girl be?"

"so now?"

"Who do you think is dangerous?"

Quinn picked up his cigar and threw it out again. The scene was so shocking that he turned the cigar upside down and burned his mouth.

Shaina is right, in this situation it is definitely not Kaido who is at risk. This is the monster known as the strongest creature, and even a guillotine can't hurt him, let alone a small dagger like this.

And this is where Quinn was shocked. Although not everyone can recognize Kaido's identity, it is not a good goal even by looking at the size. Where did this kid come from so much courage.

"Hey, hey, you two, don't ignore me, people will really do it!"

"Huh? What's going on? I've grown taller?"

Originally, she was waving the dagger in her hand at Quinn and Shaina, but suddenly she felt that she had grown a lot taller. Of course, she would not grow taller out of thin air, but Kaido woke up.

Kaido, who sat up, picked her up directly, which is why she felt that she had grown taller.

"Little devil, are you trying to kidnap Lao Tzu?"

"That's right, Big Brother Kai, this little girl actually takes you as a hostage, or kill her." Quinn is the one who doesn't value the lives of outsiders the most. In his opinion, the life of a kid is simply not worth it. It doesn't matter.

And these words also frightened the little girl, she waved the dagger in her hand randomly and stabbed Kaido's arm, and then the knife broke.

Looking at the broken dagger in her hand, she was at a loss for a while, why would someone's skin be harder than steel.

"What kind of monster is this. Are you going to die? Don't you? They just escaped from the belly of Lord Lantern!"

But Kaido didn't do it, the little girl's behavior seemed to arouse his interest.

"Hmm, it's an interesting kid, but unfortunately he's too weak. Hey, how about being a trainee on Lao Tzu's ship? Your brat's guts will definitely make a difference in the future."

As we all know, Kaido has many hobbies, one of which is recruiting various subordinates, and these subordinates are not only the strong men he likes, but also the children he recognizes.

Either talent, identity, or character, the new generation of the Beast Pirates is almost always brought back by Kaido.

Although he has always been very generous to those who are willing to join him, he is not stupid. Looking at the future of the Beast Pirates, the Three Disasters and the Fei Liubao, apart from the veteran-level Quinn and Jhin, most of them are him. Bringing them back from childhood and raising them up, such talents are the true core of the Beasts Group.

There are many children brought back by him from various places. Compared with the aunt who gave birth to him all by himself and the character that Whitebeard likes to accept sons, Kaido can be called the head of the first kindergarten in the new world.

The little girl is so weak that he can't even hurt his skin, but he likes this daring spirit very much. He dares to take him as a hostage and then stab him with a knife. After the knife is broken, he dares to bite him with his teeth. The desire to survive satisfied him.

Without the heart of a strong man, it is impossible to become a strong man. You can be cowardly or timid at ordinary times, but those who dare to stand up at critical moments are truly strong.

If you have luck and domineering, it's another matter, Bucky the Clown, the only guy in the sea who doesn't give red head face, but has a smooth career.

"Okay, I'll join you."

"Cut, who wants to join you, I hate pirates the most, and I will ride Elizabeth to escape while you are not paying attention."

This is what she said in her heart, but the problem is, she said what she said in her heart.

She looks like a child, but she is actually over 150 years old. The ring in her hand is set with a small piece of rare metal called "pure gold", which is known as the precious metal that can buy the whole world.

Its effect is to suspend the growth of the human body, which is why she has lived for so long,

She just lived in the belly of a sea king. She hadn't seen other living people for more than a hundred years. She only had a lizard to accompany her, so she developed this bad habit of talking to herself.

She thought Kaido would be furious, but Kaido didn't, but continued to laugh.

"If you have the ability, try to escape, but if you are caught by me, it will hurt a lot. What's your name, kid."

"Olga, Miscina Olga."

"My name is Kaido, you will be the captain in the future, remember this name for me."

When Arceus's experimental skills ended and he returned here, he saw that there was an inexplicable addition of a person and a lizard.

Then Shaina briefly explained to Arceus what happened last night, and then pulled Olga's ear and instructed some things. As the only woman on the ship, Kaido handed Olga to Shaina. Ina.

However, Olga still had some resistance to being boarded by Kaidora. She had a happy family back then, but because of pure gold, a large number of pirates rushed to the island and killed her mother. The reason why she hates pirates.

Pure gold had long since disappeared from the world, but her father recreated pure gold based on the leftover literature, in order to delay the development of the virus in her body and allow her to live. Unexpectedly, it attracted pirates and caused the death of his wife.

Then the pure gold attracted huge sea kings and swallowed the whole island. Her father didn't tell her about it, so she has hated her father for more than a hundred years.

If he hadn't made pure gold, none of this would have happened.

She wanted to find an opportunity to escape, but Elizabeth dropped the chain at this time. After seeing Arceus, it fell on the ground to express submission, and did not want to leave here at all.

Leaning near the side of the ship, Olga's eyes turned around, thinking about how to escape, Quinn had already sorted out her power system and was ready to set sail to find John.

But just before the ship set sail, a man in a tattered dinosaur doll costume floated over from the sea.
