Zowen and Zaneos took a long breath when they saw the updated status. The Dragon's bloodline was just so overpowered that it increased the attributes by three times.

The grin on Tang Shaoyang's face was getting wider and wider as he scrolled down to see all updated status. It was a massive growth, for everything.

[Friction skills detected! Initiate Skill Fusion [Regeneration (Passive)] and [Dragon's Regeneration (Passive)]!]

[Fusion Skill failed, [Dragon's Regeneration (Passive)] skill's grade is far too superior!]

[[Regeneration (Passive)] skill has been removed!]

Even though he lost a skill, Tang Shaoyang did not lose his happy grin. He understood that [Dragon's Regeneration (Passive)] skill should be a high-grade skill, much higher than [Regeneration] for sure. So he did not mind that one of his skills was removed.

"It seems you are satisfied with the bloodline," an old serene voice entered his ears. He wanted to test out the new skills, but there was more to do before he could do that.

"I would say I am more than satisfied," Tang Shaoyang grinned as he had recovered a little more energy.

"I have fulfilled the first oath, I hope you can keep your promise in the future," Rumru voiced his concern as he looked toward the ice coffin.

"I will be damned for eternity if I don't fulfill my promise," Tang Shaoyang turned serious as he repeated the oath for the old man to hear.

"I hope you do," the old man smiled, "It's time for me to leave the world."

"Before that, I want to ask if you have a specific request for your revenge? I heard there are eight Gods, do you want me to do anything specific or you are going to leave me to do the rest, the cruelest suffering!" Tang Shaoyang licked his lips. Since it was an exchange, and he received more than he expected, he was willing to do more than revenge.

"I have three names, Carlsen, Axel, and Darius!" The old man mentioned three names as his face turned savage. Just mentioning those names, he could see the deep hatred from Rumru's eyes.

"Carlsen, Axel, and Darius..." an evil smile formed on his lips. It could be said that it was thanks to these Gods that he could obtain the bloodline. If not for them, the Dragon in front of him would likely kill him.

"Alright, I am ready. Can you give me some space?" Rumru pointed his finger at the corner of the cave that was pretty far from where he was. Tang Shaoyang followed the instruction and stood far away.

Bwoosh!

The human figure enlarged into an enormous black dragon and filled the large cave immediately. He met with Rumru's dark blue eyes and once again, he froze. Even after he received the bloodline, the disparity between them was just too big.

Rumru ignored Tang Shaoyang's gaze as he pulled the ice coffin closer to him. The Dragon put the ice coffin next to his chest, "Come here, Tang!"

Tang Shaoyang approached the enormous dragon. Despite the big gap, this was much better than before he received the bloodline.

While he walked toward the dragon, Rumru used his claw to pull off the big scale on his chest. After he pulled off the scale, he dug out the flesh and showed him something amazing, Dragon Heart.

The Heart was beating and radiated a fierce crimson glow, "Destroy my heart, this is the only way for you to kill me!"

Tang Shaoyang did not make his move, he looked up and looked at the heart. The Dragon could see the hesitation in Tang Shaoyang's eyes.

"Haha, I thought you would be merciless and kill me without hesitation, but it seems you are not unfeeling as I thought," Rumru was laughing the moment he noticed the man wavered, "Feeling guilty for what I have given you?"

"A little bit, my heart tells me to not kill you but my rational thought is urging me to kill you," Tang Shaoyang replied honestly.

"At least you have a little conscience, but I already made my oath. You have to kill me, I have told you, I have no more will to continue my life. I have been waiting for you all this time," Rumru shook his giant head as he kept pointing at his exposed heart, "Kill me, even if you don't kill me, I will find a way to kill myself."

"Kill me! Make my life more meaningful for our revenge!" The Dragon raised his voice.

Tang Shaoyang proposed the idea, and he even asked the Dragon to add this to the oath. It was too late even if he did not claim the Dragon's life, Rumru would die from the oath.

He took out the scythe and walked closer toward the dragon. He took a deep breath and ready to swing his scythe to the heart.

Swoosh!

Tang Shaoyang swung the scythe toward the heart. Just as the sharp point of the scythe was about to pierce the heart, the scythe bounced back. There was a barrier protecting the heart from the scythe.

"Oh my, are you trying to destroy my heart with your brute force?" The Dragon once again laughed, "If this is seen by the other Dragons, they would be angry for sure. You are underestimating us, the mighty Dragon. Use your skill, Tang!"

—Use your [Mana Manipulation] to create a sharper blade on your scythe, or you can form a sword with your mana.

Zowen who watches the whole scene was trying to hold her laughter. Trying to pierce Dragon Heart with an unknown metal. However, he could not blame Tang Shaoyang since Dragon was something he just encountered. He only did have a little knowledge about the mythical creature.

Tang Shaoyang took a deep breath and used [Mana Manipulation] to control the mana from his Mana Whirlpool. He directed the mana to the scythe and formed a new layer blade with the mana.

Of course, he did not do that on one try. It took him ten tries to make a perfect mana blade and the Dragon watched the whole thing from the side. Once again, he laughed, "If not for the [Clairvoyance], I would have thought this is a mistake on my part."

"This makes me better, at least, I can make you laugh at the last moment of your life," Tang Shaoyang smiled, "Are you ready, then?"

"Yes, I am ready," the Dragon nodded his giant head and closed his eyes, "Do it!"

Swoosh!

This time he without hesitation swung his scythe right to the beating heart. The blade entered the heart, and Tang Shaoyang could see the Dragon's body flinched, but the Dragon stayed still.

The beating heart slowed down, Rumru opened his eyes, "Our hope is on you, Tang Shaoyang!"

Those were the Dragon's last words before the light in his eyes faded out. The giant head slowly lowered down as the heart stopped beating. Silence ensued inside the cave, Tang Shaoyang even held his breath.

He was about to release the long breath until he heard a series of notifications in his head. The notification was too many in his head, it started him. He fell on his butt when he heard the unending notification.

The notification kept ringing his head, it told him that he leveled up, his main level, and also his second class. Usually, he would be happy to hear the consecutive notifications, but not this time. He was in a foul mood and these notifications caused his head to ache.

Tang Shaoyang laid down and closed his eyes. He tried to ignore the voices in his head.

—You can have your time, but don't let your emotions control you. You have to use their bodies to summon a new spirit.

Zaneos did not try to console Tang Shaoyang but reminded him to not lose his purpose. Tang Shaoyang did not respond to Zaneos', it might be short but he felt close to the Dragon for some reason.

[You have met the condition for Class Advancement!]
