

## ARMIPOTENT Chapter 327

"I-I a-am s-sorry..." Li Na finally managed to utter those words out. Her mind was blank, she did that out of frustration and pressure from Moon. She now faced the man, all the complicated thoughts and the courage she had gathered were gone.

She reverted to her usual timidness, 'Just what entered my head to be so daring to do that!?' She screamed inwardly, 'Are you hoping he would not wake up? He obviously will wake up, idiot!'

"I am sorry?" She saw the man repeat her word with a clear voice. "What are you sorry about? Not finishing what you started?" The man's lips opened his warmth and meaty breath hit her face.

Li Na's mind truly went blank. She shook her head; it was not what she tried to say. She tried to speak again but the words would not come out of her mouth. Her lips were separated and closed again. It was repeated four times until she saw an amused smile on his face.

"You boldly do that, but now you look like an innocent rabbit," after saying that, he planted his lips on hers.

The blank Li Na turned into the shocked Li Na. Her black pupils widened as she felt a foreign object enter her mouth, exploring her mouth until met with her tongue.

She soon found out the foreign object was his tongue. She did not know what to do as she responded to his action. They kissed for two minutes until she was out of breath. The lips separated again.

"So, are you going to take responsibility?" The man asked her with his deep voice that quickly intoxicated her. Li Na was trying to think of something, but her mind was not working well.

She did not know the responsibility he was talking about. Her face flushed red and her breath ragged up. She opened her mouth and closed it again as the words just would not come out of her mouth.

"What are you? You are like a koi fish that gets taken out of the water," Li Na could hear from Tang Shaoyang's tone that he was amused by her situation she was in.

'Do something, Li Na! Do something!' She scolded herself inwardly, but her body did not move.

'Yeah, do something Li Na! You have to continue what you have started! This is your chance~,' a devilish voice rang in her head. It was her voice, but it was seductive.

'No, Li Na! You have to find a way out of your situation now. You don't want the man you loved to think of you cheaply, right?' An angelic voice followed up.

'No! You have to finish it, this may be your last chance~' the devilish voice rang again.

'Li Na, you are not a cheap girl. You have to explain the situation and clear yourself. You have to confess your feelings properly before you go for the last steps. This is the right thing!' the angelic voice kept persuading the girl with her sincere tone.

'Do it right now or you may regret it later, girl~ you can capture his body first and his heart later~ confessing your feelings properly is not the only way to do it, girl~' the devilish voice seemed to have a strong force behind her words.

'Don't listen to the devil, or you will regret it,' the angelic voice did not give up.

'Take it easy, girl~ you just need to do what you have learned from the video. You are doing it well already, you just need to finish it,'

"So, what are you going to do, girl? Are you going to leave me hanging like this?" Tang Shaoyang came closer to her ear and whispered. At this point, he had only one thought, it was to score a goal. He had zero control when lust took over his head.

Li Na awakened from her inner struggle and looked straight to the man's face. He was grinning at her. She did not know where her courage came from but her hand was moving and grabbed little Shaoyang.

She was startled by her bold action at first yet her hand still caressed little Shaoyang gently. When the grin turned into a pleasant smile, she increased the pace slowly.

Tang Shaoyang licked his lips, "Girl, your hand would not be able to satisfy me," she heard the whisper into her ears. With her left hand caressed little Shaoyang, she held his waist with her right hand.

Li Na pulled herself up and kissed the red lips. She followed the devil inside her, finishing what she had started. The girl no longer hesitated even without the final push like granting her family a safe place to live just like what she did for her first time. She followed her inner heart to serve the man.

Tang Shaoyang followed the girl movement, but it would never satisfy him. Li Na was pushed down to the bed and he pulled her clothes off. She did not struggle, raising her hand, her upper clothing was easily pulled off.

Leaving the black bra as her last defense. She had given up to resist, so when the man lifted her body up, she let him do whatever he wanted to her. He easily pulled off the hook of her bra by a single lift. Clearly, he was an expert in this regard.

He shoved the bra away and her c breast was at his sight. Without words, the man buried her face into her brace. He was playing with her breast with his lips and tongue, and also his finger. She finally understood why he preferred big-breasted girls, he loved breasts.

"Ahnnn~" it was like a jolt, she never expected that her breast could bring out a sexual sensation. She closed her eyes and pushed the man into her chest, encouraging him to do more.

After a while, she felt a hand slid through her smooth belly down to her nether region. It was like another jolt of pleasure as soon as the finger started to play with her nether region.

"Ahnnnnn~" a moan escaped her mouth as her mind rekindled the past memories. They stayed like there for a moment until Tang Shaoyang pulled off his finger from her wet nether region.

The man was grinning at her while showing his sticky finger that was wet with liquid. She knew where the liquid was coming from. Her face flushed red from embarrassment as she tried to cover her face until she heard a deep voice.

"Don't cover your face. You are beautiful as it is," as she heard the words, she looked at the man. The latter immediately kissed her and she followed his lead, "Alright, girl. I can't hold it back anymore."

Tang Shaoyang sat up, and he immediately pulled her shot pants down along with her panties, leaving her nether region open for the invasion. She immediately looked away from the embarrassment. However, Tang Shaoyang said nothing as he brought little Shaoyang to Li Na's surface vagina.

He rubbed the big head to the surface for a while before he entered her.

"Hngggg~" a moan instantly came out of Li Na's mind as her mind once again went blank. When the second push came, she could no longer hold her moan back. She let an unrestrained moan while the man pushed her to the limit.
