

## ARMIPOTENT Chapter 392

"I thought it would be a level 1 and also stage-1 zombie, but they are more dangerous than I thought," Tang Shaoyang muttered in a low voice.

"What is this thing?" He could not help but ask it out while looking at the flesh tower. Then he cast [Basic Detection] on the flesh tower. He was trying his luck, not expecting any result.

-----

[Facility - Zombie Consort]

Type: Building

Affiliation: Daian Kingdom

Level: 3

Ability:???

-----

Tang Shaoyang was not expecting a result, but he got one anyway. He looked through the information and it turned out the flesh tower was a zombie's facility.

He got more information about the zombies. The human faction was not the only one who got access to a facility. The zombies if they conquered the city would have their facilities as well. Their facility was not about strengthening the available force, creating more force.

The zombie got equal treatment from the system. He was not the only one who could have the advantage of conquering the city. The reason why the zombies wanted to conquer the city.

Tang Shaoyang then looked down at where Zombie Consort was rooted. Just like Zaneos told him, the facility was destroying the environment.

He could see the facility was oozing the dark mana from the lower part as the land turned black as well. The dark mana was harmful to humans as it was similar to Demonic Mana Zaneos had.

"Let's destroy this thing immediately," Tang Shaoyang raised his battle-ax. He was about to swing the ax toward the Zombie Consort until a playful voice rang.

"Wow! I can't let you do that, or King Biron would chop my head off," The playful voice came from Tang Shaoyang's back.

Of course, Tang Shaoyang did not listen to the stranger. He enveloped the battle-ax with the Slayer Energy and swung the Dragon Destroyed toward the facility.

Before the battle-ax could reach the facility, a figure appeared next to Tang Shaoyang. The figure sent a kick toward the side of his stomach. The figure tried to send him away from the facility.

However, the kick could not even budge Tang Shaoyang. He was standing still as his battle-ax sliced through the flesh of the Zombie Consort.

"KRIERRGHHH!!!" The Zombie Consort let out a piercing shriek as the battle-ax cut through the flesh.

"Ouch, my ears!" The figure next to Tang Shaoyang leaped away from the facility. However, Tang Shaoyang stayed still as he endured the disturbing shriek. He merely frowned at the shriek.

The thick red blood streamed down from the cut he made. However, he could see that the cut was healing visibly. The shriek continued, it did not stop shrieking.

Tang Shaoyang raised his battle-ax once again, and Slayer Energy enveloped The Dragon Destroyer once again. This time he combined Slayer Energy with a skill, [Invisible Slash].

Swoosh!

This time, the battle-ax cut through all the way to the back of the Zombie Consort. At the same time, the shriek was getting louder and louder.

At the second slash, the Zombie Consort leaned forward. One more attack, then Tang Shaoyang could cut the Zombie Consort completely.

However, the figure who leaped away from Tang Shaoyang came again, "I am not going to let you do whatever you want under my watch!"

This time, Tang Shaoyang turned around toward the voice. He found a zombie in black armor and held a black broadsword in his right hand. From the rotten face, Tang Shaoyang could tell that this zombie was not the zombie produced by the Zombie Consort. This guy was the first generation. He cast [Basic Detection] on the zombie.

[Basic Detection]

-----

Name: Doron

Race: Zombie Lord

Affiliation: Daian Kingdom

Class: Undying Berserker

Evolution: Stage 7

Level: 201

Skill:???

-----

'So this zombie is Doron that Heron talked about,' He thought to himself, 'I should leave this guy to the others.'

Tang Shaoyang believed that the zombie would barely help him to level up. It was still too low for him to fight, and from the first exchange, he could tell the difference between them.

"Karan!" Instead of fighting the zombie, he called Karan.

"Yes, Sir!" The Orc Warrior immediately came over. The spirit he summoned would be on the same level as him. Thanks to the sixth portal of the Survival Game, he managed to reach Level 243.

Since he was level 243, Karan was also level 243. It should not be an issue for Karan to take care of Doron.

"I got you a strong opponent. You can have fun with this zombie, but don't kill him. Save him for the others," Tang Shaoyang spoke to Karan while pointing his index finger toward Doron who was fumed in anger.

Karan followed the finger and found his new opponent. The Orc Warrior let out laughter as he was able to find a strong opponent.

"Don't you dare to look down on me, Human!" Doron tried to charge at Tang Shaoyang, however, Tang Shaoyang used [Flash Step].

He disappeared from the zombie's sight. Karan charged toward the angered Doron, "Your opponent is me!"

\*\*\* \*\*

Tang Shaoyang was moving toward the back of the Zombie Consort. The facility was halfway to fall, he only needed to cut it from the other side.

"The shriek started to get into my nerves," He was annoyed as the Mother Consort never stopped shrieking. It was bearable at first, but it was now painful to the ears.

"Let's end this now!" He raised the battle-ax and swung it toward the Zombie Consort. The last strike from him completely cut through the Zombie Consort.

The twenty meters flesh tower fell forward. He thought he had killed the Zombie Consort. However, the Zombie Consort was shrieking even louder.

"What? How can it not die?" Tang Shaoyang remarked annoyedly, "Should I burn this thing instead?"

He could use [Dragon Fire], burning it with the skill should be able to kill the Zombie Consort instantly.

—Look! The Zombie Consort tries to root on the land once more. You should find a way to kill it immediately before it takes a new root.

Zowen's voice resounded in his head. As he heard that, he looked toward the Zombie Consort. Just like Zowen said, at the part where he cut the Zombie Consort grow veins. The veins grew like a root, the veins moved around, trying to find the ground to take a root on the land.

—The heart! The Zombie Consort has a heartbeat, you can kill this thing if you can find and destroy the heart! Use your Spirit Eyes!

Zaneos spoke to Tang Shaoyang.

"I can't, no, to be more exact the Spirit Eyes can't. Spirit Eyes can see through inanimate objects, but I can't see through a living being. But we can try to butcher this thing slowly to find its heart," Tang Shaoyang shook his head while grinning. The Mother Consort had heartbeats and it screamed like a madman now. This thing was clearly a living being.

—Even though it can scream and has a heart, the system regards Mother Consort as a facility instead of a living being. Maybe you can see through this thing, just try it out.

Just like Zaneos said, Mother Consort was classified as a facility instead of a living being.

Tang Shaoyang followed the advice and scanned the Zombie Consort through Spirit Eyes. Maybe the Mother Consort could feel that it was being scanned. The shriek was getting even louder.

"Kekeke, found you!" Tang Shaoyang broke into a cackle as soon as he found the beating heart.
