ARMIPOTENT Chapter 413

[You have summoned Grade A Spirit, Lorion the Death Knight]

A hundred and fifty thousand zombies for another Death Knight, but this one was Grade A Spirit instead of Grade B+.

Even though this one was a grade higher, the arrogance was about the same. Both were arrogant and commanding as if they ruled the world.

Tang Shaoyang did not give a damn about what the Death Knight blabbered out. He immediately took out the battle-ax and attacked the Death Knight. He did not use [Dragon Transformation] and [Spirit Integration].

Swoosh!

The battle-ax was slashed toward the Death Knight as soon as Tang Shaoyang appeared in front of the Death Knight with [Flash Step]. The Death Knight had a quick reaction as he put the shield forward to receive the strike.

But the Death Knight was not expecting the opposite party's brute force. The huge force slammed onto his shield, sending him flung backward.

The moment the Death Knight stood up, the opponent was already in front of him. The dark energy shrouded the shield as he put himself into a defensive stance once again.

"Let's try a new skill," Tang Shaoyang grinned at the Death Knight as he activated his new skill, [Thousand Slashes]. It was supposed to be a sword skill, but the skill activated anyway.

Tang Shaoyang raised his battle-ax and the Death Knight looked upward in terror. Countless battle-axes could be seen from the top. It was like an illusion but Lorion knew that was not an illusion.

Boom!

The rule from the spirit summoning. The spirit and the summoner could not kill each other. [Thousand Slashes] supposed to cause severe injuries on the Death Knight, but the Death Knight merely sunk into the ground.

Tang Shaoyang looked down, the Death Knight could not give him the challenge he wanted. This was just another easy fight, not something he wanted. Just like Zaneos said, he wanted to test his limit. But no spirit could give him the challenge he wanted so far.

There was a magic circle that appeared above the Death Knight's forehead. Meaning Tang Shaoyang had won the battle. He extended his hand toward the Death Knight.

[Do you want to sacrifice Grade A Spirit, Lorion the Death Knight? Yes/No?]

[You have sacrificed Grade A Spirit, Lorion the Death Knight!]

[You gained 30 levels and a random skill of Lorion the Death Knight!]

[You obtained a skill, [Deadly Charge]!]

Tang Shaoyang furrowed his brow right after he heard the name of the skill. It sounded useless to him.

Shaking his head, he walked to the air again, "A hundred and fifty thousand zombies summoned Grade A Spirit, should I double the number?" He muttered as he reached the same height.

"But wait…" Tang Shaoyang opened the status window and realized that he was now level 397. A few more levels then he would reach the level advancement, "But is level 400 the requirement for the fourth advancement?"

"Let's ensure it by sacrificing fifteen thousand zombies to save the corpses for the next summoning…" He thought of saving the corpses and used fewer zombies for the sacrifice.

[You have summoned Grade B Spirit, Liam the Undead Knight!]

It was another knight, Grade B Spirit was not a challenge as he easily defeated the spirit. It was not a fight but straight bullying.

[Do you want to sacrifice Grade B Spirit, Liam the Undead Knight? Yes/No?]

Tang Shaoyang checked the level, he was level 400. The fourth advancement was at level 400, important data for his empire. The officer in the military was chosen by their power, after all.

He looked around and found the closest building. He landed on the roof and sat cross-legged there. There was no hesitation in Tang Shaoyang as he wanted to proceed with the advancement immediately.

[Do you want to proceed with the Talent Advancement? Yes/No?]

[Please choose the next advancement!]

Tang Shaoyang was about to check his new window status, but there was another notification that rang in his head that made him stop his action.

[You have met the condition to unlock the second seal of your bloodline!]

[Do you want to open your bloodline's second seal? Yes/No?]

Soon a wide grin formed on his lips. He almost forgot about the seal placed on him. Rumru placed the seal because his body was not strong enough to hold the Dragon's power.

[You have unlocked the second seal of your bloodline]

Just like that, Tang Shaoyang lost all skills he got from choosing Divine Body (Sense) advancement. Dragon's sense dominated all of them.
