

ARMIPOTENT Chapter 428

"Another question saved for Origin," Tang Shaoyang muttered as it was useless to think about it with no single clue. He did not linger with the new skills and also the race evolution.

[Do you want to proceed with the Second Class advancement? Yes. No.]

[Your second class has advanced from [Mythical Slayer] to [Primordial Slayer]!]

[You have learned a new skill, [Slayer Touch]!]

[You have learned a new skill, [Slayer Absorption]!]

[Second Class advancement bonus attribute has been applied, +60 Strength +60 Agility +60 Vitality +60 Magic Power 6 Sense +24 Attribute Points!]

[Second class advancement has been achieved, all existing skills have increased by one level!]

[You have completed the second class advancement!]

"Hmmm, [Slayer Touch]?" As he said that, he activated the skill.

The Slayer Energy shrouded his right palm. However, the Slayer Energy in his palm was a lot darker, a dark red that gave out an ominous vibe. He wanted to test it, but there was no living creature he could touch with his palm.

"Next time I guess," He canceled the skill as he focused on another skill.

Tang Shaoyang cast the skill yet he received a robotic notification in return.

[No target!]

"It seems I have to touch the target as well, how inconvenient..." Tang Shaoyang furrowed his brows. The class without a doubt was very powerful, but the skill was quite complicated.

[Slayer Domination (Passive)] for example, he did not know what the skill did. Zaneos said it could be used to intimidate the enemies. Quite useless if he had to say.

[You have met the condition to unlock the third seal of your bloodline!]

[Do you want to open your bloodline's third seal? Yes. No.]

[You have unlocked the third seal of your bloodline]

[Bloodline bonus attribute per level increased: +50 Strength, +50 Agility, +50 Stamina, +50 Vitality, +50 Magic Power, +5 Sense!]

[Bloodline bonus attribute has been allocated!]

[Your skill [Great Dragon Transformation] has been upgraded to [Grand Dragon Transformation]!]

[Your skill [Dragon Eyes (Passive)] has been upgraded to [True Dragon Eyes (Passive)]!]

[You have learned a new skill, [Dragon Aura (Passive)]!].

[Unsealing the third seal of the bloodline has triggered the bonus. All your existing skills' level increased by one!]

[Congratulations, you have unsealed the third seal of your bloodline!]

"Done with the advancement!" Tang Shaoyang walked to the air. He observed the surroundings to see how many zombies he had for the sacrifices. To his surprise, there were still a lot of zombies.

With a wide grin, he extended his hand below and cast [Epic Summoning]. The new skill, he wondered what would make different.

[You have summoned Grade B Spirit, Turin the Undead Warrior]

Tang Shaoyang did not bother to talk or negotiate with the spirit. There was nothing to talk about as he activated [Slayer Touch]. He merely moved with his maximum speed.

Undead Warrior could not react in time as his palm grabbed his neck. He raised the Undead Warrior to the air. To his surprise, the Undead Warrior was struggling frantically as if it was in severe pain.

Turin kept hitting his hand while his feet kicked the air. Not long after that, the spirit screamed in pain, shrieking loudly. Soon the magic circle appeared above the undead's forehead as it had given up.

[Do you want to sacrifice Grade B Spirit, Turin the Undead Warrior? Yes. No.]

[You have sacrificed Grade B Spirit, Turin the Undead Warrior!]

[You gained a random skill of Turin the Undead Warrior!]

[You have learned a skill, [Quick Step]!]

[You gained 1 Spirit Power!]

[Friction Skill Detected! Initiating Skill Fusion [Volant Step] and [Quick Step]!]

[Skill fusion failed! [Volant Step] is a superior grade skill to [Quick Step]!]

[Skill [Quick Step] has been removed!]

No more level from sacrificing Grade B Spirit. No more levels, meaning no more grinding unless he started to summon Grade A Spirit or above.

"What should I do with the remaining zombie corpses? I guess I can use the remaining corpses for the last spirit summoning," Tang Shaoyang decided quickly after.

There should be a few million more, enough for the summoning. At this point, he was not worried if he summoned a high-grade spirit since the Grade S Spirit posed no threat to him.

He extended his hand, this time he did not limit the number of the sacrifices. He used all remaining zombie corpses for the last spirit summoning, [Epic Summoning].

[You have summoned Grade S+ Spirit, Orlean the Demon Prince!]
