

ARMIPOTENT Chapter 518

Tang Shaoyang furrowed his brow, "Are you sure about this? If I am not wrong, Kirin is a Legend Rank Beast and it may reach Demi-God Rank."

"If the Dark Tribe alone might not be enough to kill Kirin the Guardian Beast. However, the Dark Tribe has the Green Sky Serpent backs them up. No, it was the Green Sky Serpent's idea to kill Kirin. The Green Sky Serpent and the Dark Tribe come up with an agreement, the Dark Tribe will help the Green Sky Serpent to kill Kirin and after killing Kirin, the Green Sky Serpent will help the Dark Tribe to conquer the other tribes," Aki explained the Dark Tribe's future movement.

This was a big event for the Gigante Forest, the battle between the two Guardian Beasts. Tang Shaoyang's eyes brightened as he had a plan formulated in his mind.

"Then we should use this chance to expand our force. We should conquer more tribes while the Dark Tribe is planning their attack against Kirin the Guardian Beast," Ashley who always maintained her silence finally opened her mouth. She looked at Aki, "When will the Dark Tribe and the Green Sky Serpent attack the Kirin?"

Aki looked at Ashley then he glanced at his Lord, he was not going to listen to the woman's order, but under Lord Tang's order, Aki opened his mouth, "If everything is according to the plan, the Dark Tribe will attack Kirin in nine days."

"I agree that we have to take this chance, however, we will change our target. We will expand our force but we will be taking down the Beast Coven. We will be heading toward the Beast Coven and take down the other tribes on the way to reach the Beast Coven," Tang Shaoyang made a bolder move.

Of course, he chose the Beast Coven not without a reason. He had his reasons for targeting the Beast Coven. First, The Beast Coven was with the least force amongst the four tribes. Second, the root of the Beast Coven within the Gigante Forest was not that deep. The shakiest force amongst the four tribes.

"Wait, what? No, that's just wrong. We have to take this chance to gather the tribes at the outer region and unite all of them, only then we can think of taking down one of the four tribes. We are not strong enough to face the Beast Coven," Aki was flustered by his Lord's decision. He failed to understand why he decided to take this chance to attack the Beast Coven instead of expanding his force to its full potential.

Aki could not understand the train of thought of his Lord, how could he come up with that decision? The rat beastmen started to question his Lord's sanity inwardly.

"Why? Simple, we will take this chance to take down the Dark Tribe as well. We gather the strongest force, the Beast Coven and attack the Dark Tribe when they fight Kirin the Guardian Beast. This is a golden chance for us," Tang Shaoyang explained his thoughts.

What mattered to him was the last hit on the Guardian Beast. His level had been stuck on level 727, he needed the last on the Guardian Beast to level. If he had the chance, he wanted to take the two of them down. Aside from the level, the body of the Legend Rank Beast was so precious for the sacrifice. He was not going to miss this chance.

'Nine days, that should be enough time for my Spirits to escort the knights and their family. I can recall them and fight. I can't miss this golden chance,' Tang Shaoyang was determined to execute his plan.

"But we don't know the Kirin's nest. How are we supposed to intercept the fight? We can't flank the Dark Tribe from behind or we will become their main target before they can fight the Kirin. This plan is not possible, My Lord," Aki kept opposing his plan.

"I think that's a good idea. We can use this chance to take down two Guardian Beasts and one of the four strongest tribes, no it would be one of the three strongest tribes by that time since we will target the Beast Coven first," Ashley also agreed with the plan. The plan sounded crazy but it was doable. Just like Tang Shaoyang said, this was a huge opportunity.

"As for the Kirin's nest, I know someone who knows the location of the Kirin nest," Tang Shaoyang waved his hand at Aki, "You don't need to worry about that. Your duty is to guide us to the Beast Coven, Aki!"

'Damn! This guy is a lunatic!' Aki screamed inwardly. They were talking about two Guardian Beasts and also two of the strongest tribes in the Gigante Forest, 'But I don't have a choice, do I?' He could tell that Lord Tang was determined with the plan. The best thing he could do was to guide his Lord to a stronger tribe so he could level up or gather enough force to face the Beast Coven.

"Alright, My Lord," Aki replied with a nod, "Then I will guide us to the stronger tribe on the way as we travel to the Beast Coven, is that alright, My Lord?" the rat beastmen was afraid that Lord Tang misunderstood him that he was delaying the journey so they could not arrive in time when the Dark Tribe attacked Kirin the Guardian Beast.

"Yes, that's fine," Tang Shaoyang nodded and turned toward Chief Lauri, "Lauri, prepare a carrier for Lady Selena..." He told Lauri the design of the carrier. Selena could not be tired as she was the key to perform the oath ceremony.

"Wait, there's no need for that, I can walk by myself!" Selena frantically waved her hand at Tang Shaoyang. It was embarrassing to be carried by the carrier while the others were walking. There was no way she would accept that.

"Nope, it's decided. You can't be tired since you will perform a lot of oath ceremonies," Tang Shaoyang did not accept the objection and told Lauri to build the carrier.

"Yes, My Lord. I will take care of that. It will be ready in one or two hours by the latest," Lauri nodded his head, "I will prepare my kind to follow us as well. Even though we are weaker than most of the tribes, I am sure we can be helpful for you,"
