[You have leveled up!]

[You gained 32 Attribute Points!]

[You have leveled up!]

[You gained 32 Attribute Points!]

[You have leveled up!]

[You gained 32 Attribute Points!]

...

[You have leveled up!]

[You gained 32 Attribute Points!]

[You have reached level 999!]

Tang Shaoyang's eyebrows twitched when he heard that he was level 999. It was just a level away from level 1000, and he could start the trial. It was fortunate that he had more gators to kill. But then another notification rang in his head.

[You have leveled up!]

[You gained 32 Attribute Points!]

[You have reached level 1000]

[You have met the requirement to take the Trial of the Epic (Sovereign Spirit)!]

[Do you want to take the Trial of the Epic (Sovereign Spirit)? Yes. No.]

There was a late notification ringing in his head. He then looked in the direction of his spirits. Despite the terrain, his spirits managed to push the ten thousand Gator Tribe's force. He could see that gators were being slaughtered. Especially Bronson, the executioner went crazy, tearing apart the gators in front of him.

The last notification must be from them. They had killed a lot of Gators to raise his level by one. Tang Shaoyang chose 'No' as he had a battle ahead of him. Four Elders and one Grand Chief were still alive. He obviously could not take the trial now.

After he chose no, he began allocating his attribute points. Then he noticed the word "Trial" next to his class. The word "Trial" was glowing in gold so there was no way he would not notice that, 'Let's finish the battle and take the trial,' he then eyed the Obsidian Gator. That guy would be his next target. But then there was another late notification.

[You have met the condition to unlock the last seal of the Dragon Bloodline!]

[Do you want to unlock the last seal of your bloodline? Yes. No.]

For this one, Tang Shaoyang did not hesitate to choose yes. Unlocking the seal would not disturb the fight.

[You have unlocked the seal of your bloodline!]

[Bloodline bonus attribute per level increased: +200 Strength, +200 Agility, +200 Vitality, +200 Stamina, +200 Magic Power, +20 Sense!]

[Your Skill [Fire Domain] has been upgraded to [Realm of Fire]!]

[Your Skill [Elemental Manipulation] has been upgraded to [Master of Elemental]!]

[Unsealing the Black Dragon bloodline has triggered the bonus. All your existing skills' level increased by two!]

[You have met the requirement to advance your Second Class [Primordial Slayer]!]

[Do you want to proceed with the second class advancement? Yes. No.]

[Your second class has advanced from [Primordial Slayer] to [Legend Slayer]!]

[Bloodline bonus attribute per level increased: +120 Strength, +120 Agility, +120 Vitality, +120 Stamina, +120 Magic Power, +12 Sense, +36 Attribute Points!]

[You have learned a skill, [Blink]!]

[You have completed the second class advancement!]

Tang Shaoyang was immersed in his advancement and the last unsealing of his bloodline. However, there was no change in his transformation even though the skill had evolved, 'Maybe I should cancel the skill and activate it again but there will be a cooldown if I do that. I will try it later,' His immersion broke as he heard a scream that was filled with fury and hatred.

"You dare!" Goldier's Brother screamed as he leaped toward Tang Shaoyang. He did not care what his brother said, he just wanted to have Silver's body and checked the condition.

Tang Shaoyang merely smirked as he stored the dead body into his inventory. Also, why did not he dare? The Gators were enemies and enemies meant to be killed.

"Goldien! Back!" Goldier called out. It was a lie if he was not upset but they truly need to assess the situation and think of a new plan to fight the man. They had been careless because they never lost before. Once the Anti-Mana Domain activated no adversary could survive unless their enemy was a higher rank. They would never try to fight a higher rank as they were not that stupid to challenge someone that far stronger than them.

Goldier's brother, Goldien did not listen to his brother's advice as he was blinded with rage. The golden fist glowed brightly.

The movement was not that fast to Tang Shaoyang and predictable. He just needed to avoid the glowing fist, "Let's try this new skill," He cast the new skill, [Blink].

His figure disappeared, it disappeared and appeared twenty meters ahead. Tang Shaoyang right behind Goldien, 'Huh!?' Where is he?' Both had the same thoughts. Goldien saw the figure disappear without noticing a movement. It was like teleportation. The same for Tang Shaoyang, he did not see Goldien but the Obsidian Gator and Goldier ahead of him.

Thanks to the Anti-Mana Domain, he could not see his surroundings with his [Spirit Eyes]. However, his sense combined with [Dragon Sense] quickly picked it up. He sensed someone was behind him. He turned around and swung the battle-ax. The Slayer Energy was still coating the battle-ax.

"Behind you, Goldien!" Goldier yelled at his brother while the Obsidian Gator tried to rush up to help Goldien.

Goldien tried to throw his body forward to avoid the attack from behind him by hearing his brother's warning. While he managed to minimize the damage, the battle-ax still cut through his back. The sharp pain assaulted him right below the neck area. If he was a few seconds late he would lose his head.

The blood sprayed from the back as the golden leather split open. Goldien managed to roll forward and leaped forward, trying to make a distance from the enemy behind him. He managed to make some distance, twenty-five meters from the spot where he got hit. However, Tang Shaoyang cast his second movement skill, [Flash Step].

The moment Goldien turned around Tang Shaoyang was already in front of him with his Dragon Destroyer. He swung the battle-ax hard while Goldien raised his glowing arms to block the incoming strike.
