

ARMIPOTENT Chapter 575

Tang Shaoyang fought wave after wave of monsters until, and he reached the thirtieth wave.

"Hah... Hah... Hah..." For the first time, he had to fight extra hard. He was facing thirty Myth Rank Monsters. The one-eyed monster, Cyclop. Cyclop had six hands, and that one big eye could shoot a beam. That beam was so destructive and easily broke his defense.

[Flame Shield], [Mana Shroud], and his external scale barely blocked the beam yet he had to face thirty of them. He had to be careful with their beam but what was more annoying was that Cyclop excelled in a close combat battle. The same as Serpentos, they had two classes as well, Battle Grandmaster and Slayer.

Yes, The same as his second class, Slayer. That was his class before he advanced to Legend Slayer. The beam that shot through their eye was Slayer Energy, "Is this my limit?" He questioned himself.

It was not that he was disappointed with the result. Tang Shaoyang was in fact satisfied with his growth. Even though he was not even an Epic Rank yet, he could defeat the Myth Rank Monster that was three levels above him.

[You have cleared the thirtieth wave!]

[Congratulations! You have cleared all the waves for the Trial of the Epic!]

[Congratulations! You have unlocked the Special Wave!]

[Return to the stone pillar to find out about the Special Wave!]

[You have leveled up!]

[You gained 32 Attribute Points!]

[You have reached level 1039!]

"Huh!? Special Wave?" Tang Shoayang felt that the exhaustion was recovered after the level-up notification. He got crucial information about the Trial of the Epic that Roan did not know. The Trial of Epic only had thirty waves in total, and there was a Special Wave if he managed to clear all thirty waves.

He was about to fly back to the stone pillar until he touched a monster corpse next to his foot. Only then he realized that he had not summoned a spirit yet. He flew up to the sky and extended his hands wide and cast the skill.

[Epic Summoning]

All the corpses burst into black mist. To his surprise, the phenomenon of the summoning was gentler than the beforehand summoning. There was no storm but the black mist just gathered in one spot as the black mist created a sphere.

Tang Shaoyang was no longer hopeful to summon the Grade SS Spirit. Even with additional 25 Myth Rank Monsters, he still summoned Grade S+ Spirit. He began thinking that summoning the Grade SS

Spirit needed a special sacrifice. He managed to summon Rumru because he sacrificed a dragon. A creature that was at the same level as a God. So he expected this spirit was just another Grade S+ Spirit.

[You have summoned Grade SS Spirit, Zara the Exalted Fallen Angel!]

Tang Shaoyang's eyes widened in surprise when he heard the notification. He did not expect that he could summon a Grade SS Spirit. His eyes intensified as he looked at the sphere made of black mist.

A smooth white leg stepped out of the black mist. The figure was wearing a short skirt that only covered up to her upper thigh. He looked up to the body part, the figure had light black armor covering her torso. Then he looked up to her face, and his eyes widened in delight.

This was the first woman that managed to rival the beauty of the Goddess of Love, Luneia. Her chiseled face, sharp chin, a high bridge nose, and light blue eyes perfectly combined. Creating a beauty that matched even a Goddess. The sultry red lips and combined with her smile were very attractive.

But there was one thing that was eye-catching from the figure. It was the four pairs of the black-feathered wing on her back. Despite her peerless appearance, the fallen angel gave off a melancholic air. Her light blue eyes looked around before she locked her gaze on him.

"Fallen Angel, huh?" Tang Shaoyang muttered in a low voice. That kind of thing was popular in western fantasy. Yu Shun told him a lot about it when he asked about the game. The young man mentioned Fallen Angel a few times. He did not expect that he would meet one here.

"Let's make a deal, Human!" A sultry voice flowed from the Fallen Angel's sultry lips. However, Tang Shaoyang could discern the contempt when she said "Human".

"Deal? Why do I need to make a deal with you when I can defeat you?" A wide grin formed on his lips. Yet another prideful spirit who was thinking that her race was above the others. He was used to this kind of thing as she was not the first spirit.

Zara the Exalted Fallen Angel broke into a sultry giggle but he could tell that was a fake giggle, "Don't joke around, Human! Even with your Dragon Transformation, you can never defeat the Exalted Fallen Angel! Moreover, even if you can get my body forcefully., you can never get my heart as well. If you make a deal with me, you might get my heart as well,"

A flirtatious smile formed on her lips. The Fallen Angel was seducing him for sure. Maybe she knew that he desired her. As a man, Tang Shaoyang did not deny that he desired the beauty in front of him.

Tang Shaoyang's grin became wider when he heard the last part, "I don't think so. If I can get your body then it will be easy for me to obtain your heart as well. Let's not waste our time here. I have to face the Special Wave and return soon,"

Tang Shaoyang then released his [King of Beast Aura] and [Slayer Domination]. He could see a shock plastered on her face. He did not waste his time and rushed toward Zara the Exalted Fallen Angel with his battle-ax. The Slayer Energy covered the battle-ax as he was being serious. He did not care if his opponent was a beauty as he was going all out from the start.

In the next second, Tang Shaoyang arrived in front of the Fallen Angel. He immediately slashed his battle-ax downward. At the same time, he activated his skill, [Thousand Blast].

Boom! Boom! Boom! Boom!
