

ARMIPOTENT Chapter 760

Sylvia's moans filled the room, and after a while, she felt something, something she had never felt before. The pleasure reached its peak, and she let out a long moan as she wriggled her body in pleasure. She did not know why, but she felt like her body moved on its own. She closed her eyes for a moment before opening them again.

Her husband stopped moving, and she stared at him. He was smiling at her, and at this moment, she felt like her husband was the most handsome in the universe. She regarded marriage as a path she should take for her tribe, for her family. She did not have any feelings for this rumored tyrant, and if there was a feeling for this man, it should be disgust and resentment as this man forced her to take the path she did not want to take.

As she took the path, she thought she was no different than a sex slave to this tyrant. But everything was different than what she thought. This man stayed away from her in the first week, and then she learned from the human girl that her husband had a repulsion toward her and Elder Aleesa. She learned that he married her and Elder Aleesa not because of her beauty but because she wanted her tribe's power.

As the time passed, her feelings toward her husband slowly changed as well. She thought the man was a tyrant, but those rumors were untrue. She had witnessed everything about the man closely, aside from the incident of the Yurutuba, he had not done anything Tyrant would do. He did not hurt the innocent citizens that surrendered, including the surrendered knights as well.

As of now, her heart fluttered when her husband smiled at her. "Is there something on my face?" Tang Shaoyang asked. The girl had been staring at him for quite a while. Sylvia shook her head. "Nothing." Her voice was still small as before, clearly not used to the situation.

"We are not over yet. Now turns around..." Tang Shaoyang instructed the girl to move up, changing into a new position. She crawled on four, but she buried her head into the pillow as the position was too much for the shy Sylvia. "Can we change our position..." She did not finish her words as Tang Shaoyang held her waist up. "Lift your waist. You will know soon why we changed position."

Sylvia did not have time to refute as Tang Shaoyang entered her once more. Her body wriggled slightly from the sensation as her mind went blank. Yeah, she forgot what she wanted to say once her husband started again. They continued in the same position for a while, and she understood what he said earlier. This was much better than the first time.

Her knees almost gave up, but she stubbornly maintained her position until she fell on the bed. She could not hold her position, but this did not stop her husband. Her moans filled the room just like a rhythm.

Sylvia furrowed her brows when she felt a vibration on the bed. She opened her eyes lazily, and an unexpected scene came into her sight. A woman with red-brownish hair had her hands on the edge of the bed as a man held her from behind. Her blurry vision soon cleared, and she recognized the woman. She was Sister Selena, and the man behind her was her husband.

Sylvia immediately closed her eyes again, afraid they would find she had woken up. The Moonlight Maiden tried to recall her memory, how she ended up here. Slowly, the memory returned to her mind. Last night, she had a wild ride with her husband until she passed out from pleasure. Her memory stopped after the fifth round.

She slowly glanced down, and she was still naked. The Moonlight Rabbit opened the corner of her eyes, peeking at her husband doing it with Sister Selena. 'I watch them so I can learn.' She justified her action with those thoughts in her head. The first focus was Sister Selena's face as she did not expect the gentle and warmth Selena could make that kind of expression. 'Did I make the same face when I am doing it with my husband?'

'Ah, they are doing it in a different position.' Sylvia did not recall doing it while standing like that. 'Does it better than laying down on the bed?' It piqued her curiosity. As her mind ran wild, the couple changed their position. Her husband held Sister Selena's thigh and lifted her body. From her perspective, she could clearly see the little Shaoyang inside Selena's private region. After that, her husband moved Sister Selena up and down.

Sylvia's vision immediately looked toward Selena's face. The gentle Selena made a lewd face, and she moaned louder. She could tell that Sister Selena must be feeling good from the moan. From watching the two, she imagined doing it herself with her husband. Yes, Sylvia wanted to try that position.

After a while, Selena's long moan filled the room. From the moan, Sylvia was well aware that Sister Selena had reached the climax. She subconsciously looked at the connected part and saw the overflowing white liquid. At the same time, unknowingly, her hand reached her private region. She still remembered the warm liquid that filled her stomach last night.

Sister Selena threw her body forward and fell right in front of her. Sylvia immediately closed her eyes, pretending to be asleep. "Naughty girl. Do you think I don't know you have been watching me?" Selena's teasing voice entered her ears.

Sylvia instantly woke up from the bed and tried to explain herself. "I did not try to peep. I just suddenly woke up and saw you two." Then she caught Selena smiling at her, and her husband also smiled. She immediately lowered her head in embarrassment until she heard her husband's voice. "Do you want to try a new position?"

Sylvia was about to say no, but the word never came out of her mouth. Instead, she looked at Sister Selena. The latter motioned with her head and said. "Go on. He is not just my husband, but yours too. What are you embarrassed for?"

Those words were akin an encouragement for Sylvia. She came down from the bed and approached her husband. She positioned herself just like Sister Selena and raised her butt. "Let's try this position." Her voice was small, and she did dare to look at her husband while saying it.
