

Army 103

Chapter 103 walking on flat ground

BOOM! BOOM! BOOM!

After taking care of the Army of long snake City, Jiang Li was free. All the meches turned their guns and aimed at the monster civilians of green scale city.

Anti-aircraft guns, machine guns, and other firearms began to fire wildly.

Half an hour later.

More than 90000 demons were killed.

Not a single one was left.

Jiang Li planned to keep some young monsters and sell them as monster slaves, but he didn't do that because thousands of monsters weren't worth much.

Furthermore ...

Jiang Li didn't have a channel to sell demonic slaves.

so,

The matter of selling demonic slaves could be discussed later.

Soon after.

"let's go." jiang li asked the meches to put all the spoils they got from the green scale city onto the truck. thousands of meches also got on the truck.

There were also thousands of walking corpse puppets.

“Let’s head back to the Grand Xia city.”

Jiang Li sat in the passenger seat of YS01. A hundred trucks drove out of the green scale city. Jiang Li left the city with his harvest.

Xu Li sat in the front passenger seat of YS02 with a curious look. He looked around and was obviously very curious about such a special ‘creation’.

He didn’t dare to ask.

“Stop!”

wait! Jiang Li suddenly shouted as soon as they left the green scale city.

A hundred trucks stopped.

“Prepare the anti-aircraft guns.”

Jiang Li said.

Kachaa! Kachaa!

100 trucks were lined up in a row, and above the front of the truck was an 88mm anti-aircraft gun. The front of the transport truck was similar to a miniature tank.

The muzzles of the cannons turned and aimed at the green scale city.

“Fire!”

stop! Jiang Li shouted.

BOOM! BOOM! BOOM!

Hundreds of anti-aircraft guns fired at the same time, carrying out indiscriminate bombing. The cannonballs flew up into the sky and then fell into the green scale city.

dust spread, flames shot up into the sky, and the sounds of explosions shook the world.

The tall buildings collapsed and the houses crumbled.

alright, that's enough. You can stop now.

The bombardment lasted for a few minutes.

okay. Jiang Li nodded in satisfaction. The entire green scale city was almost in ruins. Nothing was left except for the ruins.

More than 100000 demon corpses were buried by the collapsed houses.

“Let's go back,” he said.

retreat. Jiang Li waved his hand and started to retreat.

The transport truck drove at full speed on the rugged road and disappeared into the distance in the blink of an eye, leaving a cloud of dust in the air.

Half an hour later.

Hu city, ye Cha city, and Meng Shou city.

The armies of the three great demon cities arrived one after another. The number of demon soldiers had reached 40000, and when gathered together, it was a dense black Mass that was filled with a sense of oppression.

“The green scale city no longer has bi an.”

The commander of the demon Army of Hu city, Hu langtian, was dumbfounded. He looked at the green scale city that had turned into ruins and felt a chill in his heart.

“this bi an ...”

Mei Yeli, the commander of the demon Army in Yeya city, found it hard to accept. the green scale city was one of the five major demon cities in our Red Dragon County. How could it be gone just like that? ”

“Who is it? who did this?”

“investigate! We must investigate this thoroughly!”

also! hu li, the commander of the city of fierce beasts, shouted, “such a big thing has happened. We must report to the Red Dragon Commandery Prince immediately. We must make the enemy pay the price!

“It’s either a human or a barbarian.”

Hu langtian said.

general, look, there are very strange marks on this road. It looks like a carriage ran over it, but compared to the wheel marks of the carriage, these marks are much wider.

The Goblin scout discovered the tire marks of a truck on the ground. the direction of these marks is toward the Green Mountain Range.

...

“The Qingshan mountain range is the border between the red eyebrows Yao Kingdom and the great Qian dynasty.”

Mei Yeli muttered to himself, ” in that case, the enemy that attacked the green scale city is the human race.

“chase!”

Hu li waved his hand and shouted,”we might be able to catch up!.”

Early in the morning.

Jiang Li had already arrived at the border of the Red Dragon County. He looked up and saw the Green Mountains and a hundred trucks driving into the forest.

It was a level two low-grade skill.

[treading on flat ground]!

Wuwuwuwuwu!

The transport truck glowed with a white light that covered the entire body of the truck. After the ‘treading on flat ground’ skill was activated, no matter what terrain the truck was traveling on, it would be as if it was on flat ground.

in other words ...

...

the mountain terrain wasn’t a problem for transporting meches.

Full speed March.

In just an hour, Jiang Li crossed the entire Green Mountain Range and returned to the Black Dragon County. With the speed of the truck, the beasts in the mountains could only follow behind.

The next morning.

Jiang Li returned to great Xia city safely. A hundred trucks drove over. People around the city gate watched from afar with curiosity and respect.

“What are these things?”

“It’s too strange.”

“Is it a carriage?”

“It doesn’t look like it.”

it’s even making ‘rumbling’ sounds. Could it be a monster? ”

The citizens of the great Xia city were discussing in low voices.

The transport truck stopped at the city gate.

hundreds of large military transport trucks were neatly arranged in a row, occupying more than half of the road. the residents stood on both sides of the road, not daring to approach.

“Everyone, get out of the car.”

Jiang Li got up from the passenger seat and opened the door of the transport truck with his right hand. Then he walked out.

“Yes.”

Thousands of meches alighted from the car.

then, they stood in a neat formation.

“city lord jiang li!”

“The city Lord has returned.”

“In that case, these strange ‘carriages’ should be the work of the city Lord?”

“What do you mean by” should “? it must be.”

“Greetings to the city Lord!”

In the surroundings.

all the residents saluted and shouted.

“yes.”

Jiang Li responded with a smile.

“Quickly inform the county Lord that the city Lord has returned safely.”

A few constables quickly went to the county office to report.

“Move the things out of the car.”

go! Jiang Li ordered.

“Yes.”

The meches moved to move the goods from the trucks and placed them on the ground. There were boxes of gold, silver, precious materials, and spiritual herbs.

“Si si si ...”

“So many things.”

“There are boxes of treasures.”

“Tsk, tsk, there are still so many spirit herbs.”

“Are these all the spoils of war that the city Lord seized?”

“What did the city Lord do this time? I didn’t expect to have such a great harvest.”

“He’s really powerful.”

The citizens of the great Xia city were all discussing this matter with reverence in their eyes.

“city lord,”

at this moment.

Hong Tianqi was the first to arrive. His left leg was still injured, so he was limping. you’re back safely.

“This is a Kasaya.”

what? ” Hong Tianqi’s eyes widened in disbelief when he saw Jiang Li’s men carrying the loot. city Lord, did you ...

“that’s right.”

Xu Li’s tone was full of admiration as he immediately said, the city Lord has turned the tide. In just one day, the green scale city has been conquered and all the wealth in the city has been plundered.

“These are the city Lord’s spoils of war this time. The city Lord is truly too powerful.”

“Gulp!”

Hong Tianqi swallowed his saliva in disbelief.

“what did i just hear? City Lord Jiang had actually taken down a Monster City? Really? Did I hear wrong?”

“I heard it too.”

“No wonder the city Lord could obtain so many treasures. It turns out that he had taken down a city of the demon race. That’s the wealth of an entire city.”

“The city Lord is really amazing.”

the previous Castellan, dugu Huangcheng, didn’t have such a skill.

don’t mention dugu Huangcheng. He’s a piece of trash who colluded with the monster race. If it wasn’t for city Lord Jiang, our great Xia city would have been massacred by the monster race. We would have died as well.

The people of great Xia city were talking in low voices. Their tone was full of respect for Jiang Li.
