Chapter 104 The third Prince

a few minutes later.

Xu Ya, Hu Dong, and the others all came to welcome Jiang Li back.

“Jiang Li.”

At this moment.

Han Liqi arrived at the city gate. He looked around and saw the spoils of war placed around the city gate. He was shocked.

To tell the truth.

He wasn't too surprised that Jiang Li could come back safely, but he didn't expect Jiang Li to really conquer the green scale city.

Moreover, he had brought back so many spoils of war.

He estimated.

These spoils of war were worth at least one billion taels of silver.

it was not a small fortune.

“County Magistrate han.”

Jiang Li, ” Jiang Li said with a smile.

“City Lord, may I have a word with you?”

Han Liqi walked over and said to Jiang Li, ” “I have a very important matter to discuss with you,”

“Oh.”

Jiang Li raised his eyebrows and said with a smile, ” “No problem,” he said.

” xu ya, hu dong, send someone to move all these things into the warehouse of the city lord’s mansion. there can’t be any mistakes. ”

go! Jiang Li ordered.

“Yes, my lord.”

Xu Ya and Hu Dong immediately said.

“Please,”

jiang li said.

Wang Gang and sh01 followed Jiang Li closely to ensure his safety while the rest of the meches went back to the mansion.

The normal barracks had not been completed yet.

As for the transport meches.

Over a hundred trucks drove into the great Xia city and stopped at the empty space beside the city Lord’s mansion.

jiang li and han liqi entered the city together.

The two of them arrived at the county government.

“city lord jiang, please sit.”

Han Liqi raised his hand.

“county lord han, if you have anything to say, just say it.”

Jiang Li said after he sat down.

“City Lord Jiang, you should know that you are about to face a great disaster.”

han liqi said in a low voice.

“I’m in trouble? how come i didn’t know about it?”

Jiang Li smiled.

“Ai, ai, ai, ai.”

han liqi sighed and shook his head. he explained, ” “To be honest, I do admire city Lord Jiang’s strength and battle achievements. In one night, you have annihilated five thousand monster soldiers of the green scale city, and even Qing Wenling died in your hands.”

also, even the famous ‘long snake Army’ and the snake biting squad of the Red Dragon County were completely annihilated by you.

“When I first heard the news, my first reaction was disbelief.”

“I didn’t expect it to be true.”

“i really admire you.”

“and then? What does this have to do with my impending doom?”

Jiang Li asked.

“let’s put it this way,”

Han Liqi pondered for a moment. the red eyebrows Fey Kingdom will investigate this matter very soon. By then, they will definitely use this as a reason and excuse to start a war with the great Qian dynasty and attack the Black Dragon County.

“Our great Xia city will definitely be the first to bear the brunt of the attack.”

“most importantly, i’ve already reported this information to the imperial court, but do you know how the imperial court responded?”

“What do you mean?”

Jiang Li took his time.

give up on Jiang Li!

han liqi took a deep breath. ” jiang li, you’ve been abandoned by the imperial court. they don’t plan to protect you. they even plan to push you to take the blame to calm the war that might happen next. ”

...

” that’s because, for those in the imperial court, fighting the demons is a waste of manpower and money. in the end, it will only cost them their interests. as such, if the death of an insignificant person can end the war, why not? ”

“i’ll take the blame.”

you're right. Jiang Li sneered. in the end, I'm just abandoned because I don't have any background in the Imperial court. I have no one to help me.

no matter how great my contributions were, even if I killed a general of the monster race, I was still easily abandoned.

“.....”

Han Liqi was silent.

because that was the truth.

“However, County Lord han, you are also a member of the Imperial court of da Qian. Why are you telling me this?”

Jiang Li asked.

han Liqi explained, ” I just don't want to see city Lord Jiang die like this. With city Lord Jiang's talent, it would be a pity if he died like this.

in fact, I was going to advise you to leave as soon as possible. Leave the Black Dragon County, or even the great Qian dynasty. This world is vast and there are many human dynasties. The great Qian dynasty is just one of them.

...

“But I don't think it's necessary now. There's a better way.”

“what is it?”

Jiang Li asked.

I can contact the ‘third Prince’ for you. The third Prince loves money as much as his life. He has a high position in the great Qian dynasty and controls a large number of troops.

Han Liqi said, " when the time comes, you only need to offer the spoils of war you've collected from the green scale city to the third Prince. The third Prince will naturally think of a way to save your life. He will even send troops to guard the Black Dragon County.

"There's no need for that."

I'm leaving. Jiang Li stood up and said, " if there's nothing else, I'll take my leave.

finished speaking.

Jiang Li turned around and left.

city Lord Jiang, money is just a worldly possession. Don't risk your life for a little money. You must know that as long as you are alive, there is hope.

Han Liqi shouted.

thank you for your advice, County Lord han. I will personally settle this matter.

"i'm fine," jiang li replied indifferently.

"This Jiang Li is a coward!"

Han Liqi shook his head. I've really taken my good intentions for granted. I'm about to lose my life. What's the use of keeping that money? " personally settle it? what can he do to solve this?"

if a war were to break out, the Red Dragon County's Army would be at least 100000 demon soldiers. The Black Dragon County's military strength would not be able to stop them. The great Xia city would definitely fall.

"I also need to think of a way out for myself."

Han Liqi muttered.

In reality.

Han Liqi was selfish. If Jiang Li agreed to give all the wealth he got from green scale city to Qian Shixi, the third Prince, han Liqi would get some benefits as the middleman. He might even be appreciated by the third Prince.

This way ...

With the third Prince as his backing, it would be of great benefit to han Liqi's career.

City Lord's mansion.

When Jiang Li came back, Hu Dong and Xu Ya had already sent people to move the loot to the warehouse of the city Lord's mansion. It wasn't until noon that everything was moved.

He returned to his residence.

jiang li finally had time to sort out his gains and losses.

Shua!

The Dominator panel opened.

The number of energy points had been reduced from 210730 points to 53355 points.

Among them.

It took 10000 points to unlock the level two meches, 100000 points to build 100 transport meches, and 50000 points to build 500 electric meches.

in order to destroy the army of long snake city, jiang li replenished a large amount of ammunition for the firearm meches, shells for transporting the meches, and repairing the meches.

He had spent 7200 points.

Other than that.

jiang li had lost 131 meches in total in the attack of green scale city and the battle of long snake city.

He had recovered 9825 energy points.

Soul Tinder.

There were 60 level-one soul Tinders and only two level-two soul Tinders.

After annihilating the Army of long snake City and the entire green scale city, Jiang Li caught 56 level-one soul Tinders and two level-two soul Tinders.

fuse the first-stage soul Tinder.

fuse. Jiang Li activated the soul Tinder fusion function and fused all 60 level-one soul Tinders.

shua!

[fusion failed!]

.....

[fusion failed!]

.....

[fusion successful!]

.....

Out of the six fusions, only two were successful, which was a one-third success rate.

Jiang Li now had four level-two soul Tinders.

“Deploy the level two troops.”

Shua!

An illusionary Army interface popped up in front of him.

Level 2 troops: electric mech (unlocked), transport mech (unlocked), mechanical artillery (4/8 locked), tank mech (locked), mechanical Ranger (locked).

unlocking the mechanical artillery requires 8 Tier 2 soul Tinders. I’ve collected 4 of them, and I’m still short of half.

Jiang Li murmured.
