

Army 109

Chapter 109-you went for wool and came home shorn

However ...

With the speed of the transport truck, it was not something that the five lakes Army could catch up to. When Wu Di and the others left the city, they could not see Hu Dong and the others at all.

In the end, they could only follow the tire marks left by the truck.

not only that.

The Army of five lakes city hadn't caught up with Hu Dong yet, but they were detected by Jiang Li's meches.

Hence.

Xx03 immediately contacted xx01 and reported to Jiang Li.

“the pursuers.”

Jiang Li thought for a moment and said, ” find a place that's easy to defend and hard to attack. Set up a battle line and figure out the number of people chasing us. If you can take them down, kill them all and figure out who they are.

“If there are too many pursuers and we can't take them all down, retreat at full speed and return to the great Xia city.”

“Yes.”

Xx03 nodded in response.

Half an hour later.

Hu Dong and the others occupied a relatively flat hill. Hundreds of transport trucks were lined up, and the 88mm anti-aircraft guns turned around and aimed ahead.

A hundred early-stage level two electric meches were lying in ambush on the road.

An hour later.

Wu Di and he Liping's five lakes city Army appeared in their field of vision. Xx03 and xx01 maintained communications and transmitted the scene.

let's go! Jiang Li commanded from a distance.

Although the communication screen of the perfected-stage information mech wasn't comprehensive enough, he could only Capture One shot.

But it could still be used.

after all, it was a small-scale battle.

“Bandits?”

Jiang Li looked at the pursuers on the screen.

There were about 2000 people in the pursuers 'group. Although they were dressed in shabby clothes and were not uniform, they looked like mountain bandits.

but ...

He took a closer look.

These people were in neat rows, and they were well-trained and disciplined. They were clearly not ordinary bandits, but more like a well-trained Army.

The bandits did not have such good discipline.

“We’ve finally caught up.”

Wu Di saw the transport trucks lined up on the mountain in front of him and a smile appeared on his face. commander he, it’s all up to you now.

“These special carriages are quite fast. We’ve been chasing them for so long.”

“Don’t worry, military counselor.”

He Liping laughed. the other party only has 200 people. We have 2000. With me, it will be easy to take them down.

haha, you’re right. I was too worried.

Wu Di nodded. then let’s not wait anymore. Let’s attack and kill Hu Dong and the others to avoid any hidden dangers.

“Alright!”

He Liping lowered the long spear from the back of his horse and pointed the tip of the spear at the mountain in front of him. He led the charge on his horse and shouted, ” brothers, follow me and kill!

kill!!!

charge!!!

The next moment.

2,000 soldiers followed behind He Liping and charged at full speed. As they swarmed, their battle cries shook the sky, and their momentum was like a rainbow.

“Fire the cannons!”

go! Jiang Li ordered.

BOOM! BOOM! BOOM!

The cannoneers of the meches loaded the shells, and the hundreds of anti-aircraft guns fired at the same time. There was a series of explosions, and fire lit up at the muzzles.

The artillery shells shot through the air in a parabola and landed among the enemy forces.

“Rumble!”

The sound of an explosion rang out.

A total of 100 cannonballs exploded in the midst of the crowd, causing flames to soar into the sky, dust to fill the air, rocks to fly, and shrapnel to fly in all directions.

It was too powerful.

“Ah!”

Instantly.

A shrill scream rang out.

...

The charging soldiers were killed in the explosion, and the casualties were heavy. In just one round of explosions, close to a thousand soldiers had died, and many were injured.

How could the soldiers of five lakes city withstand the power of the anti-aircraft cannon?

What is this?!

Wu Di was dumbfounded. His face was pale, and his legs and stomach were spinning. what weapon is this? ” How can he be so brutal!”

“Damn it!”

He Liping was also stunned. After so many soldiers died, his eyes turned red, and his killing intent rose. He quickly reacted and knew that it was the ‘special carriages’. He immediately charged forward, trying to rush up the mountain and destroy those’ special carriages’.

“Kill!”

Shua! Shua! Shua!

One hundred electric mechs rushed out of the ambush and entered the battlefield. Their arms were wrapped in electric arcs and they used electric control.

Pfft! pfft! Pfft!

The electric-powered mech was unstoppable. Every time it attacked, it would kill a soldier of the five lakes Army. It was merciless and invincible.

...

“Attribute inner force!”

Wu Di was completely flustered and terrified. these people are all stage-two martial artists who have cultivated an elemental internal force, and all of them are of the lightning element.

” a hundred stage-two warriors! ”

“How is that possible? How can Jiang Li have such a powerful team?”

“!!!”

He Liping’s pupils contracted.

BOOM!

he liping had the cultivation of the middle stage of level two, and the military killing intent spread all over his body. he was fighting against nine electric meches, and it was hard to tell who was winning.

In the end.

He Liping destroyed two electric meches but used up all his internal force. His head was crushed by the electric meches and his headless body fell down.

With He Liping’s death, the five lakes city Army was completely defeated. The two thousand soldiers were all killed.

Wu Di had been captured.

He was tied up.

“Tell me, who sent you?”

Hu Dong came forward to question Wu Di.

“Lord Hu Dong, Hu Youyou, this is all Luo Yanping’s idea. It has nothing to do with me. It’s all because he was greedy and wanted to take your spirit herbs and money. That’s why he sent us to disguise ourselves as bandits and chase after you.”

Wu Di knew that he couldn't hide it. He wasn't a tough person who could endure torture. He immediately cried out with snot and tears, "i said we can't do this. we're all humans and a part of the black dragon county. how can we do such a disgraceful thing?"

"But Luo Yanping just won't listen. He's already been blinded by greed. My Lord, I was forced. Please spare my life!"

Obviously.

Wu Di was pushing all the blame onto Luo Yanping. It was clearly a vicious scheme he had come up with.

"It's actually five lakes city."

Hu Dong was also stunned. He did not expect this. it's fine that you guys are raising the price like crazy. Since it's a deal, it's about mutual consent.

"If you raise the price, then I won't sell it."

I didn't expect you to be so ambitious and ruthless. You even sent troops to disguise as mountain bandits to stop us.

"You're really unworthy of being a human!"

Hu Dong shouted angrily.

five lakes city is good.

Luo Yanping, since you want to die, I'll fulfill your wish. Jiang Li learned the whole story through xx03. His eyes were cold and murderous.

hence.

let's go. Jiang Li sent out sniper mech JJ01, Intel mech xx0, and transport mech YS01 to five lakes city as fast as possible.

he would try to get rid of yan ping today.

As for Wu Di.

Jiang Li wouldn't let him go. He asked Hu Dong to kill Wu Di.
