let's go. Jiang Li waved his hand after he finished reading the list.

"Thank you, city Lord."

Hu Dong said gratefully.

soon after.

Jiang Li left the main hall of the city Lord's mansion and went to the place where the herbs were stored.

he was prepared to convert all these herbs into energy points.

One had to know.

In Tianshui city, Xu Ya had sold a total of 2500 low-grade Tier 1 spirit herbs, 1800 medium-grade Tier 1 spirit herbs, 1000 high-grade Tier 1 spirit herbs, and 340 top-grade Tier 1 spirit herbs.

he received 128.2 million silver taels.

The gold, silver, and jewelry were sold for a hundred million taels.

Weapons, equipment, and pill materials were sold for a total of 1200 taels.

In other words ...

Xu Ya completed a huge transaction of 348.2 million taels of silver in Tianshui city, using 348.2 million taels of silver to buy ordinary medicinal herbs.

Finally.

He had only spent two hundred and three thousand taels after looting all the ordinary medicinal herbs in Tianshui city, leaving him with one hundred and eighteen million and two hundred thousand taels.

five lakes city.

Due to Luo Yanping's greed and crazily raising the price, Hu Dong only managed to sell 500 inferior-grade spirit herbs, 300 medium-grade spirit herbs, 200 superior-grade spirit herbs, and 50 superior-grade spirit herbs.

He received 23 million taels of silver.

The gold, silver, and jewelry were sold for two thousand taels.

weapons, equipment, and pill materials were sold for a total of three thousand taels.

hu dong had completed a transaction of 73 million taels of silver in five lakes city. all of the 73 million taels of silver had been used to purchase ordinary medicinal herbs, leaving nothing behind.

However, he still had 1900 lower-grade tier one Spirit herbs, 1500 medium-grade tier one Spirit herbs, 800 upper-grade tier one Spirit herbs, and 290 superior-grade tier one Spirit herbs.

Gold, silver, jewelry, weapons, equipment, pills, and other materials were abundant.

It was worth close to 200 million.

convert all the herbs into energy points.

Jiang Li put his hand on the herbs in front of him, operated the Dominator panel, and started the conversion.

Buzzzzzz!

Immediately.

a large area of white light flickered, which was quite dazzling.

The white light disappeared.

Even all the medicinal herbs had disappeared.

Shua!

conversion successful. You've received 3030000 energy points!

A notification appeared.

“three million and thirty thousand.”

Jiang Li took a deep breath and was overjoyed. He clenched his fists and opened the Dominator panel.

In the energy points column.

The number of energy points had soared from 710800 to 3740800 points, reaching more than 3.73 million.

In order to get rid of the pursuers from five lakes city, they had used up a lot of cannonballs to transport the meches. Some electric meches had been damaged, and it had cost them 200 energy points to replenish the cannonballs and repair them.

However ...

he wasted two electric-powered meches and recovered 1000 energy points.

with these energy points, I can produce more than three thousand level two meches or twenty thousand perfected level one meches.

After Jiang Li calculated, he murmured to himself, ” “With these troops, I can be considered to have the ability to fight against Red Dragon County to a certain extent.”

“Also, there’s an even bigger deal tonight.”

jiang li took a deep breath. “half-monster alliance, i hope you don’t let me down. the more herbs you have, the better. only then can i become stronger.”

create 752 electric-powered meches.

Jiang Li controlled the Dominator panel and created level two units, which cost him 752000 energy points.

shua!

The virtual manufacturing interface appeared.

Next to the illusionary human figure was the word ‘X752’, and countless light spots filled the illusionary human figure.

A minute later.

[752 electric meches have been completed!]

...

A notification appeared.

“Whoosh!!!”

In the open space ahead.

seven hundred and fifty-two electric meches appeared. they were of the same height and looked to be in their twenties. they were wearing camouflage military uniforms, and all of them were sergeant first class.

He took a closer look.

Each electric mech had electric arcs flashing in their eyes.

“Greetings, chief sovereign.”

The 752 electric meches saluted Jiang Li at the same time.

“Alright,” he said.

Jiang Li smiled.

late at night.

...

jiang li took a thousand electric meches, a hundred transport meches, hammer meches, jj01, wang gang, sh01, and xx01 and set off.

all the meches got on the transport trucks.

Jiang Li was sitting in the passenger seat of YS01.

YS01 was in the middle of the team.

At around 10 O 'clock at night.

jiang li arrived at qingshan valley in advance.

“Stop,” he said.

jiang li shouted.

The transport truck stopped outside Qingshan Valley and Jiang Li got off. The giant hammer mech immediately jumped off the YS01 truck and stood beside Jiang Li.

The meches got off the meches and stood in an orderly formation.

Hong Luan, I've already arrived. Why aren't you all showing yourselves? ”

Jiang Li looked around. His vision was clear under the bright moonlight, but he didn't see any members of the half-monster Alliance or Hong Luan.

Rustling

Suddenly.

He heard some movement.

In less than half a minute, a young man with black cat ears and tail walked out of the woods and stopped in front of Jiang Li.

“city lord jiang.”

thank you. the young man with cat ears bowed to Jiang Li. please follow me. Elder Hong Luan and the others have been waiting in Qingshan Valley for a long time.

“Lead the way,”

okay. Jiang Li nodded.

“please,” he said.

The cat-eared young man raised his hand and led the way.

Jiang Li followed.

At the same time.

Thousands of meches followed Jiang Li closely.

“This Wufu, city Lord Jiang, they are Wufu.”

The cat-eared young man was stunned.

“They are all my subordinates.”

I’m fine, ” Jiang Li said calmly. you need to keep me safe.

“Alright,” he said.

The cat-eared young man laughed bitterly and didn’t dare to say anything.

A few minutes later.

Jiang Li entered Qingshan Valley and saw Hong Luan and the huge carriages behind her. The carriages were filled with things covered with gray cloth.

If he didn't guess wrong.

The things in the carriage must be the herbs Jiang Li wanted.

"City Lord Jiang, you've come earlier than I expected,"

Hong Luan walked over with a smile and greeted Jiang Li. " " oh, and he brought so many people. he doesn't trust us. "

"you can't say that,"

it's just that I've always been concerned about my own safety, " Jiang Li said.

"Hehe."

Hong Ling merely smiled.

"Enough with the chit-chat,"

at this moment.

Another elder of the half-monster Alliance, E Kui, walked over. He had a thin face, was two meters tall, and was as tall as a bamboo pole. He was wearing a long black robe and had a black crocodile tail behind him.

Jiang Li, we've brought the herbs. Have you prepared your money? "

E Kui asked.

"don't worry,"

Jiang Li smiled. I won't give you any less, but I want to see your herbs. I'll have to check them before I trade.

of course, there's no problem with our medicinal herbs.

E kui snorted coldly. I'm afraid you can't take out that much money.
