

## Army 115

Chapter 115 The battle begins

Of the 2000 transport meches, 100 of them had reached the perfected stage of level two, which was enough to transport 10800 meches.

Jiang Li's Army only had 17211 soldiers.

It was more than enough.

In reality.

The reason Jiang Li created 2000 transport meches was to deal with the Air Force of Red Dragon County. Otherwise, he wouldn't have sent so many soldiers.

The most important thing was ...

Jiang Li also heard that after reaching level three, because of the heaven and earth bridge, they could control the heaven and earth spiritual Qi to a certain extent and could fly.

At that time.

The function of the anti-aircraft guns used to transport the meches would be greatly improved.

“what's going on?”

after han liqi heard the news from the bailiffs, he hurriedly ran out of the county yamen. then, he saw a strong army in front of him. they were neatly organized, with clear discipline, and the air of military evil was coming.

Shocking!

Han Liqi's face was filled with shock!

where did Jiang Li find so many experienced soldiers? ”

Han Liqi was dumbfounded and said in shock, ” “There are so many of them. There are at least twenty thousand of them. Unbelievable. This is simply unbelievable.”

city Lord is amazing. He managed to recruit so many power soldiers without making a sound.

Hu Dong's tone was reverent.

at first, I was worried about whether the great Xia city could be protected, ” Wang Pingyuan said. now that we have nearly 20000 power soldiers, it shouldn't be difficult to defend a city.

“That's right,”

Wu Zong nodded.

if the city Lord can protect the great Xia city from the demon Army of Red Dragon County, everyone will be shocked. By then, the Imperial court of da Qian will definitely regret it.

Xu Ya said.

“Let's go.”

The meches got into the car one after another. Jiang Li also sat in the passenger seat of YS01.

“boom!”

The transport truck started up.

“What?”

Han Liqi was stunned, ” city Lord Jiang, what are you doing? ”

“Exterminate the demon!”

Jiang Li didn’t even turn his head. He just replied to han Liqi.

“Exterminate the monsters?”

han liqi was a little dumbfounded. after he reacted, he shouted, ” “City Lord Jiang, are you crazy? Do you want to rely on your Army of less than 20000 to fight against the 100000 demon soldiers of Red Dragon County?”

“it’s impossible to succeed.”

city Lord Jiang, don’t be stupid. In the current situation, you can only rely on these 20000 power soldiers to defend the city. Only then can you protect the great Xia city from the attack of the demon Army of Red Dragon County.

Hu Dong and the others were also dumbfounded. the city Lord is actually going to take the initiative to attack? ”

“It can’t be,”

wang pingyuan’s eyes widened. “will this work?”

“Gulp!”

Wu Zong swallowed his saliva.

“.....”

Xu Ya and pang kui fell silent.

at the same time.

The spies from five lakes city, Tianshui city, Hope City, and black Dragon County sent the news to the great Xia city with the fastest speed.

The Imperial court of da Qian had also received the news.

“Jiang Li is really bold.”

Zhuo linyue, the county Lord of five lakes city, received the news from the Scout. His attributed internal force surged out and shattered the letter into pieces. 20000 strong soldiers against 100000 demon soldiers? ”

“Ha, are you looking for death?”

“However, Yingluo”

Zhuo linyue thought for a while and asked, ” where did Jiang Li find 20000 power soldiers? There was a rumor that Jiang Li seemed to have mastered the puppetry technique passed down from ancient times and all his men are puppet soldiers.”

“Is the ancient puppetry really so magical?”

if that’s the case, Jiang Li really can’t die. At least, he can’t die before he hands over the ancient puppet technique.

“hahahahaha!”

hahahaha ... Guo Yi laughed when he heard the news. this Jiang Li is crazy. He’s taking the initiative to attack. Is he going to fight to the death? ”

...

“Good, good, good. I’d like to see how far you can go,”

celestial water city.

“Big sister Tianshui.”

Luo Yilin quickly rushed into the city Lord’s mansion and shouted, ” there’s news from the great Xia city again. They said that Jiang Li has recruited nearly 20000 power soldiers and is going to attack.

“Oh.”

Luo Tianshui walked out and took the letter from Luo Yilin. After reading it, he said softly, ” Jiang Li actually took the initiative to attack in this situation.

“however, the commandery prince of red dragon county, red dragon, seems to be held back by something. he can’t split his hands for the time being, so he only sent 30000 soldiers.”

“20000 power soldiers against 30000 vanguard troops.”

“There should be a fight.”

Jiang Li did this, ” Luo Tianshui said. did he already know? ”

“Sister Tianshui, what should we do? should we send troops to help?”

...

Luo Yilin asked.

“Celestial water city is too far away from the great Xia city. It’s across the entire Black Dragon County. Even if we send troops there, we won’t be able to make it in time. Moreover, if the defense of celestial water city is empty, the barbarians will definitely attack once they get the news.”

Luo Tianshui shook his head.

At this moment.

The vanguard Army of the monster race led by the red snake had already passed through the green Mountains and reached the territory of the Black Dragon County. They passed by a human village.

haha, we're lucky to have encountered a human village. Erlang brothers, follow me and kill our way in!

Kui Shou ye laughed out loud, waved his hand, and led his Army into this human village.

“kill!”

The demon soldiers' battle cries rang out.

Half an hour later.

The entire human village was massacred.

Hundreds of human beings, men, women, old and young, had all become food for the monster tamer's subordinates, leaving behind blood and bones on the ground.

the scene was tragic.

The demon Vanguard.

the army marched on.

As long as they passed by a human village, they would definitely slaughter the entire village, completely treating the humans as food. They were very skilled in doing so.

On the other side.

Because xx06 was destroyed, Jiang Li couldn't get accurate information about the vanguard of the monster race, nor could he confirm where they were.

However ...

According to the normal route, the demon Army would definitely pass through the Rocky Mountain area.

the transport trucks moved at full speed.

In the afternoon.

Soon, Jiang Li arrived near Rock Village.

“Ah!”

Suddenly.

ah! Jiang Li heard the screams of humans from the rock Village ahead.

“Hahahahaha!”

“Run! Hurry up and run!”

“If you can run away, I'll let you go!”

“kekekekekekeke”

The demons laughed.

“demon race!”

stop! Jiang Li's pupils constricted. stop the car!

the 2,000 transport trucks quickly came to a stop.

“Get out of the car, form a battle line, and prepare for battle.”

Jiang Li got off YS01. The giant hammer mech and Wang Gang quickly walked over and stood beside him.

Ta ta ta da

The sound of concentrated footsteps rang out.

the cold weapon meches, combat meches, biochemical meches, and firearm meches formed an army. they took out their weapons and were ready to fight.

Kachaa! Kachaa!

The firearm mech opened the safety of the gun.

“Rumble!”

The cannoneers started to adjust the cannons.

“Hegemon, there are demon soldiers in the air,”

At this moment.

JJ01 suddenly shouted.

“Where are you?”

what? “Jiang Li shouted.

“That way.”

jj01 pointed at the sky.

“.....”

Jiang Li looked over.

What came into view was a monster with wings on its back. It was wearing light leather armor, had green feathers, and a bird head.

And not just one or two.

There were at least ten of them, forming a small patrol team.

“Human!”

“It’s the human army!”

“Quickly report to the general!”

shua!

Jiang Li! the monsters saw Jiang Li and immediately flew to the vanguard.

“I’ve been discovered.”

” kill them all! ” jiang li’s face darkened and he shouted, ” kill them all! ”

“yes!”

Kachaa!

Bang! Bang!

JJ01 raised his gun and fired. The sniper bullet tore through the air and headshotted a Birdman demon soldier with one shot. One shot, one demon soldier. It was a 100% accuracy.

Whoosh! Whoosh! Whoosh!

The archers and meches shot continuously, killing the bird-men demon soldiers one after another.

BOOM! BOOM!

The cannon gunner adjusted the angle of the cannon and fired a powerful Cannonball into the sky. The Cannonball exploded in the air and killed many Birdman demon soldiers.

“There are enemies!”

“Hurry up!”

“Prepare for battle!”

“!!!”

At the first moment.

The red snake heard the commotion and immediately reacted. It organized the demon Army and gave up on chasing the villagers of Rock Village. It raised its head and looked at the blue flames in the air.

“Where are the enemies?”

The red snake asked.

“Southeast.”

Lan Yan looked over. His body was burning with blue flames, and he held a spear in his hand. His eyes were cold. the enemy has nearly 20000 people, and they even have air-to-air means.

“Nearly a hundred of my soldiers died.”

“Can you identify which army it is from the great gan Lord dynasty?”

The red snake asked.

“.....”

Lan Yan took a deep breath and said in a deep voice, ” if i’m not wrong, jiang li is the commander of this human army! ”

“He is our target.”

“Jiang Li!”

red snake’s pupils contracted. “where did he get 20000 power soldiers? Didn’t they say that the great Xia city was lacking in military strength? Even if he had mastered the ancient puppetry, how could he have created so many puppet soldiers in such a short time?”

“What are you afraid of?”

Humph! bi Shou ye snorted coldly and said disdainfully, “there are more than 30000 demon soldiers in our Vanguard. Moreover, they are made up of elite demon soldiers from various cities.

since Jiang Li came to me, isn’t it better? ”

don't forget that the serpent Army and the Ouroboros clan were annihilated by Jiang Li. The serpent Army also has the Ouroboros formation.

Bat Night Gu shouted.

“My ferocious beast Army has also mastered the battle formation.”

Beast Tamer ye arrogantly said.

” attention, the enemy is quickly approaching. ”

Lan Yan shouted.

“Prepare for battle!”

Hu Tianling's eyes narrowed as she shouted.

“All troops, attack!”

Jiang Li waved his hand.

Close to 10000 combat meches, cold weapon meches, biochemical meches, and electric meches charged towards the direction of Rock Village.

The firearm meches and the transport meches followed.

The Walking corpse puppet rushed to the front as a meat shield.

Bang!

Suddenly.

There was a clear explosion. JJ01 stood at a high point and activated his Eagle Eye and gun-fighting skills at the same time, locking onto the blue flame in the air.

The Platinum-colored energy bullet tore through the air, breaking through the sound barrier, and formed a vortex-like airflow. It covered a distance of a thousand meters in the blink of an eye, shooting toward the blue flames.

“Blue flame spear!”

Lan Yan’s pupils contracted as he sensed danger. He immediately activated his bloodline power, and a blue Luan appeared behind him. It was like a Peacock, spreading its wings and burning with flames.

The blue flames gathered and fused with the spear in his hand.

The long spear struck.

Thump!

The energy bomb and the long spear collided, creating a huge explosion. Waves of air swept out, and the blue flames exploded, shattering the energy bomb.
