

Army 118

Chapter 118 The harvest

Despair!

Despair had already filled the blue flame's heart.

He was already in complete despair!

He would burn his bloodline and forcefully increase his combat strength, not hesitating to pay a huge price to raise his strength to the level of an early stage rank three.

It was to kill Jiang Li.

In the end.

He did break through the blockade and beat back sh01, JJ01, JC01, and Wang Gang who were protecting Jiang Li.

There were four perfected-stage level two meches.

It was clear how powerful the blue flames were.

but ...

The sudden appearance of 100 perfected stage Tier 2 martial artists had caused Lan Yan's mental state to collapse completely. He had experienced what it meant to feel a deep sense of despair and helplessness.

He couldn't fight!

There's no way we can fight this enemy!

“Pfft!”

The fists of the hundred mech drivers fell, and the blue flame couldn't resist anymore. His head was blown into a bloody mess, like a blood-colored firework.

It was extremely poignant.

The headless body fell.

“General!”

The two adjutants of the blue flames cried out in grief.

“We'll take revenge for general!”

After that.

Jiang Li! they roared like moths to a flame. They gathered all their strength and charged at Jiang Li. The blue flame burned and the power of their bloodline condensed into the shadow of a blue Luan.

BOOM! BOOM! BOOM!

what greeted them was the bombardment of 130mm anti-aircraft guns, which exploded in mid-air, sending flames and smoke into the air.

The two adjutants were blown into pieces.

He was dead.

Buzzzzzz!

A black light came out of the blue flame's body and flew into Jiang Li's forehead. A notification appeared.

[acquired a stage-two soul Tinder!]

Shua! Shua!

In reality.

Every moment.

as a large number of level-one demon soldiers were killed, gray soul fire seeds entered jiang li's body and captured them.

Among the gray Soul Fire Seeds, there were also one or two inconspicuous black level-two Soul Fire Seeds.

[acquired a first-stage soul Tinder!]

.....

[acquired a first-stage soul tinder!]

.....

[acquired a stage-two soul Tinder!]

.....

“Kill!”

let's go. Jiang Li waved his hand and the hundred mech drivers also joined the fight. Although they didn't have any combat skills, they still had the strength of a perfected-stage level two.

Killing demon soldiers was as easy as chopping vegetables.

“It’s over.”

Jiang Li looked at the battlefield. The Red Dragon County’s vanguards had been completely defeated. As the level-two demon generals were killed one by one, they had completely collapsed.

red long snake, hu tian ling, fu ye mei, and kui shou ye were all struggling to hold on.

His entire body was covered in injuries.

“Ah!”

Pfft!

“arghh!” kui shuye screamed and spat out blood. his armor was broken, and he was severely injured. the three electric mechs attacked him, and their palm prints were like thunder.

Finally.

The nightmare beast’s head was smashed.

He was the first Demon City Lord to fall in this war.

...

“City Lord Ji!”

Hu Tianling cried out in sorrow.

“We’re finished! We’re all finished!”

Bat Yeming was also in despair, his eyes dimmed.

“Jiang Li!”

The red long snake roared angrily, and the red python energy construct hovered in the sky. Lord Red Dragon will definitely avenge us. He will. We will be waiting for you down there!

“Thump!”

However ...

The giant hammer mech’s response was a huge hammer. It fell from the sky like a small hill, and the air collapsed.

[meteor strike]!

Bang!

...

The red python Dharma power collapsed, and the red snake’s head was crushed. It died immediately.

The commander of the demon Vanguard had fallen.

“!!!”

Hu Tianling and Bat Night Gu were terrified.

“Don’t leave a single one!”

you’re right,” Jiang Li said coldly.

da da da da

The firearm mech's bullets didn't stop. When he ran out of bullets, Jiang Li would immediately use up energy points to refill the bullets.

The war was coming to an end.

The anti-aircraft guns stopped firing.

This was because it was no longer necessary, and continuing to bombard them would only be a waste of ammunition.

At the same time.

The biochemical mech kept using biochemical toxins to turn the demon soldiers into walking corpses.

Under normal circumstances, a perfected-stage bio-mech could control nine walking puppets of the same level. Every time The Walking puppet dropped by a level, the number of walking puppets it could control would double.

In other words ...

A perfected-stage bio-mech could control 72 early-stage level-one walking puppets and more than 100 unrated walking puppets.

This was a terrifying number.

time passed.

Half an hour later.

The vanguard of the demons in Red Dragon County had been completely annihilated.

There were more than 30000 demons.

Not a single one was left!

They all died here.

Almost 10,000 monsters were infected by the biochemical meches and turned into walking puppets. Jiang Li's Army grew to nearly 30000.

Shua!

Jiang Li opened the Dominator panel.

Soul Tinder.

there were 504 level-one soul tinders and 10 level-two soul tinders.

In other words ...

Jiang Li killed 30000 demon soldiers and gained 500 level-one soul Tinders and six level-two soul Tinders. There were about 5000 level-one demon soldiers among the 30000 demon soldiers.

The drop rate of a Tier 1 Soul Tinder was about one-tenth.

Due to the lack of data and information, he could not calculate the level-two soul Tinder for the time being.

“Clean up the battlefield.”

“let's go.” jiang li waved his hand and gave an order. he then went back to the passenger seat of ys01 and started to sort out the gains and losses of this battle.

the meches immediately started to search for loot.

Thirty thousand demon soldiers.

They all had some silver on them, and their damaged equipment could be sold for money. The demon generals also had some valuable items on them.

Not to mention red snake and the others.

All the spoils of war were carried onto the truck.

Not far away.

The surviving villagers of the stone village hid behind rocks, Hills, and trees. They secretly looked at the battlefield, their eyes full of awe.

At this moment.

An old man walked out.

It was the village chief of the rock Village, Yan Pan.

“Thank you, my Lord, for saving Rock Village!”

yan pan didn’t dare to get too close. he only dared to kowtow to jiang li outside the battlefield.

“.....”

Jiang Li just looked up and ignored her.

In reality.

If Jiang Li hadn't arrived in time, the rock Village would've been slaughtered. Hundreds of people would've been killed by the monsters.

Yan Pan knelt on the ground. Without Jiang Li's permission, he didn't dare to get up.

Half an hour later.

The battlefield was cleared.

"All troops, return to the city."

Jiang Li said.

Tens of thousands of mechs got on the truck, and tens of thousands of walking puppets also got on the truck under the control of the biochemical mechs.

"Rumble!"

The roar of the engine.

The transport truck turned around and headed back to the great Xia city.

Ten minutes later.

"Village chief, they've left."

Only when the transport truck could no longer be seen did the surviving villagers of the stone village dare to come out and walk to the side of the rock plate.

"Huhu huhu, he's finally gone."

Yan Pan got up from the ground and wiped the sweat from his forehead.

chief, our village has basically been destroyed.

“Yup!”

“The mineral veins on the Rocky Mountain are also close to exhaustion.”

“What do we do next?”

The villagers asked.

“Let’s migrate the entire village.”

Yan Pan thought for a while and said, ” my Lord, although the battlefield has been cleaned up, there are still some remnants.

“We can search again, maybe we can find something valuable.”

“We can only do this.”

“Migration!”

“.....”

The villagers of Rock Village were filled with confusion about the future.

The night came.

At the great Xia city’s city gate.

“Rumble!”

The roar of the engine was extremely clear in the quiet night, and it naturally alerted the city guards around the city gate.

“these carriages, ah! The city Lord! The city Lord has returned!”

“Quickly open the city gates!”

“Go and inform general Hong!”

The city guards shouted.

Nearly two thousand transport trucks stopped in front of the city gate. The huge city gate slowly opened, and the city guards came forward one after another, standing in a line to welcome them.

“Si si si ...”

“What a strong bloody smell.”

look at those vehicles, they’re all covered in blood-stained weapons and equipment. There’s too many of them. What a tragic battle this must be!

“The city Lord is really fighting with the monster army?”

“What’s the result?”

The city guards looked at the bloody spoils of war on the truck and were extremely shocked.

“Get out of the car!”

Jiang Li got off YS01.

Immediately after.

The meches also jumped off the trucks and stood in formation. They were covered in blood, and the pungent smell of blood accompanied by a strong military aura assaulted their faces.

“.....”

The city guards ‘faces turned pale.

“City Lord!”

master Jiang. Hong Tianqi came and bowed to Jiang Li.

“Yes.”

okay. Jiang Li nodded and said, “send someone to take care of the loot on the car. Keep the useful ones and buy the useless ones for money.

“Didn’t you always complain about the city guards” lack of equipment and pay?”

“This should be enough.”

“Yes.”

Hong Tianqi swallowed and quickly nodded.

“City Lord Jiang, you’ve returned.”

Not long after.

Han Liqi had also arrived, and he looked relieved. that’s good. I told you that the demon race has a strong Army. You should have defended the city.

“City Lord,”

“City Lord,”

Xu Ya, Hu Dong, and Wang Pingyuan also came to greet him.

“yes.”

Jiang Li nodded, waved his hand, and said, ” “I’ll leave these trivial matters to you guys.”

After saying that.

okay. Jiang Li left.

The giant hammer mech and the others followed closely.

Back at the city Lord’s mansion.

Jiang Li went to his bedroom and went to sleep.

The giant hammer meches were guarding outside the house.

not long after.

Jiang Li’s snores came out of the room.

However ...

Jiang Li fell asleep.

However, the outside was already in an uproar.

“Oh my God, this Suan ni, this Suan ni”

Hu Dong quickly walked to the transport truck and looked at the broken weapons and armors on the truck. They were covered in blood and had already solidified.

There were too many!

there were too many of them!

“City Lord, did you annihilate an entire monster army?”

Wang Pingyuan was dumbfounded. why else would there be so many spoils? ”

Wu Zong’s eyes widened, ” unbelievable, this is unbelievable! So many spoils of war, it’s enough to arm an Army of more than 30000 demons!

“Si si si ...”

Instantly.

Gasps could be heard from the surroundings.

how is this possible?!

Jiang Li? “han Liqi walked over quickly. He was dumbfounded. Jiang Li really killed an Army of more than 30000 monsters?”

“This Suan ni, this Suan ni”
