

Army 119

Chapter 119 The capital

“big news, this is definitely big news.”

Jiang Li sent nearly 20000 power soldiers and annihilated the 30000 demon soldiers in Red Dragon County. He returned in triumph and collected a lot of spoils!

“This is a great victory! It was a huge victory!”

” who would have thought that the great xia city, the weakest city among the five big cities in the black dragon county, which has always been unknown, would have such a terrifying flood dragon? he controls a powerful army and his strength is unfathomable! ”

“.....”

The spies in the major cities of the Black Dragon Commandery in the great Xia city immediately sent the news to the various castellans by messenger pigeons.

Han Liqi swallowed. He couldn't help but recall what Jiang Li said before. He was stunned and murmured, ” “Can he really resolve the threat from Red Dragon County? can it really solve this predicament?”

he's not going to rely on the great gan Lord dynasty. He's going to fight the entire Red Dragon County alone? ”

“Impossible! How is that possible?”

He couldn't believe it.

Han Liqi still could not believe it.

but ...

Han Liqi seemed to hear a sentence echoing in his mind, 'it's possible. Jiang Li might create a miracle.'

One had to know.

During the day.

Han Liqi had advised Jiang Li not to be impulsive. Even if he had 20000 strong soldiers, he shouldn't be too arrogant and try to attack. He should defend the city and rely on the defense Military of the great Xia city to resist the invasion of the demon Army from Red Dragon County.

The result.

That night.

Jiang Li came back with the news of his victory. The 'special carriages' were filled with countless spoils of war.

They had annihilated 30000 demon soldiers.

On the other hand, Jiang Li's troops were in a bad mood.

There was almost no damage.

It was a huge victory.

furthermore ...

They also saw the strange 'demon clan walking corpses', as if they were possessed by the ghost clan. They were extremely horrifying and there were many of them.

"Don't just stand there,"

Hong Tianqi took a deep breath and snapped, " move all these spoils of war out of the truck and sort them out. Keep the useful ones and sell the useless ones to the Chamber of Commerce.

"If we really can't sell them, we'll pull them to other cities."

"Yes!"

"Hurry, hurry, hurry."

wow, that's a level one high-grade weapon. What a pity, there's a hole in it. How powerful must the attack be to do that? "

hiss, hiss, hiss, the level two low-grade defensive armor was actually broken into pieces.

Oh my God, what kind of terrifying attack could blow up a level two low-grade defensive armor into pieces? the city Lord's subordinates are too brutal.

"Don't quarrel, hurry up and work."

"....."

The city guards and the members of the Sirius gang had all become porters.

"This is an Army flag."

Not long after.

Han Liqi saw that among the spoils of war, the flag had become like a rag. He walked over and held it in his hand. He recognized it immediately. the flag of long snake City.

"Your Excellency, it's not just that."

Hong Tianqi was holding a few bloody rags. here are the military flags of the four demon cities, the beast city, the Fox city, the night market City, and the Red Dragon County.

“Oh, and the flag of Red Dragon County.”

“this bi an ...”

Han Liqi’s eyes widened again and he muttered, ” does that mean Jiang Li destroyed the Alliance of the four demon cities in Red Dragon County? ”

he even got rid of a troop in Red Dragon County? ”

“yes.”

Hong Tianqi nodded and looked in the direction of the city Lord’s mansion. His voice was full of awe. our city Lord is becoming more and more unpredictable.

“No one knows how much power he has.”

just wait and see. This time, Red Dragon County will not be able to destroy our great Xia city. The great Qian dynasty will definitely regret this. They have made the stupidest decision.

“.....”

Han Liqi was silent. He thought for a while and said, ” but, Hong Tianqi, don’t forget that the Red Dragon County is powerful not only because of its military strength, but also because of the Red Dragon.

he’s a third-rank demon. His bloodline has just awoken, and he’s extremely powerful.

” i’ve also heard that there’s an ‘icy lake’ at the border between the red dragon county and the yehuang county of the red eyebrow demon kingdom. a grade-3 spirit herb has appeared in the lake. the red dragon is fighting with ye huang for this grade-3 spirit herb, so it didn’t take action personally. ”

...

“As long as the fight for the spirit herbs is over, the Red Dragon will be free. Do you think the Red Dragon will let Jiang Li go after 30000 demon soldiers are killed? He’ll definitely lead his troops to attack us.”

“Rank three!”

Hong Tianqi took a deep breath. it’s indeed a hopeless level, but what if the castellan also has a stage three expert? ”

“Hahahahaha!”

Han Liqi smiled. how is that possible? Do you think Tier 3 is like cabbages? Jiang Li is only a martial artist at the early stage of level one. How can he have a level three subordinate?”

“That’s impossible!”

The next day.

In the morning.

Jiang Li woke up.

He had a good night’s sleep and was full of energy when he woke up this morning.

“Ha Yingluo.”

...

Jiang Li yawned. With du Xiaohua’s help, he changed his clothes, washed up, ate the breakfast that he prepared, and relaxed.

In the morning.

Hong Tianqi and the others came to report to Jiang Li about the loot.

they spent the entire night tidying up the spoils of war.

in the afternoon.

Shua!

Jiang Li opened the Dominator panel.

in the energy points column.

The number of energy points increased instead of decreasing, from 3237875 points to 3269375.

Among them.

Jiang Li replenished 3000 firearm meches and 2000 ammunition for the transport meches. He used 50000 energy points in total and replenished them about ten times.

20000 points were used to repair the damaged mech.

Jiang Li's mech Army was fighting against the vanguard of the monsters in Red Dragon County.

He lost three hundred combat meches, four hundred cold weapon meches, three hundred and fifty biochemical meches, and three hundred firearm meches.

He lost five transport meches and three electric meches.

They had lost 3000 walking corpse puppets.

However ...

the bio-mech controlled another eleven thousand walking corpses.

There were fifty meches who had self-destructed.

so,

Jiang Li lost 1358 meches in total. The number of meches was reduced to 15853 and he recovered 101500 energy points.

The war had consumed 70000 energy points, but 101500 points had been recovered.

there are five hundred and four level-one soul Tinders and ten level-two soul Tinders.

Jiang Li's eyes fell on the column of soul Tinders. 500 level-one soul Tinders can be fused fifty times. The success rate is one-third. If I'm lucky, I can get about 20 soul Tinders.

"Maybe I can take the risk and try."

Jiang Li took a deep breath. He couldn't help but look like a gambler.

Obviously.

Jiang Li wanted to take a gamble!

He wanted to fuse with a stage-two Soul Fire seed to get a stage-three Soul Fire seed.

If he succeeded ...

Jiang Li would be able to upgrade to a level three mech.

At that time.

Jiang Li really didn't need to worry about the Red Dragon County's threat.

In reality.

The news that Jiang Li had killed 30000 demon soldiers of Red Dragon County had spread all over the Black Dragon County. Almost all the forces knew about it.

As a result ...

Jiang Li's name had spread throughout the entire Black Dragon County. He was almost as famous as Luo Tianshui.

At the same time.

All kinds of information about Jiang Li started to be dug out.

Among them.

It also included the news that Jiang Li might have gotten the 'ancient puppetry', that Jiang Li was collecting ordinary herbs everywhere and even selling the graded spiritual herbs.

"Ancient puppetry."

"didn't they say that it was long lost?"

the mechanisms and puppeteering techniques that are circulating in the outside world are all superficial. They can't be put on the stage at all and are not of much use.

"Really?"

"....."

Celestial water city.

Sister Tianshui, Jiang Li really did it.

Luo Yilin was shocked. unbelievable! Did he really master the ‘ancient puppetry’? ”

“Maybe,”

Luo Tianshui stood on the city wall and looked ahead. He frowned and said, ” I’ve received news from the front line recently. The barbarians of the black snake barbarian kingdom are also restless. They seem to know about the situation in the Black Dragon County and want to take the opportunity to launch a large-scale invasion.

“Hmph!”

Luo Yilin snorted, ” if the barbarians dare to come, I will make sure they won’t be able to return.

“.....”

Luo Tianshui’s eyes were solemn.

vaguely.

She had an inexplicable feeling that a storm was coming.

furthermore ...

Her intuition had never been wrong.

Hope City.

“This Jiang Li is a coward!”

After reading the report in his hand, Guo Yi was a little stunned. I've really underestimated him. He killed 30000 demon soldiers without a sound, and they were the Alliance of the four major demon cities.

"This kind of strength is enough to establish his position as the number one in the Black Dragon County. Even I can't bring out such a powerful Army, let alone annihilate 30000 demon soldiers."

"Tsk tsk tsk tsk tsk."

guo yi laughed. "if the imperial court finds out about this, they'll probably have a headache."

"He was clearly an abandoned pawn, yet he exploded with such a powerful force that left countless people in shock. What will the Imperial court do now?"

The great gan Lord dynasty.

The capital.

The Imperial Palace.

The throne room.

"I have a Memorial to submit."

within the palace.

The Minister of War, Lin Shao, bowed respectfully. He had a delicate face, a mustache, long eyes, and a hint of hostility between his brows.

"Speak."

On the throne.

The one sitting was naturally the monarch of the great Qian dynasty, Qian Lingtian. He was dressed in a three-clawed true dragon robe and had a dignified face. He was half-leaning on the throne, and when he opened his eyes, a Dragon-shaped golden light flashed.

“The matter I’m submitting is related to the Black Dragon County.”

Lin Shao said, “Chu Heilong, the county King of Black Dragon County, was killed. The new county King hasn’t been appointed yet. The new city Lord of great Xia city, Jiang Li, acted on impulse and killed the one-line snake Army and the snake-biting troop. Red Dragon County will take revenge.

“however, jiang li is still unrepentant. he killed another 30000 demon soldiers of red dragon county yesterday. the two counties are like fire and water now.”

this is a big threat to the stability of the country.

“I still have one more thing.”

At this moment.

Admiral Wang Shangqing saluted and said.

“Speak.”

Qian Lingtian cherished his words like gold.

there’s a rumor that Jiang Li has mastered the true inheritance of the ‘ancient puppetry’ and can make powerful puppets. That’s why he can do these things.

wang shangqing said.

“Wang Shangqing.”

Qian Lingtian suddenly focused his eyes.

“Your subject is here.”

Wang Shangqing immediately knelt down.

“i’m very interested in the ‘ancient puppetry’. send someone to the black dragon county and do it well. there can’t be any mistakes,”

Qian Lingtian said.

“this minister accepts the decree!”

Wang Shangqing kowtowed in agreement.

“Withdraw the court.”

Qian Lingtian stepped down from the throne and left the throne room under the protection of eunuchs and Palace maids.
