

Army 125

Chapter 125 Stage three walking corpse

* Cough cough *

Jiang Boyi was coughing up blood. The explosion just now was too powerful. He continuously slashed out saber flares and displayed saber martial techniques, but he was still injured.

Obviously.

The puppets that Jiang Li made were stronger than Jiang Boyi.

“Admiral,”

The four subordinates came to Jiang Boyi’s side and reached out to support him. The shock in their hearts had yet to dissipate, and they were faintly stunned.

to tell the truth.

they had never expected this.

In such a small great Xia city, there were actually so many people at the perfected stage of level two. Not only that, but there was also a level three demon!

moreover, it wasn’t an ordinary rank three.

With just one move, he had injured and defeated Jiang Boyi, Admiral Jiang.

It was a little hard to accept.

With this kind of power and strength, controlling a city was a waste of talent. If they had enough troops, they could at least hold down a County.

“Let’s go,” he said.

Jiang Boyi gritted his teeth and looked at Jiang Li. He ran his innate true Qi to stabilize his injuries and then walked to the horned scale horse.

He prepared to leave.

“Yes, Admiral.”

His four subordinates followed him.

“Do it.”

let’s go. Jiang Li glanced at them coldly and ordered his meches.

You want to leave?

How was that possible?

If Jiang Li hadn’t been lucky enough to fuse a level-three soul Tinder last night and upgrade to a psionic biochemical soldier, he would’ve died.

now.

Jiang Li might have been captured long ago or even brought to the capital. He would be interrogated and eventually die.

so,

Jiang Li would never let Jiang Boyi go.

as for whether he would offend the imperial court of da qian or even completely fall out with them ...

jiang li was no longer afraid.

One had to know.

Jiang Li had 2000 transport meches, which was enough to take all the meches away. With the mobility of the transport meches, Jiang Li had a chance to leave the territory of the great gan dynasty.

Even ...

Jiang Li could still fight guerilla warfare with the great Qian dynasty.

whoosh!

GJS01 was the first to attack. It drew its bow and shot out an arrow. The arrow was made of elite alloy and pierced through the air. It was silent and extremely fast.

“Pfft!”

Blood splattered everywhere.

One of Jiang Boyi’s four men didn’t even have the chance to react before the elite alloy arrow pierced through his head from the back of his head and out between his eyebrows.

It pierced through his head.

he was killed in one arrow!

He had killed a martial artist at the perfected stage of Tier 2 with one arrow!

Elite troops were indeed elite troops. They were powerful, and at the same level, they displayed more destructive power than ordinary troops.

Of course.

This was also due to the fact that GJS01's equipment was extremely powerful.

Back then.

The snake Hunter had the Ouroboros bow and the black gold arrow. They tried to kill Jiang Li from a distance. Although they didn't succeed, the set of bows and arrows was very powerful.

It was the same for GJS01.

“jiang si!”

the other underlings opened their eyes wide and let out a sorrowful cry.

“Bastard!”

“You dared to kill Jiang si!”

They shouted in anger.

“jiang li!”

...

Jiang Li! Jiang Boyi raised his head and glared at Jiang Li. His killing intent surged and his innate true Qi surged. A blood-black light appeared around him.

“Admiral Jiang, since you're here, don't leave.”

you're right, " Jiang Li said coldly.

BOOM!

The next moment.

Ynsh01 turned into a close-combat mode. It raised its arms, twisted, and activated its biochemical physique. Mechanical psionic energy was activated, and a blood-black mist appeared around its body.

His arms turned into scythes.

Shua!

Ynsh01 left a deep pit on the ground as it shot out. It covered the distance of hundreds of meters in an instant and rushed toward Jiang Boyi.

"!!!"

Jiang Li? " Jiang Boyi's pupils constricted and he was terrified. He felt the terrifying pressure and was terrified. Jiang Li, you dare to kill me? "

...

Bang!

JJ01 fired, and the energy bullet pierced through the air, killing Jiang Boyi's subordinate.

"Thump!"

the three martial artists of perfected-stage tier two joined forces and linked their internal forces together. they swung their long swords and slashed out a blazing sword light, shattering jj01's energy bomb.

Bang Bang Bang!

JJ01 fired a series of shots, and its entire body shook.

“Chain blade technique!”

Shua! Shua! shua!

The flashes of the blades formed a strong defense, blocking all the bullets.

“Chain Falcon arrows!”

whoosh! Whoosh! Whoosh!

GJS01 took the opportunity to attack. He used his skill and shot out three arrows in a row in an extremely short period of time, each arrow hitting the same point.

Bang!

The blade light shattered, breaking the surface with a single point.

“What?”

Jiang Boyi’s three subordinates, who were at the perfected stage of stage two, were shocked.

“pfft!”

The energy bomb shot through the air.

blood and flesh flew everywhere.

One of his subordinates ‘head had been shattered by an energy bullet.

“Penetrating spear technique!”

Pfft!

At this moment.

cq01 charged over. the long spear in his hand was like a dragon emerging from the sea. it spun at an extremely fast speed like an electric drill, piercing through the air and penetrating the heart of another martial artist at the perfected-stage tier two.

Blood spurted out.

“No!”

The last martial artist of perfected stage-two screamed in fear.

Whoosh!

GJS01 fired an arrow and ended the enemy’s life. The arrow pierced through his head.

The whole process took less than half a minute.

Jiang Boyi’s four subordinates were all killed, and four corpses lay on the ground.

Buzzzzzz!

Suddenly.

A black light came out of one of the bodies and flew into Jiang Li’s forehead. A system message flashed.

[acquired a stage-two soul Tinder!]

“my luck has been pretty good recently.”

” i got a level-two soul tinder after killing four level-two ones. ” jiang li smiled.

“Ah!”

Jiang Boyi’s screams came.

It could be seen.

Half a minute passed.

Jiang Boyi was extremely miserable and seriously injured. He was no match for the ynsh01 at all. Even if he used all his skills, it was useless to resist.

It was a completely one-sided battle.

“Pfft!”

Ynsh01 slashed with his blade, shattering Jiang Boyi’s blade aura and destroying Jiang Boyi’s protective true energy. A wound so deep that the bone could be seen appeared on his chest.

Jiang Boyi vomited blood and fell to the ground, unable to get up for a while.

His injuries were too severe.

“jiang zhiyu, jiang li!” he shouted.

Jiang Li. Jiang Boyi raised his head and stared at Jiang Li in the distance with killing intent. He clenched his fists.

One had to know.

Jiang Boyi was able to sit in his position today.

he had experienced many, many things.

He had fought many battles, big and small. He had even fought against the armies of the monster race and the monster race many times. He had lost count of the number of monster race and barbarian race experts that had died in his hands.

Of course.

He had also killed many people.

To tell the truth.

jiang boyi had never thought that he would fall here, in such a small great xia city, and that he would die like this.

He was too unwilling.

when jiang boyi took on this mission, he thought it was just a small matter. he didn't expect that this mission would actually end his life.

“Transform into an undead puppet.”

go! Jiang Li ordered.

“Yes.”

Ynsh01 nodded.

Kachaa! Kachaa!

Immediately after.

The scythes on his arms changed shape and returned to normal arms. He spread out his hands, and a strong biochemical poison began to spread out.

what do you want to do?!

Jiang Boyi's eyes widened.

"Recycling."

Jiang Li smiled.

"You're so silly!"

Jiang Boyi was terrified and his whole body was cold.

"whoosh!!!"

The biochemical poison spread like a black poisonous mist and gradually covered Jiang Boyi's whole body. Then, it invaded Jiang Boyi's body through his five senses, breathing, pores, and so on.

The poison was spreading and corroding.

"Ah!"

ah! Jiang Boyi's shrill scream was like dismembering his body. Extreme pain came from all over his body. His whole body twitched and his face gradually twisted.

it could be seen.

At the area infected by the biochemical poison, Jiang Boyi's skin gradually turned black and continued to spread. The black color gradually covered his whole body.

Finally.

Jiang Boyi's pupils also turned black, like black gems. There was no reflection at all, as if it had swallowed all the light.

When his pupils turned black.

Jiang Boyi stopped screaming, his heart stopped beating, and his limbs stopped twitching. The biochemical poison mist spread, and he stood up shakily.

The transformation of the infection was successful!

early third rank undead puppet!

Biochemical poison.

This skill was very powerful.

Ynsh01 was at the late-stage of the third rank. According to the ability of the biochemical poison skill, ynsh01 could control nine late-stage third rank walking corpses to the maximum extent.

so,

Transforming an early stage third rank walking corpse puppet was a piece of cake.

“Mission accomplished.”

Ynsh01 saluted to Jiang Li.

“Alright!”

hahahaha. Jiang Li laughed and was very satisfied with his decision. as expected, the decision to upgrade to SH01 was so wise. The biochemical toxin ability is so powerful.

“Early stage third rank undead puppets have no intelligence and can only move by instinct. Although they can’t be compared to a real early stage third rank undead, they are still quite strong.”

Hong Tianqi, clean up the bodies outside the city gate.

fix the broken city gate, “Jiang Li ordered. fix the broken city gate as well.

“Yes, city Lord.”

” yes! ” hong tianqi answered loudly.

“Yes.”

okay. Jiang Li nodded and walked into the city. He was planning to take the demon City in Red Dragon County, but Jiang Boyi delayed it.

It was still early.

He could still continue his operation.

As long as nothing went wrong, they should be able to return to the great Xia city by evening after taking down a Demon City. The meches followed Jiang Li.

“Farewell, city Lord!”

In the surroundings.

The crowd bowed and saluted with great respect.

“.....”

Han Liqi got up from the ground and looked at the bodies outside the city. He gulped and then looked at Jiang Li's back. he even dared to kill a commander!

"This is too brutal."

"I'm afraid that the next one to come won't be an Admiral, but the Army of the Imperial court."

As for hiding this matter ...

it was impossible.

Not to mention how many people were present, there were also spies from various cities in the Black Dragon County. They had already spread the news. It wouldn't be long before everyone knew about it.

How could he hide it?

Within the city.

In the military camp.

The meches had already assembled. The Walking corpse puppets formed a Suicide Squad, acting as meat shields and front rows. Each type of soldier formed a corresponding Army.

they would then coordinate with each other.

"Let's go!"

Jiang Li sat in the passenger seat of YS01 and opened the map. The route and the target were marked on it.

The entire Army set off again.

Their target this time was one of the five great demon cities in Red Dragon County, Hu city.

Because ...

Jiang Li heard that Hu city was the richest of the five demon cities in Red Dragon County.
