

Army 126

Chapter 126 Preparation

the convoy of 2000 transport trucks drove in an orderly manner on the main road of the great xia city. the low roar of the engines slowly spread into the ears of every citizen in the surroundings, like the heavy sound of thunder.

Behind the transport truck.

There were 2000 artillery vehicles.

The houses on both sides of the street.

The citizens opened their Windows and peeked out to look from afar. Their eyes were filled with awe as they stared at the transport trucks that were gradually moving further away.

“So this is the city Lord’s army, how impressive!”

“And there are so many of them.”

“with such a powerful army, our great xia city will definitely be impregnable.”

“Yes, yes.”

“What da Qian imperial court? we are in danger, but I don’t see them sending any troops to protect us.”

“I only believe in city Lord Jiang.”

“I hope the great Xia city can survive this calamity.”

you should have heard that the city Lord needs ordinary medicinal herbs. Why don't we organize a medicinal herb-picking team and go deep into the mountains to pick herbs? ”

“Isn't this Wufu a little too dangerous?”

“.....”

There were more than 100000 people in the great Xia city, both men and women, young and old. It wasn't a lot, but it wasn't a small number either.

There were also many villages of various sizes around the city.

of course.

Compared to the citizens living in the great Xia city, the security of the villagers was even lower.

If a demon entered the territory, the first to be slaughtered would definitely be the villages around the city, such as the vanguard led by the red snake.

They marched all the way here.

They had massacred at least four to five villages.

It was quite brutal.

some large villages would organize some village soldiers, but compared to the demon soldiers of the demon race, the gap was huge. it was just for psychological comfort.

They encountered small groups of demon soldiers or fierce beasts.

They could deal with the soldiers of the large villages, but if they encountered a group of ferocious beasts or demon soldiers, they would definitely die.

Very quickly.

The mech Army led by Jiang Li was ready to leave the city.

“As expected, the city Lord is going to take the initiative to attack again and send out troops to exterminate the demons.”

have you noticed that the city Lord likes to take the initiative? he has been sending out his troops to seize the initiative, instead of waiting for the enemy to attack and defend the city.

“It seems so.”

Hu Dong and the others chatted for a while.

“Chief sovereign.”

Before the transport truck left the city, xx01 came quickly.

“What is it?”

what’s the matter? ” Jiang Li asked and signaled the truck to stop.

mech xx06 stationed in the Green Mountain Range has important information. Requesting communication.

Xx01 said.

“Answer.”

okay. Jiang Li nodded.

Green Mountain Range.

This was the border between the red eyebrows Yao Kingdom and the great Qian dynasty. It could be said to be an extremely important Battlefront. If the red eyebrows Yao Kingdom's Yao Army wanted to invade the Black Dragon County, they had to pass through the Qingshan mountains.

so,

He needed to station mechs in the Green Mountain Range, and there had to be Intel mechs. Only then could Jiang Li know the monsters' movements.

If the demon clan invaded, they would be able to detect it at the first moment and come up with a countermeasure.

In reality.

thanks to the Intel mech xx05, Jiang Li knew about the demon Vanguard's invasion in advance and sent out the mech troops to annihilate them.

Jiang Li even lost xx05.

This time.

in order to ensure the safety of xx06, jiang li also sent ten perfected-stage electric mechs to qingshan mountain.

This way ...

even if xx06 was discovered, the ten perfected-stage electric mechs should be able to protect xx06.

They would even be able to monitor the demon Army at all times.

...

“whoosh!!!”

In the middle of communication ...

Xx01 raised his wrist and a projection light appeared. A projected image appeared in front of Jiang Li's eyes and it gradually became clear.

Speaking of this.

at the two ends of the green mountain range were the wuzu plain and the green spirit lake. if the monster army of the red-browed monster kingdom wanted to go around the green mountain range, they could only enter the black dragon county through the wuzu plain or the green spirit lake.

If they went through the wuzu plain to enter the Black Dragon County, they would eventually reach the territory of Tianshui city, and if they crossed the Azure Spirit Lake, they would reach the territory of five lakes city.

Rumors.

There was an extremely powerful 'ferocious beast' resting in the green spirit Lake, but he didn't know if it was true or not.

"intel mech xx06 greets the lord."

The communication was connected.

In the projection.

...

Xx06 saluted Jiang Li and said respectfully.

"yes."

yes. Jiang Li nodded and said, report.

“Yes.”

Xx06 nodded. reporting, master. I have discovered a large number of aerial demon soldiers appearing around the green Mountains. They seem to be investigating the terrain.

“There’s a huge number of them,”

“Demon soldiers in the air.”

is it possible? ” Jiang Li pondered. can you capture the picture? ”

“Yes, I can.”

xx06 stood at a high point in the green mountains and turned the camera. the projection changed and transmitted the scene in the distance.

In the image.

The fully armed demon soldiers in the air had a pair of wings on their backs and were covered in green feathers. They were almost identical to the demon soldiers led by Lan Yan.

However ...

the demon soldiers in the air were even more well-equipped.

“They should be the demon soldiers of Red Dragon County.”

hmm ... Jiang Li murmured and took a deep breath. in that case, we can’t go to Hu city for the time being. If I’m not wrong, these demon soldiers in the air must be a scouting team from the Red Dragon County.

“I estimate that it won’t be long before a large demon Army arrives at the Qingshan mountains. Then, they will cross the mountains and enter the Black Dragon County, directly attacking the great Xia city.”

“It’s faster than I expected.”

“I wonder how many demon soldiers will come this time.”

in that case, I have to thank Jiang Boyi. If it wasn’t for Jiang Boyi’s appearance, which delayed me a lot of time, I’m afraid I would have already sent troops to Red Dragon County.

if we run into the red Dragon County’s demon Army on the way, it’s fine. With the mobility of the transport trucks and the artillery vehicles, I can fight and leave as I wish.

if we didn’t meet on the way, even if I had taken down Hu city and plundered a large amount of resources, without me, the great Xia city would have been taken down by Red Dragon County and then massacred.

“Looks like we’re going to have to fight a city defense Battle this time.”

jiang li thought.

“Xx06, you will continue to guard the Qingshan mountains and pay close attention to the movements of the demons. It would be best if you can confirm the number of demon soldiers.”

” return immediately after you find the demon army, ” jiang li ordered. ” don’t monitor them. ”

“Yes!”

Xx06 nodded.

one had to know.

Back then, blue flame, who was only at the perfected stage of the second stage, was able to discover xx05, let alone this time, the Red Dragon, who might be at the third stage, was leading an Army.

The probability of xx06 being discovered was extremely high.

At that time.

He was afraid that they would be destroyed like xx05, not to mention tracking them. Even if there were ten perfected-stage electric-powered meches, they might not be useful.

so,

In order to avoid unnecessary losses.

Jiang Li just wanted xx06 to leave immediately after confirming the number of demon soldiers.

Shua!

The projection disappeared.

The communication was disconnected.

“Let’s go back to the city,”

go! Jiang Li ordered.

The transport trucks and artillery vehicles started to reverse, then turned around and returned. They didn’t leave the city, but instead prepared to return to the military camp.

“City Lord, this is?”

“You’ve returned?”

“Why?”

“What happened?”

“.....”

Everyone looked on helplessly, their faces filled with confusion. They couldn't understand why the city Lord had suddenly returned to the city. Could it be that something big had happened?

In the military camp.

All the meches had returned.

Hong Tianqi, Hu Dong, Xu Ya, and han Liqi had been waiting outside the camp for a long time. When they saw Jiang Li coming out of the camp, they immediately walked forward.

“City Lord!”

“City Lord,”

Hong Tianqi and the others said respectfully.

“Yes.”

yes. Jiang Li nodded. what's up? ”

“City Lord, did something happen?”

Hong Tianqi asked.

“.....”

Hu Dong and the others didn't say anything. They just looked at Jiang Li.

yes. Jiang Li didn't hide anything. you're right. Something big is happening, and it's related to the survival of the great Xia city.

city Lord Jiang, please don't scare us. What's going on? ”

Han Liqi asked nervously.

“.....”

Wang Pingyuan and the others were also nervous. They clenched their fists.

“The demon Army of Red Dragon County is about to arrive.”

I'm not sure, ” Jiang Li said. they'll enter the great Xia city before this evening. As for the number of demon soldiers, I don't know yet.

“Red Dragon County must have suffered a few losses in the past. This time, they will probably go all out, or even send out all their troops, to take revenge.”

“All of Xuanji's forces!”

Han Liqi was so frightened that he was trembling. His face turned pale, without a trace of blood. doesn't that mean that Lao Ai has nearly 100000 demon soldiers? ”

“This Suan ni, this Suan ni”

Hu Dong's face was also pale, and his eyes could not help but reveal a look of fear.

“City Lord, if that's the case, can we stop the monster army of Red Dragon County with just our city? What should we do?”

Wang Pingyuan asked nervously.

“it might not be a hundred thousand.”

” don’t forget, ” hong tianqi analyzed. ” the castellan annihilated 30000 demon soldiers last time. no matter how many soldiers red dragon county has, it’s impossible to gather another 100000 demon soldiers. ”

that’s right, but even if it’s less than 100000, there should be at least 70000 or 80000. In addition, Red Dragon is personally leading the Army. Our great Xia city is in danger!

Han Liqi said.

“The city Lord also has 3rd rank subordinates.”

“We won’t lose for sure,” Hong Tianqi shouted.

“This news must be kept a secret. It can’t be spread out. Otherwise, if the people start to panic and flee, I’m afraid that our great Xia city will collapse internally.”

Han Liqi said after he calmed down.

“Yes, yes, yes.”

hu dong and the others nodded.

“City Lord, why don’t we send people to the other four cities to request for reinforcements?”

xu ya suggested.

“They won’t send any reinforcements.”

No. Jiang Li shook his head. the news that I killed Jiang Boyi should’ve spread. They’re trying to hide from me. It’s already good enough that they didn’t hit me when I was down. Why would they send reinforcements? ”

“we can only rely on ourselves.”

“Don’t worry. With this city Lord here, the great Xia city will definitely be fine.”

“All the members of the Sirius gang, the city guards, and the constables from the county government, start building the defense of the city.”

“Before the Yao Army arrives, make as many preparations as you can.”

“we have to win this city defense battle, and we will definitely win.”
