

Army 133

Chapter 133 The second one

“You!”

The Red dragon’s eyes were about to crack. It was filled with unwillingness and regret.

He had never thought that this would be the result.

At this very moment.

He finally realized that Jiang Li’s power was beyond his imagination.

The power he was so proud of, the Army he was proud of.

In front of Jiang Li, they were all useless.

ynsh01, use the biochemical poison skill and transform into a walking corpse again.

Jiang Li said immediately.

One had to know.

the red dragon was an early stage of the third rank demon clan. if it could be transformed into a walking puppet, it would be a strong combat power. it might be stronger than the early stage of the third rank that jiang boyi had transformed into.

Naturally, he couldn’t let it go.

It would be too much of a pity to just kill him.

“Whoosh!!!”

the next moment.

ynsh01 quickly used his skill ‘biochemical poison’. a black poisonous mist spread out and gradually covered the red dragon’s body.

“Ah!”

The poison invaded the Red Dragon’s body, infected its cells, and began to transform. The Red Dragon let out a shrill scream, as if its whole body had been dismembered.

“my king!”

“Lost, the Junwang has lost, Wuwu.”

we failed! We failed!

“A hundred thousand demon soldiers of the Red Dragon County. Are we going to be annihilated here today?”

“No! No!”

“this can’t be real, it can’t be real, i must be dreaming, it must be yingluo”

It collapsed.

The demon Army’s morale collapsed.

In reality.

If it wasn't for the Red Dragon, the 100000-strong demon Army would have collapsed long ago. Now that the Red Dragon had been defeated, most of the demons were in despair and lost their will to fight.

"The Red Dragon was actually killed."

Ye Zhihe heard the Red Dragon's shrill cry. He couldn't help but turn around and see the scene of the Red Dragon being killed.

His eyebrows twitched, and he felt a cold air rush to the top of his head.

Demon God above, this was the Red Dragon Commandery Prince who was on par with Lord Ye Huang. But today, he has fallen in the great Xia city.

Ye Zhihe swallowed. he's too cruel. This Jiang Li is too cruel. I can't mess with him. He's a terrifying guy.

"This time, the Red Dragon has completely lost. He even lost his life. Fortunately, I ran away quickly. Otherwise, I would have been buried with the Red Dragon."

"also, we must report this to lord ye huang. we have to be careful of jiang li. "

"Quickly run!"

"run as fast as you can!"

Xiong de and the others roared again and again, already scared out of their wits.

Finally ...

When the Red Dragon stopped screaming, its entire body turned pitch-black, and even its eyes turned black like black gems.

The transformation of The Walking corpse was successful.

“roar!”

The Red Dragon puppet let out a roar. Then, black flames rose from its body. The flames gathered together and turned into a black fire Dragon.

Furthermore ...

He held the fire Dragon halberd tightly and could control weapons.

It was obvious.

The Walking corpse puppet transformed with the Red Dragon as the main body was stronger than The Walking corpse puppet transformed with Jiang Boyi as the main body. The gap was quite obvious.

“kill!”

Yhsh01 controlled the Crimson Dragon puppet and charged into the battlefield.

“The Junwang of Junjie is being controlled.”

“Si si si ...”

“What is this ability?”

“!!!”

...

The demons were terrified and horrified.

They could never have imagined that the Red Dragon Commandery Prince, whom they were so proud of and regarded as a God of War, had not only been defeated and killed, but had also been controlled and then killed.

In the face of such a scene.

The demons 'mental state completely collapsed.

da da da da

As the battle formation was destroyed, the firearm meches could finally play their biggest role.

without the army's defense, the machine guns fired wildly. the bullets covered the battlefield, taking the lives of the demon soldiers.

Pfft! Pfft! Pfft!

Countless blood flowers bloomed as the armor was pierced.

“Ah!”

The demon soldiers were screaming in pain.

...

Buzzzzzz! Buzzzzzz! Buzzzzzz!

Jiang Li stood on the city wall and watched the monsters being killed one by one. The bodies fell and piled up on the ground, forming a mountain of corpses.

After that.

Gray light spots mixed with one or two black light spots all rushed into Jiang Li's body like Starlight.

Shua!

[acquired a first-stage soul Tinder!]

.....

[acquired a first-stage soul Tinder!]

.....

[acquired a stage-two soul Tinder!]

.....

A notification popped up in front of Jiang Li. The Dominator panel opened and the number of soul Tinders increased at a visible speed.

It was time to reap the rewards.

Jiang Li smiled.

A hundred thousand demon soldiers.

There were at least 10000 Level 1 demon soldiers, and several hundred Level 2 demon soldiers and generals. With such a large number of demon soldiers, a large number of soul Tinders naturally dropped.

However ...

Ye Zhihe led the Army of Ye Huang city and ran away.

“run!”

finally ...

The demon soldiers began to flee.

“go all out and kill them. don’t leave a single one alive.”

” stop! ” jiang li shouted.

“Kill!”

The meches chased after the demons at full speed. The firearm meches fired from a distance and the anti-aircraft guns bombarded the demons.

in the air.

a large number of birdmen demon soldiers were killed by the anti-aircraft cannons, and their bodies fell from the sky. most of them were not complete.

“burn your bloodline!”

The purple thunderwings, ye Gong, and Mo Lin, the three commanders, and three demons who were at the perfected stage of level two and half a step into level three, were forced into a desperate situation.

hence.

Under such circumstances, they could not escape. They could only burn their bloodlines and use all their might to unleash their strongest power.

Tier 3!

Under the condition of burning his bloodline.

Their strength had all barely reached the third step.

kill!!!

After that.

they looked at each other, and with a determined attitude, they let out angry roars like moths flying into the fire. their killing intent surged, and their momentum was like a rainbow.

BOOM! boom! BOOM!

In the air.

They were three beams of light, like sharp arrows and lightning. They cut through the night and charged at Jiang Li. They were going to die with Jiang Li.

“psionic energy control!”

Wuwuwuwuwu!

Ynsh01 finally displayed his strongest skill, 'psionic control'. He raised his hands, and from his palms, a dark light of psionic energy spread.

It spread out.

It gradually formed a psionic domain that covered the surroundings, including the purple lightning Wings, ye Gong, and Mo Lin. The mechanical psionic energy seemed to distort space, creating a terrifying force field.

Pfft! Pfft! pfft!

Blood spurted out.

“Ah!”

A shrill scream rang out.

In the air.

The purple lightning Wings, ye Gong, and Mo Lin appeared, but they were twisted into a twisted shape. They were all dead and couldn't even get within a hundred meters of Jiang Li.

bang! bang!

The three bodies fell to the ground.

Buzzzzzz!

A black light came out of the corpse and merged into Jiang Li's forehead. He got a level-two soul Tinder.

the death of the three commanders accelerated the destruction of the demon army.

time passed.

Half an hour passed.

The demon Army of Red Dragon County was annihilated. Jiang Li didn't let any of them escape. They were all killed. The ground outside the great Xia city was covered with corpses.

The trenches that had been excavated were all filled with corpses, piling up into mountains.

in the air.

The smell of blood was extremely thick.

He looked around.

Each mech was covered in blood. Many transport meches were blown up under the city wall. All the scrapped meches were collected.

“we won!”

he really won!!!

“hahahahaha!”

“We’ve defended! we managed to defend the great xia city!”

not only did they manage to defend the city, but they also annihilated the demon Army in Red Dragon County!

“this is an unprecedented victory! An unprecedented victory!”

“!!!”

After the silence, everyone cheered. The surviving city guards, the members of the Sirius gang, and the constables from the county government cheered and roared, expressing the joy in their hearts.

He won!

he had really won!

“It’s all because of the city Lord. It’s because of the city Lord’s presence and his powerful Army that we’re able to survive, defend the great Xia city, and defeat the demon Army of the Red Dragon County!”

Hong Tianqi shouted.

“City Lord!”

“City Lord!”

“City Lord!”

The next moment.

the city guards, the members of the sirius gang, and the bailiffs of the county government all cheered and knelt down to jiang li.

“!!!”

Han Liqi also knelt down. He was full of admiration for Jiang Li. although Jiang Li hasn't grown to the point where he can fight against a country yet.

however, the overwhelming victory of this battle and the annihilation of 100000 demon soldiers with the power of one city is not something that the Imperial court of the great Qian dynasty can deal with easily.

use energy points to repair all the damaged meches.

Jiang Li waved his hand and operated the Dominator panel. He used 14300 energy points to repair all the meches. All the meches were restored with a flash of white light. Even the blood on their bodies was cleaned.

“.....”

“these soldiers ...”

In the surroundings.

hong tianqi and the others saw this clearly. they were stunned, but no one asked anything. they guessed that this must be one of the mysteries of the ‘ancient puppet technique’.

One had to know.

in the process of fighting, the meches were injured or even destroyed. their bodies turned into light spots and disappeared. the damaged meches even had sparks.

All kinds of signs.

It was enough to show that these soldiers were not real humans.

so,

Hong Tianqi and the others were certain that Jiang Li had mastered the true inheritance of the ‘ancient puppetry’. These soldiers were all made puppets.

all meches, get on the car.

let’s go. Jiang Li jumped off the city wall and walked into YS01. He sat in the passenger seat and gave an order.

shua! Shua!

All the meches rushed to the trucks as fast as they could. The number of walking puppets increased to 20000 after the war.

“your excellency, what are you doing?”

Wang Pingyuan and the others were stunned.

“Hong Tianqi, Xu Ya, Hu Dong, Han Liqi.”

let's go, "Jiang Li ordered. gather all the residents of great Xia city and clean up the battlefield outside the city wall. Collect all the spoils and count the number of enemies killed. I'll reward them one by one when I come back.

"yes."

Hu Dong nodded.

"city lord, what are you going to do?"

Hong Tianqi asked.

"The Red Dragon is dead and the demon Army in Red Dragon County has been completely annihilated by me. If I don't go to Red Dragon County now, when should I go?"

not to mention, a large group of Yao soldiers escaped, " Jiang Li said. I can't rest easy if I don't kill them all.
