

Army 135

Chapter 135 Perfect completion

It could be said that ...

Jiang Li did exactly what he did in the green scale city. He forced the monsters in the long snake City to work for him and plundered a lot of wealth in the city.

Of course.

That was Jiang Li's original purpose.

Furthermore ...

The long snake City was stronger and richer than the green scale city, and the number of monster race was also much higher than the green scale city.

There were nearly 150000 of them.

if they were all sold as demon slaves, they would be worth a lot of money.

“Chief sovereign.”

At this moment.

“jiang li.” wang gang walked over quickly with an exquisite jade box in his hand. he handed it to jiang li and said, ” “This is what you need.”

“Yes.”

jiang li took it, put it on the ground, and opened the jade box. there were egg-sized crystals in it. they were gray and slightly transparent.

Lower spiritual crystals.

“Spirit crystals.”

Jiang Li was overjoyed.

Shua!

“discovered item that can be converted into energy points. do you want to convert it?”

A notification appeared.

“yes.”

yes. Jiang Li confirmed without hesitation.

Buzzzzzz!

A white light flashed.

All the spiritual crystals in the jade box had disappeared.

conversion successful. You’ve received 1500000 energy points!

“One million and five hundred thousand.”

jiang li smiled. ” the long snake city is indeed much richer than the green scale city. i only found 100 lower spiritual crystals in the green scale city, but i found 150 in the long snake city. ”

“how’s the search going?”

what is it? ” Jiang Li asked.

reporting to the ruler, the city Lord’s residence, all the major trading companies and gangs, as well as the residences of the rich and powerful demons in long snake City, have basically been plundered.

wang gang reported the situation, ” but it hasn’t been sorted out and counted, so we don’t know how many things we have plundered. ”

“Yes.”

okay. Jiang Li nodded. since we’re almost done, let’s leave and go to the next Demon City. We’ll try to take down the remaining three cities in one day.

“Yes, chief sovereign.”

Wang Gang nodded.

upgrade to ynsh01.

ynsh01. Jiang Li called ynsh01 over and opened the Dominator panel. He used 800000 energy points to upgrade ynsh01.

Shua!

a few rays of light flashed on ynsh01’s body. in just a few seconds, he had successfully upgraded to the perfected stage of tier 3.

There were no changes to his appearance, but the mysterious aura on his body became more intense. The faint layer of psionic light had completely disappeared and was completely hidden, as if he had returned to his original state.

He was promoted from Lieutenant Colonel to Colonel.

[unit type: psionic biochemical soldiers]

[rank: Grand completion of rank-three]

[No.: Ynsh01]

skill 1: level-one ultimate biochemical poison

skill 2: rank-two ultimate biochemical physique

skill 3: Tier 3 psionic control

“biochemical machinery: chi chi (omitted)”

[mechanical psionic energy: Momo (omitted)]

advancement requirements: one level-four soul Tinder, 1000000 energy points ”

Jiang Li checked ynsh01’s information. Since it had reached the perfected stage of tier three, its strength and skills had improved.

As for the promotion conditions ...

jiang li could only wait and see.

...

I just got one and a half million energy points, but I used up eight hundred thousand in the blink of an eye.

” it’s too much, ” jiang li said. he felt that energy points were being spent too quickly, especially when the troop classes were getting higher and higher. the number of energy points they needed had increased tenfold, or even hundredfold.

Soon after.

let's go. Jiang Li sent the meches to take the spiritual herbs, gold, jewelry, weapons, pills, and materials from long snake City and put them on the trucks.

these items filled up a hundred transport trucks.

Half an hour later.

Long snake City was reduced to ruins. After half an hour of bombardment, 150000 monsters were turned into dead souls, buried in the ruins of long snake City.

He looked around.

The entire ruins were dyed with a layer of blood red.

In the air.

It was as if there was a thick blood mist that could not be dispersed.

...

“The city closest to long snake City is the city of beasts.”

With the map in his hand, Jiang Li decided on his next target. The truck moved at full speed and used the skill ‘walk on flat ground’. The uneven road didn’t affect the truck’s speed.

on the other side.

When Jiang Li was killing in Red Dragon County and plundering the demon City.

The great Xia city.

The battlefield outside the city had been cleaned up. All the spoils of war had been divided and counted into books. All the monster corpses had been burned to ashes.

The blood on the ground was buried to prevent it from rotting and causing diseases.

at the same time.

The news of the annihilation of the demon Army in Red Dragon County, the murder of the Red Dragon, and the great Xia's victory had gradually spread. After all, the battle last night had caused too much of a commotion.

The most important thing was ...

The city Lords of the Black Dragon County had received the news from their spies beforehand. The great Xia city was about to be besieged by the demon Army and was in danger.

so,

The next day, they sent people over to secretly Scout outside the city.

After that.

They saw the ground covered in blood. The citizens of the great Xia city were cleaning up the battlefield, cleaning up the spoils of war, and burning the corpses of the demon soldiers that had piled up into mountains.

The scene at that time was shocking and shocked everyone.

“The great Xia city hasn't been captured!”

“Not only that, but it seems like we've won all of them!”

“The demon Army suffered heavy losses!”

Jiang Li has a powerful Army!

Hence.

The news spread throughout the entire Black Dragon County, and then to the surrounding counties, such as King Jin County, Lake-edge County, and Shang County.

“He can win like this?”

Guo Yi’s eyes widened as he looked at the news in his hands. He felt that it was very unreal. is this news true? Why don’t I believe it?”

” the red dragon is an early-stage level-three demon. he is the lord of a county and led tens of thousands of demon soldiers to attack the great xia city. not only did he fail, but he also lost his life?
”

“Holy shit!”

Guo Yi took a deep breath. this is unbelievable. What did Jiang Li do? ” How did he manage to control such a powerful force?”

“Could it really be because of the so-called ‘ancient puppetry’?”

also, Jiang Li killed Jiang Boyi a few days ago.

“.....”

Suddenly.

Jiang Li? ” Guo Yi’s pupils constricted. right, right. Jiang Li killed Jiang Boyi a few days ago, which means he has already mastered the power of stage three!

I was too shocked by the news. I was too shocked that Jiang Li dared to kill the inspector of the Qian dynasty. I didn't think about this.

Guo Yi felt that Jiang Li had become unpredictable.

five lakes city, celestial water city, black dragon county.

the news came one after another.

Jiang Li. Jiang Li's name became a hot topic again. It became a topic of conversation after dinner. It even seemed to spread throughout the entire dynasty.

In reality.

Many people in the great Qian dynasty were talking about this.

They were trying to figure out what Jiang Li's final result would be.

for now, Jiang Li's power is not weak. Since he can kill the 100000 demon soldiers of the Red Dragon County and even the Red Dragon, it means that he has the military power of an entire County. In this case, even if the Imperial court wants to kill him, they'll have to think twice.

“the danger Jiang Li is facing isn't limited to this. the red dragon was killed and 100000 demon soldiers were killed. do you think the red-eyebrowed demon kingdom will pretend nothing happened? It's impossible. The red eyebrow Empire will take revenge on Jiang Li.”

what's sad is that Jiang Li offended the Imperial court and killed commander Jiang Boyi. He's almost on the opposite side of the Imperial court. It's already good enough that the Imperial court doesn't send troops to kill him. Why would they help him? ”

no matter what, the Black Dragon County and the great Xia city are part of the great Qian dynasty. Is the Imperial court going to just leave them be? ”

“Hehe, what do you know?” Have you forgotten the three great laws of the human race? “anyone has the right to expand their territory. as long as they can take down the monsters, the barbarian's

territory will belong to them. if the imperial court of great qian helps jiang li, he'll rise up. by then, there'll be another human dynasty at the border of the great qian dynasty."

"Could it be that we're going to use one city to fight against an entire country?"

"This is dangerous!"

"....."

Obviously.

Most people didn't think Jiang Li would survive. After all, there were too many conditions that weren't good for Jiang Li. It was too difficult for Jiang Li to survive between the two countries.

Wuzu plain.

In the valley.

Half-monster Alliance, fog division.

On the peak of one of the mountains.

It was the figure who had blended into the darkness. He had just finished reading the latest news and laughed out loud. interesting, this is really interesting.

Jiang Li defeated the Red Dragon County and annihilated the Red Dragon by himself.

I thought Jiang Li would be killed by the Red Dragon, but it's the opposite. The Red Dragon is dead and the demon Army of Red Dragon County is annihilated.

"E kui, Hong Luan, quickly come here."

The figure who seemed to have merged into the darkness just shouted, and his voice spread throughout the entire half-monster Alliance's fog division.

Shua! Shua!

Half a minute passed.

Hong Luan and e kui appeared in front of this person.

subordinate kneels to Deputy Alliance leader.

The two of them knelt on the ground, their tone extremely respectful.

"You're in contact with Jiang Li again. Didn't he want to continue the deal after the last deal? contact him, and set the location of the transaction at qingshan valley."

"This time, I want to meet him personally," the figure said slowly.

"Yes!"

"Yes, sir!"

Hong Luan and e kui looked at each other and nodded, not daring to ask anything.

Red Dragon County.

At noon.

Jiang Li had arrived at the city of beasts. The history of this Demon City was much shorter than that of the long snake City, but it wasn't as magnificent as the long snake City.

the five demon cities of red dragon county.

Beast city was ranked second to last.

the number of soldiers left in the city of beasts was much weaker than that in the city of long snake. jiang li used the same method to attack long snake city. first, he used long-range artillery. the shells washed the ground, blew through the city wall, and blew up the gate.

finally.

The Walking corpse puppets were the vanguard and charged forward. The meches followed closely and the level-two electric meches killed the demon generals and commanders.

Half an hour before and after the siege.

Beast city fell into Jiang Li's control. It was half as fast as taking down long snake City, which took an hour.

Jiang Li was already familiar with what happened next. First, he controlled all the monsters in the city and forced them to do something. He took all the resources and wealth in the city and put them on the trucks.

Unfortunately ...

Jiang Li didn't find any crystals in the city of beasts.

" so poor. i don't even have a single spiritual crystal. "

jiang li pouted and mumbled.
