

Army 146

Chapter 146 Half price

“Whoosh!”

In a flash, the figure disappeared from the spot at an extremely fast speed as if it had teleported, avoiding the psionic cannon blast of ynsh01.

BOOM!

the psionic cannonball exploded, and the giant tree’s crown disappeared into thin air, as if it had been vaporized. dark psionic radiance spread in all directions.

Waves of fluctuations spread out.

Dozens of meters away.

The figure appeared again and sized up the place where he had been standing.

“With the power of this attack, if I were to be hit by it head-on, I’d have a hard time.”

His tone was filled with lingering fear, but his eyes were very calm. There was even a hint of a smile in them. It was obvious that he was just saying it.

“What a fast speed.”

Jiang Li took a deep breath. The man gave him a lot of pressure. He was definitely at level three, and he was probably at the perfected stage.

Otherwise ...

with yhsh01’s strength, he could easily take down the other party.

“.....”

Ynsh01 was retreating back to Jiang Li’s side. The mechanical psionic energy around it was running. Its scythe-like arms were cold as it stared at the enemy.

“charge!”

Roar!

charge! the mechanical mammoth Ranger launched a charge and used its skill. Its nine-meter-tall body was like a Hill as it charged forward.

“Rumble!”

The entire Qingshan Valley seemed to be shaking.

“City Lord Jiang, don’t be rash!”

E kui shouted.

“A mere 2nd rank.”

The figure sneered, his tone somewhat disdainful.

Buzzzzzz!

He raised his hands and a black light gushed out. His half-demon power gathered and formed a tough black light curtain in front of him.

“Heavy strike!”

The mechanical mammoth Knight raised its mammoth ivory spear and clenched it with both hands. It gathered its power and charged forward with an indomitable momentum. The pure white spear shimmered in the moonlight.

it pierced through.

“Thump!”

The mammoth ivory spear directly pierced the black light curtain, and the powerful force burst out, causing the black light curtain to cave in.

“What powerful strength.”

The figure was stunned for a moment. but it's not enough.

“Gravity Stomp!”

“Roar!”

the mechanical mammoth soldier roared and let out a deafening roar. it raised its huge forelimbs. its extremely thick elephant hooves were like two huge stone pillars as it stepped on the black light screen.

A ‘bang’ was heard.

the black light curtain exploded, turning into light spots that filled the sky.

“What?”

what? ” the figure exclaimed in disbelief. a mere rank two can actually break through my ‘black light screen’ and possess such brute force.

the power of such an attack has definitely reached the level of a rank three.

BOOM!

The mechanical mammoth Knight immediately raised the bazooka in its left hand and aimed it at the figure in front of it. It immediately opened fire, and the shells exploded.

Shua!

The figure dodged the Cannonball again. The rocket exploded, and a blinding flame burst out in the night sky.

Shua! Shua! Shua!

Immediately after.

Jiang Li waved his right hand and elite troops of perfected-stage level two appeared, along with a hundred perfected-stage electric meches.

The mechanical Ranger was ready to go.

“.....”

In Qingshan Valley.

the half-fiend soldiers clenched their weapons and rushed forward.

The war was imminent.

...

“.....”

the mechanical mammoth cavalry glared at e kui and hong luan like a tiger watching its prey. the aura that came at them made their faces pale.

He felt an immense pressure.

“enough, stop fighting.”

The figure reappeared dozens of meters away. He looked at Jiang Li and said in a deep voice, ”
Jiang Li, if we keep fighting, it won’t end well for either of us.

“I was indeed rude this time. I can apologize to you.”

As soon as he finished speaking.

She took the initiative to walk over and lifted her cloak, revealing a delicate and beautiful face. Her facial features were well-defined, but her face was sickly pale, and she seemed to be soft.

He took a closer look.

her eyes were completely black without any white.

“Sir, please!”

...

E kui and Hong Luan’s tone were apprehensive.

“you may leave.”

The other party waved his hand.

“Yes.”

E kui and Hong Ling heaved a sigh of relief and retreated.

“Jiang Li.”

the man looked at jiang li and took a deep breath. there was no emotion in his dark eyes. he said slowly, ” “It’s really beyond my expectations,”

I wanted to test you, but the strength you possess surprised me.

the great circle of Tier 3!

“In the entire great gan Lord dynasty, how many people can reach the perfected stage of rank three? If the Imperial court of da Qian were to know that you actually have one by your side, they would definitely regret the decision they made back then.”

” i forgot to introduce myself. i’m mo ling, the vice alliance master of the wuzu sub-alliance of the half-monster alliance. i hope what happened tonight won’t affect the friendship between city lord jiang and the half-monster alliance. ”

Mo Ling revealed a kind smile.

“.....”

Hong Luan revealed a stunned expression and exchanged a glance with e kui, thinking, ” since when did our Lord Deputy Chief smile at others? ”

As expected.

It still depended on who it was directed at.

in reality.

Mo Ling felt like he had kicked an iron plate. She didn’t pay much attention to Jiang Li and thought he was just a small figure with some fortuitous encounters.

If Jiang Li didn't kill the Red Dragon and 100000 demon soldiers, Mo Ling would have forgotten about him.

Tonight, she planned to test Jiang Li's strength first, then show the power of the half-monster Alliance. Then, she would tempt Jiang Li into joining the half-monster Alliance.

The result.

Jiang Li's strength was far beyond her expectations. Not only did he have experts at the perfected stage of level three, but he also had many experts at the perfected stage of level two.

It was just a deal, yet he had brought so many soldiers.

Her plan had completely failed.

what happened tonight has seriously affected the friendship between the great Xia city and the half-monster Alliance. There is a crack that is difficult to repair.

Jiang Li shook his head and said in a deep voice, " "This city Lord has always adhered to the principle of fair trade. Today, it seems that your Alliance doesn't think this way. This really disappoints this city Lord."

Mo Ling's expression froze for a moment before he replied with a smile, " "City Lord Jiang, what do you think? The half-monster Alliance is willing to sell these herbs at half the price to express our apology."

"My Lord, half the price is too low. We will try to negotiate."

E kui could not help but ask.

"Shut up!"

Mo Ling snorted coldly.

“I’m Yingying!”

E kui was speechless. although you’re the Deputy Chief, you’re the one who made this mess. Why should I clean it up? how much money will I lose if I sell it at half the price? ”

The economic situation of wuzu sub-League was already very tight.

A higher rank could crush a higher rank.

It’s too difficult for me.

my vice Alliance leader, can’t you just make a deal with Jiang Li? Why did he have to do all this? now, not only did he not win over the person, but he also lost so many medicinal herbs.

It was so uncomfortable!

Of course.

e kui only dared to think of these words in his heart. if he were to say it out loud, he would definitely not dare to say it out loud. if he were to say it out loud, he would probably be skinned alive by mo ling.

“Half price.”

Jiang Li’s expression didn’t change. actually, I don’t care about money, but Alliance master mo insisted on selling it to me at half price, so I had to agree.

“Let’s trade first.”

“Hehe, Yingluo.”

The corners of Mo Ling’s mouth twitched.

Time passed.

a few hours later.

The transaction was completed.

One hand for the money, one hand for the goods.

E kui had brought over ten times the amount of medicinal herbs that he had brought back previously. They were worth sixty million taels of gold. It was obvious that he was prepared to make a huge profit. However, such a thing had happened.

In the end, Jiang Li only spent thirty million taels of gold.

He had saved a total of thirty million gold taels.

The reason why the transaction took a few hours was that it took time to transport the herbs and gold and silver.

He had spent 520 million taels of silver and 24.8 million taels of gold.

Jiang Li still had 27.2 million taels of gold left.

Because there were too many herbs, Jiang Li didn't have enough transport meches to transport all the herbs back, so he sent transport meches to the great Xia city through xx01.

"Medicinal herbs worth sixty million gold. If it wasn't for the half price, the silver I brought today wouldn't be enough to buy these medicinal herbs."

I'm short by more than two million taels of gold, Jiang Li thought.

"Elder E kui, I am very satisfied with this transaction."

Jiang Li patted E Kui's shoulder and smiled.

"Hehe, Yingluo."

E Kui put on a fake smile, his heart aching so much that he couldn't breathe.

Of course you're satisfied, but I've suffered a huge loss.

Half an hour later.

The transport mechs arrived and loaded all the herbs into the trucks. They filled up four hundred large military transport trucks, and one of them was half filled.

"Let's go back to the city,"

let's go. Jiang Li sat in the passenger seat of YS01 and led the transport mechs back to the great Xia city. The large military transport trucks gradually disappeared from Mo Ling's sight.

"Great Qianqian, we've lost thirty million taels of gold this time. Thirty million!"

Finally ...

E Kui couldn't help but wail.

"Shut up!"

Mo Ling's face turned black.

"....."

E Kui was extremely depressed.

“Let’s go back,” he said.

Mo Ling took a deep breath. I’ll tell you about this myself. Jiang Li is much stronger than we expected.

“I miscalculated this time.”

“.....”

E kui and Hong Luan did not dare to say anything.

On the other side.

On the way back to the city.

“stop the car.”

jiang li got out of the car and walked to the truck. he put his hands on the herbs and started to convert them into energy points.

[discovered item that can be converted into energy points. Do you want to convert it?!]

a notification appeared.

“yes.”

Jiang Li confirmed.

Buzzzzzz!

A white light flashed.

A truck of medicinal herbs was successfully converted.

conversion successful. You've received 150000 energy points!

“Continue.”

Jiang Li walked to another truck.

buzzzzzz!

A white light flashed.

conversion successful. You've received 150000 energy points!

.....

conversion successful. You've received 150000 energy points!

.....

Ten minutes later.

Jiang Li had finished converting all the ordinary herbs on the 400 large military transport trucks. The last truck was half-filled with herbs.

“Convert!”

Jiang Li reached out and confirmed the conversion.

shua!

A white light flashed.

The medicinal ingredients had disappeared.

conversion successful. You've received 60000 energy points!

a notification appeared.

whoosh, whoosh, whoosh. I've finally completed the transformation.

Jiang Li was relieved. He shook his sore right hand and opened the Dominator panel to check how many energy points he had.
