

## Army 149

Chapter 149 The black and white elders

It was already noon.

The weather was pretty good, and the blazing sun made the temperature a little hot.

Jiang Li sat in the truck and didn't feel anything.

Jiang Li could see the county capital of the Black Dragon County.

Speaking of this.

It wasn't Jiang Li's first time seeing the county capital of the Black Dragon County. He had sent JJ01 to kill the county King of the Black Dragon County, Yi Heilong.

He had captured the scene of the Black Dragon County city through the information mech.

Of course.

The communication screen was naturally not as clear and comprehensive as what he had seen with his own eyes.

The county city was Grand and full of power, like a giant beast lying on the ground. The wide and thick city walls were twenty meters high, completely black, with mottled marks of damage. It had clearly experienced many battles, but it was still well preserved.

At the city gate.

people came and went, entering and leaving the county.

There were caravans, hawkers, ordinary people, and villagers from the surrounding villages who wanted to enter the city to sell things or buy daily necessities.

On the city wall.

There were soldiers patrolling the area.

“Slow down and continue forward.”

go. Jiang Li waved his hand.

A few minutes later.

Jiang Li's convoy was approaching the county city of Black Dragon County. They were only a few hundred meters away from the city gate. Naturally, they caught the attention of the guards.

Not only did he recognize her.

the surrounding people also looked over, sizing up the 'special carriage' that they had never seen before. their eyes were filled with curiosity and doubt.

“What kind of carriage is this?”

“how strange.”

“What's the use of that thick iron pipe?”

it feels like there's a lot of space here. It can hold a lot of things.

“Where did they come from?”

“I heard that the great Xia city's city Lord has a special caravan. Could it be from the great Xia city?”

The crowd was in a clamor of discussion. Some of the merchants of high status had heard of some news and were secretly making guesses.

“There’s a fleet of vehicles approaching.”

“Be careful.”

Very quickly.

let’s go! the guards immediately came and dispersed the people. Ten guards formed a team and blocked the way of Jiang Li’s team.

“Get off the carriage and report your identity.”

The captain of the guards held his long spear and shouted in a deep voice.

Squeak!

The car door was pushed open.

Jiang Li got out of the car.

shua! Shua!

Ynsh01, JJ01, Wang Gang, CQ03, and several other level-two meches also came down with Jiang Li.

Wang Gang’s back, JJ01, was a normal soldier.

After all, Wang Gang was the first mech that Jiang Li made, and he had his own name.

Wang Long and Wang Yan didn’t have such good treatment.

Even now, it had yet to reach Tier 2.

“This is an invitation from your new Junwang.”

let's go. Jiang Li waved his hand and Wang Gang immediately threw the invitation to the captain.

“.....”

the captain of the guards caught it and opened it. he read it carefully and his expression changed. he immediately bent down and returned the invitation with both hands. he said respectfully, “it's lord jiang li, the city lord of great xia city. please forgive me for not recognizing lord jiang at first sight. please forgive me if i have offended you.”

“Jiang Li!”

“It's really him!”

“I don't know how many rumors have been circulating about him in this short period of time. I heard that he has mastered the ‘ancient puppetry’ and is able to create powerful puppeteers. That's why he was able to kill the Red Dragon, exterminate 100000 demon soldiers, and protect the great Xia city.”

“However, he actually dared to come to the county capital of the Black Dragon County.”

“Not only that, he even dared to kill the Admiral of the Imperial court.”

“He's a ruthless man!”

...

In the surroundings.

Everyone immediately lowered their voices and whispered to each other. They looked at Jiang Li from time to time, then immediately looked away. They didn't dare to look at him for too long, in case they got into trouble.

“Move, move, don't block City Lord Jiang's path.”

The captain of the guards turned around and shouted.

“Your Excellency, please, please.”

The captain of the guards nodded and bowed, his face full of flattery.

“Let's enter the city,”

” let's go. ” jiang li was quite satisfied with the captain's performance. he waved his hand and led the huge fleet into the county city of black dragon county.

“.....”

The convoy was very long and there were many vehicles. There were thousands of them. They drove into the city one by one. The surrounding residents looked on and did not dare to say anything.

“Captain, is this really good? they let jiang li bring so many special carriages into the city? if something were to happen, we wouldn't be able to bear the responsibility.”

...

A young guard beside the captain said in a low voice.

“Shut up!”

The captain of the guards glared and scolded in a low voice, ” “What nonsense are you talking about? what kind of special carriage is there? what kind of troop is there?”

I'm telling you, we didn't see or hear anything. We only saw Jiang Li enter the city. We don't care about anything else.

The young guard was stunned for a moment, thinking, isn't this a blatant lie? There were so many special carriages, and they were so powerful. How could they pretend not to see them?

"Did you hear that?"

The captain of the guards shouted.

"Yes, yes, yes."

The young guard quickly nodded.

"Think about it. Jiang Li even dared to kill the Imperial court's Admiral. What are we? You dare to stop Jiang Li? Jiang Li must have a reason to bring so many special carriages here."

"Under such circumstances, if you dare to stop us, this day next year will be your death anniversary," the captain of the guards said in a deep voice.

"We nobodies can just watch from the side when these big figures fight. We must not get involved, otherwise, we will not even have a corpse left."

"I understand,"

The young guard nodded.

within the county.

The second-rank prince's Mansion.

There was a tower. It was the tallest building in the Black Dragon County.

On the top floor of the tower.

There were three figures.

Standing in the middle was an extremely wealthy-looking middle-aged man with wide sleeves. He was about 1.5 meters tall and looked short and fat. He had a round belly, a round face, and eyes the size of green beans.

He was the third Prince, Qian Shixi.

“This Jiang Li.”

Qian Shixi put down the telescope in his hand and snorted with a dark expression. how dare you drive the fleet in so blatantly? ”

“this is completely not putting this prince in his eyes.”

“Your Highness.”

The two people on Qian Shixi’s left and right were his trusted subordinates.

The black and white elders!

Among them.

The one on the left had a head of white hair and a ruddy complexion. He wore a long white robe and exuded a cold aura.

His name was white demon.

The other one on the right had long black hair that fluttered behind him, but his face was full of wrinkles. He wore a long black robe, and his body was hunched, like an old man with half of his body buried in the earth.

His name was black evil.

If he got close.

He discovered that black demon's body was surrounded by an extremely hot aura.

It made people feel like they were leaning against a stove.

The two of them both had late-stage Tier 3 cultivation. Furthermore, the black White double demons were twins and cultivated a kind of cultivation technique that connected their auras, forming a joint attack technique.

He was extremely powerful.

tie Changdao did mention that Jiang Li is protected by a master. He must be a level three higher heaven master. I don't know his exact cultivation.

The White Demon said.

Jiang Li isn't a reckless person. He must have something to rely on since he's here. That's why he's so confident.

Black demon's voice was low.

"I'm confident,"

Qian Shixi sneered. confidence doesn't represent strength. This time, I'm appointed as the Commandery Prince of Black Dragon County by the order of King Zhou.

the real purpose is to kill Jiang Li to protect the dignity of the Imperial court. At the same time, we'll seize the 'ancient puppet technique' and present it to King Qian.

if it wasn't for the riot of the monsters at the 'mang Huang Lake', the Imperial court wouldn't have sent the Army to suppress it. They wouldn't have let Jiang Li do whatever he wants.

"Is the banquet ready?"

Qian Shixi asked.

"your highness, everything is ready."

however, the city Lord of five lakes city was assassinated, " the White Demon said. so, the county Lord of five lakes city came. The city Lord of Tianshui city, Luo Tianshui, did not come. His sister, Luo Yilin, took his place.

"Guo Yi and Changping are both here."

"Luo Tianshui."

Qian Shixi pondered for a moment. she didn't come. Did something happen to the black snake barbarian kingdom? " I haven't heard any news about this."

"forget it, so be it if he didn't come."

the main purpose of this banquet is for Jiang Li. Inviting the other castellans is just a cover to lower Jiang Li's guard.

it seems like Jiang Li is very cautious.

however, all the arrangements have been made. Jiang Li will die when the banquet starts. Plus, I still have the things that King Qian gave me.

Jiang Li will definitely die this time.

"let's go," he said.

Qian Shixi put the telescope into his pocket, turned around, and left the tower.

“.....”

The black and white elders followed Qian Shixi closely.

On the other side.

As soon as Jiang Li entered the city, several servants of the Duke's mansion came to him and led him to the mansion.

“My Lord, we have arrived at the Junwang Fu.”

The leader of the servants bowed and said respectfully.

“.....”

Jiang Li looked up at the mansion. There was a board on the gate that said, ” In the Junwang Manor.

“Your Excellency, please.”

Yes, sir. the servant looked at the carriages behind Jiang Li and said in a low voice, ” Sir, I'm afraid they can't get in.

“Of course I am. I have no other meaning. I only said that the gates are too small and a carriage can not enter. The Junwang Fu can not fit in.”

“So, Yingluo”

“The convoy will stay.”

let's go, ” Jiang Li ordered. all of you are to guard outside the Duke's mansion.

“yes!”

the meches responded.

Soon after.

Jiang Li brought ynsh01, Wang Gang, JJ01, CQ03, a hundred perfected-stage level-two electric meches, and two early-stage level-three walking puppets.

The two early stage third rank undead puppets were covered in black cloaks and nothing could be seen.

The servant opened his mouth to say something when he saw Jiang Li bringing so many people into the mansion, but he didn't say anything in the end. He just led the way for Jiang Li.

a few minutes later.

jiang li went to the reception hall.

“City Lord Jiang, the other city Lords are also resting in the guest hall.”

The servant said respectfully, the banquet is still being prepared and hasn't officially started yet. Please rest for a moment in the reception hall. When the banquet begins, a servant girl will come to bring you there.
