

Army 152

Chapter 152 Breaking the array

Fear had gradually spread in Qian Shixi's heart.

It was difficult to suppress.

He found it hard to believe the reality before his eyes.

“no! I still have a chance!”

Qian Shixi shouted in his heart, the only chance! A rank 3 killing formation!”

“what is going on?”

Zhuo linyue couldn't understand the situation at all.

“Weren't the black and white elders already dead?”

Chang pingwang's eyes also widened as he stared straight ahead. why did he come back to life? ”
Also, you betrayed Qian Shixi and became Jiang Li's subordinate?”

“What happened?”

Guo Yi could not understand it either.

“Is this a technique to control corpses? It's similar to the possession technique of the ghost clan?”

Luo Yilin secretly guessed, ” the ghost clan's ability is strange. They can attach themselves to the corpse of a living being and control the corpse's movements. They can even display powerful strength.

“is jiang li related to the ghost clan?”

At this very moment.

In the reception hall.

The grade 3 ‘Army slaughtering sword formation’ was being maintained by thousands of people. The sword light and sword Qi circled above everyone’s heads, as if it would pour down like a storm in the next moment.

All living beings within the killing array.

Chang pingwang, Guo Yi, Zhuo linyue, Luo Yilin, and their subordinates all stayed far away and watched the battle from the side to avoid being caught in the crossfire.

“Do it.”

stop! Jiang Li shouted.

The next moment.

the hundred perfected-stage electric meches attacked at the same time. lightning flashed and electric energy gathered, creating countless electric arcs that looked like electric pythons.

The scene was shocking and extremely spectacular.

kill!!!

Qian Shixi suppressed the fear in his heart and roared like a beast on the verge of death.

“Activate the formation!”

Shua! Shua! Shua!

In an instant.

The formation was activated. 100 level-two and 1000 level-one fighters maintained the level-three killing formation. They injected their inner force into it and condensed sword Qi and sword light.

Bang Bang Bang Bang!

the two sides collided in midair, the lightning python exploded, and the sword qi shattered, turning into starlight that filled the sky, forming a storm that spread.

the Army-slaughtering sword formation is a killing move that King Qian gave me. It's a Grade 3 killing formation. Even a perfected-stage grade 3 expert will be killed by it.

"It's not certain who will win yet!" Qian Shixi shouted.

"True Qi of Blood Fiend!"

Wuwuwuwuwu!

Instantly.

Qian Shixi ran the genuine Qi in his body and it gushed out. The blood-red light surged and the spiritual Qi of heaven and earth gathered. He injected his own genuine Qi into the 'Army-slaughtering sword case'.

The next moment.

The entire 'killing formation' turned blood-red, and the sword light and sword Qi all condensed the power of the blood-killing genuine Qi. The power of the formation was raised to a new level.

BOOM!

The sword Qi rushed out and wreaked havoc.

bang bang bang bang!

In that instant.

The lightning domain formed by the hundred perfected-stage level two electric meches was shattered. Countless electric arcs exploded, and the powerful formation destroyed the hundred perfected-stage level two electric meches.

“BOOM!”

An explosion sounded.

The hundred perfected-stage level two electric meches flew back. Their bodies were flashing with electricity, and their damage increased to 10%.

“Roar!”

The Red Dragon puppet corpse let out a long roar. Black flames condensed and turned into a flood Dragon. It integrated with the heavenly halberd in its hand and pierced forward.

“Small tricks.”

Qian Shixi shouted.

“Whoosh!!!”

...

At this moment.

Qian Shixi was controlling the 'Army-slaughtering sword formation'. The blood-red sword Qi and sword light condensed into a huge blood-red long sword and slashed down.

'boom!' there was a loud sound.

The flood Dragon Dharma power collapsed, and the heavenly halberd was sent flying.

"Rip!"

Jiang Boyi took the opportunity to rush in front of Qian Shixi. His sharp claws tore through the air and tore at Qian Shixi's chest with great power.

Clang! Clang! Clang!

The blood-red long sword broke down and turned into countless sword Qi. It poured down like a storm, enveloping Jiang Boyi's walking corpse puppet and cutting it.

Pfft! Pfft! Pfft!

Blood splattered everywhere.

Jiang Boyi's walking corpse puppet was cut by the sword Qi and had countless wounds. Blood splattered all over the sky and it fell from the sky.

...

"Hahahahaha!"

Qian Shixi was laughing wildly. Jiang Li, did you see that? this is the power of a level-three killing formation. It's just an early stage level-three killing formation. It's nothing in front of a level-three killing formation.

"Let's attack together and end the battle quickly."

Jiang Li said in a deep voice.

BOOM! BOOM!

the psionic cannon was fired, and the pitch-black psionic cannonball arrived. qian shixi immediately controlled his sword qi and slashed at the cannonball with sword light.

BOOM!

the cannonball exploded, creating a huge shockwave. the powerful explosion shattered the blood-red sword qi. the psionic energy was extremely powerful.

Pfft! Pfft!

“Ah!”

In the surroundings.

A few dozen Tier 1 experts let out blood-curdling screeches as they suffered the backlash from the formation. They vomited blood, and their faces turned pale as they fell stiffly to the ground, barely breathing.

“Double fiend domain!”

Buzzzzzz!

The black and white elders, who had turned into walking corpse puppets, took this opportunity to attack. A dark mist spread out and controlled the spiritual energy of the world, forming a ‘double evil domain’.

The power of the domain enveloped the surroundings.

“boom!”

An explosion sounded.

Within the dual fiend domain, the sword light and sword Qi formed by the Army slaughtering sword formation were all crushed and destroyed, turning into blood-red light spots that filled the sky.

“Ah!”

Qian Shixi screamed. He was controlling the formation, but the sword Qi was broken. He also suffered the backlash of the formation. He spat out blood, his face pale, and he staggered back.

“Black and white elders, you dare to betray me!”

qian shixi raised his head and roared.

boom!

in response to qian shixi’s palm prints, the black and white elder walking corpses struck down with their black double fiend palms toward qian shixi with great power.

how can this Prince die Here!!!

Clang!

Qian Shixi roared, gathered his genuine Qi, and forcibly exploded it. He mobilized the power of the ‘Army slaughtering formation’, combined it with his own genuine Qi, and condensed a giant blood-red sword.

“Slash!”

Bang!

The blood-red giant sword fell and split the palm print in half. The remaining power didn’t reduce and continued to slash at the black and white elders. The power contained in the sword was enough to split the black and white elders into two.

“Whoosh!”

Clang!

Ynsh01 charged to the front, its arms turning into sickles. The sickles crossed, and the mechanical psionic energy around it surged, blocking the blood-colored giant sword that was slashing down.

kachaa! Kachaa!

The power contained in the blood-red giant sword was too strong. Ynsh01 could not completely resolve it. The ground under his feet continued to crack, and cracks spread in all directions.

BOOM! BOOM!

The psionic cannon shot out, bombarding the blood-colored giant sword. The psionic Cannonball exploded, producing a powerful destructive force. The luster of the blood-colored giant sword was clearly dimmed.

Pfft!

Qian Shixi vomited blood.

“Ah!”

In the surroundings.

One by one, the people maintaining the formation screamed as they fell, causing the power of the ‘Army-slaughtering sword formation’ to gradually weaken.

ah ah ah!!!!

Qian Shixi was shouting. His short and fat body was expanding, his veins were bulging, and his eyes were about to crack. He was squeezing every bit of strength in his body.

“psionic energy control!”

Wuwuwuwuwu!

Ynsh01 used his strongest skill, and the mechanical psionic energy around him spread out endlessly, forming a psionic domain.

Kachaa! Kachaa!

The psionic energy enveloped the blood-red giant sword, producing a strange and powerful twisting and destructive force. The blood-red giant sword could no longer withstand it, and cracks appeared.

The cracks spread very quickly.

A few seconds passed.

A ‘bang’ was heard.

The huge blood-red sword exploded.

“Pfft!”

Qian Shixi vomited blood and fell to the ground. He had used up the last bit of his strength and was dying. The light in his eyes dimmed.

“ah!”

Pfft! Pfft! pfft!

In the surroundings.

The people maintaining the formation screamed one after another, unable to continue. They suffered the backlash of the formation, and hundreds of stage two and thousands of stage one experts all spat out blood and fell to the ground.

“Whoosh!!!”

The formation was broken.

In the air.

Jiang Li looked over and saw that it was a rectangular black box. It was two meters long, ten centimeters wide, and five centimeters tall.

He took a closer look.

There were lines of patterns on the sword case. They were purple in color and had a flowing luster. They contained the profoundness of the formation technique and the meaning behind it.

Shua!

Wang Gang jumped up and caught the ‘Army-slaughtering sword case’.

“Chief sovereign.”

After Wang Gang got the ‘sword case for slaughtering the Army’, he immediately returned to Jiang Li and presented it to him with both hands.

“Yes.”

hold on. Jiang Li glanced at it. take it.

“Yes.”

yes. Wang Gang nodded and stood behind Jiang Li with the ‘sword case for slaughtering soldiers’ in his hand.

“the kasaya is over?”

Chang pingwang opened his mouth and looked at the scene in front of him. The entire reception hall, tables, chairs, and benches had all been shattered into pieces of wood. There were countless cracks and potholes on the ground, and there were ravines drawn by sword Qi.

in the surroundings.

Thousands of people were lying on the ground, groaning and wailing. Almost all of them had lost the ability to resist.

“Wuwuwu, Qian Shixi lost!”

Guo Yi swallowed and his heart trembled. He looked at Qian Shixi who was lying on the ground with blood foam coming out of his mouth. Qian Shixi miscalculated. The Imperial court miscalculated too. Jiang Li isn’t a weakling. He’s a true master with great power.

who would’ve thought that Jiang Li has a subordinate of the perfected stage of level three?
“someone said.

even the third Duke, Qian Shixi, was killed by Jiang Li.

“.....”

Zhuo linyue was hiding at the back. He didn’t dare to say a word and tried to lower his presence as much as possible. He was afraid that Jiang Li would kill him out of anger.

Qian Shixi put in so much effort to set up the so-called ‘banquet’ and wanted to kill Jiang Li with the ‘Army-slaughtering sword formation’, but he didn’t expect Jiang Li to see through it and attack him directly. His plan failed.

Jiang Li, ” Luo Yilin said to herself, ” in fact, if Jiang Li really attended the ‘banquet’ and entered the ‘Army-slaughtering sword formation’, the result would be completely different.

also, is Jiang Li really related to the ghost clan? ”

“BOOM!”

at this moment.

Outside the Junwang Fu.

Suddenly, there was an explosion, as well as the roar of a tank.

Obviously.

This was because the huge commotion in the residence had attracted the attention of the troops of the Black Dragon County.

They wanted to charge into the Junwang Fu.

let’s go. Jiang Li sent a mech troop to guard the Duke’s mansion.

The two sides clashed.

A battle broke out.

“.....”

hmm? ” Jiang Li looked up. He couldn’t see anything because of the buildings. He could only hear the noise from outside the mansion. It was probably the Army of the Black Dragon County.

* Cough cough *

Qian Shixi coughed up blood and laughed. Jiang Li, you can't run away. There are 100000 soldiers from the Black Dragon County outside the mansion, and my personal guards.

even if you kill me, you can't get out of black Dragon County.

"A hundred thousand soldiers."

a lot? " Jiang Li asked indifferently, " is there a lot? " I'm afraid it won't be enough for my subordinates to kill."

"Kill him."

Jiang Li said.

"Yes."

"Pfft!"

Ynsh01's sickle went straight down and pierced through Qian Shixi's head. Qian Shixi's eyes widened, and the luster in his eyes dimmed.

It was as if he had died with his eyes wide open.
