

Army 156

Chapter 156 Blood-eyed Crow

“Rank 3!”

it’s a level-three monster. Jiang Li looked at the image in the projection with a serious expression. it can fly for a short time. It’s indeed a level-three monster that has just awakened its bloodline.

there are no stage three meches in the 1st unit, although the mechanical mammoth Rangers are a stage two elite troop with six skills.

but it’s still unknown if he can defeat a level-three demon.

“xx01, immediately contact the 2nd, 3rd and 4th units, tell them to rush to the center of the mountains as fast as possible to reinforce the 1st unit.”

go! Jiang Li ordered.

“Yes.”

Xx01 nodded.

Suddenly.

xx01’s expression changed.

my Lord, unit four is requesting Emergency communication.

Xx01 said.

“Permission granted.”

Jiang Li said.

“The communication is connected.”

Buzzzzzz!

The next moment.

A second communication projection appeared in front of Jiang Li. It was xx04, the Intel mech that followed the fourth unit.

“Chief sovereign.”

Xx04 saluted.

“Report the specific situation.”

Jiang Li said in a deep voice.

“the black snake barbarian kingdom’s barbarian army is attacking the defense line of celestial water city. currently, the number of their barbarian army has exceeded 100000.”

Xx04 said, ” Tianshui city is trying its best to resist the black snake barbarian Kingdom’s invasion. The situation is still stable. The city Lord of Tianshui city, Luo Tianshui, is extremely powerful. He’s a level three inborn warrior. I don’t know his specific cultivation.

“The black snake barbarian kingdom.”

Jiang Li looked at the image sent by unit four.

At this moment.

The human army of Tianshui city was guarding the defense line, and Luo Tianshui had already stepped into the field. He displayed the powerful strength of a level-three connate martial artist, like a stabilizing needle.

The situation was stabilized.

However ...

The black snake barbarian Kingdom's totem Warriors had strong vitality. On the other hand, although the human army of the celestial water city had barely resisted, their casualties were obviously higher than the black snake barbarian Kingdom's barbarian Army.

“The red eyebrows Yao Kingdom and the black snake barbarian kingdom attacked at almost the same time. Officially launching an attack on the great Qian dynasty? Start a country war?”

Jiang Li muttered to himself.

“master, do we need to help celestial water city?”

Xx04 asked.

“Let me think.”

Jiang Li thought and weighed the pros and cons.

On the other side.

In the depths of the wuzu plain.

The wuzu sub-League of the half-monster Alliance.

Shua! Shua! Shua!

At the peak of the main peak in the center.

In front of the sub-League Hall.

E kui, Hong Luan, Luo Lin and the other elders of the sub-League knelt on the ground one after another. Behind them were the half-monster members.

It was a sea of black.

There were many of them.

At the front.

There were two figures kneeling on the ground.

One of them was the Vice Alliance master, Mo Ling, and the other was the other vice Alliance master, Gao luqing.

“the time has come,”

The leader of the wuzu sub-League showed up. He stood in front of the half-monsters with a colorful devil mask on his face and a large cloak covering his whole body.

the plan for the battle of Dragons has been activated. Send a message to all the hidden chess pieces in the 36 counties of the great Qian dynasty. We can start now.

“Yes!”

...

“Yes, sir!”

“we will obey the alliance master’s orders!”

Mo Ling, Gao luqing, and the other elders responded in unison.

after that.

they took out black crows from their arms. the eyes of the crows had an abnormal blood-red color.

They threw their hands into the air, and the crows flew up.

Blood-eyed crows.

It was a unique breed cultivated by the half-monster Alliance. Only the half-monster Alliance knew how to cultivate it, and only people from the half-monster Alliance would use the blood-eyed Crow to send messages.

Yayayayaya

The CAW of a Crow sounded.

The blood-eyed crows flew into the sky. There were exactly thirty-six of them, and they scattered in all directions like rays of black light.

...

“Alliance master.”

what should we do? “Mo Ling looked up and asked,” how should we deal with Jiang Li? ”

also, the latest news is that Jiang Li killed Qian Shixi, the third Lord, in the county city of the Black Dragon County. He even changed the name of the Black Dragon County to the great Xia County and made himself the king.

“This is clearly going against the Imperial court of da Qian.”

“Hehe.”

alliance master wuzu chuckled, ” this is a good thing. the more enemies the great qian dynasty has, the more beneficial it is for us. our goal is to destroy the great qian dynasty and then replace it to build the half-monster kingdom. ”

“Then, Zhenzhen”

mo ling looked at alliance master wuzu.

” don’t worry about him for now. the black dragon county that jiang li has now should be called the ‘great xia county’. the red-browed fey kingdom and the black snake barbarian kingdom are invading together. just let him die. ”

“We only need to occupy the other counties and deal with them later,” said Alliance master wuzu.

“Yes.”

Mo Ling nodded his head.

Within the great Xia province.

a blood-eyed crow flew into the mountains several dozen li away from hope city, and in this group of mountains, there was a group of famous ‘mountain bandits’.

There were many of them, and there were even 2nd rank experts.

It was called the hidden Dragon stockade.

Shua!

The blood-eyed Crow flew into the hidden Dragon stockade and entered the residence of the hidden Dragon stockade’s chief, Xiao Helong, without anyone noticing.

“Blood-eyed crows.”

Xiao Helong stretched out his hand and grabbed the blood-eyed Crow. He cut open the blood-eyed crow’s stomach with his dagger and took out a small bamboo tube that was as thick as a little finger.

The bamboo tube was opened.

A letter was hidden inside.

“The plan has been activated. Take action immediately and attack Hope City.”

“Alright!”

Xiao Helong’s eyes lit up and he laughed out loud, ” finally, it’s finally going to start. I’ve stayed on this mountain for three years, a whole three years. Do you know how I’ve spent the past three years? ”

I’ve been waiting for the blood-eyed crows to appear every day. What Bullsh * t Hidden Dragon Village, what rubbish Mountain King, I don’t care about these things.

“I can take down a mere Hope City in a day.”

assemble!!!

Xiao Helong rushed out of his residence and shouted angrily. His voice was like a thunderclap that spread throughout the entire Hidden Dragon stockade, causing all the bandits to be alarmed.

Xuanji, King Jin County, Lake-edge County, Shang County, and changding County.

As the blood-eyed crows flew into the counties of the great Qian dynasty, the half-monster Alliance’s Secret development over the years was activated.

The entire great gan Lord dynasty.

The undercurrent surged.

At this moment.

unit four, support the celestial water city and work together with them to stop the black snake barbarian Kingdom's invasion. We must not let them enter the territory.

let's go. Jiang Li made a decision and said.

If Tianshui city was breached, the Barbarian Army would March straight in.

At that time.

Jiang Li was about to face the joint attack of the red eyebrow Empire and the black snake barbarian kingdom.

so,

They had to defend Tianshui city and stop the Barbarian Army.

“Yes, sir!”

Xx04 responded.

kill!!!

all troops, move out!!!

BOOM! BOOM! BOOM!

The next moment.

In the image of the 4th unit, there were the sounds of artillery shells, tank meches, and firearm meches firing.

The mechanical Rangers were extremely fast and were the first to charge into the battlefield.

reinforcements?!

where did these reinforcements come from?!

“Hahahahaha!”

“Barbarian bastards, our reinforcements have arrived. Wash your necks and wait for me.”

kill!!!

Instantly.

The soldiers of Tianshui city became excited.

“What is this?”

Luo Tianshui looked over with a dazed expression. She had not expected the arrival of reinforcements at all, and she was a little surprised.

“So strong!”

immediately after.

luo tianshui was even more shocked.

Because she realized.

The reinforcements that appeared out of nowhere were too powerful. All of them were at the perfected stage of level one, and many of them were at level two. The killing power of those special weapons was simply terrifying.

No matter how strong the barbarian's life force was, the explosion of the Cannonball would tear his body apart and kill him.

"Damn it!"

"Where did these people come from?"

why didn't we receive any news before? "

"What do we do now?"

"this bi an ..."

In the middle of the Barbarian Army.

The commanders of the Barbarian Army looked at each other. They found that the human reinforcements were extremely powerful. Their powerful weapons had caused a large number of casualties to their barbarian soldiers.

"My Lord, we've made contact with the second and third units."

Xx01 said.

"Alright," he said.

Jiang Li looked away from unit four and looked at unit two and three. He ordered, "Unit 2, Unit 3, quickly reinforce Unit 1, immediately head to the center of the Green Mountain Range."

"Yes!"

“Yes!”

Yes, sir. the Intel meches of unit two and three responded and conveyed Jiang Li’s order.

“Rumble!”

All the meches got on the trucks and went through the mountains as if they were on flat ground. They were heading to the center of the mountains at the fastest speed.

BOOM!

At this moment.

” what’s going on? ” jiang li heard a loud explosion from the image of the no. 1 unit. he immediately looked over.

the mechanical mammoth had already engaged in an intense battle with ye huang.

It could be clearly seen.

“Ice Lotus sword formation!”

Clang! Clang! Clang!

in the image.

Ye Huang used a powerful sword technique in that instant. The power of his bloodline awakened and a lotus flower that seemed to be carved out of ice appeared behind him.

The petals were like sword Qi, extremely sharp.

Fourth-rank bloodline.

Profound ice sword Lotus.

The mystic ice sword Qi wreaked havoc and fell like a storm, enveloping the mechanical mammoth cavalry. It carried a powerful aura and killing intent, wanting to kill the mechanical mammoth cavalry.

“Roar!”

“Sprint, charge, brute force!”

The mechanical mammoth Ranger used three skills at the same time, letting out a deafening roar as white light flashed around its body.

The three skills were stacked together.

This greatly increased the speed of the mechanical mammoth Rangers.

“knight’s killing cleave.”

Clang clang clang clang

The mechanical mammoth Knight wielded its mammoth ivory spear, and the Spear’s light trembled. With the combination of the brute force skill, sprint, and charge, it shattered the sword auras.

The sword Qi exploded, turning into light spots that filled the sky.

“Heavy strike!”

The mechanical mammoth cavalry broke through the ice Lotus sword formation and charged out. It approached Ye Huang as fast as it could and jumped up. The mechanical mammoth Knight jumped off the back of the mechanical mammoth soldier.

He charged towards Ye Huang.

“Thump!”

The mechanical mammoth Knight held the White mammoth tusk spear in its hands and gathered all the power in its body to use the ‘heavy strike’ skill. White light flashed around its body.

The Ivory spear was thrown at Ye Huang.

The air collapsed.

“You’re looking for death!”

ye huang shouted in anger. the power of his bloodline burst out, cold air spread everywhere, and the sword qi was sharp. the ice lotus dharma behind him and the long sword in his hand became one.

“Profound ice sword Lotus slash!”

Kachaa!

ye huang’s sword light was bright and powerful. the cold air was extremely terrifying, as if it had frozen the air. he slashed towards the mechanical mammoth knight.
