

Army 158

Chapter 158 thunder mech

after jiang li finished, he immediately looked up at the battlefield.

In the scene of the battlefield.

the ten perfected-stage level two electric meches attacked together with all their might and formed an encirclement. there were countless electric lights flashing on their bodies, forming a huge electric net.

It enveloped Ye Huang.

“Small tricks.”

Clang!

Hmph! Ye Huang sneered. He slashed out with his sword, and the sharp sword radiance destroyed countless lightning bolts. His early-stage level three strength completely suppressed the perfected-stage level two electric-powered mech.

There was a loud ‘bang’.

The electric net collapsed and exploded into light spots.

Shua!

Ye Huang’s figure flickered and disappeared from where he was.

Kachaa!

The next moment.

he appeared next to a perfected-stage level two electric mech. the mystic ice sword in his hand swept across the night sky and cut off the head of the electric mech.

A one-hit kill!

It was directly scrapped.

Buzzzzzz!

the remains of the electric mech turned into light spots and disappeared, being recycled as energy points.

“Die!”

shua!

die! Ye Huang chased after another perfected-stage electric mech. He swept through the battlefield and no mech could stop him.

“.....”

Jiang Li’s face darkened.

One had to know.

Jiang Li would lose 7000 energy points for every perfected-stage mech that was destroyed.

boom!

on the other side.

The earth shook and the mountains shook.

The nine-meter-tall mechanical mammoth Ranger was sent flying by the crown prince's axe. The Crown Prince had displayed extremely terrifying strength and completely crushed the mechanical mammoth Ranger.

The fact that the mechanical mammoth could last until now was already an extraordinary performance.

Of course.

The main reason was that Jiang Li was always paying attention to the status of the mechanical mammoth Wanderer and using energy points to repair the damage.

Finally!

At this moment.

The electric-powered mech No. DN0100 had completed its upgrade.

Clang!

Kachaa!

On the battlefield.

Ye Huang! Jiang Li saw a purple lightning flash across the night sky. It was so fast that it reached Ye Huang in an instant.

BOOM!

The purple lightning blocked Ye Huang's sword Qi.

"Who is it?"

Ye Huang shouted in shock.

Buzzzzzz!

The purple lightning gradually dispersed.

A 1.8-meter-tall young man came into view. He had a cold face, and his eyes were purple like gems. He was wearing a Camouflage Military uniform.

On his hands.

He was wearing a pair of gloves with a purple lightning pattern.

His military rank was promoted from first lieutenant to first lieutenant.

Shua!

unit type: Thunder mech

[rank: early stage of rank three]

[No.: Lt01]

...

skill 1: level-two ultimate electric energy control ”

skill 2: stage three inferior-grade body of Thunder

equipment: level three inferior-grade Lightning gloves ”

[machinery: Jian Jia (omitted)]

advancement requirement: 200000 energy points

Jiang Li checked the information of the newly upgraded level three troop class.

a level three Thunder mech.

Jiang Li was overjoyed and murmured, ” “Very good,” he said.

“It’s rank three!”

BOOM!

Ye Huang reacted and took a deep breath. He held the profound ice sword in his hand tightly and attacked first. He slashed out with his sword and the blazing profound ice sword Qi slashed towards the LT01.

...

BOOM!

The LT01 gathered electric energy and turned it into purple lightning. It gathered in its fists and formed a Thunder fist print. It punched out and shattered the profound ice sword Qi.

“.....”

Ye Huang took a few steps back, his expression grave.

“Profound ice sword Lotus.”

Buzzzzzz!

Ye Huang let out a long cry and unleashed his full power. The profound ice sword Lotus Dharma appeared and fused with the profound ice sword in his hand, forming a huge sword radiance.

The power was tyrannical.

“Upgrade.”

Shua!

Jiang Li used 1400000 energy points to upgrade Lt01 three times in a row, from the early stage of level three to the perfected stage of level three.

Buzzzzzz! Buzzzzzz!

It only took a few seconds.

Before he could finish, Lt01 had completed his advancement.

The LT01 “s appearance didn’t seem to have changed much. Its eyes had turned pure purple, as transparent as gems, and purple lines appeared on its face, as if they were flashing with lightning.

The lightning gloves that only covered his palms had now covered both his arms.

He was promoted from a Captain to a Colonel!

It was the same rank as ynsh01.

unit type: Thunder mech

[rank: grand completion of rank-three]

[no.: lt01]

skill 1: level-two ultimate electric energy control ”

skill 2: Tier 3 ultimate Thunder body

[equipment: Tier 3 exquisite Thunder bracers]

[machinery: Jian Jia (omitted)]

advancement requirements: one level-four soul Tinder, 1000000 energy points ”

“electric energy control.”

After the promotion.

was at the perfected stage of Level 3, which was far beyond Ye Huang’s level. Facing Ye Huang’s full-power attack, gathered the power of electricity and struck out with his palm.

There was a loud ‘boom’.

the purple lightning palm print completely destroyed ye huang’s sword radiance.

“Ah!”

Pfft!

Ye Huang let out a blood-curdling screech as his body flew backward. His bloodline power was destroyed, and he flew hundreds of meters away, falling into the demon Army.

“This Suan ni, this Suan ni”

ye huang fell to the ground and couldn’t get up. he looked at the lt01, which was surrounded by lightning, in shock and couldn’t help but spit out another mouthful of blood.

“Lord ye!”

“Lord ye has been defeated.”

“The other side actually has a 3rd rank expert.”

“Quick, protect Lord ye.”

“.....”

the commanders of the demon soldiers cried out in alarm.

“Whoosh!!!”

The Army formation started to move.

Roar!

The huge single-horned red python let out a roar.

“Ye Huang,”

The Crown Prince heard the commotion and turned around. He clearly saw Ye Huang being blown to the ground and his gaze fell on Lt01.

“It’s only an Army of less than 10000 people, yet there’s such a master hidden within.”

The crown prince’s gaze was solemn. not only can a perfected stage two fight against an early-stage stage stage stage three, but there’s also a stage three expert who can defeat Ye Huang in one move.

Jiang Li, how much more power are you hiding? ”

“I can only kill you first!”

Shua!

The Crown Prince looked away and at the mechanical mammoth cavalry. Ye Huang was protected by the demon Army and was not in danger for the time being. The Crown Prince held his double-faced giant axe and charged at the mechanical mammoth cavalry.

“Repair!”

Jiang Li immediately used some energy points.

buzzzzzz!

A white light appeared on the mechanical mammoth’s body, and its injuries recovered at a speed visible to the naked eye. The damage was also rapidly reduced.

but ...

even though the repair process was quick, it still required a few seconds.

“you have no chance.”

“Earth-splitting barbaric bull!” The Crown Prince roared.

“Roar!”

The mountain back bull energy construct let out a roar. The power of its orange-yellow bloodline gathered and merged into the axe, reaching an extremely powerful level.

“Whoosh!!!”

the axe glowed as if it could split the earth.

“Die!”

the two-faced giant axe fell.

If the mechanical mammoth Ranger was hit by this axe, with the current level of damage, it would definitely be scrapped without any possibility of repair.

“Body of lightning!”

Kachaa!

It was a critical moment.

The LT01 seemed to have transformed into a purple Thunderbolt, crossing half the battlefield and arriving in front of the mechanical mammoth at the last moment.

“Thump!”

The purple lightning flickered and formed a series of lightning bolts. With a crackling sound, the surrounding ground was charred black by the lightning.

The two-faced giant axe and the lightning collided.

“!!!”

The crown prince’s pupils contracted.

BOOM!

The sound of an explosion rang out.

The lightning was shattered, and the axe radiance exploded. The sky was filled with light, and a storm spread out, sweeping through the surroundings like a Gale.

Bang Bang Bang Bang!

There was a series of explosions.

the ground shattered.

“Tier 3 perfection!”

The Crown Prince shouted in shock.

“Roar!”

At this moment.

After the mechanical mammoth had finished repairing itself, it roared and stood up again. It stood together with the LT01 and faced the Crown Prince.

“I’ve recovered.”

perfected-stage level three? ” the crown prince’s face darkened. Jiang Li has a subordinate at perfected-stage level three? it’s only a troop of 10000 people, but there’s a master at perfected-stage level three.

“I miscalculated!”

The crown prince’s gaze was solemn.

kill!!!

“Support the 1st unit!”

“tank meches, charge!”

“Mechanical Rangers, kill them!”

“Dada Dada Dada Dada!”

“BOOM! BOOM! BOOM!”

Suddenly.

Roars and shouts came from the surroundings. Meches came from behind the demon Army. There were nearly 20000 of them.

Machine guns were fired, tanks were fired, and shells were fired.

The mechanical Rangers took out bazookas and aimed them at the demon Army. They fired cannonballs, and the cannonballs exploded in the demon Army.

“ah!”

A miserable scream rang out.

“Good! Good! Good!”

Jiang Li was overjoyed to see this. He smiled and laughed. troops two and three are finally here.

the demon Army of the red eyebrows demon Kingdom, this is the real beginning of the war.

“Attack with full force!”

let’s go! Jiang Li ordered through the Intel mech.

an intense battle broke out in an instant.

With the addition of the second and third units, they finally turned the tables and formed a head-on confrontation. More than 20000 meches fought against more than 100000 demon soldiers.

“Roar!”

The battle formation showed its power and blocked the cannons and explosions of the meches.

One had to know.

100,000 demon soldiers could form a Grade 2 military formation.

A Stage 2 army formation required a Stage 3 expert to break through.

In the battlefield in the middle of the Green Mountain Range, the only stage three creature was the LT01. However, the LT01 was fighting the Crown Prince and could not escape.

The mechanical mammoth Rangers led the mechanical Rangers and charged at the demon Army.

“Kill!”

at this moment.

Ye Huang took a precious healing pill and recovered his injuries and combat strength. He led the elite demon soldiers and fought with the mechanical mammoth cavalry.

BOOM! boom! BOOM!

The tank meches charged forward, firing their machine guns and bombarding the Stage 2 formation of the demon Army. The giant pythons formed by the formation wailed.

At the same time.

The cold weapon meches, combat meches, biochemical meches, and electric meches were fighting with the demon soldiers in close combat.

Pfft! Pfft! Pfft!

On the battlefield.

Blood splattered, limbs flew, and corpses fell to the ground. Screams, shouts, roars, roars, and sorrowful wails mixed together.

“How much longer will it take for us to arrive?”

Jiang Li looked at the communication screen.

“My Lord, half an hour,”

the driver of the mech ys01 replied.

“Alright,” he said.

Jiang Li nodded. He had to calm down and not be anxious.

For now.

With the arrival of the reinforcements from the second and third units, as well as the LT01 and the mechanical mammoth Rangers, the battle in the middle of the Green Mountains was in a stalemate.

One had to know.

There were 150000 demon soldiers, but Jiang Li’s three troops didn’t have more than 30000. The difference was five or six times.

Under such circumstances.

To be able to maintain the stalemate was already an excellent result.

Of course.

This was because Jiang Li's meches were all at a high level. They were all above perfected-stage level one. There were many level-two meches, and some were even perfected-stage level two.

That was why the situation was like this.

how's the situation of the fourth unit? ”

Jiang Li asked.
