

Army 162

Chapter 162 Victory

Shua! shua! shua!

under jiang li's order, the mechanical mammoth rangers and the two early-stage rank three walking corpse puppets immediately targeted the crown prince.

He charged forward.

On the battlefield.

The biggest threat was the Crown Prince.

“The general's Taowu has also ignited his bloodline!”

the crown prince's general is at the perfected stage of rank three. After burning his fourth-grade bloodline, his strength has increased. Although he can't break through the barrier of rank four, he's infinitely close to rank four!

“we'll definitely win, we'll definitely win!”

“The demon race will win!”

“Great general will definitely be able to turn the tide of the battle!”

The demon soldiers' commanders shouted one after another to boost their morale. At the same time, they also gave themselves hope, a hope of victory.

“Jiang Li.”

The Crown Prince raised his head. His eyes were cold and he did not hide his killing intent at all. The killing intent that seemed to have materialized formed a terrifying aura. you must die today!

BOOM!

As soon as he finished speaking.

let's go! the Crown Prince charged at Jiang Li. He ignored everything around him and only looked at Jiang Li.

He only had one goal.

And that was to kill Jiang Li.

As long as they could kill Jiang Li, they would win the war.

The Crown Prince knew very well that all the soldiers here were puppets created by Jiang Li with the 'ancient puppet technique'.

as soon as jiang li died.

This war could be won without a fight.

“roar!”

The mechanical mammoth Ranger let out a roar and activated its skills one after another. Its entire body was covered in a thick white skill radiance.

“Get lost!”

Thump!

The crown prince's axe came down, and a bright axe light burst out. It contained terrifying brute force and sent the mechanical mammoth Ranger flying.

Kachaa! Kachaa!

A huge gash appeared on the mechanical mammoth's body, and it flew hundreds of meters away, creating a huge pit.

the damage level immediately rose to 50%.

One strike!

It was only one strike!

The mechanical mammoth had already been severely injured. If the axe were to land on it again, the mechanical mammoth would probably be completely destroyed.

“He's indeed very strong.”

Jiang Li said to himself.

He felt some pressure.

Shua! Shua! Shua!

jiang boyi's walking corpse puppet had already attacked. its sharp claws danced and formed a sky full of claw shadows. the speed was very fast. only afterimages could be seen as it tore at the crown prince.

Bang Bang Bang!

A mountain appeared on the crown prince's body. He used the 'mountain back protection' to block all the attacks of Jiang Boyi's zombie puppets. The mountain shook and ripples appeared.

“What are you doing?”

shua!

The Crown Prince suddenly stretched out his hand as fast as lightning, like a cheetah that had been planning for a long time. Jiang Boyi’s zombie puppet couldn’t avoid it in time and was grabbed by the head.

“Roar!”

Jiang Boyi’s zombie puppet’s head was grabbed, but it didn’t care. It roared and waved its sharp claws to grab the Crown Prince, but it was blocked by the mountain.

He could not hurt the Crown Prince at all.

“Pathetic thing! die!”

The Crown Prince snorted and then exerted force with his left hand. His left arm almost swelled up and the blue veins bulged. With a ‘pop’ sound, the head of Jiang Boyi’s zombie puppet exploded.

the headless corpse fell.

He crushed it to death.

“Roar!”

immediately after.

The black water dragon that was burning with flames roared.

...

The Red Dragon undead puppet took the opportunity to attack. The heavenly halberd stabbed out like a dragon coming out of the sea.

“Red Dragon, let me free you from your suffering.”

BOOM!

The Crown Prince shouted. He raised his axe and chopped down. The axe light burst out and easily destroyed the Red Dragon Zombie puppet's attack. He quickly approached and chopped at the Red dragon's head.

At this moment.

The LT01 had already recovered. He activated his body of Thunder and turned into a bolt of lightning. Like a bolt of purple lightning, he moved at top speed and blocked the crown prince's attack.

BOOM! boom! BOOM!

the two sides fought, lightning wreaked havoc, and axe radiance swept across.

Shua! Shua!

Immediately after.

Jiang Li used some energy points to recover the mechanical mammoth Ranger's injuries. He then asked the black and white elders, the Red Dragon, the three walking corpses, and the LT01 to work together.

...

Boom! Boom! Boom!

The entire mountain was shaking.

The battle was extremely intense. The Crown Prince was fighting against five people at the same time, but he was not at a disadvantage at all. He even had the upper hand. After burning his bloodline, his strength had increased greatly.

The ground cracked, soil and stones flew everywhere, and energy trembled.

“Earth splitting axe!”

The Crown Prince roared and gathered powerful strength. He held the axe with both hands and chopped down with the double-sided giant axe. It contained an indomitable momentum as if it could split the earth.

it formed a huge axe light.

Obviously.

The Crown Prince was very clear.

Although burning his bloodline could increase his strength, there was a time limit. Moreover, the repercussions were great, and it would be good if his cultivation dropped.

so,

it would only be disadvantageous to him if this dragged on.

He had to end the battle as soon as possible.

“we can’t waste any more time on them.”

“BOOM!”

An explosion sounded.

The crown prince's attack was so powerful that it forced back t01, the mechanical mammoth Ranger, and the three undead puppets, sending them flying.

” kill!!! ”

The Crown Prince roared.

BOOM!

He stomped on the ground and created a huge pit. Then, he flew over half of the battlefield and charged at Jiang Li.

BOOM! BOOM! boom!

The next moment.

the tank meches aimed at the crown prince who was in the air and fired directly. the tank shells exploded one after another, forming fireworks in the sky.

“You can't stop me with these.”

The Crown Prince roared.

BOOM!

He gathered his power and roared like an ox demon. The double-sided giant axe swept across the sky. The axe light broke through the sky and formed a half-moon shape, shattering the cannonballs and causing them to explode in advance.

Kachaa! Kachaa!

The electric mech cast a skill and formed a huge electric net that covered the sky.

“Shatter!”

Bang!

” break! ” the crown prince swung his axe again, shattering the power grid and closing the distance between him and jiang li.

“Great general!”

you must succeed!!

“We will definitely succeed! I will!”

The demon soldiers looked on and could not help but clench their fists. They had already placed their final hope of victory on the crown Prince.

“Now!”

The crown prince’s eyes lit up and he let out a roar.

“Earth-splitting barbaric bull!”

“whoosh!!!”

At this moment.

The Crown Prince was floating in the air in front of Jiang Li. He was covered in orange flames.

He was like a god of War who had walked out of the flames.

Its power was overwhelming and it shook the battlefield.

Powerful!

It was extremely powerful!

It could be said that ...

This was the crown prince's peak state. He had gathered all his power. The mountain back bull roared and merged into one.

All the power.

All of it was gathered in the axe.

He only had one goal.

Kill Jiang Li!

“Die!”

Jiang Li! the Crown Prince held the handle of the axe with both hands and hacked at Jiang Li. Suddenly, the axe glowed, mountains appeared, and Bulls roared.

The dazzling axe radiance was extremely dazzling in the night.

Ynsh01, it's your turn.

Jiang Li stepped back.

“Yes.”

Ynsh01 walked out from behind Jiang Li and stood in front of him.

“Whoosh!!!”

Mechanical psionic energy was released.

A thick black psionic light enveloped ynsh01’s body, and an extremely powerful aura was released to fight against the Crown Prince.

Shua! Shua!

after that.

Hundreds of mech drivers at the perfected-stage of level two quickly walked out of the transport truck and guarded Jiang Li.

“!!!”

The crown prince’s pupils contracted.

BOOM! boom!

The psionic Cannonball was fired and collided with the crown prince’s axe. It exploded instantly, producing a huge destructive force that shook the surroundings.

“Tier 3 perfection!”

The Crown Prince shouted in shock.

he’s another perfected stage rank three!

“how is this possible?!”

Jiang Li has an expert at the perfected stage of level three to protect him.

how did this happen?!

All the monsters were stunned, their faces filled with disbelief.

“Even a perfected stage Tier 3 martial artist can’t block my axe!”

The Crown Prince roared.

“Psionic control.”

Buzzzzzz!

Mechanical psionic energy continued to surge out of ynsh01’s body. It gradually spread out and enveloped the surrounding area, forming a psionic domain.

The psionic domain clashed with the crown prince’s axe. The continuous collisions produced a series of explosions and bursts of light.

“Break!”

The Crown Prince roared. His eyes were bloodshot, and his veins were bulging. His body seemed to have expanded.

“BOOM!”

The psionic domain was destroyed and exploded into a sky full of ghostly light.

Rub Rub Rub

Ynsh01 kept retreating. Its damage level increased to 20%. Its biochemical physique was activated and it was gradually recovering.

Jiang Li, die!

The Crown Prince roared and charged again.

BOOM! BOOM!

on the outskirts of the green mountain range, 1600 cannons fired at jiang li's order. they locked onto the crown prince and fired.

"It's Yingluo again."

The crown prince's pupils contracted.

"boom!"

"boom!" the cannonballs landed on the crown prince and he was blown away. the explosion affected jiang li because he was too close.

hundreds of perfected-stage mech drivers guarded jiang li, blocking the aftermath of the explosion for him. only a slight breeze ruffled jiang li's hair.

In the midst of the sky full of flames.

* cough cough *

The Crown Prince appeared in Jiang Li's sight. He was coughing blood and the orange flame on his body was dimming. It was almost time.

"Let's join forces and kill him."

go! Jiang Li ordered.

"Whoosh!"

Ynsh01, Lt01, mmyq01, the black and white elder walking puppets, and the Red Dragon walking corpse immediately attacked the Crown Prince.

“Ah!”

you’re courting death! the Crown Prince roared with bloodshot eyes. He raised his double-faced giant axe and charged at Jiang Li again.

“Great general Suan ni”

“Let’s fight it out with them!”

“Burn your bloodline!”

“Kill!”

At this moment.

The crown prince’s demon soldier Army launched their final attack. The rank two demon soldier commanders with third-rank bloodlines used the means of burning their bloodlines to increase their strength.

“Rumble!”

The sounds of fighting on the battlefield became even more mournful.

the last wave of attack from the demon army did cause a lot of damage to jiang li’s mech army. a commander at the perfected stage of level two could be infinitely close to level three after burning his bloodline.

so,

Many of the meches were destroyed.

However ...

This was the final struggle, just like the final radiance of the setting sun.

Finally ...

A few minutes later.

The Crown Prince had used up all his energy and was at his limit. His body was covered in wounds. After being attacked by the LT01, half of his body was charred black.

Ynsh01's wound was on his chest.

It was so deep that the bones could be seen.

boom!

ynsh01 fired a psionic cannon and sent the crown prince flying. the crown prince vomited blood and fell to the ground. he was on the verge of death and could no longer get up.

“Your Majesty, this official can no longer serve you, Zhenzhen.”

The blood in the crown prince's mouth could not stop flowing. He looked at the dim night sky and seemed to see the beautiful figure leaning lazily on the throne. He seemed to be able to touch her if he raised his hand, but they were so far away.

Unattainable.

“Ynsh01, immediately transform the undead puppet.”

Jiang Li said quickly.
