Chapter 165 The border

Jiang Li got out of the car and went to the top of a mountain not far away. He took out a telescope that he got from Qian Shixi.

this is the border of the defense line between the great Qian dynasty and the black snake barbarian kingdom.

Although Jiang Li's vision was far better than ordinary people, it was not as good as ynsh01, which was a level-three mech. He had to rely on binoculars to observe the situation.

this way, he could see more clearly.

It had to be said.

Jiang Li was surprised when he found the telescope from Qian Shixi's body.

He didn't expect to see a telescope.

One had to know.

Jiang Li had never heard of it in this world before.

Maybe it was because Jiang Li's current status in this world wasn't high, so he couldn't come into contact with these things.

no matter what.

Now, it was all Jiang Li's.

Through the telescope.

Jiang Li clearly saw the situation at the border of the defense line 3000 meters away. With the images sent by xx07, Jiang Li had some basic understanding.

First of all ...

The border between the black snake barbarian kingdom and the great Qian dynasty was a 'border river' with green mountains as its source. The river was not fast and was only 20 meters wide.

Although the border river was not wide, it was very long. It kept winding forward and finally flowed into the great Qian dynasty's Lake-edge County, which was separated from the Red Dragon County by Chang 'an County.

On the bank of the Jie River.

They had built a wide and thick city wall. The city wall was quite long, reaching about 1000 meters. Its head and tail were connected to the steep mountain range, blocking the Barbarian race of the black snake barbarian kingdom.

Similarly.

The black snake barbarian kingdom had also built a huge city wall. It was as magnificent as the city wall on the border of the great Qian dynasty.

It might even be thicker.

Jiang Li looked around and saw a large number of barbarian soldiers patrolling on the border wall of the black snake barbarian kingdom. There were also many archers and giant crossbows on the wall.

on the other hand, the great gan dynasty's border walls were much stronger.

at the same time, there were also many patrols keeping an eye on the black serpent barbarian kingdom's barbarians. as long as the black serpent barbarian kingdom's barbarians were ready to cross the river, the patrols would immediately sound the alarm and launch a fierce attack.

“Let’s go,” he said.

jiang li put the telescope in his pocket, walked down the mountain, sat back in the passenger seat of the ys01, and set off to the border defense line.

At this moment.

Around the city wall at the border.

There were many tents set up there, densely packed.

This was a military camp.

In the middle of the room.

It was the commander’s tent.

Luo Tianshui was now in this commander’s tent.

Not only that.

cq02, who temporarily served as the fourth unit, was also in the tent with xx07. xx07 was using a small invisible camera to record the scene in the tent and send it to jiang li.

what’s going on? “Jiang Li watched from the passenger’s seat as he rushed to the border of the defense line.

In the image.

Luo Tianshui sat on the commander’s seat. His silver armor was stained with blood and had already solidified. The silver armor covered his entire body, and only his clear eyes could be seen.

it revealed a heroic spirit.

On both sides of the tent.

A few deputies stood. Their armors were also covered in blood and had completely solidified. They exuded an extremely intense killing intent.

Other than that.

Luo Yilin was also in the tent.

Obviously.

she had already returned to tianshui city from the great xia county. after knowing that the border defense line was invaded by the black snake barbarian kingdom's barbarian army, she immediately rushed over.

“Big sister Tianshui.”

Luo Yilin had just finished reading the battle information. She raised her head and looked at CQ02 and the others, then looked back at Luo Tianshui and said, ” I think the black snake barbarian kingdom came prepared this time.

if it wasn't for the sudden appearance of our reinforcements, the black snake barbarian kingdom would have been able to break through the border defense line with the number of troops they sent.

yes. Luo Tianshui nodded and said, ” in fact, I had this guess after the battle. During the battle, I clearly sensed the aura of two rank three experts from the black snake barbarian kingdom.

“Like a tiger watching its prey.”

” it's just that the sudden appearance of the reinforcements caught them off guard. in addition, they didn't know the exact details, so they didn't make a move. ”

now that the barbarians have suddenly stopped their troops, they must be planning an even fiercer attack.

...

“Sister Tianshui, don’t worry. You still have me.”

” i’m a level-two array master, ” Luo Tianshui said. ” with Tianshui city’s military strength and my help, even if they don’t have enough troops, they can still set up a level-two military array. ”

“with the help of a grade 2 army formation, we will definitely win.”

“I hope so,”

Luo Tianshui was not optimistic.

“By the way, may I ask how I should address you? What is his identity?”

Luo Yilin got up and asked CQ02, ” “Can you tell me?”

CQ02 didn’t say anything in response to Luo Yilin’s question. He had no expression on his face and looked extremely cold, like a statue.

“I asked them before, but they didn’t answer.”

No. Luo Tianshui shook his head and said, ” I think they’re friends and not enemies. Otherwise, they wouldn’t have sent troops to help us.

“Alright,” he said.

...

Luo Yilin nodded and sized up CQ02 and the others. She felt that the cold and sculpted temperament of these people was familiar.

“Sister Tianshui, there’s another very important matter.”

Luo Yilin said.

“what could be more important than the barbarian invasion?”

Luo Tianshui asked.

“Qian Shixi is dead.”

Luo Yilin said.

“Qian Shixi is dead?”

Luo Tianshui raised his head and was stunned for a moment before he asked in surprise, ” “Elin, what happened?”

“It’s Jiang Li.”

” sister tianshui, ” luo yilin said slowly, ” many people suspect that jiang li has mastered the ‘ancient puppet technique’. king qian also believes it. he wants the’ ancient puppet technique’. ”

however, Jiang Li killed commander Jiang Boyi. He clearly showed his attitude.

King Qian sent the third Duke, Qian Shixi, here. Qian Shixi held a ‘banquet’. On the surface, it was a banquet for the five castellans, but in fact, it was to deal with Jiang Li.

I just didn’t expect Jiang Li to be even more powerful. He actually hid his strength. He has a perfected-stage level three expert and two subordinates at the early stage of level three. He even disrupted Qian Shixi’s original plan at the critical moment.

“Finally.”

Jiang Li won. He killed Qian Shixi and declared himself a King. He announced that he would leave the Qian dynasty completely and change the name of the Black Dragon County to the great Xia County. He'll be the county King of the great Xia County.

also, Guo Yi from Hope City, Zhuo linyue from five lakes city, and Changping Wang from Pingding city all submitted to Jiang Li. Great Xia city was Jiang Li's to begin with.

four of the five cities in the great Xia County are under Jiang Li's control.

“now, only our tianshui city is left.”

” sister tianshui, thank god you didn't go to the banquet this time. otherwise, you would've been forced to surrender by jiang li. he has a master at the perfected stage of level three. ”

“i see.”

luo tianshui took a deep breath and recovered from the shock. her beautiful eyes flickered as she murmured, ” I can't believe Jiang Li is so powerful. He's reached such a level in such a short time.

“Sister Tianshui, what are you going to do?”

Luo Yilin asked.

No. Luo Tianshui shook his head and said, “our biggest problem now is how to stop the black snake barbarian Kingdom's attack. That's the most important thing.

” if the border defense line is broken, the barbarian leaders will charge straight down and the great xia province will definitely fall. ”

moreover, if this is a long-planned plan, the black snake barbarian kingdom is probably preparing to start a war with the great Qian dynasty.

at that time, there will be an endless stream of barbarian soldiers coming from the various counties of the black snake barbarian kingdom. They will even dispatch the elite troops of the Barbarian kingdom.

I'm still worried that the red-browed demon Kingdom will also invade at this time. If that's the case, without the support of the great Qian dynasty, it'll be a disaster.

“How long do you think the great Xia province can last under such circumstances?”

however ...

Luo Tianshui still didn't know.

The half-monster Alliance had already caused chaos in the various counties of the great Qian dynasty. Their hidden chess pieces were activated one by one, and they raised troops.

It could be said that ...

The 36 counties of the great Qian dynasty were all in the midst of war.

In the current situation.

Even if this didn't happen, the great Qian dynasty wouldn't be able to send troops to help without Jiang Li, let alone the fact that the great Xia province had already been occupied by Jiang Li.

it's not a good decision for Jiang Li to occupy the Black Dragon County under such circumstances.

it's very likely that he'll face the simultaneous invasion of the black snake barbarian kingdom and the red-browed Fey Kingdom, ” Luo Tianshui said. of course, he can also give up these territories.

” after all, according to what you said, with his current strength, no matter which human dynasty he goes to, he will be able to survive very safely. ”

” the great Qian dynasty will definitely not send reinforcements. last time, it was such a small matter, but they chose to give up their war chariots to protect the general, let alone now. ”

Luo Yilin said, 'the Qian dynasty is probably still happy. They're probably saying, ' Jiang Li, don't you want the Black Dragon County? i'll give it to you then. let's see how you're going to stop the invasion of the red-browed yao kingdom and the black snake barbarian kingdom.'

“yes, yingluo.”

Luo Tianshui fell silent.

“why don't we also retreat?”

Luo Yilin pondered for a while, raised her head, and said, ” we don't need to defend the border for Jiang Li.

if the great Qian dynasty doesn't send reinforcements, why should we help the Imperial court? ”

“I might as well just leave.”

“Elin,”

Luo Tianshui stood up, took a deep breath, and said in a serious tone, ” you may not understand, but as the Lord of the city, I have to take on the responsibility of protecting the entire city. The people pay taxes, support me, trust me, be loyal to me, and serve me.

then, I have the responsibility to protect their lives and their homes.

if I just walk away like this, then the Tianshui city behind us, the old and young, men and women, more than 200000 people in Tianshui city ...

“What kind of miserable ending will they face?”

“City Lord!”

The few Deputy generals couldn't help but raise their heads.

"Big sister Tianshui."

Luo Yilin murmured.

Zhang Feiyang, I order you to lead a 100-man elite team of perfected stage one and escort Yilin out of Tianshui city and black Dragon County. It would be best if she could leave the great Qian dynasty.

Luo Tianshui said in a deep voice.

"City Lord, this Wufu ..."

Zhang Feiyang raised his head.

"No! i'm not leaving!"

Luo Yilin immediately shouted.

silly girl, you're my only family, and you're not the city Lord, so you don't have any so-called responsibility. Even if there is, I alone am enough to bear it.

"i won't let you take the risk with me," Luo Tianshui said slowly.

"No! I don't want to!"

Luo Yilin's eyes were wide open and red. She didn't expect such a situation, "we won't lose. Sister, you're the silver-armored Valkyrie. How can you lose?" i won't lose! I definitely won't lose!"

"I don't want to go!"

“.....”

luo tianshui closed his eyes.

“City God’s God”

Zhang Feiyang opened his mouth and wanted to say something, but he was speechless. He looked at Luo Yilin, took a deep breath, and walked toward her.

master of Tianshui city, it’s just a barbarian invasion. Why do you have to be so separated? ”

At this moment.

CQ02 started to speak.

“What?”

Luo Tianshui was stunned for a moment. He opened his eyes and looked at CQ02. so you’re not a mute.
