

Army 167

Chapter 167 Attack

“Mm, very good.”

Man tianwu nodded his head in satisfaction. He then waved his hand and shouted to the Barbarian Army behind him, ” “All troops, set up camp on the spot.”

“Yes!”

The Barbarian soldiers responded in unison.

Soon after.

Man tianwu walked towards the camp.

The Barbarian commander’s tent.

Man tianwu sat on the commander’s seat, and below him were his two Deputy generals. They were tall and sturdy, wearing full-body armor, only revealing a pair of soul-stealing eyes.

the baleful aura was pressing.

Further down.

Desolate was no different from the glorious era.

After that.

They were the main commanders of the Barbarian Army.

They were basically the city Lords of the various cities.

They were all gathered here.

“Report the situation.”

Man tianwu said.

“Yes.”

“yes.” huang nodded and said, “commander, the sudden appearance of the reinforcements disrupted our original plan and caused us to be unable to take down the border defense line of the great qian dynasty.”

“Reinforcements?”

Man tianwu frowned. celestial water city actually has reinforcements? the half-monster alliance has already started a riot, and the great qian dynasty can’t even take care of themselves. why would they help tianshui city?”

“no!”

Huang shook his head, “they’re definitely not from the great gan Lord dynasty. We’ve fought with them more than once. How can we not recognize them?”

although there aren’t many reinforcements, only 10000 of them, every soldier is at the perfected stage of stage one. They have extremely strong combat strength and are fearless of death. They are all elite soldiers who have gone through hundreds of battles.

furthermore, these reinforcements have extremely special war weapons, which caused a lot of damage to our barbarian soldiers. If it wasn’t for the protection of the rank 2 totem army formation, the casualties would have been even more severe.

“It’s not the Army of the great gan Lord dynasty.”

Man tianwu muttered.

“lord commander.”

At this moment.

The city Lord of the barren city, Huang kongqian, stood up and said, ” “This subordinate has something to report, and it might be related to the origin of this reinforcement.”

“Speak,” he said.

Man tianwu said.

“Yes.”

“yes.” huang kongqian nodded. “some time ago, elder ‘silver eagle’ of the half-monster alliance wanted to make blood refinement beads. that’s why the qingshan valley incident happened.”

it’s also because of the Qingshan Valley incident that Jiang Li came into our sight.

in the ‘Qingshan Valley incident’, tens of thousands of barbarian soldiers died. Jiang Li’s soldiers had similar special weapons.

so, I suspect that the reinforcements might be related to Jiang Li.

“Jiang Li.”

Man tianwu muttered to himself and shook his head. He said with certainty, ” that’s impossible. I’m afraid Jiang Li can’t even take care of himself now because the red eyebrow Empire has already sent out 100000 soldiers.

“And it’s the crown prince’s command.”

the Crown Prince is probably leading the Yao nation's Army to attack Jiang Li's great Xia city now. Why would Jiang Li send reinforcements to Tianshui city? "

"What? The Crown Prince!"

huang's eyes widened as he exclaimed, "It's actually him!"

the red eyebrows demon Kingdom has sent a Crown Prince. He's a valiant general. Not only is he brave, but he's also smart. I'm afraid Jiang Li is finished.

Kaishi muttered.

"Enough. Don't boost the morale of the demons and destroy the prestige of the Barbarian race."

Man tianwu interrupted kai shi, " although the Crown Prince is strong, he is not invincible. We, the black snake barbarian kingdom, naturally have someone who can compete with him.

"The Barbarian King has ordered us to take advantage of this opportunity to occupy as much territory as possible in the great gan Lord dynasty,"

"Yes!"

"we will obey the barbarian king's orders!"

All the barbarians responded.

"this bi an ..."

Huang kongqian frowned and stopped. He felt like things weren't that simple. The reinforcements were most likely Jiang Li's troops.

...

If this was the case ...

Jiang Li sent an Army to help Tianshui city even though the Crown Prince was leading 100000 demon soldiers. It was hard to imagine how powerful Jiang Li was.

Unfortunately ...

Huang kongqian was only the Lord of a city. His status here was not high, so he did not have much say. Even if his words made sense, it would be useless.

“Commander, when are we going to attack?”

Huang asked.

“no rush.”

” the Army I led has just traveled a long distance, ” man tianwu said indifferently. they’ve used up a lot of energy. We’ll rest for half a day and recover to our peak before we attack.

it’s just the forces of Tianshui city. Even if there are reinforcements, they won’t be able to withstand a single blow. This time, with me taking action, taking down the border defense line will be as easy as taking something out of a bag.

“Yes.”

“Yes, sir.”

...

Huang and the others looked at each other and nodded.

“report!!!”

Suddenly.

The voice of a barbarian Scout came from outside the tent.

“What’s the matter?”

Desolate frowned and scolded.

“Milords, we’ve discovered that a large number of human soldiers have suddenly appeared on the walls of the great gan dynasty’s border. They’ve already begun to get into formation, as if they’re about to attack us.”

the barbarian scout said loudly.

“what?”

“Don’t tell me they have reinforcements?”

“What’s going on?”

The commanders in the tent couldn’t help but be stunned.

“I knew something would happen.”

Huang kongqian’s expression was grave.

“You’re looking for death!”

man tianwu stood up with a dark gaze, ” celestial water city, what a city. I wanted to let you live for half a day, but you were so eager to die and even dared to attack.

“Very good!”

“Pass on my order. Gather all the Barbarian soldiers and launch a general attack.”

“Yes!”

“Yes!”

“Yes, sir!”

“.....”

Huang wuzhan, kai shi, and the other barbarian commanders stood up.

BOOM! BOOM! boom!

Suddenly.

Man tianwu and the others heard deafening explosions that exploded in their ears. It was as if their eardrums were about to burst.

“in the heavens, in the heavens.”

“Something is flying over.”

“What’s that?”

“Run! It’s the human’s weapon!”

“Oh my God, why are there so many mayflies this time?”

The Barbarian camp.

The Barbarian soldiers on desolate had seen the power of the tanks and cannons before, so they recognized it immediately. However, it was the first time they had seen the Barbarian Army led by man tianwu.

Hence.

“rumble!”

Thousands of cannonballs landed on the Barbarian camp. The cannonballs exploded one by one, causing sparks to fly and shrapnel to fly everywhere, causing a terrifying amount of damage.

One by one, the tents were blown away, and a huge pit was formed on the ground.

Corpses flew everywhere, and blood splattered everywhere.

The Barbarian race’s vitality was strong and tenacious.

However ...

Faced with the bombardment of the tank cannons, their bodies were blown into pieces. No matter how strong their vitality was, it was useless. They were directly blown to death.

” what is this?! ”

They were dumbfounded!

Man tianwu looked at the bleak scene in the camp in a daze and was completely dumbfounded. His expression was stunned, and then he was completely furious.

“Damned human!”

Man tianwu roared, “immediately form the totem army formation!

“Yes!”

“Hurry up! Hurry up!”

Buzzzzzz! Buzzzzzz! buzzzzzz!

Half a minute passed.

The Barbarian Army led by man tianwu recovered from the chaos and gathered the military Qi in the shortest time possible. They used the power of totems to drive the Army formation.

“Roar!”

the next moment.

A thick black mist emerged and covered the entire camp. The second-level totem army formation was set up and a huge ferocious beast appeared in the air.

The beast was hundreds of meters long. It was pitch-black and covered in fur. It had the head of a Lion, the body of a giant python, and a spiral horn on its forehead.

A totem!

Lion-headed Python!

“Your reaction is quite fast.”

Jiang Li stood on the city wall at the border and observed with a telescope. He saw the situation in the Barbarian camp and the beasts that appeared.

“Continue.”

Jiang Li waved his hand.

BOOM! BOOM! boom!

The cannons fired one after another, bombarding the Barbarian camp. The lion-headed Python roared and swept its huge tail to intercept the cannonballs, which then exploded in the air.

“attack!”

Jiang Li said.

“Dada Dada Dada Dada!”

On the city wall.

The firearm meches aimed their machine guns at the Barbarian soldiers on the other side of the city wall and fired crazily, forming a rain of bullets.

pfft! Pfft! Pfft!

“ah!”

Fresh blood splattered and flowers of blood bloomed.

those inferior barbarian soldiers were killed immediately, turning into corpses and falling from the city wall.

“Release the arrows! release the arrows!”

“Use the giant crossbow!”

“Hurry!”

The Barbarian commanders shouted.

whoosh! Whoosh! “Whoosh!”

Thousands of sharp arrows flew through the air. The combat meches and cold weapon meches beside the firearm mech all attacked and blocked the arrows.

BOOM!

Many giant crossbow bolts shot through the air. The perfected-stage meches couldn't block them. Some firearm meches were injured and some were even destroyed.

Of course.

The number of barbarian deaths was even more terrifying.

It had only been less than a minute since the start of the battle. The initial bombardment had caught the barbarian off guard and caused three to four thousand barbarian soldiers to die.

Thousands of barbarian soldiers were killed by the firearm meches.

“Yingluo is so strong!”

“Si si si ...”

This is the Army under Jiang Li's control. Such combat power is terrifying. It's only been less than a minute and they've killed so many barbarians.

“Yingluo is too powerful!”

“Gulp!”

“Compared to these elite soldiers, we seem to be lacking.”

In the surroundings.

The soldiers and commanders of Tianshui city all opened their mouths and stared at the scene in shock. They were all shocked by the strength of Jiang Li's troops.

It was simply invincible!

"Sister Tianshui, didn't I tell you? Jiang Li's soldiers are all at the perfected stage of level one and there are so many level two soldiers. We can win for sure."

Luo Yilin said excitedly.

"....."

Luo Tianshui didn't say anything, but she was shocked. These soldiers are really strong. I've never seen such Warriors before.

and those weapons. Their power is really terrifying.

If there wasn't a Grade 2 military formation, it would have been a massacre.

"What are you all doing?"

Luo Tianshui came back to his senses and shouted, "Are you just going to stand aside and watch? Archers and crossbowmen, why aren't you immediately retaliating? Are you trying to make others look down on our Tianshui city?"

As soon as he finished speaking.

Luo Tianshui waved her right hand, and a fine iron spear fell into her hand. She injected her innate true Qi into it and wrapped it up.

"Die!"

Whoosh!

The next moment.

Luo Tianshui threw it out. The fine iron spear pierced through the air, making a sharp whistling sound. It crossed the border river and pierced through a second-level barbarian commander on the opposite side.

He died immediately.

“.....”

hmm? ” Jiang Li glanced at it.

“Hmph!”

Luo Tianshui raised his eyebrows and shouted, ” kill!!!
