

Army 172

Chapter 172 Splitting up

“Reporting to the ruler, according to the detailed report of Guo Yi’s subordinates, Hope City has been attacked by the mountain bandits of the hidden Dragon stockade. The number of mountain bandits is twice that of Hope City, and the current situation isn’t optimistic. The city could be broken through at any moment.”

Xx09 answered in detail.

“The mountain bandits of the hidden Dragon Village.”

Jiang Li frowned. what kind of bandits have such a strong force? they’re twice as strong as Hope City. Hope City ranks second among the five cities in the great Xia province, only weaker than Tianshui city.

also, it’s possible that the mountain bandits are raiding villages, but they actually have the guts to attack a city.

Thinking of this ...

Jiang Li fell into deep thought.

Faintly.

He instinctively felt that something was wrong.

First of all ...

The red eyebrows demon Kingdom had a good reason to send out their troops. They had sent 150000 demon soldiers to attack the great Xia city, and they were led by a general of the demon race who was at the perfected stage of level three.

this was understandable.

After all, Jiang Li had destroyed the Red Dragon County and they had a deep grudge.

but ...

However, the black snake barbarian kingdom had suddenly gathered 200000 barbarian soldiers to attack the border defense line. Moreover, the timing was so unified that it was as if they had discussed and planned it.

And now, it just so happened that the great Xia province was being attacked by bandits.

It was too much of a coincidence.

“Xx09.”

send ten complete-stage level-two mechanical Rangers to Moon City first. Find out the situation in the hidden Dragon Village and contact me at any time.

“Yes.”

Xx09 nodded.

Immediately.

The communication ended.

Shua!

Soon after.

Jiang Li opened the Dominator panel and started to merge the level-one soul Tinder.

There were a total of 2910 level-one soul Tinders, which could be fused 291 times.

“Fuse.”

Jiang Li confirmed.

Buzzzzzz!

The fusion interface appeared.

in the interface.

The ten level-one soul Tinders began to merge and condense together.

[fusion successful!]

A notification appeared.

“Continue!”

Jiang Li continued to operate the Dominator panel and merge the soul Tinder.

the fusion interface flickered with a luster, and the level-one soul tinders lined up in a row and gathered in the center, with bursts of light shining.

merging in progress. Countdown: 10,9,8,7 ”

The countdown ended.

[fusion failed!]

.....

[fusion failed!]

.....

[fusion successful!]

.....

Time passed.

It took Jiang Li almost half an hour to fuse two hundred and ninety-one times in total. He used up two thousand nine hundred and ten level-one soul Tinders.

he had failed 192 times and succeeded 99 times.

He had obtained a total of 99 level-two soul Tinders.

“Whoosh!!!”

The pitch-black level-two soul Tinder floated in front of Jiang Li. It was shining with a dark luster like a black spot of light.

Jiang Li now had 183 level-two soul Tinders.

...

It could be fused 18 times.

activate the soul Tinder fusion function and fuse ten level-two soul Tinders.

Shua!

Jiang Li waved his right hand and ten black level-two soul Tinders entered the soul Tinder fusion interface. The black light dots lined up.

Buzzzzzz!

After that.

the ten light spots slowly gathered in the middle.

merging in progress. Countdown: 10,9,8,7 ”

Ten seconds passed.

Pitch-black light filled the entire realm.

[fusion failed!]

...

Four large words in red appeared.

“Continue.”

shua!

Jiang Li continued to merge.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

[fusion failed!]

.....

[fusion failed!]

.....

[fusion successful!]

.....

A few minutes later.

Jiang Li fused 18 times and used up 180 level-two soul Tinders. He failed 15 times and succeeded three times. He got three level-three soul Tinders.

Shua!

Three pure white soul Tinders were floating in front of Jiang Li like white light spots. They were three level-three soul Tinders.

I've succeeded three out of 18 times. That's one in six.

I have four level-three soul Tinders now, "Jiang Li murmured. if I get five more, I'll have nine level-three soul Tinders.

at that time, I'll be able to activate the stage three mechanical Army with another 100 million energy points.

An hour later.

After Luo Tianshui was done with the trifle matters after the battle, he personally sent the three copies of the map of the spirit desolate County, as well as the original map, to the commander's tent.

“My King, this is the map you wanted.”

Luo Tianshui handed over the map with both hands.

“Yes.”

Jiang Li asked Wang Gang to bring it over.

After that.

He opened the map and confirmed that there were no problems with the four maps.

“Let’s go down,”

go. Jiang Li waved his hand.

“Yes.”

Luo Tianshui nodded and left the tent.

“GJS01, CQ01, CQ02, CQ03.”

Jiang Li stood up.

“Yes,”

Immediately.

the four perfected-stage elite meches stood in front of jiang li in a straight line. they were expressionless.

He looked quite cold.

“Take the map.”

“let’s go.” jiang li gave the four maps to the four perfected-stage elite meches and said, “you will lead troops one, two, three, and four to the spiritual desolate province. each of you will be equipped with 10000 meches.”

“Your mission this time is to take down the six barbarian cities in the spirit desolate province as fast as possible. After taking down the Barbarian cities, immediately search the entire city and bring back all the resources and wealth.”

after all six barbarian tribes have been taken down, the four troops will gather and head towards the spirit desolate County city. We will take down the spirit desolate County city as well.

“yes!”

the four perfected-stage elite meches saluted jiang li at the same time and said in unison, ” “I promise to complete the mission!”

“Alright,” he said.

okay. Jiang Li nodded. go. Act immediately.

“Yes.”

The four perfected-stage elite meches turned around and left the commander’s tent. They then gathered four teams and split into four groups.

“Rumble!”

The roar of the car engine sounded.

Transport trucks, artillery Jeeps, and main battle tanks drove out of the city gate and left the territory of the great Xia Prefecture.

eh? aren't they the soldiers of the King of Jiang County? ”

“What are they doing?”

could it be that we have to cross the border river and enter the black snake barbarian Kingdom's spirit desolate County? ”

“But how do we cross the river without a bridge?”

“This bi an ...”

On the city wall.

what's going on? ” the patrolling soldiers of Tianshui city saw the four troops Jiang Li sent out and started talking.

It could be seen.

The transport meches, tank meches, and artillery soldiers didn't seem to see the border river. They just swam across the river and drowned them.

“This bi an ...”

The celestial water city's soldiers couldn't help but widen their eyes.

After that.

The transport meches, tank meches, and artillery meches emerged from the border river, making a lot of noise.

Just like that, they swam across the border river and entered the spirit desolate province.

“this works too?”

“Directly wading across the river?”

“They won’t be drowned?”

“.....”

The soldiers rubbed their eyes and exclaimed in shock.

Obviously.

The Jie river’s current was not fast, and it was only twenty meters wide, so it was relatively narrow. It was about ten meters deep.

Although it could drown the meches and affect them, it wasn’t a big deal.

At the very least, he could swim across the river.

The meches were waterproof, so it wouldn’t affect the firearms.

Of course.

If it was soaked in water for a long time, there would definitely be problems.

it would be fine for a short period of time.

Furthermore ...

Cannonballs couldn’t be fired in the water, and firearms would be ineffective.

After all, this was the Army, not the Navy.

After crossing the border wall of the black snake barbarian kingdom, the four troops that Jiang Li sent split up and headed to the four cities closest to the spiritual desolate County.

A few minutes later.

The soldiers of Tianshui city couldn't see their figures.

In the commander's tent.

Shua! Shua! Shua!

Communication screens appeared in front of Jiang Li. While he was contacting the four troops, he also contacted xx010.

Unknowingly.

It was already late at night.

Jiang Li didn't have time to rest.

"My Lord, we'll be able to reach Hope City in about ten minutes."

Xx010 said.

"Yes."

Jiang Li rubbed his forehead, looking tired. He nodded and said, " "Increase the speed."

"Yes."

Xx010 responded.

“chief sovereign, you should rest for a moment.”

the communication can be maintained, ” Wang Gang said. if anything happens, we can wake you up immediately.

“That’s good.”

okay. Jiang Li nodded. keep an eye on it for me.

“Yes.”

Wang Gang, ynsh01, and the others nodded.

jiang li closed his eyes and leaned against the chair to rest. he soon fell asleep.

Ten minutes later.

Ten perfected-stage type 2 mechanical Rangers arrived at Hope City.

“Chief sovereign.”

Jiang Li! Wang Gang shouted in Jiang Li’s ear.

“what is it?”

Jiang Li woke up immediately.

xx010 and the others have arrived at Hope City.

Wang Gang said.

“Oh.”

xx010. Jiang Li came back to his senses and looked at the communication screen with xx010.
xx010, what’s the situation in Hope City? ”

“Chief sovereign, please take a look.”

Xx010 turned the camera around.

They were now thousands of meters away from Hope City. Standing on a Hill, they could see the magnificent view of hope City from afar.

In the image.

kill!!!

“Hahahahaha!”

” attack!!! ”

brothers, we’ll take down Hope City. When the time comes, we’ll play however we want!

” charge!!! ”

All around Hope City.

There was a large number of mountain bandits, and the most terrifying thing was that these mountain bandits even knew how to form an Army. Their equipment was also extremely good, and their momentum was like a rainbow.

Obviously.

They were definitely not ordinary bandits.

It could be seen.

Xiao Helong, the chief of the hidden Dragon stockade, was like a god of War on the battlefield. He was invincible and had a cultivation base of perfected stage two. No one could stop him.

“Thump!”

Xiao Helong’s giant axe swept across the sky, sending hundreds of Hope City soldiers flying. Blood splattered everywhere, and the soldiers ‘screams rang out.

“Hahahahaha!”

Xiao Helong’s body was covered in blood, but it was the blood of his enemies. It’s so cool!”

Guo Yi, you coward! Come down and fight me!

Xiao Helong raised his giant axe and pointed it at Guo Yi, who was standing on the city wall, and roared.

“Damn it!”

Guo Yi’s face was gloomy as he stared at Xiao Helong. He held his tiger head saber tightly and suppressed his impulse to jump down and fight with Xiao Helong.

in the surroundings.

The situation in Hope City was not optimistic. The hidden Dragon stockaded village had nearly 40000 soldiers, while Guo Yi’s Hope City only had 20000 soldiers. The difference was almost double.

Fortunately ...

Hope City was in the middle of a defensive battle. Although they were at a disadvantage in terms of military strength, it would not be an easy task for the hidden Dragon stockaded village to break through hope City.

However, if this continued, as the casualties increased, Hope City would definitely fall.

“hmm, it seems like there’s no 3rd rank among the bandits.”

“let’s go.” jiang li looked at the battlefield on the screen and gave an order, “in that case, don’t worry. just attack and defeat the bandits of the hidden dragon village.”
