

Army 175

Chapter 175 return

Jiang Li then walked out of the commander's tent, followed by Wang Gang and the other meches. 30000 walking corpse puppets stayed outside the camp and 80000 meches were stationed in the camp, taking up a large area.

“My King!”

“your highness!”

“.....”

in the surroundings.

The soldiers of Tianshui city all saluted Jiang Li. They were very respectful and didn't feel distant like they were yesterday.

Jiang Li had given out nearly 200000 blood refinement pills yesterday, which helped him win over some people's hearts.

Soon after.

Jiang Li went to Luo Tianshui.

Luo Tianshui was patrolling on the border city wall.

“My King.”

Luo Tianshui bowed.

“Yes.”

yes. Jiang Li nodded and said, " Lord of Tianshui city, I have a task for you.

"Please give your orders, regional King."

Luo Tianshui said.

"Build a floating bridge on the border river today."

Is there a problem? " Jiang Li asked.

"A floating bridge."

No problem, " Luo Tianshui murmured.

"Yes."

yes. Jiang Li nodded. give the order.

"yes."

Luo Tianshui said.

" let's go. " jiang li walked down the border wall.

"City Lord, what is the king of Jiang County Planning to do?"

Zhang Feiyang asked in a low voice.

"Don't ask too much."

"just complete the mission," luo tianshui said.

“Yes.”

Zhang Feiyang nodded.

Luo Tianshui gave the order and mobilized 2000 soldiers to start carrying boulders and piling them into the Jie River. He was obviously planning to fill a bridge with boulders.

The commander’s tent.

“Whoosh!!!”

Jiang Li took out the blood refining bead and held it in his right hand. He started to absorb the pure blood energy in the blood refining bead and turned it into his own internal force.

It was obvious.

This time, Jiang Li felt that his refining speed and cultivation speed had increased. It was one level higher than before.

if ...

When he was cultivating in the past.

If Jiang Li was using a cart, then he was like riding a bicycle. His cultivation speed was much faster.

“looks like the thousand year spirit pith flower’s effects aren’t bad.”

Jiang Li was overjoyed and murmured, ” “If I can get a few more spiritual herbs or medicinal pills that can improve my aptitude, I can get rid of the title of trash.”

time passed.

Jiang Li had been cultivating for almost a day.

with the help of the blood refinement bead, he had gained quite a lot. the inner energy in his dantian had strengthened a lot. he estimated that after a few more days of cultivation, he would be able to accumulate enough inner energy to try to open the third meridian.

In the evening.

The four troops had returned.

Jiang Li was already waiting on the city wall as soon as he got the news.

“Rumble!”

The roar of the engine was heard.

In front.

the four vehicles drove over, bringing with them clouds of dust. the large military transport trucks were filled with a large number of spoils of war.

On the Jie River.

...

It was a stone bridge built with huge stones. Although it was not very strong, it could still be used temporarily. It was much stronger than a pontoon bridge.

The convoy returned through the stone bridge.

He returned with a full load.

A large amount of resources, wealth, pills, and spiritual medicine filled the transport trucks.

In the surroundings.

The celestial water city's soldiers looked from afar and could clearly see that the special carriages were filled with a large number of spoils of war. It was difficult to estimate the value of these things.

“Could all these things have been plundered from the spirit desolate province?”

Zhang Feiyang swallowed his saliva.

“What else?”

Luo Tianshui said.

“This is too much.”

...

The other Deputy general, Wang Dalei, exclaimed, “I estimate that at least four barbarian cities have been plundered. Otherwise, there's no way there would be so many things.

“I don't think it's just that.”

“And don't forget, the Army that the Duke of Jiang County sent out last night will be back this evening,” said Li Qing, the Deputy general.

in other words, they only spent less than a day and a night to sweep through the entire spirit desolate province and take down six barbarian cities.

“Si si si ...”

when the other soldiers heard this, they all gasped.

“It’s not just that.”

Luo Tianshui’s gaze fell on a large military transport truck, and something inside caught her eye.

not only the six barbarian cities, but the capital of the spirit desolation County has also been taken down by them. The tattered county flag in the carriage is proof of that.

“This bi an ...”

Zhang Feiyang’s eyes widened.

“it really is!”

Li Qing looked in the direction of the voice and saw the broken county flag that was covered in blood. It was probably taken by the meches when they were cleaning up the battlefield.

in one day and one night, they took down six barbarian cities, then took down the capital of the spiritual desolation province, and finally returned with a full load.

“the casualties are almost negligible.”

such combat strength is simply too terrifying.

The four troops returned to the barracks and stopped in the open space.

“My King.”

GJS01, CQ01, CQ02, and CQ03 stood in front of Jiang Li and saluted at the same time. reporting to my King, the six barbarian cities of the spirit desolate County, including the county city, have all been taken down. The six cities and County cities have been destroyed, and nearly a million barbarians have been slaughtered.

bring back all the supplies.

mission completed!

“Alright,” he said.

“good job.” jiang li nodded in satisfaction. “well done.”

Four troops.

Excluding the Intel meches, the 40000 meches completed the task in one day and one night.

Furthermore ...

He only lost 1010 perfected-stage level one meches, 100 early-stage level two meches, and five perfected-stage level two meches.

Among them.

The ten perfected-stage level one meches started the self-destruction sequence, but the early-stage and perfected-stage level two meches didn't.

A total of 162500 energy points had been recovered.

The consumption of war.

it cost him 5200 energy points to refill the ammunition and recover the meches.

“bring the spirit crystals in.”

Jiang Li walked into the commander's tent.

“Yes.”

okay. GJS01 nodded and moved a Jade box down from the large military transport truck in the front. He followed Jiang Li into the commander's tent.

in the surroundings.

the soldiers of tianshui city gathered, but they didn't dare to get too close. they only watched from a distance, sizing up the various items on the transport trucks.

Obviously.

With so many items and spoils of war, the soldiers were extremely envious. At the same time, they were also a little envious. They discussed animatedly and noisily.

"Zhang Feiyang."

Seeing this, Luo Tianshui frowned and said in a deep voice, "Disperse all the soldiers. It's not proper for them to gather here like this."

In reality.

Luo Tianshui was also worried that Jiang Li would be unhappy if the soldiers gathered here.

"Yes."

Zhang Feiyang nodded.

"what are you all doing?"

zhang feiyang immediately walked over and shouted, "All of you, disperse."

Immediately.

The soldiers dispersed, leaving with some reluctance.

In the commander's tent.

“Put it on the ground and open it.”

Jiang Li said.

“Yes.”

GJS01 put the jade box with the lower spiritual crystals on the ground and opened it. The lower spiritual crystals inside were all neatly arranged.

There were quite a few of them.

There were a total of 1730 of them.

Among them.

He got 730 from the six barbarian cities and 1000 from the spiritual desolation County. The spiritual desolation County was obviously richer than what he got in Red Dragon County.

“one thousand seven hundred and thirty.”

that's already quite a lot, ” Jiang Li murmured.

Shua!

Jiang Li put his right hand on the lower spiritual crystal.

[discovered item that can be converted into energy points. Do you want to convert it?!]

“Yes.”

Jiang Li immediately confirmed.

Buzzzzzz!

a white light flashed.

The 1,730 lower spiritual crystals in the jade box had all disappeared.

” conversion successful. you’ve received 17300000 energy points! ”

a notification appeared.

“Alright,” he said.

Jiang Li was overjoyed.

More than 17 million energy points were in his hands.

Shua!

The Dominator panel opened.

In the energy points column.

The number of energy points increased from 10079300 to 27536600.

the energy points have increased to nearly thirty million.

there are too many soldiers at the border defense line, ” Jiang Li murmured, ” it’s not easy to convert the herbs. I should go back to great Xia city soon.

” the border defense line must be left with troops to guard against the black snake barbarian kingdom’s attack. ”

“we also need to station our troops at the green mountain range.”

“We don’t have enough troops.”

The next day.

Jiang Li was ready to leave the border defense line. He left 30000 meches and 30000 walking puppets to guard the border.

Among them.

perfected-stage level one mech.

Six thousand combat meches, six thousand cold weapon meches, six thousand firearm meches, six thousand biochemical meches, and five Intel meches.

Early-stage level two mech.

1,000 electric-powered meches, 1000 transport meches, 1000 artillery soldiers, 1000 tank meches, and 1000 mechanical Rangers.

Perfected-stage level two mech.

200 electric-powered meches, 200 transport meches, 200 artillery meches, 200 tank meches, and 200 mechanical Rangers.

the temporary commander was ynmyq01.

There were a total of 30006.

“farewell, my king!”

Outside the military camp.

Luo Tianshui, Luo Yilin, and the others stood at the front. Behind them were the soldiers of Tianshui city and the 30000 meches temporarily led by ynmyq01.

“Rumble!”

Jiang Li sat in the passenger seat of YS01. The car drove at full speed, stirring up clouds of dust and gradually disappearing from Luo Tianshui’s sight.

“Let’s go back,”

Luo Tianshui looked away. don’t let your guard down. There must be enough patrols on the border city wall at all times to prevent a sneak attack from the black snake barbarian kingdom.

“Yes!”

The soldiers responded in unison.

“Luo Tianshui city Lord, 30000 walking corpse puppets can move 24 hours a day. They are qualified to patrol.”

The huge ynmyq01 walked over, and the psionic mammoth Knight jumped down from the back of the soldier and stood in front of Luo Tianshui.

“Alright,” he said.

Luo Tianshui nodded. it’ll be great if you can help.

At noon.

when jiang li returned to the great xia city, guo yi from hope city was leading the team to deliver all the spirit herbs and herbs in hope city.

The two sides met in the great Xia city.

“your highness!”

Guo Yi ran over and said in a flattering tone, ” this subordinate has finally met you. These are all the medicinal herbs and spirit herbs in Hope City. Please check and accept them.

“Hmm, not bad.”

okay. Jiang Li glanced around and saw that the carriages were filled with herbs. There was a strong smell of herbs. He nodded and said, ” send them to the city Lord Mansion.

“Yes, yes,”

Guo Yi quickly nodded.
