

Army 179

Chapter 179

Jiang Li was ambitious. He wanted to accumulate nine level-three soul Tinders and then unlock the level-three mechanical Army.

as long as the level 3 troop class was unlocked.

At that time.

If it was a level three soldier type.

It was enough to destroy the great Qian dynasty, the black snake barbarian kingdom, and the red eyebrows Yao Kingdom.

even if he encountered a 4th rank, he would not be afraid.

However ...

It wasn't easy to gather nine tier-three soul Tinders, and it also required 100 million energy points. It was very difficult to meet the conditions to unlock them.

“hu ~~ hu ~ hu ~”

Jiang Li took a deep breath and made a decision. rather than thinking about the ‘stage three mechanical Army’, I might as well turn the resources I have into a powerful force that I can control as soon as possible.

“Using battle to sustain battle is the right way.”

“upgrade to mechanical emperor crocodile ranger.”

Jiang Li used two level-three soul Tinders and 20000 energy points to upgrade the mechanical crocodile Emperor cavalry.

Buzzzzzz!

Two tier 3 soul Tinders flew out, shining with a white light, and merged into the mechanical crocodile Emperor Ranger's body. 20000 energy points were also integrated into it.

A White Radiance flickered.

He was modifying and upgrading the mechanical Emperor crocodile Ranger.

Buzzzzzz! Buzzzzzz!

A few seconds later.

The white light disappeared.

The mechanical crocodile Emperor had completed its upgrade. The crocodile Emperor's body had grown to 16 meters long, and black veins had appeared on its body.

Not only that.

The mechanical crocodile Emperor Knight's face was also covered in black runes.

“Whoosh!!!”

dark psionic light flickered around his body.

Mechanical psionic energy!

Obviously.

After being upgraded to stage three, the mechanical Emperor crocodile cavalry had mastered mechanical psionic energy and became a psionic Emperor crocodile cavalry with a new skill.

All the weapons and equipment had been modified into psionic weapons.

“continue to level up.”

Shua!

Jiang Li used 2800000 energy points to upgrade the psionic Imperial crocodile cavalry. It leveled up three levels in a row and reached the peak of level three.

“Whoosh!!!”

It only took a few seconds.

the promotion was completed.

“Roar!”

The psionic Imperial crocodile cavalryman roared, and the sound waves seemed to have substance. It was deafening, as if an ancient beast had awakened, and its power was monstrous.

It could be seen.

After reaching the perfected stage of Tier 3, the psionic Imperial crocodile cavalryman did not change much. It was still 16 meters long, and the psionic Imperial crocodile cavalryman looked small on the back of the Imperial crocodile.

The only change.

The light of psionic energy around his body had become denser, and the psionic runes had become denser. His weapons, equipment, and skills had all been upgraded to top-tier Tier 3.

His strength had greatly increased.

Shua!

Jiang Li immediately checked the information of the psionic crocodile Emperor.

“Nine powerful skills.”

it's another powerful rank-three elite troop, just like the psionic mammoth Rangers, but it's bigger and more destructive on the battlefield. Jiang Li was delighted.

Soon after.

I'll go with you. Jiang Li made another mechanical Ranger and added it in, making the number of mechanical Rangers reach 6000 again.

Shua!

The Dominator panel opened.

Jiang Li only had 1267300 energy points left.

more than a million energy points. For the time being, it's enough to support the consumption of a few Wars.

Jiang Li thought to himself.

Currently.

Jiang Li had 190109 meches in total.

Among them.

They had 160100 perfected-stage level one meches, 25500 early-stage level two meches, 4506 perfected-stage level two meches, and three perfected-stage level three meches.

“The temporary military camp in the city is almost full. It’s time to expand the temporary military camp. It’s best to mobilize all the citizens of the great Xia city and build it as soon as possible.”

okay. Jiang Li pondered. for the time being, you can stay outside the city.

“Yes!”

yes! the 90000 meches responded in unison.

It was already late at night when Jiang Li returned to the castellan mansion. Du Xiaohua had been waiting for him. She boiled some water. After Jiang Li washed his face and feet, he changed and went back to his bedroom to rest.

on the other side.

King Jin County.

Unlike Xiao Helong, who had suffered a tragic fate, the Army led by Wang Zhuoying, the hidden chess piece of the half-monster Alliance in Jinwang County, was at the peak of its power. They had already taken down a city in Jinwang County, Yonghe City, and expanded their forces.

When Prince Jin received the news, he immediately sent troops from the county to Yonghe City to suppress the rebellion with the soldiers from the other three cities.

However ...

when prince jin’s army arrived at yonghe city, wang zhuoying had already left. he had taken away a large number of young men and all their wealth.

All that was left was an empty city.

the most important thing was ...

They still didn’t know where Wang Zhuoying had escaped to.

“They escaped. This rebel army is quite cunning.”

Jin He, the Commander-in-Chief of Jin Wang’s Army, looked at the empty city in front of him, his expression was very ugly, and he said in a deep voice, “However, the operation this time was extremely secretive. If the rebel army had not received the news beforehand, they would not have retreated so quickly and cleanly, not leaving any traces behind.”

” they’re clearly prepared to evacuate. ”

“.....”

Jin He turned around and looked at the people behind him.

“This Suan ni, this Suan ni”

“Lord Commander, we don’t know either!”

“Yup!”

The commanders of the other three cities were pale and said repeatedly.

I’m not sure if there’s a problem with you, and I don’t have any evidence to prove anything. But I’ll report this matter to Prince Jin. I hope you’re really fine.

Jin He coldly snorted.

“Go!”

finished speaking.

Jin He turned around and left on his horse,

“Yes.”

King Jin’s Army followed closely behind.

“.....”

The commanders of the other three cities looked at each other and followed.

“Hehe, what a bunch of trash.”

in the distance.

Wang Zhuoying stood on the peak of a mountain, holding a telescope in his hand, looking at Jin He and the others from a distance, “you guys want to catch me, you can’t even touch my tail.” “What?”

with the resources and weapons of Yonghe City, it’s enough to continue expanding the Army.

“Our next target is Dachang city.”

Obviously.

prince jin had mobilized the troops of the other three cities, as well as prince jin’s army, in preparation to annihilate the rebel army in yonghe city. however, wang zhuoying had received the news in advance and had withdrawn from yonghe city.

now.

The defenses of the other three cities in Jin Wang County were relatively empty, so Wang Zhuoying decided to beat them at their own game and lead the rebel army to the nearest ‘da Chang city’.

At this moment.

Black snake barbarian kingdom.

The capital.

“Report!”

The Barbarian soldiers ran over at an extremely fast speed and knelt outside the hall.

Within the palace.

The decorations were gorgeous and magnificent.

“Come in.”

The Barbarian King sat on the highest throne. His voice was dignified and deep. He was dressed in a Black Dragon robe and had a handsome face with pure black patterns.

He took a closer look.

The black Totem patterns on his face were not dense. Instead, they were sparse, like a Black Dragon.

Below.

They were high ranking barbarian generals and officials. They stood in two rows on the left and right. The Civil officials were on the left, and the military generals were on the right.

Regardless of whether they were civil officials or military generals, they had all cultivated the totem Mystic technique and were extremely powerful. However, relatively speaking, civil officials were good at managing politics, economy, and government affairs.

Generals were good at killing enemies and leading troops in battle.

report from the front line: man tianwu, Huang Wuhao, and Kaishi have all died in battle. Two hundred thousand barbarian soldiers have been annihilated. The six barbarian cities and the county

capital of the spirit desolation County have all been destroyed and massacred. Nearly a million barbarians have been killed, and their blood has formed a River.

The soldier entered the hall and knelt on the ground. He lowered his head and his tone was a little fearful.

“What!”

“This is impossible!”

200000 barbarian soldiers, and man tianwu is at the late stage of the third level. It’s just a mere Tianshui city, how can it have such powerful combat power? ”

“damn it!”

didn’t the half-monster Alliance say that the great Qian dynasty was in chaos and that there were rebels everywhere, so they had no time to take care of the border counties? Could it be a fake?”

“The DA Qian Empire has sent reinforcements?”

Within the palace.

The officials and generals couldn’t help but exclaim, and the entire Hall was noisy.

“Silence!”

Buzzzzzz!

The Barbarian King lightly shouted, and an extremely terrifying aura spread out, suppressing the entire Hall. All the officials and generals immediately shut their mouths and knelt on the ground.

“What else?”

the barbarian king asked.

“report back to the barbarian king.”

it’s not the great Qian dynasty’s Army, ” the soldier continued. it’s Jiang Li, the new city Lord of great Xia city. He has a powerful Army.

“The 200000 barbarian soldiers and the incident in the spirit desolate province were all done by him.”

“Jiang Li.”

“I think I’ve heard of this name before.”

“I remember now.”

“Didn’t the red eyebrows demon Kingdom send troops to attack the great Xia city? Furthermore, it was the Crown Prince who led the 100000 soldiers of the demon Kingdom. Logically speaking, the great Xia city should have been destroyed long ago.”

“This bi an ...”

the officials and generals were all stunned.

“.....”

The Barbarian King pondered. Jiang Li isn’t dead and he still has the strength to send reinforcements to Tianshui city. The only answer is that Jiang Li killed the crown prince’s 100000-strong Army.

I’ve underestimated Jiang Li.

Jiang Li must have the combat strength of a perfected-stage level three if he can kill the crown Prince, the general of the Yao Kingdom. Plus, he can kill 100000 soldiers of the Yao Kingdom and even 200000 of our barbarian soldiers.

“he has more than one hundred thousand soldiers.”

“Or even more.”

“hehe.”

the barbarian king chuckled. ” in this case, if we want to take down the black dragon county, we’ll have to mobilize two or more level-three perfected stage totem warriors, ten or more level-three totem warriors, and a million barbarian soldiers to form a level-three totem army formation. ”

“a million barbarian soldiers!”

“This bi an ...”

“Barbarian King, please reconsider!”

“It’s not worth it to mobilize so many barbarian soldiers for a mere County.”

moreover, the countries at the border of the black snake barbarian kingdom are not easy to deal with. If they know about this news, they will probably take the opportunity to attack us.

Instantly.

The Civil officials and generals in the hall persuaded one after another.
