

## Army 181

### Chapter 181 Preparation

Jiang Li! Chang pingwang shouted loudly to show his loyalty.

Hong Tianqi lowered his head and looked at Chang pingwang, who was kneeling on the ground. His mouth twitched.

This was really a vile person!

Jiang Li smiled, then bent down and helped Chang pingwang up. He said, "I've seen Castellan Chang's loyalty today."

"i am very pleased."

so, I'll leave the matter of Zhuo linyue to you.

"me?"

Chang pingwang was stunned.

"Is there a problem?"

Jiang Li's tone became more serious.

Chang pingwang immediately came back to his senses and quickly replied, "Please rest assured, my Lord. I will capture Zhuo linyue and hand him over to you."

"There's no need for that."

No. Jiang Li waved his hand. just bring his head here.

“yes!”

Chang Ping nodded.

“Go on.”

good news. Jiang Li waved his hand. I’ll wait for your good news.

“This subordinate will take his leave.”

Chang pingwang cupped his hands and left.

“Daren, you are so at ease to let Chang Ping deal with this matter in vain?”

hong tianqi waited for chang pingwang to leave before saying, ” “Let’s not talk about whether we can take down five lakes city with the military strength of Pingding city.”

“Even if we take it down, I’m afraid it’ll be a result of both sides suffering.”

but if we don’t succeed and Zhuo linyue escapes, we’ll be letting the Tiger back into the mountain. Furthermore, if Changping and Zhuo linyue collude and escape together, it’ll be even worse.

“Hehe.”

jiang li smiled. ” zhuo linyue and chang pingwang, one of them wanted to run away, and the other wanted to show his loyalty to me. they didn’t hesitate to tell on me. ”

these two city Lords have nothing to do and have too much energy. Let them have a good fight and then vent their energy.

“Save me the trouble of looking for trouble.”

“Eh?!”

hong tianqi nodded and stopped talking.

“Go and do your things.”

Jiang Li waved his hand.

“This subordinate will take his leave.”

Hong Tianqi left.

On the other side.

Chang pingwang left the great Xia city on his horse. On the way back to Pingding city, he had a depressed expression on his face. It could be said that he was troubled and conflicted.

originally.

Jiang Li! Changping thought that Jiang Li would be furious and attack five lakes city if he told Jiang Li about Zhuo linyue’s betrayal.

At that time.

he could be considered to have done a good job in reporting it.

However ...

Jiang Li didn’t seem angry. He didn’t even intend to send out troops. He even gave her full authority to deal with this matter and asked her to send troops to attack five lakes city.

“Detestable!”

Chang pingwang's expression turned ugly. what do we do now? Should I send troops? if we send troops to attack five lakes city, we will definitely suffer heavy losses.”

if we can't take down five lakes city, I'm afraid we'll be punished by Jiang Li.

but if I don't, I'll offend Jiang Li. I won't have a good life in the great Xia County. I might even be killed by Jiang Li.

It could be said that ...

Chang pingwang was in a difficult position.

do I really have to abandon Pingding city that I've been running for so many years and escape the great Xia province with Zhuo linyue? ”

Chang pingwang pondered.

Within the great Xia city.

Jiang Li went to the temporary camp.

“jc01.”

Jiang Li said.

...

“Chief sovereign.”

Jiang Li. JC01 stood in front of Jiang Li and saluted.

“Yes.”

Jiang Li nodded. JC01, I order you to lead 2000 combat meches, 2000 cold weapon meches, 2000 firearm meches, 2000 biochemical meches, two Intel meches, 400 electric meches, 400 transport meches, 400 artillery meches, 400 tank meches, and 400 mechanical Rangers.

each type of level two mech will have ten meches at the perfected stage of level two.

including you, a total of 1003 meches, head to five lakes city as fast as possible. Don't attack immediately after you arrive. Wait for my orders.

“Yes.”

JC01 saluted again. I promise to complete the mission.

“Let's go.”

jiang li waved his hand.

“Rumble!”

...

The engine roared.

immediately.

Four hundred transport meches came out of the temporary camp. They all got on large military transport trucks, followed by the artillery and tank meches.

JC01 led the 1st unit and set off. They left the great Xia city and headed towards five lakes city.

“.....”

jiang li only glanced at it and then looked away.

“GJS01.”

soon after.

let’s go. Jiang Li sent out another troop. This one had the same number of soldiers as JC01. lead a troop to Hope City. Stay there and wait for my orders.

“Yes.”

GJS01 nodded.

immediately.

The second unit left the city.

After that.

Jiang Li sent 30 Intel meches to the Green Mountain Range. They only had one task, which was to keep an eye on the red eyebrows devil Kingdom.

One had to know.

The Green Mountain Range was very long.

Last time, Jiang Li sent out three troops to guard the middle, the head, and the tail of the mountain range, but the Crown Prince found a loophole and surrounded the first unit.

so,

this time.

Jiang Li no longer sent troops to guard the mountains. Instead, he only sent thirty Intel mechs to the mountains.

The Intel mech could monitor the entire Green Mountain Range.

At that time.

As long as the demon Army showed up, the Intel mech would notice it immediately and report to Jiang Li. Jiang Li would be able to respond in time.

Of course.

Without any troops stationed at the Green Mountain Range, the Yao nation's Army would March straight into the great Xia County's territory, causing casualties to the surrounding villages.

Furthermore ...

The probability of the Intel mech being discovered was also very high.

Jiang Li was ready to sacrifice the Intel mech.

It would be fine as long as he could get the news at the first moment.

In the evening.

The escort team from Tianshui city arrived in the great Xia city. They entered the city and brought back a large number of spirit herbs, but the number of ordinary herbs was very small.

Last time, Xu Ya had almost bought all the ordinary herbs in Tianshui city.

however ...

As the number one city in the great Xia province, Tianshui city had accumulated a large number of spiritual herbs over the years, far more than the other four cities.

” my lord, this is the list of medicinal herbs and spirit medicines. please take a look. ”

Xx011 gave the list to Jiang Li.

“Yes.”

Jiang Li nodded and read it.

Among them.

There were 3000 ordinary spiritual herbs, 20600 low-grade Tier 1 spiritual herbs, 15550 medium-grade Tier 1 spiritual herbs, 10000 high-grade Tier 1 spiritual herbs, and 5000 top-grade Tier 1 spiritual herbs.

There were 500 low-grade Tier 2 spiritual herbs, 300 medium-grade Tier 2 spiritual herbs, and 100 high-grade Tier 2 spiritual herbs.

Similarly, there weren't any spirit herbs of tier two or tier three and above.

“Send it to the warehouse.”

Jiang Li put away the list.

“Yes.”

The meches started to move.

Half an hour later.

The medicinal herbs had been transported.

“guard well.”

Jiang Li walked into the warehouse and asked the meches to guard the door.

“Convert.”

Jiang Li put his right hand on the herbs and spirit herbs.

Buzzzzzz!

A white light flashed.

All the herbs and spirit herbs disappeared.

conversion successful. You’ve received 1482000 energy points!

A notification appeared.

After all the spirit herbs and medicinal herbs in Tianshui city had been converted, they had obtained more energy points than five lakes city and pacifying city combined.

Shua!

The Dominator panel opened.

The number of energy points increased to 3541300 points.

After the escort team safely sent the herbs to the great Xia city, Jiang Li asked them to return to the border defense line of Tianshui city.

During this period of time.

The black snake barbarian kingdom didn't do anything and didn't send out any troops either. It was very peaceful. Ynmyq01 would report the situation at the border of Tianshui city to Jiang Li every day through xx02.

Since Jiang Li gave out nearly 200000 blood refinement pills, the soldiers of Tianshui city had improved by leaps and bounds after taking the blood refinement pills.

Nearly a thousand peak-stage elementary level soldiers had broken through the barrier and condensed their internal force, reaching the early stage of level one. There were even more than a dozen commanders who had broken through to the early stage of level two.

there were many improvements.

This way ...

The strength of the celestial water city's Army had increased by a lot.

Furthermore ...

The three Deputy generals of Luo Tianshui, Zhang Feiyang, Wang Dalei, Li Qing, and Luo Yilin, all broke through one after another and reached the perfected stage of level two.

of course.

This was because Luo Tianshui had given her share of blood refinement pills to Luo Yilin and the others. In addition, they already had blood refinement pills and were on the verge of a breakthrough.

Only then did he achieve an official breakthrough.

"It's a good thing to improve your strength,"

Jiang Li finished listening to ynmyq01's report.

master, JC01's 1st unit and GJS01's 2nd unit have sent a message, they have arrived at the mission destination.

Xx01 reported.

"Yes."

Jiang Li hung up the communication with ynmyq01. connect to the Intel mech of unit one.

"Yes."

Xx01 nodded.

buzzzzzz!

there was a flash.

the communication was connected. xx01 raised his wrist and formed a communication projection in front of jiang li. it was xx020 and jc01.

"chief sovereign."

JC01 and xx020 saluted Jiang Li.

what's the situation in five lakes city? "

Jiang Li asked.

reporting to the ruler, there seems to be quite a bit of chaos in five lakes city. There are many commoner corpses piled up outside the city, and they are still being burned.

JC01 replied.

Shua!

immediately.

The image was adjusted.

five lakes city. Jiang Li saw five lakes city. Five lakes were connected to the city. In the center was a huge city that was lying on the ground. There was black smoke outside the city.

Vaguely.

One could hear the sound of crying from within the city.

“Zoom in on the image.”

Jiang Li said.

“yes.”

Xx020 nodded.

The image was zoomed in. Under the night sky, the image of the communication wasn't very clear. It was a little blurry, but it could still be seen.

Zhuo linyue had sent out a large number of constables and soldiers to seal off the city. No one was allowed to enter or leave. They burned, killed, and plundered the city.

The Chamber of Commerce, shops, properties, and even the property of the commoners in five lakes city had been robbed.

Those who tried to resist were all killed.

that was why there were so many corpses outside the city.

this Zhuo linyue is really ruthless. He's robbing the Chambers of Commerce and gangs as if they're poor civilians with no family property. It seems like he won't let a single copper coin go.

"jc01. "jiang li squinted. "jc01, did you find any traces of the army of pingding city?"

"I haven't found anything yet,"

jc01 replied.
