

Army 185

Chapter 185

“thump!”

In the image.

The huge axe and the long spear collided with a huge explosion. Waves of vast energy fluctuations spread out and shook the surroundings.

Kachaa! kachaa!

The ground shattered.

The energy from the explosion set off a gust of wind.

“Brute force Stomp!”

BOOM!

The psionic mammoth soldier raised its huge elephant hooves, which were like thick stone pillars, and stomped down with all its might, creating a powerful shock wave that shook the Torvosaurus.

“Not good!”

what? “the Torvosaurus was shocked. He activated his totem power, and a black mist spread out to form a defense.

Bang! Bang!

The shock wave spread out and the Torvosaurus was forced back again.

“Knight’s killing cleave!”

Shua! Shua!

the psionic light around the psionic mammoth knight surged, and the long spear shook out, creating many spear flowers. one spear after another, it sealed the torvosaurus’s body and stabbed at its vital parts.

Clang clang clang clang

The Torvosaurus barely managed to resist, but it was already suppressed.

“The commander is being suppressed.”

Behind them.

Jiang Li has such a powerful subordinate. No wonder the Crown Prince died in his hands.

BOOM! BOOM! BOOM!

The artillery continued to bombard the formation of the Barbarian Army. The winged Tigers roared and blocked all the shells.

“how can he be so strong?”

Torvosaurus was extremely shocked. He continuously used his totem secret skill, but he was still suppressed. It was even more difficult for him to turn the situation around, so he kept retreating.

“Psionic amplification.”

buzzzzzz!

Ynmmyq01 activated his Tier 3 ultimate skill. Mechanical psionic energy gushed out of his body and spread out, covering his entire body.

under the enhancement of the mechanical psionic energy.

Ynmmyq01's strength, speed, and defense had all been raised to a new level. It was as if the Torvosaurus had put on a totem armor.

“Thump!”

Ynmmyq01 once again activated its brute force and heavy strike skills. It swept out with all its might. It contained extremely terrifying power, and even the air exploded.

“Ah!”

” arghh! ” torvosaurus screamed as he was sent flying. he vomited blood and flew off the back of the scaled rhinoceros. he flew hundreds of meters before crashing onto the ground.

His injuries were not light.

“roar!”

the scaled rhinoceros howled in grief as it was forced to its knees by this powerful force.

“Psionic spear technique!”

Shua!

The psionic mammoth Knight followed up with another attack. It jumped from the back of the psionic mammoth soldier and directly leaped toward the Torvosaurus that had just gotten up from the ground.

“Whoosh!!!”

As the spear was thrust out, the blade was pitch-black as if it had devoured all the light. It contained an extremely powerful force and condensed the mechanical psionic energy into one point.

“!!!”

Torvosaurus’s pupils contracted. He felt the danger of death.

It was a critical moment.

The Torvosaurus unleashed all of the black Wyrms’ power. The totem power condensed together and formed a lifelike black Wyrms totem. It bared its fangs and brandished its claws as it pounced toward the psionic mammoth Knight.

BOOM!

The mammoth ivory Knight’s spear struck the Black Dragon totem. The two sides collided, and bursts of energy shock waves spread out, creating a huge movement.

Bang Bang Bang Bang!

The next moment.

The black flood dragon totem crumbled inch by inch.

“Pfft!”

“Ah!”

...

Torvosaurus vomited blood again, his face filled with shock.

He was too strong!

The other party was too strong!

Obviously.

A perfected stage rank three psionic mammoth cavalry was an extremely powerful elite troop type. When they were perfected stage two, they could fight against Ye Huang, who was at the early stage of rank three.

Although they were not as strong as early-stage rank three, it was still undeniable that elite troops were powerful.

now.

After being promoted to stage three and awakening the mechanical psionic energy, their strength had become even stronger. They could easily crush an ordinary perfected stage three psionic mammoth Ranger.

The remaining power of the psionic mammoth Knight's spear landed.

clang!

the torvosaurus raised its giant axe to block, but the spear of the mammoth ivory knight pierced through the torvosaurus 'giant axe.

...

“Crack!”

In the end, the Torvosaurus 'armor managed to block the spear. The spear did not pierce through the Torvosaurus' body, but the Torvosaurus 'armor was cracked.

Pfft!

Torvosaurus vomited blood and was sent flying again.

“Commander!”

At this moment.

The three Deputy generals of the wild swamp forest and the Barbarian Dragon Tribe were all third-grade barbarians. After they left the Army, they rushed over at full speed and finally arrived.

He rushed to the Torvosaurus ‘side.

“Sprint.”

BOOM! BOOM!

The huge body of the psionic mammoth soldier charged forward at high speed. The psionic mammoth Knight leaped up and jumped onto the back of the psionic mammoth soldier.

“Psionic control.”

“Whoosh!!!”

The psionic mammoth cavalry immediately activated its strongest skill, and a vast amount of mechanical psionic energy emerged, spreading continuously and enveloping Torvosaurus and the others.

The psionic domain was forming.

death!

The Torvosaurus could clearly feel the aura of death!

Escape!

He had to escape!

If you don't escape, you will die!

“Retreat!”

The next moment.

Torvosaurus turned around and retreated without hesitation. At the same time, he shouted, ” “All troops retreat, leave this place!”

“Commander!”

The three Deputy generals were stunned.

“Let's go!”

this ... the pupils of the desolation forest contracted as he looked at the psionic mammoth cavalry in horror. Such a terrifying power and aura were simply too powerful.

He had only felt it from the ‘general’ in the forest.

One had to know.

The ‘chief general’ had reached the perfected stage of level three for many years, and he had vaguely touched the threshold of level four. In the black snake barbarian kingdom, he was one of the top three experts.

The other party actually had such terrifying strength.

They retreated!

Torvosaurus and the others retreated out of the psionic mammoth Rangers 'mechanical psionic energy range. Then, they led their 400000 barbarian Army and ran away at full speed.

“Pfft!”

the mechanical mammoth ranger's psionic energy spread out and enveloped the scaled rhinoceros. the strange and powerful twisting and destructive power killed the scaled rhinoceros directly.

Its huge body was twisted into a twisted shape, turning into a bloody corpse.

Soon after.

The psionic mammoth slowly retracted the power of the mechanical psionic energy around its body, and the dark psionic light on its body disappeared. It did not continue to pursue.

Not long after.

The 400,000 barbarian soldiers had already run out of the range of the mechanical artilleries, and the mechanical artilleries stopped firing.

“This bi an ...”

“We won! We won, just like that?”

“Hahahahaha!”

they escaped! The Barbarian Army actually escaped!

“Si si si ...”

On the city wall at the border.

The soldiers of Tianshui city all stared with wide eyes, their faces full of shock, joy, and excitement.

to tell the truth.

The arrival of the 400000 barbarian soldiers made the soldiers feel helpless and afraid.

They had thought that they would not be able to defend this time and would die in battle.

but in the end.

let's go. Jiang Li sent out ynmyq01 and used his full power to defeat the Torvosaurus.

Plus ...

King man's order was just to let manlong test Jiang Li's strength.

Hence.

Torvosaurus directly led his 400000 strong Army and ran.

It could be said that ...

This victory was very thrilling.

“Hu ~~ Hu ~ Hu ~”

Jiang Li took a deep breath and murmured, ” it's not too bad. We've defeated the 400000 barbarian soldiers of the black snake barbarian kingdom. The border defense line of Tianshui city should be stable for a while.

I have to say that the strength of the psionic mammoth Rangers is beyond my expectations. They are so powerful. They are both at the perfected stage of level three, but they have completely suppressed the commander of the Barbarian Army.

“I’m just being suppressed.”

The psionic mammoth Rangers had already returned to the border military camp from the other side.

“.....”

in the surroundings.

All the soldiers looked at him in awe.

“This battle is all thanks to you, Sir.”

Sir, “Luo Tianshui walked over and said,” if you hadn’t repelled the commander of the Barbarian Army and crushed their will, they would never have retreated.

“Celestial water city’s master, you’re too kind.”

ynmmyq01 said, ” “It is my duty and duty to guard the border defense line for the Junwang. I feel honored to be able to share the burden of the Junwang.”

“that’s true.”

Luo Tianshui smiled.

“however,”

Luo Tianshui pondered for a while and said, ” I’m guessing that the reason why the Barbarian Army retreated so decisively this time is that they didn’t intend to fight to the death with us from the beginning.

“perhaps they’ve been trying to test our strength from the start. if they can take us down, they won’t let us go. if they can’t, they’ll retreat.”

“If we really want to fight to the death, with the strength of four hundred thousand barbarian soldiers, it will be difficult for us to hold on. Even if your Excellency is powerful, when the war really starts, the other party’s commander will definitely not fight you head-on. He only needs to find a way to delay Your Excellency.”

” when the 400000 barbarian soldiers annihilate all of our forces, we will gather the entire army and kill you with all our might. ”

“Yes.”

Ynmmy Q01 nodded and said, ” “I will tell the Junwang everything the Lord of Tianshui city has said and let the Junwang make a decision.”

“Alright,” he said.

Luo Tianshui nodded.

In reality.

Jiang Li heard Luo Tianshui’s analysis through xx02 before ymmyq01 told him.

it was true.

It was just as Luo Tianshui had said.

jiang li only left 30006 meches and 30000 walking puppets. in total, they had more than 60000 soldiers. even with the soldiers from tianshui city, they only had 80000 soldiers.

This time, the Barbarian Army was 400000 strong.

The difference was huge.

Furthermore ...

There were several third-level barbarians, a lot of second-level barbarians, and a large number of first-level barbarians on the other side. Whether it was strength or number, they were stronger.

If they really started a war ...

the chances of defeat were extremely high.

of course.

Jiang Li had already sent 40000 meches to help as soon as possible. Before the reinforcements arrived, Jiang Li wouldn't attack but would defend passively.

As long as they defended until the reinforcements arrived.

He could turn the tide of the battle.

However ...

Even if they won, Jiang Li's meches would suffer heavy losses. He didn't have enough energy points to replenish his forces.

Even if he won, it would be a Pyrrhic victory.

so,

In the end, they didn't really fight.

jiang li only made a profit.

At the same time.

Jiang Li also bought some time.

On the other side.

The Barbarian Army led by the Torvosaurus.

Torvosaurus 'Mount, the scaled Rhinoceros, had been killed. His current Mount had been replaced by the Deputy General's two-tailed Tiger.

Pfft!

Torvosaurus coughed out black blood. His pale face had recovered quite a bit. He had just taken a healing elixir and refined the medicinal power to recover from his injuries.

"Commander, are your injuries better?"

The forest asked.

"yes."

yes. man long nodded and said, "I was too reckless this time. I didn't expect Jiang Li to have such a powerful subordinate. I'm no match for him at all.

this also shows that the Torvosaurus commander's timely order to retreat was correct.

Said the barren forest.

"in fact, if we really want to fight, i naturally won't fight them head-on. with our 400000 barbarian soldiers, we will definitely be able to take down the defense line at the border of tianshui city, regardless of the price."

"but," manlong said, "i'm worried that jiang li will send reinforcements in time."

forget it. The Barbarian King only asked us to test Jiang Li's strength. We've completed our task. If we want to take Jiang Li down, we need the general to lead the Army.

if we want to ensure that nothing goes wrong, it's best to send out a million troops and form a rank three totem army formation to crush them.

“Right, how are our casualties?”

Torvosaurus asked.

“commander, about ten thousand barbarian soldiers have been killed or injured.”

Said the barren forest.

“What?”

“what?” man long was shocked. “we’ve lost more than 10000 barbarians. how long has it been? and there’s even a level-two formation, but they’ve already caused so many casualties. how can jiang li’s long-range weapons be so powerful?”
