

Army 187

Chapter 187

The great Xia city.

In the city Lord's mansion.

Shua! Shua! Shua!

Communication screens appeared in front of Jiang Li. There were thirty of them, covering his entire field of vision.

In the image.

They were all scenes of various places in Dachang city.

The content of each image was different. The situation of Dachang city was completely presented in front of Jiang Li.

Obviously.

All 30 information meches were deployed. They were scattered in every corner of Dachang city to film and transmit the situation remotely.

Through these images.

Jiang Li had basically analyzed the terrain of Dachang city. It was like a turtle shell. It was hard to attack unless he could lure the rebels out of Dachang city.

However, it was obvious.

That was impossible.

Since the rebel army had chosen Dachang city as their stronghold, they had taken a fancy to the terrain of Dachang city and its various geographical advantages.

It was impossible to leave the city.

Of course.

Jiang Li had artillery, transport meches, and tank meches. He could carry out long-range bombing.

At that time.

The rebel soldiers had to come out even if they didn't want to.

The range of the mechanical artilleries could reach up to 30000 meters. The rebel soldiers did not have such a long-range attack. In the end, they could only leave the city and fight.

Otherwise ...

They could only be bombarded by the artillery shells.

If he couldn't lure them out, he would force them out.

As for the rebel army, they could set up a Stage 2 formation to block the bombardment.

It was even less of a problem.

Jiang Li only needed to send out yndeyq01 and it would be enough to easily defeat the stage two formation of the rebel army. After seeing ymmyq01's strength, Jiang Li was full of confidence in yndeyq01.

"However,"

Although Jiang Li had a plan, he didn't rush into action. these rebels aren't coming for me, so I'll leave them to King Jin's Army.

Obviously.

Jiang Li wanted to let King Jin's Army fight with the rebel army, and then he would clean up the mess and kill the rebel army and King Jin's Army.

He had taken over Jinwang County in one fell swoop.

The plan might not succeed, but he could try.

It would be a good thing if they succeeded, as they could reduce their losses. If they didn't succeed, they could just crush them head-on.

He was thinking.

what's going on? ” there was a new movement on the leftmost side. Jiang Li looked up and saw a large human army.

It had reached 200000.

A huge flag was raised in the Army.

It was King Jin's Army.

“The characters have entered.”

Jiang Li looked at the human army on the screen and murmured, ” “The show is about to start. 200000 Jin soldiers against 100000 rebel soldiers.”

“Who won and who lost?”

At this moment.

In the mountain range where the Thearch-crocodile Army was hiding.

Yndeyq01, GJS01. Guo Yi and the rest stood at the highest point of the mountain range and looked into the distance. They saw the scene of Dachang city.

“King Jin’s Army.”

that’s King Jin’s Army! Guo Yi shouted. King Jin has mobilized 200000 soldiers this time. He’s determined to take down the rebels.

“When do we make our move?”

Guo Yi asked.

“Wait for further orders.”

GJS01 replied.

“Yes.”

Guo Yi swallowed and looked in the direction of Dachang city. is Jiang Li planning to let the rebel army fight with King Jin’s Army and then benefit from the conflict? ”

“It’s just that we’ve caused a lot of commotion on our way here, and we’ve passed by many villages. There might be Scouts from King Jin’s Army and the rebel army in those villages, and I’m afraid they’ve already received the news in advance.”

...

it’s not that easy for Jiang Li to be the fisherman.

BOOM! BOOM! BOOM!

The ground was shaking.

King Jin's Army marched over and stopped in front of Dachang city. The 200000 troops formed a military formation. The archers were lined up in a row, and the siege crossbows were set up one by one, forming a siege formation.

"Your Excellency, King Jin's Army has arrived."

Dachang city.

On the city wall.

Wang Zhuoying, he dinglin, Yue Shanhe, Lou Yun, Zuo qingliang, and a large number of rebel soldiers stood on the city wall. They held their weapons tightly and looked at each other.

"En, Yingluo."

Wang Zhuoying took a deep breath and looked at the Jin army outside the city. His expression was quite serious, even though he had the terrain advantage and was defending the city.

but ...

...

200,000 troops of King Jin's Army appeared. After the formation was arranged, the Army formation started to move. The military evil Qi hit Wang Zhuoying in the face, giving him a huge pressure.

The most important thing was ...

Wang Zhuoying also knew that there was an Army from the great Xia province hiding in the surroundings, and he didn't know when they would suddenly attack.

“Milord, there’s no need to be too worried.”

we only need to defend Dachang city to the death, ” he dinglin said. with the geographical advantage of Dachang city and the defensive works we’ve prepared in advance, King Jin’s Army will definitely not be able to break in.

“Although that’s what you say, are we just going to hole up in Dachang city forever?”

Yue Shanhe said in a deep voice.

“Defending to the death isn’t a solution. We have to find a way to break out of this situation.”

Lou Yun said.

“.....”

Zuo qingliang was silent.

“Actually, now that I think about it, I was a little too anxious.”

Wang Zhuoying reflected, ” we shouldn’t have confronted the Jin Wang Army so early. We should have continued to develop the Army. However, Dachang city is the best terrain in Jin Wang County. It’s easy to defend and hard to attack. It’s a pity to give up Dachang city just like that.

moreover, this monarch Jin will not give us the opportunity or time to continue growing stronger.

“Milord, now is not the time to talk about this. We should first think of a way to get through this crisis,”

we don’t need to win, ” he dinglin said. as long as we can push back King Jin’s Army, it’ll be our victory.

“You’re right.”

Wang Zhuoying nodded, his eyes firm. now is not the time to be sentimental. Get ready for battle immediately.

“Understood.”

He dinglin and the others all nodded in response.

Outside Dachang city.

One of Jin He’s Deputy generals came out of the Army at Jin He’s signal. He rode a horned scale horse, held a spear, and wore armor. He looked at great Chang city and went forward to call for a battle.

“Wang Zhuoying, you have nowhere to run.”

The Deputy general shouted, “Prince Jin is magnanimous, so he’s willing to give you a chance to live. As long as you abandon the city and surrender to Prince Jin and the Imperial court, you’ll be spared from death. You might even have a chance to achieve your great ambitions.

“Hmph!”

Wang Zhuoying snorted coldly. His eyes were cold as he stretched out his right hand. bring me my bow.

“Yes.”

He dinglin gestured to the soldier beside him.

Very quickly.

It was a Green Bone bow, which was made of the spine of a powerful fierce beast. The bowstring was also made of the tendon of a Python, which contained a fierce Qi.

“Die!”

Buzzzzzz!

Wang Zhuoying held the bow and poured his half-beast power into it. He pulled the bow into a full moon, and a green light condensed into a green energy arrow.

Whoosh!

The energy arrow shot out and pierced through the air.

It was as fast as a bolt of green lightning.

In that instant.

He shot towards the Deputy general who was shouting.

“!!!”

The Deputy General’s eyes widened. The energy arrow was so fast that he could not react in time.

“Be careful!”

Jin He waved his right hand, using his internal force, he grabbed a spear from a soldier beside him and threw it out, piercing the air.

“Thump!”

The spear and the energy arrow collided and exploded. The energy arrow exploded and the spear shattered.

“Yes, yes, yes, yes!”

The Deputy general fled back into the formation in a panic.

“Hahahahaha!”

Wang Zhuoying laughed and said in a mocking tone, “You want me to surrender? Keep dreaming, I’m standing right here, come and kill me if you have the guts!”

“Hahahahaha!”

Immediately after.

The rebel soldiers also laughed.

“You’re looking for death!”

Jin He’s face was gloomy.

“He’s too arrogant,”

“These rebel soldiers simply don’t put our Jin Wang’s Army in their eyes.”

“I have to let them know how powerful I am.”

All of the commanders were enraged.

“By the way, Prince Jin, I have good news for you.”

I’m afraid you don’t know, ” Wang Zhuoying suddenly said. our reinforcements have already arrived. They are now hiding around Dachang city.

“Oh, let me tell you one more thing. Do you know who our reinforcements are? It’s the Army of Jiang Li, the Lord of the great Xia city. Hahaha!”

you should know that Jiang Li and the Imperial court fell out, right? even the third Duke, Qian Shixi, was killed by Jiang Li.

“So, Prince Jin, you’ve been tricked. You’ve been surrounded.”

“What?”

Jiang Li’s Army?!

“This bi an ...”

Instantly.

The two city Masters and the commanders of King Jin’s Army looked at each other and then looked around vigilantly, as if enemies would suddenly appear.

“What’s the situation?”

Monarch Jin’s voice came from the carriage.

Prince Jin, Wang Zhuoying said that Jiang Li sent an Army here and they’re stationed around Dachang city. They might’ve already joined forces with Wang Zhuoying’s rebel army.

Jin He explained.

“Jiang Li.”

Prince Jin frowned. I’ve heard about it. It was a hot topic in the Qian dynasty some time ago. He did have a powerful Army and killed the third Prince, Qian Shixi.

Qian Shixi has the black and white elders, who are at the late-stage of Level 3, following him. He himself is an early-stage level 3 inborn martial artist.

and he was killed by Jiang Li in his own territory.

“Jiang Li isn’t easy to deal with.”

“Are you sure this news is reliable?” monarch Jin asked in a deep voice.

Prince Jin, this morning, a Scout sent a messenger pigeon with news saying that they found an Army passing by mianze Lake last night and marching in the direction of Dachang city.

At this moment.

A commander said.

“Why did you wait until now to tell me such an important piece of news?”

Prince Jin scolded.

“Belongs to Qianqian’s subordinate Qianqian.”

The commander lowered his head. He wanted to say that it was you who had been staying in the carriage to have fun with the concubines and Palace maids. He had sent a subordinate to report it, but because he had disturbed your mood, he was directly chopped off by you.

“Hehe.”

The corner of Wang Zhuoying’s mouth rose slightly. He stood on the city wall with his hands behind his back, strategizing, and his eyes swept around the great Chang city.

In the surroundings of Dachang city.

It was surrounded by mountains and was very close to the great Chang city. Wang Zhuoying had sent troops to patrol each mountain peak, but they had not found any traces.

In other words ...

Other than the mountains surrounding Dachang city, the only place Jiang Li's Army could hide was the 'Dachang mountain' that was 10000 meters away from Dachang city.

"Daren's plan is really good."

great! he dinglin said delightedly, " Jiang Li and the Imperial court of da Qian are like fire and water. My Lord, I'm sure Prince Jin thinks that Jiang Li and you have joined forces.

although Jiang Li's Army hasn't shown up yet, it's already a three-way fight. Besides, even if Jiang Li explains it, Prince Jin might not believe him.

"The most important thing is that Prince Jin doesn't dare to make a move anymore."
