Chapter 190 captured

a level-three soul Tinder has dropped.

Jiang Li was overjoyed.

Shua!

[acquired a Tier 3 soul Tinder!]

The notification flashed before his eyes.

“Not bad, not bad.”

I’m happy. Jiang Li smiled. He was in a good mood.

With the fall of monarch Jin ...

Half an hour later.

The war was over.

The battle lasted for several hours.

It was already close to evening.

Jiang Li’s mech Army won the battle and annihilated 200000 of King Jin’s Army. Corpses were everywhere outside Dachang city. The battlefield was full of holes created by artillery shells. The ground was charred and smoke was rising.

The smell of blood and smoke in the air was heavy.

Immediately after.

Jiang Li opened the Dominator panel.

The combat power of 200000 soldiers of King Jin's Army was far from that of 200000 barbarian soldiers. The gap between the two sides was not small.

As a result, the number of soul Tinders dropped was much less.

Soul Tinder.

Jiang Li only got 2000 level-one soul Tinders, 50 level-two soul Tinders, and one level-three soul Tinder this time.

As a result ...

In addition to the remaining Soul Fire Seeds, Jiang Li had 2000 level-one soul Fire Seeds, 53 level-two Soul Fire Seeds, and three level-three Soul Fire Seeds.

After taking care of King Jin's Army, Jiang Li set his eyes on Dachang city. His next target would be the rebels hiding in Dachang city.

"Open the city gates!"

At this moment.

Wang Zhuoying waved his hand and gave the order.

"My Lord?"

"Why did you open the city gate?"

Everyone was stunned.

“Of course it’s to welcome our allies into the city.”

Wang Zhuoying shouted.

“This bi an ...”

He dinglin and the others looked at each other.

Wang Zhuoying! Jiang Li looked at the video. The gate of Dachang city was slowly opening. Wang Zhuoying stood on the wall and shouted to Jiang Li’s mech Army.

ladies and gentlemen, you must be Prince Jiangli’s Army. I’m Wang Zhuoying, the leader of the Army. I’d like to thank you for annihilating King Jin’s Army.

in fact, we should be on the same side, ” Wang Zhuoying continued. we shouldn’t be enemies, but allies who can help each other.

I know that Lord Jiang Li has been targeted by King Qian, and so have we. We’ve been dissatisfied with King Qian’s rule for a long time, so we rose up and vowed to overthrow King Qian and establish a new dynasty.

my dear Commandery Prince Jiang Li, I sincerely hope that we can become friends and allies. We can work together to fight against King Qian.

“To show my sincerity, I will open the city gate and welcome the Alliance Army.”

Outside Dachang city.

The Thearch-crocodile Army regrouped.

“Whoosh!!!”

Immediately after.

Jiang Li used 9530 energy points to repair all the damaged meches. A white light flashed on the meches and they were all healed. Even the blood on their bodies was gone.

It looked brand new.

Yndeyq01 was standing right in front of the Army.

Alliance Army? haha, I'm not interested.

attack! Jiang Li sneered and gave the order to attack the city. attack and take Dachang city.

“Yes!”

kill!!!

“All troops, charge!”

“Rumble!”

Yndeyq01, a large number of meches at the perfected-stage of level two, took the lead and charged toward Dachang city.

...

“Fire the cannons!”

BOOM! BOOM! BOOM!

In an instant.

At the artillery position in Dachang mountain, the mechanical artilleries adjusted their angles and aimed at Dachang city. Thousands of cannonballs were fired and fell into the city.

“Rumble!”

The shells exploded in the city, destroying buildings and setting them on fire. Many of the rebel soldiers on the city walls were killed by the shells.

“Ah!”

A miserable scream rang out.

“Damn it!”

Wang Zhuoying’s face darkened. quickly set up the formation! Get ready to defend the city!”

“Whoosh!!!”

...

The murderous aura of the Army gathered.

“Roar!”

The black battle formation light mist appeared and condensed into a battle formation beast in the air. It roared continuously and was extremely powerful. It was a huge black Octopus.

The ferocious beast demonic seal!

Bang Bang Bang Bang!

The octopus's tentacles danced, blasting the cannonballs away and causing them to explode in the air. The shock waves from the explosions bombarded the Army formation, causing a violent tremor.

“Pfft!”

Some of the rebel soldiers vomited blood as they suffered the backlash from the battle formation.

“Psionic rocket cannon.”

BOOM!

Yndeyq01 lifted the psionic rocket launcher. Mechanical psionic energy gathered and condensed into psionic shells. They were then fired at the beast ‘demonic chapter’ in the air.

BOOM!

The psionic Cannonball hit the demonic chapter and exploded. The energy exploded and produced a vast shock wave, directly blasting the demonic chapter into pieces.

“Ah!”

The Stage 2 army formation was broken.

Many of the rebel soldiers cried out in pain.

There were many casualties.

“The Army formation has been broken!”

“It was broken just like that?”

He dinglin and the others looked terrified.

“How can he be so strong?”

Wang Zhuoying’s face was pale and filled with despair.

At this very moment.

He finally experienced what Prince Jin felt at that time. What was powerlessness, what was the despair of powerlessness, and what was the power to destroy the dead.

kill!!!

“Rumble!”

All the troops charged.

Yndeyq01 was at the forefront, leading the mech Army to attack Dachang city from the front.

“Stone throwing! Hurry up! Throw the Boulder down!”

“Smash them to death!”

“Smash it hard!”

“Hurry!”

BOOM! BOOM! BOOM!

On both sides of the dangerous path.

A large number of rebel soldiers stood on the cliff and threw huge rocks down at the mech Army.

Whoosh! Whoosh! Whoosh!

At the same time.

The archers released their arrows, forming a rain of arrows.

“Psionic energy control!”

“Whoosh!!!”

Yndeyq01 released mechanical psionic energy. Vast amounts of psionic energy spread out, forming a dark psionic domain that covered the sky, forming a twisted and destructive force.

Bang Bang Bang Bang!

The falling rocks were crushed.

“Electric energy control!”

Kachaa! Kachaa!

Immediately after.

The electric mech released his skill, and countless electric lights appeared, forming a huge electric net. The net intertwined and shattered the falling rocks.

BOOM! BOOM! BOOM!

The main battle tank lifted its gun barrel and shattered the giant rock in the air.

The mech Army continued to push forward.

“Sprint, charge!”

Buzzzzzz!

Yndeyq01 activated his skill. The light from the skill flashed and his huge and burly body was like a Hill as he charged forward.

Hurry up!

It was extremely fast!

The falling boulders were immediately shattered, and the sharp arrows that were shot through the air were sent flying. The arrows from the giant crossbows were unable to cause much damage to yndeyq01.

It could be seen.

Yndeyq01 immediately charged out of the dangerous path and killed its way to the gates of Dachang city.

“Psionic heavy sword slash!”

Buzzzzzz!

The psionic Imperial crocodile Knight gathered mechanical psionic energy and attached it to the psionic Imperial crocodile sword in its hand. The psionic energy was almost condensed to the extreme, as if it was solid, and it flashed with a Dark Sword light.

The next moment.

Under the gaze of the rebel army.

The psionic Imperial crocodile knight’s sword slashed down.

In that instant.

It formed a psionic sword light that was dozens of meters long in the shape of a half-moon, and then directly slashed at the gate and city wall of Dachang city.

Kachaa! Kachaa!

“Rumble!”

The city gate exploded, and the city wall was cut in half by the sword. The terrifying power spread forward, and a huge sword mark that was a hundred meters long was cut out.

One sword!

The city wall was cut down with one sword!

“.....”

Wang Zhuoying looked at this scene and was completely lost in thought.

“This is too awesome.”

Guo Yi looked on with a dazed expression.

“Kill!”

At this moment.

GJS01 and many perfected-stage level-two meches followed yndeyq01 closely. They rushed out of the narrow path and arrived at Dachang city.

“Attack!”

The city wall was cut in half by the sword.

The mech Army charged straight into Dachang city.

“Kill!”

Yue Shanhe and the rest roared in anger as they leaped down from the city wall.

“Chain Falcon arrows!”

Whoosh! Whoosh!

GJS01 used his skill and fired a series of arrows, instantly killing Yue Shanhe. The arrow pierced through Yue Shanhe’s head, and his body fell to the ground.

“Mountain river!”

Lou Yun wailed.

BOOM!

The giant tail of the psionic Imperial crocodile weapon swept across. Before Lou Yun could react, he saw a huge black shadow covering his eyes. The next moment, his head exploded from the blow of the crocodile’s tail.

He died immediately!

“Rumble!”

Soon after.

The tank meches, electric meches, and early stage level two mechanical Rangers killed their way through the dangerous road and entered Dachang city.

“It’s over, it’s all over.”

On the mountain peak of the dangerous path.

The rebel soldiers looked at the great Chang city in a daze. They could clearly see that the great Chang city was gradually being conquered, and there was no way to turn the situation around.

BOOM! BOOM! BOOM!

Suddenly.

Cannonballs flew in the air. Under Jiang Li’s order, the mechanical artilleries adjusted their trajectories. The cannonballs that were supposed to bomb the city wall fell on the cliff.

“Rumble!”

The cannonballs exploded on the cliff, sending flames into the sky. The hot shrapnel tore through the air, tearing the bodies of the rebel soldiers apart.

“Ah!”

Miserable screams rang out continuously.

Many of the rebel soldiers on the cliff were killed by the explosion.

His body fell from the cliff into the narrow heavenly path.

Nearly 80,000 perfected-stage level-one meches charged into Dachang city. Wang Zhuoying led the rebel army to fight back, but it was just a last-ditch struggle.

An hour later.

The 100,000 rebel soldiers in Dachang city were all annihilated.

“Pfft!”

Wang Zhuoying’s head was cut off by yndeyq01.

“Hu~~Hu~Hu~”

phew. Jiang Li looked at the scenes of the battlefield and took a deep breath. He felt much more relaxed.

“I won.”

I won. Jiang Li murmured, “200000 soldiers from King Jin’s Army and 100000 rebels fought for the whole afternoon and finally won.

we also lost tens of thousands of meches.

however, it was all worth it. With the destruction of Jin Wang’s Army and rebel army, the entire Jin Wang County has fallen into my hands.

“Next, it’s time to reap the rewards.”

yndeyq01, lead the mech Army to clean up the battlefield, collect the spoils of war, and plunder the wealth and resources in Dachang city.

let’s go to the city of Jinwang County immediately. Jiang Li ordered.

“Yes.”

Yndeyq01 nodded in response.

At this moment.

On the other side.

On the shore of the Azure Spirit Lake.

The water in the lake surged, and on the surface of the lake, huge ships appeared. On the ships were well-equipped demon soldiers with powerful auras and shocking killing intent.

An Army of 300000 demons!

“All troops, disembark.”

Qi yingyan stood on the deck of the first ship and looked forward. The ships stopped by the lakeshore and lined up in a row.
