Chapter 196 breaking the situation

Yndeyq01. Jiang Li looked at the holographic image sent by QX03. He clearly saw yndeyq01 jump up from the city wall and block the gate.

He really had a kind of aura and might that one man could hold off ten thousand men.

It had to be said.

Yndeyq01 was an elite troop type at the perfected stage of rank three. It had mastered nine types of skills, so it was indeed extremely powerful.

“Slash!”

“Whoosh!!!”

In the image.

Yndhyq01 raised the psionic Imperial crocodile sword in his hand. Mechanical psionic energy gathered on the sword, forming waves of black sword light.

Immediately.

The sword swept forward.

The air in front of him was split by the black sword light as if it had been split into two by this sword.

“Swordcrocodiles!”

Qi Wangyan shouted as he activated his bloodline. A dense bloodline mist spread out, and a life-like sword crocodile Dharma power appeared behind him.

Swordcrocodiles!

Its huge body was in the shape of a sword, but it had a crocodile-like head, a bloody mouth, and sharp teeth. Its entire body exuded an extremely sharp metal-attribute sword Qi.

“Split sword!”

Clang!

Qi Wangyan also slashed out with his sword. His black longsword slashed out, forming a resplendent sword light that slashed out vertically. It was extremely fast and blocked yndeyq01’s attack.

Bang!

The sword light from both sides collided in the air and exploded at the same time. The broken sword Qi scattered in all directions and left a sword mark on the ground.

Broken stones flew everywhere.

Rub Rub Rub

Qi Wang Yan was forced to take a few steps back by the shockwave of the explosion. Only then did he manage to stabilize his body. On the other hand, yndeyq01 did not move an inch.

The difference between the two sides was immediately decided.

“So strong!”

Qi Wangyan was secretly shocked.

“Commander!”

Qing Luo exclaimed in shock.

“With my strength, I’m afraid I’m not this person’s match.”

Qi Wangyan’s brows were tightly locked together as he analyzed the situation.”If I were to fight head-on with this person, there’s a high chance that I’ll lose within ten moves.”

in other words, I can’t fight him head-on. My only task is to delay him.

“Qingluo, kanglin, luoye.”

“The three of you, immediately cooperate with me and help me stop this person,” Qi Wangyan turned around and shouted.

“Yes.”

“Yes, sir!”

“I understand.”

The military advisor Qing Luo and Qi Wangyan’s two deputies.

Among them.

Qing Luo was at the late-stage of the third level, while Kuai Lin and luoye were at the middle-stage of the third level.

han taiqing, CEng Wulong, mopeid, you three lead three large regiments and charge into the county city. Attack with all your might and enter the city as quickly as possible.

Qi Wangyan said.

“Yes.”

Han taiqing nodded.

“Understood.”

CEng Wulong said.

“Don’t worry, commander.”

yes, “mopey replied.

Shua! Shua!

The next moment.

Qi Wangyan and the other three attacked together and charged toward yndeyq01 at the same time. They circled around yndeyq01 and held him back.

BOOM! BOOM!

The battle was extremely intense.

“Whoosh!!!”

...

Yndeyq01 cast psionic control, and a vast amount of mechanical psionic energy spread out, shrouding Qi Wangyan and the other three. Qi Wangyan and the others managed to avoid it by a hair's breadth.

Yndeyq01 had been temporarily blocked.

“.....”

Jiang Li frowned. He looked at the battlefield and murmured, ” we can't go on like this. Yndeyq01's rhythm has been stalled.

“It won't have much of an impact on the demon Army.”

“The most important thing is ...”

if we can't break the Stage 2 battle formation, we won't be able to cause huge casualties to the demon Army. The long-range bombardment of the meches won't work.

“Slowly, this battle will enter the rhythm that the other party is in control of.”

“If I want to break this situation, I need to upgrade a rank 3 troop class.”

BOOM! BOOM! BOOM!

At this moment.

...

In front of the city gate.

When the Grand completion stage-two main battle tank and the siege chariots collided, the siege chariots were sent flying by the main battle tank, unable to break through the city gate.

“Ah!”

The monster who was driving the siege chariot flew out while screaming.

The main battle tanks were also destroyed by the siege tanks.

However ...

As long as it wasn't broken, Jiang Li could use energy points to repair the tank mech immediately. On the other hand, the monsters 'siege tanks were basically useless if they were damaged.

If he wanted to fix it, he would have to wait until the war was over.

promoted to mechanical Ranger YQ01.

let's go. Jiang Li looked at the battlefield without hesitation.

He immediately opened the Dominator panel and used a Tier 3 soul Tinder and 10000 energy points to upgrade the robotic Rangers in the Thearch-crocodile Army.

“Whoosh!!!”

A Tier 3 soul Tinder and 10000 energy points were injected into YQ01's body through the air. His body glowed as he underwent a transformation and upgrade.

A few seconds later.

The promotion was completed.

The mechanical Ranger YQ01 had been upgraded to the early stage of Tier 3, becoming a Tier 3 unit.

After it was upgraded to a level 3 troop class.

YQ01 had changed a lot.

Among them.

The Knight sets that were originally equipped with firearms and cold weapons were all gone.

All that was left was a weapon!

A Black Knight's spear!

In other words ...

After reaching Stage 3, he had abandoned all the fancy equipment and equipment, only leaving behind a Knight's spear. He was only proficient in one weapon.

He simplified the complicated.

Other than this change.

The mechanical wolf soldiers and mechanical Knights were covered in a layer of black exoskeleton armor, possessing strong defense.

They were like heavy armored knights.

It also had the flexibility of a light cavalry.

“Upgrade.”

Buzzzzzz!

Jiang Li used another 1400000 energy points and immediately upgraded the new level-three troop class. It was upgraded three levels in a row and reached the perfected level.

After the upgrade.

The changes in his appearance were not small.

It was just that his aura was more imposing.

kill!!!

At this moment.

Han taiqing, CEng Wulong, and mopeid, the three leaders of the early-stage Tier 3 Army, immediately charged out of the Army when they saw that the siege chariots could not break through the city gate.

He had personally taken action.

Shua! Shua! Shua!

Their figures were like three streams of light. They were extremely fast as they attacked.

They launched their attack.

“BOOM!”

An explosion sounded.

A few tank meches were destroyed by han taiqing and the others. They exploded and their remains turned into light spots that disappeared and were recycled as energy points.

“It’s a level-three demon commander.”

“And there are three of them.”

“The city gate is about to be breached.”

Luo Ming and the others shouted in fear.

“Shatter!”

BOOM!

Han taiqing, CEng Wulong, and mopeid, the three level-three demons and the leaders of the demon Army, had reached the city gate. They looked at each other and attacked.

The three of them activated their bloodline secret techniques at the same time and charged forward. A vast amount of bloodline power gathered and formed a huge bloodline power energy ball. It was green, blue, and purple in color as it exploded toward the city gate.

If he was hit ...

The city gate would be broken.

“Alright,” he said.

Qi Wanyan looked over with a happy expression and shouted, ” “As soon as the city gate is broken, the cavalry and infantry regiments will immediately charge.”

“Air Force, full support!”

“Yes!”

The demon soldiers responded in unison with an imposing manner.

“.....”

Yndeyq01 only turned back to take a look and ignored him.

Instead, he attacked luoye, who was the closest to him.

“Ah!”

Pfff!

Luoye screamed. He was sent flying by the claw of the psionic Imperial crocodile soldier. He spat out blood, and his armor was torn. A few of his ribs were broken. He fell to the ground and was badly injured.

“Be careful,” he warned.

Qi Wangyan reminded him in a serious tone, ” “Don’t be careless.”

At this moment.

“Kill!”

BOOM!

let’s go! after the upgrade, QBZ01 jumped off the wall under Jiang Li’s order. The five-meter-tall mechanical wolf was like a tiger.

His burly body landed and blocked the city gate.

“Break!”

QBZ01 held the spear in his right hand. The Knight’s spear was black in color and did not reflect any light. He stabbed forward.

After that.

A ‘bang’ was heard.

The combined bloodline power energy ball of han taiqing and the other two demon race commanders was shattered by QBZ01 's spear and exploded.

The shockwaves of energy spread out.

“!!!”

Qi Wangyan's eyes widened, and his pupils contracted. what's going on? ”

“They've been stopped.”

Qing Luo exclaimed in shock.

could there be 3rd rank human warriors? ”

Shouted Chi Lin.

“This bi an ...”

Han taiqing and the others widened their eyes.

“Sprint, charge!”

Buzzzzzz!

QBZ01 instantly activated two skills, and his body shone with the light of skills. The giant mechanical wolf soldier let out a roar, and its speed increased.

“Whoosh!”

Charging at full speed, he charged straight towards han taiqing and the rest.

Hurry up!

It was extremely fast!

The mechanical Wolf's body was huge, but after its skill was activated, its speed was as fast as lightning. In an instant, it crossed a great distance and appeared in front of Han Taiqing and the others.

"Be careful!"

Luoye said in shock.

"Knight's killing cleave."

Whoosh!

QBZ01's Lance pierced out like a venomous snake. It instantly pierced through everything with a powerful penetrating force.

"Pfft!"

Blood spurted out.

The head of the Archer division, Han Taiqing, did not even have time to react before QBZ01 pierced through his heart.

"Ah!"

Han Taiqing shrieked in pain.

"Commander Han,"

Zeng Wulong's eyes widened and he roared, "Damned human, die!"

BOOM!

CEng Wulong roared and attacked with all his might. A Blue Octopus appeared and merged into the long blade in his hand. A bright blade light burst out and slashed at QBZ01.

“Roar!”

The giant mechanical wolf soldier roared and used its strength skill. It slapped out with all its strength, shattering Zeng Wulong’s blade light. The terrifying strength even sent the long blade in Zeng Wulong’s hand flying.

“This bi an ...”

Zeng Wulong’s face was filled with fear.

“Pfft!”

The giant mechanical wolf soldier leaped over, opened its bloody mouth, and bit off CEng Wulong’s head in one bite.
