

Army 197

Chapter 197 The counterattack

It could be said that ...

Jiang Li was very satisfied with QBZ01's combat power. He killed two level-three demon leaders.

It was a complete suppression.

Jiang Li looked at the battlefield and murmured, "as long as I can destroy the 300000 demon soldiers, I'll be able to obtain a large amount of soul Tinder.

I hope I can gather nine level-three soul Tinders this time. In that case, I only need to accumulate 100 million energy points to activate the level-three troop class.

Bang!

In the holographic screen.

QBZ01 "s right hand shook and the spear shook. Han taiqing's body really was split into pieces and blood splattered everywhere. The giant mechanical wolf soldier that bit CEng Wulong's head to pieces had blood seeping out from the corner of its mouth.

After that.

The giant mechanical wolf soldier spat out CEng Wulong's head.

"This Suan ni, this Suan ni"

Morpheus was terrified. He kept retreating, and his hands holding the hammer were trembling. He looked at QBZ01 in fear, his heart filled with fear.

why aren't you running!?

Qi Wangyan roared.

“Giant crossbow fire!”

“A chariot! Use the chariots to charge!”

“We must stop him!”

Shua! Shua! “Whoosh!”

In the demon Army.

The huge crossbows were aimed at QBZ01, and as they shot, it became a rain of arrows.

BOOM! BOOM! BOOM!

At the same time.

Tank meches and mechanical Rangers fired their cannons. Tank shells and bazookas shot out, blowing up the crossbow arrows.

BOOM!

QBZ01's spear swept across, and those charging siege vehicles were all sent flying. Some even fell apart in the air.

“Ah!”

Miserable screams rang out continuously.

At this moment.

Morpeter was about to escape back into the demon Army.

“Die!”

“Whoosh!”

QBZ01 raised the Knight’s spear in his hand and threw it like a javelin. It was as fast as lightning.

“Pfft!”

The next moment.

The Knight’s spear pierced through morpey’s body and nailed him to the ground.

“Ah!”

ah! mopey screamed and coughed up blood. His face was twisted in pain.

“Commander!”

The demon soldiers shouted in fear.

“!!!”

Qi Wangyan’s eyes also widened.

BOOM!

Yndeyq01 charged over and fired a psionic Cannonball at Qi Wangyan. Qi Wangyan quickly retreated and dodged the attack by a hair's breadth.

QBZ01 activated his charge skill, and the giant mechanical wolf soldier descended from the sky. Its huge Wolf claws slammed down, crushing mophead's head.

It was like a watermelon crushed by a car wheel.

Pfft!

QBZ01 pulled out the long spear.

The whole process took less than a minute.

The three demon clan army commanders.

They all fell.

"How did this happen?"

Qi Wangyan found it hard to accept this reality.

"Ah!"

...

Suddenly.

While Qi Wangyan was still in shock, he heard luoye's screams.

Yndeyq01 released mechanical psionic energy, forming a psionic domain that enveloped luoye. The strange twisting and destructive power acted on luoye's body.

“Pfft!”

Blood splattered everywhere.

Luoye’s body was twisted into a fried dough twist.

He had fallen directly.

“Luoye!”

Qing Luo howled in grief.

“No!”

Chi Lin roared in rage.

...

“Kill!”

BOOM!

QBZ01 charged over. He joined the battle and worked together with yndeyq01, directly suppressing Qi Wangyan and the others. The situation was reversed.

Qi Wangyan and the others were forced to retreat, and they were in a dangerous situation.

“Sprint, charge!”

Yndeyq01 activated his skill, and his speed increased drastically. He broke through Qi Wangyan and the others ‘blockade, then charged toward the demon Army.

“Psionic control, bloodthirsty, tremendous strength, psionic frenzy.”

Buzzzzzz! Buzzzzzz! Buzzzzzz!

At this moment.

Yndeyq01 unleashed four skills at the same time, all of which were enhancement skills. A psionic mist that was as thick as black mist surged around his body.

It faintly revealed a blood-red bloodthirsty glow.

Its power increased greatly.

“!!!”

Many demons widened their eyes.

“Psionic heavy sword slash!”

Finally.

Yndeyq01 charged up its energy to the maximum and raised the psionic Imperial crocodile heavy sword in its hand. It let out a loud roar and slashed at the demon Army.

“Whoosh!!!”

In an instant.

The heavy sword slashed down.

It burst out with an extremely bright sword light that was hundreds of meters long.
It was like a sword-shaped mountain that filled the sky.

Terrifying!

It was too terrifying!

Such power.

It was almost close to the fourth tier!

BOOM! BOOM! BOOM!

An explosion rang out, reverberating throughout the battlefield.

It could be seen.

In the air.

Three Battle Beasts.

The black wind Eagle, the alligator snapping turtle, and the flood Dragon Flame Lion.

All of them exploded.

It exploded into light spots that filled the sky.

The dense fog of light that had enveloped the demon Army immediately dispersed.

One sword!

It was a sword!

Yndeyq01 destroyed three tier 2 battle formations with a single slash!

“Ah!”

Pfft! Pfft! “Pfft!”

A large number of demon soldiers ‘shrieks could be heard from within the demon Army. As the three formations were broken at the same time, nearly 30000 demon soldiers were killed by the backlash.

It could be said that they had suffered heavy losses.

“The military puppet formation has been broken!”

“Hahahahaha!”

the three Grade 2 formations of the demon race have been broken!

“Too powerful, too powerful, too powerful, too powerful, too powerful,”

“The Army formation is broken!”

Cheers!

Jumping for joy!

Luo Ming and the soldiers of King Jin’s Army all shouted in ecstasy.

“.....”

The pupils of Qi Wangyan and the others contracted.

He trembled!

Fear!

All sorts of emotions emerged from their hearts.

It was as if there was a chill that went from the soles of his feet to the top of his head.

how did this happen?!

Qing Luo was dumbfounded.

Originally.

Qi Wang Yan's plan was to delay yndeyq01 and let the three early-stage Tier 3 commanders break the stalemate on the battlefield, blasting open the city gate of Jinwang County.

After that.

The 300,000-strong Army charged into the city and started a massacre. They annihilated Jiang Li's Army and took over the city of Jinwang County. They won the final victory.

He didn't expect this.

what's going on? " Jiang Li's Army suddenly had another perfected-stage level three and killed han taiqing and the others in a very short time.

Yndeyq01 even broke through three of the Army formations with a single slash.

“Good! It’s time to counterattack.”

Jiang Li’s eyes lit up. He clenched his fists and shouted, ” “All troops, charge! Annihilate the demon Army!”

kill!!!

“Charge!”

The next moment.

All the perfected-stage meches on the city wall jumped down. Many walking corpse puppets charged at the demon Army.

Not only that.

Even the mech pilots who were transporting the meches were sent out to join the battle.

BOOM! BOOM! BOOM!

The mechanical artillery fired round after round. The barrels were red because of overheating and the damage was increasing. Jiang Li used up energy points and repaired them.

“Rumble!”

In the demon Army.

After losing the protection of the battle formation.

The true power of the cannonballs was revealed. The inferior and level-one demon soldiers were instantly killed by the cannonballs.

Da da da da

Nearly 20,000 firearm meches fired crazily. Their machine guns spat out flames and countless bullets flew everywhere, turning the demons into sieves and breaking their armor.

There were countless deaths and injuries.

The combat meches, cold weapon meches, biochemical meches, electric meches, and mechanical Rangers all charged into the demon Army.

Both sides engaged in close combat.

The perfected-stage meches were powerful. Although they were less in number than the demon soldiers, they were superior in quality and could fight five of them.

Or even more.

a banner of perfected stage one! These soldiers are all perfected stage one!

“Ah!”

The demon soldiers screamed in pain as they were killed one by one.

After the real fight.

Only then did they know the true strength of these soldiers.

One had to know.

He could fight ten peak-stage elementary level martial artists at the beginning stage of level one, let alone a perfected level one martial artist. He could even fight a hundred peak-stage elementary level martial artists.

It could be said that ...

There was no more battle formation.

The demon Army was no match for Jiang Li's mech Army.

Unless the monsters could also send an Army made up of perfected-stage level-one monsters, they wouldn't be able to fight Jiang Li's mech Army head-on.

“Rumble!”

The ground was shaking.

The tank meches formed a team of tanks and charged into the battlefield. They fired tank shells that exploded in the demon Army.

A large number of demon soldiers were killed.

Da da da da

The tank's machine gun fired thousands of shots per minute. The gun seemed to be burning, and the demon soldiers were killed before they could even get close to the tank mech.

The mechanical Rangers were also very useful. They roamed around the battlefield and killed many stage two demon commanders.

“Ah!”

“Burn your bloodline!”

kill!!!

The demons also began to resist with all their might.

The demons with third-grade bloodlines would burn their bloodlines directly. This was especially so for the demon commanders who had reached the perfected stage of rank two. After burning their bloodlines, their strength increased greatly.

It caused a lot of casualties to Jiang Li's meches.

However ...

These casualties were all within Jiang Li's acceptable range.

Time passed.

On the battlefield.

The demon soldiers were dying in large numbers!

Jiang Li had also destroyed many meches. Some of them self-destructed on the battlefield and killed a large number of demon soldiers, but they also hurt other meches.

On the other side of the battlefield.

“Ah!”

Pfft!

Qilin screamed in pain. QBZ01's spear had pierced through his chest and came out of his body. He quickly retreated and saved his life.

However, he was severely injured.

Obviously.

Yndeyq01 and QBZ01, the two meches at the peak of level three, had completely suppressed Qi Wangyan, Qing Luo, and Ying Lin.

“Commander, we can’t go on like this. We can only burn our bloodline and fight to the death.”

Qing Luo shouted.

commander!!!

Yelled Chi Lin.

“I know.”

Qi Wangyan nodded and took a deep breath. He then said with a heavy tone, “Then let’s go all out.”

“Bloodline ignition!”

Buzzzzzz! Buzzzzzz! Buzzzzzz!

The next moment.

Qi Wangyan, Qing Luo, and Ying Lin roared in unison as they burned their bloodlines, materializing their bloodline Dharma forms and gaining a temporary boost in strength.

Shua!

The psionic Imperial crocodile Knight leaped from the back of the psionic Imperial crocodile soldier and arrived in front of si Lin in an instant, slashing down with its psionic Imperial crocodile heavy sword.

Buzzzzzz!

The sword light bloomed.

The psionic Imperial crocodile Knight used the skill 'psionic heavy sword slash'. The power of this sword was naturally not as strong as the one that had broken the three military formations.

But it was still powerful.

The sword slashed down.

Pfft!

Qilin had just burned his bloodline and unleashed his full power, but before he could show his power, his head was cut off by the Emperor crocodile Knight.

Blood gushed out from the broken neck.

It was like a fountain.
