

Army 198

Chapter 198 total annihilation

“Alright!”

Jiang Li chuckled.

The psionic Imperial crocodile Knight’s sudden attack and beheading had easily taken out Qian Lin and a level-three monster.

Shua!

Soon after.

QBZ01 charged over and thrust its heavy spear forward. Like a dragon emerging from the sea, it was unstoppable. This spear contained an extremely powerful penetrative force as it pierced toward Qing Luo.

“Kill!”

Qing Luo bellowed in rage, her eyes turning scarlet red. After igniting her bloodline, her strength had reached the level of a perfected stage rank three.

Although it could only last for a short time, its power had increased greatly.

“Whoosh!!!”

Qing Luo’s weapon was also a long spear, but it emitted a green luster. Her bloodline was a huge green python that was burning with green flames.

They fused into one.

BOOM!

QBZ01 and Qing Luo clashed with their Spears, causing a series of explosions to ring out.

Bang Bang Bang Bang!

The battle was extremely intense.

“Crocodile blade!”

Clang!

Qi Wangyan’s bloodline burned and his sword crocodile Dharma form enlarged. It was like an ancient beast, burning with black flames and merging with his body.

Its might was monstrous.

He held his sword with both hands and slashed at yndeyq01.

The sword slashed down.

It turned into a boundless sword gleam that was as black as ink. Accompanied by the swordcroc’s roar, it seemed to have split the space before it into two as it slashed towards yndeyq01.

Obviously.

Qi Wangyan was very clear.

Although burning one’s bloodline could greatly increase one’s strength, it could only last for a very short time. Thus, one could not engage in a prolonged battle and had to use a big move from the start.

One strike to decide the outcome!

Otherwise ...

It would only be disadvantageous to him if this dragged on.

“Psionic control, bloodthirsty, tremendous force, psionic frenzy!”

BOOM! BOOM! BOOM!

Yndeyq01 charged forward from the front without any intention of retreating or fear. In an instant, he unleashed four skills to enhance himself.

Buzzzzzz!

A vast amount of psionic energy surged.

“Psionic heavy sword slash!”

BOOM!

Yndeyq01 accumulated his power to the maximum and slashed out with his sword. The psionic Imperial crocodile heavy sword slashed down, forming a sword light that was as large as a mountain.

It slashed across the sky.

“Rumble!”

The next moment.

The two sides ‘attacks collided head-on. There were no fancy techniques or complicated sword moves. There was only strength! A powerful force!

It was a battle of pure strength!

The two vast sword lights collided with each other. The pitch-black sword Qi exploded, and the energy fluctuations burst out, creating a series of explosions.

A pitch-black Radiance was shining.

“Ah!”

Qi Wangyan was shouting and using all his strength to squeeze out all the energy in his body. His eyes were so wide that they were about to pop out, and his veins were popping out as if they were about to burst.

Bang Bang Bang Bang!

It could be seen.

The ground beneath yndeyq01's feet caved in. Countless cracks spread out with him as the center, like a spider web.

Similarly.

The ground beneath Qi Wang Yan's feet was also cracking.

“!!!”

In the surroundings.

...

The demon soldiers looked up. The soldiers of the county city stared with wide eyes. Their eyes were filled with respect and shock. They were shocked by power and respect for experts.

“Commander, you must win!”

“We definitely will!”

the demon race will win!!!

The demon soldiers were praying.

Roar!

The psionic Imperial crocodile soldier roared.

BOOM!

The ground shook.

The skills sprint and charge were activated, increasing the power of the sword.

Kachaa! Kachaa!

...

In the end.

The sword light began to shatter.

The sword lights from both sides were shattering.

With a loud boom, the vast sword radiance exploded like black fireworks. It bloomed in the sky and was extremely beautiful, but it also contained a powerful force.

Waves of shock waves spread in all directions.

“Ah!”

Qi Wangyan let out a blood-curdling screech as he was sent flying by this shockwave. He spat out a mouthful of blood and flew several hundred meters away before crashing onto the ground. He rolled another several hundred meters before finally coming to a stop.

Rub Rub Rub

Yndeyq01 took a few steps back as well. With every step he took back, he left a huge pit and footprint with a diameter of more than ten meters on the ground.

* Cough cough *

Qi Wangyan got up and knelt on one knee. He held his sword in his right hand and stuck it on the ground. He coughed out blood continuously, and the black flames on his body gradually dimmed.

He raised his head and looked at yndeyqa01.

“The Crown Prince did not lose unjustly.”

hehe. Qi Wangyan laughed bitterly. Jiang Li has such a powerful subordinate like you. He didn't lose in vain. We're all wrong. We're all wrong.

“Demon Minister Zhu Ling, you've made the wrong decision!”

Jiang Li is the real threat. He's the first enemy we should eliminate. We have to kill him at all costs, even if we have to use the entire country's power!

demon Minister, Your Majesty, we were really wrong!

Qiwang Yan roared at the sky.

“Heavy sword technique!”

Shua!

Yndeyq01 charged over and slashed down with his heavy sword, crushing Qi Wangyan’s defense. He then cut off Qi Wangyan’s head.

Pfft!

The headless body fell to the ground, and blood gushed out from the broken neck, forming a pool of blood around the body.

“Whoosh!!!”

Immediately after.

A pure white light spot flew out of Qi Wang Yan’s body like a Firefly and was captured by the mech.

Shua!

[acquired a Tier 3 soul Tinder!]

A notification appeared.

“Alright,” he said.

soul Tinder! Jiang Li shouted with joy, “I finally got a level-three soul Tinder after killing so many level-three ones.

On the other side.

The battle between Qing Luo and QBZ01 had also come to an end.

It could be seen.

QBZ01 seized the opportunity and first activated his skills 'charge' and 'great strength'. When the power was accumulated to the maximum, he immediately activated the 'sprint' and 'charge'.

In that instant.

QBZ01 was like an extreme stream of light as it instantly stabbed toward Qing Luo. The heavy spear was like a Black bolt of lightning that streaked across the void.

“Pfft!”

The spear pierced through Qing Luo's defense and pierced through her body.

“Ah!”

Qing Luo screamed and spat out a mouthful of blood.

Bang!

The heavy spear trembled, and Qing Luo's body was torn into pieces.

He died immediately!

“Kill!”

Soon after.

Yndeyq01 and QBZ01 charged into the battlefield. As they joined in, they were like tigers entering a flock of sheep, sweeping away everything in their path.

Without any Tier 3 existences, there was no monster race that could stop yndeyq01 and QBZ01's slaughter.

The situation was tilted to one side.

The demon soldiers were killed so badly that they had to shed their armors.

“Charge!”

“Kill the demons!”

kill!!!

At this moment.

When they saw that the demon Army had been completely suppressed, Luo Ming and the rest became excited. Then, they led the remaining soldiers and jumped off the city wall, charging into the battle.

“Hu~~Hu~Hu~”

Jiang Li let out a breath and calmed down. He sat on the chair, looked at the holographic projection in front of him, and smiled.

It ended.

They had won this battle.

Shua! Shua!

In front of him.

A series of notifications appeared.

[acquired a first-stage soul Tinder!]

.....

[acquired a stage-two soul Tinder!]

.....

As the meches killed the monsters one by one, Jiang Li also got a lot of soul Tinders.

It showed that the quality of the 300000 demon soldiers was extraordinary.

Unfortunately ...

They encountered Jiang Li's mech Army.

Therefore, the entire Army was annihilated.

At noon.

The war was over.

All three hundred thousand demon soldiers were killed. Jiang Li gave a death order that no demon soldiers could escape, so the meches chased after them.

Furthermore ...

let's go. Jiang Li ordered the news to be blocked. At least, they couldn't let the red eyebrow Empire know that their 300000 soldiers were all killed.

In the afternoon.

The residents of the county city were mobilized by Luo Ming and the others to clean up the battlefield and loot. Jiang Li was also counting the losses.

master, we lost 20520 meches.

Yndeyq01 reported to Jiang Li, " we lost 18020 perfected-level meches, 2000 early-stage level-two meches, and 500 perfected-level level-two meches.

three hundred and twenty perfected-level meches self-destructed, one hundred and fifty early-stage level two meches self-destructed, and thirty perfected-level two meches self-destructed.

"We've lost so much,"

Jiang Li frowned. the crocodile Emperor Legion has less than 60000 soldiers left.

"We need to replenish our forces as soon as possible."

Jiang Li thought.

"There's no time to lose. QBZ01, yndeyq01, immediately lead two troops and rush to the other two cities in Jinwang Prefecture. By this evening, transport all the resources to the prefecture capital. Finally, let the GJS01 escort troops transport all the resources back to the great Xia city."

go! Jiang Li ordered.

"Yes."

“Yes.”

QBZ01 and yndeyq01 nodded at the same time.

The communication was shut down.

QBZ01 and yndeyq01 had already left the county city with two troops and headed to the other two cities in Jinwang County as Jiang Li ordered.

Shua!

Jiang Li contacted the escort team of GJS01.

“My Lord, we’ll arrive at the Junwang County’s city by tonight at the latest,”

GJS01 responded to Jiang Li.

“Alright,” he said.

yes. Jiang Li nodded. speed up.

“Yes.”

GJS01 nodded.

Soon after.

The communications were shut down.

Jiang Li contacted the border defense line of Tianshui city and asked ynmyq01. He confirmed that there was nothing wrong at the border defense line of Tianshui city. It was very peaceful and there were no traces of barbarians.

However ...

Luo Tianshui, on the other hand, had sent a team to Chang 'an County to inquire about the situation. They had sent a messenger pigeon back to learn about the recent situation.

Chang 'an Prefecture has been conquered by the Barbarian Army.

so fast. Jiang Li received the information.

compared to the red eyebrows Yao Kingdom, the black snake barbarian kingdom has an advantage. They have taken down a County of the great Qian dynasty. I think they will be able to obtain a lot of resources and spoils of war.

Jiang Li thought to himself.

“Let's not worry about this for now.”

let's stick to the original plan, “Jiang Li murmured. after we occupy Jinwang County, we'll search for resources, convert them into energy points, and increase our forces.

then, we'll use Jinwang County as our stronghold and gradually invade the surrounding County cities.

To tell the truth.

Jiang Li really wanted to send ynmmyq01 to invade the black snake barbarian kingdom and take their resources, but he didn't do it in the end.

If they invaded the black snake barbarian kingdom and seized their resources ...

He would have completely angered the black snake barbarian kingdom.

At that time.

The loss would outweigh the gain.

It was better to develop steadily first.

Shua!

Soon after.

Jiang Li opened the Dominator panel and checked all the soul Tinders he got after killing the 300000 demon soldiers.
