

## Army 199

Chapter 199 Gathered

This time.

They had annihilated the demon Army of 300000.

Jiang Li had caught 5980 level-one soul Tinders, 150 level-two soul Tinders, and one level-three soul Tinder.

In the soul Tinder column.

Jiang Li had 5980 level-one soul Tinders, 150 level-two soul Tinders, and six level-three soul Tinders.

fuse the first-stage soul Tinder.

Buzzzzzz!

fuse. Jiang Li immediately started to fuse the level-one soul Tinder.

Shua! Shua! Shua!

[ fusion successful! ]

.....

[ fusion failed! ]

.....

[fusion failed!]

.....

In front of him.

A series of notifications flashed past.

Half an hour later.

All 5,980 level-one soul Tinders had been fused. There were a total of 598 fusions, 399 failures, and 199 successes.

He had obtained 199 stage-two soul Tinders.

In other words ...

Jiang Li already had three hundred and forty-nine level-two soul Tinders.

fuse the second-stage soul Tinder.

Buzzzzzz!

fuse. Jiang Li activated the fusion function again.

Shua! Shua! Shua!

In front of him.

A series of notifications flashed past.

A few minutes later.

The second-stage soul Tinder fusion was completed.

He had fused a total of 34 times, and there were only nine level-two soul Tinders left. He was missing one and could not continue to fuse. He had succeeded six times and failed 28 times.

Jiang Li got six level-three soul Tinders.

six level-three soul Tinders.

Jiang Li looked at the White level-three soul Tinders in front of him and murmured, "in addition to the original six, I already have twelve level-three soul Tinders.

the nine tier-three soul Tinders have been gathered, and there are three left.

"I'm only short of 100 million energy points now."

Shua!

Jiang Li closed all the interfaces.

Jiang Li was in a good mood now that he had gathered all the level-three soul Tinders. He walked out of the house and went to the courtyard of the castellan mansion.

The courtyard had already been renovated.

Buzzzzzz!

Soon after.

Jiang Li took out the blood refinement bead and started to practice the Thunder Qi skill. At the same time, he took some pills to absorb the energy in the blood refinement bead.

He activated his cultivation technique and refined his inner force.

Time passed.

Soon, it was evening.

Jiang Li cultivated for the whole afternoon, but he didn't gain much. His internal force only strengthened a little, but he was still far away from breaking through the fourth meridian and reaching the mid-stage of level one.

Good news came from yndhyq01 and QBZ01. The two troops had successfully occupied the other two cities in Jinwang County and gathered all the resources to transport them back to the county.

At the same time.

The escort team of GJS01 had also arrived at the city of Jinwang County.

An hour later.

After loading the resources and goods onto the escort team's large military transport truck, the GJS01 escort team immediately set off and returned to the great Xia city.

In order to protect the supplies, Jiang Li expanded the escort team of GJS01 to 40000 people, including QBZ01.

...

In other words ...

There were less than 30000 soldiers left in the Imperial crocodile Army in the city of Jinwang County.

That night.

Jiang Li didn't rest. Instead, he sat on the bed with his legs crossed. He held the blood refinement bead in his right hand, took some pills, and practiced the Thunder skill to improve his cultivation.

It had to be said.

The blood refinement bead was indeed worthy of being a treasure that could help a person break through from the great circle of Class 2 to Class 3. The energy it contained was extremely vast and extremely pure.

Jiang Li had only absorbed less than one-tenth of the energy in the blood refinement bead.

It could probably help Jiang Li reach the perfected stage of level one.

He had really broken through to the 2nd rank.

On the other side.

The wuzu sub-League of the half-monster Alliance.

...

At the peak of the main peak in the center.

It was a Palace.

Shua! Shua!

In the air.

One by one, blood-eyed crows flew into the hall, bringing news after news, which finally gathered in the hands of the leader of the wuzu sub-Alliance.

In the main hall.

The higher-ups of the wuzu sub-League of the half-monster Alliance gathered.

They were discussing.

Alliance master, Xiao Helong of the great Xia County, Wang Zhuoying of the Jinwang County, Li He of the Chang 'an County, Xiao Changping of the Royal protector County, Meng Li of the fallen goose County, He Qi of the Yuehe County, Yue Zi of the Phoenix County, Wang Zhonglin of the Qianlong County, he long of the divine Crane County, Shang Peipei of the lingluan County, and Feng Yanyan of the capital.

it has only been a few days since the start of the plan, ” Mo Ling said slowly. eleven of our hidden chess pieces have failed one after another, with eleven of them dead.

Xiao Helong and Wang Zhuoying both died in Jiang Li's hands.

the capital's Feng Yanyan was a top-notch perfected stage three expert, but she was assassinated.

in addition, Li He of Chang 'an Prefecture was killed by the Barbarian Army.

“Alliance master.”

“This subordinate thinks that if this continues and another hidden chess piece fails and gets killed, it will probably affect our plan,” Gao luqing said as he stood up.

“So, I think it's time for us to make a move.”

“I can’t wait any longer.”

“Alliance master!”

Soon after.

The elders of the half-monster Alliance all looked at the person sitting in the high seat.

“No rush.”

The Alliance master, who was wearing a colorful grimacing mask and did not reveal his true face at all, said in a calm tone, “only 11 of our hidden chess pieces have died.

besides, Li Xiao ‘er from Shang County, mo pingyan from magic cauldron County, and a few other hidden chess pieces have been developing well. They have already occupied the county cities that they belong to. They have also spread to the surrounding areas and gradually expanded their Army.

“You must remember, you must not make a move unless it’s a critical moment.”

moreover, you have to know that King Qian is extremely powerful. Otherwise, how could he sit on the throne so peacefully? ”

“This bi an ...”

“We understand,”

Mo Ling and the others exchanged glances before nodding their heads.

Mo Ling, find a chance to contact Jiang Li again, “the Alliance master said. I made a mistake this time. I didn’t expect Jiang Li to be able to resist the pressure from the black snake barbarian kingdom and the red eyebrow Empire.

find a way to make Jiang Li cooperate with us.

“Doesn’t Jiang Li need herbs? This is a breakthrough.”

“Yes, Alliance master.”

Mo Ling was stunned for a moment before nodding his head in agreement.

The great gan Lord dynasty.

The capital.

It was already late at night.

In the palace.

“You’re here.”

Tonight.

King Qian was not wearing his dragon robe. He was only wearing thin pajamas with dragon patterns embroidered on them. He sat on the Dragon bed and closed his eyes to rest as he murmured softly.

“Your Majesty.”

Right in front.

A figure walked in but he did not kneel down to King Qian. Although his tone was respectful, his actions were a little casual.

Furthermore ...

The other party's appearance was slightly unkempt, the buttons of his clothes were buttoned wrong, his messy hair looked dirty and messy, and his toes could be seen from the shoes he was wearing.

It had a pair of black bat ears.

If Jiang Li was here.

He could recognize it.

He was Rollin!

Elder Rolin of the half-monster Alliance.

Your Majesty, this is the information on all the hidden chess pieces of the half-monster Alliance.

Rollin took out a Jade slip from his pocket and handed it to King Qian.

“Put it down,”

King Qian muttered.

“Yes.”

Rollin nodded and put the Jade slip on the table.

“You can leave now.”

King Qian said.

“.....”

Rollin pondered for a while but didn't leave immediately. He raised his head and said, "Your Majesty, I'm sorry.

"You can leave now."

King Qian slowly opened his eyes and looked at Rollin quietly. A golden light in the shape of a Dragon flashed in his eyes, and Rollin's face immediately turned pale.

"Yingluo is."

Rollin left quickly, as if he was running away.

Shua!

King Qian waved his right hand, and the Jade slip landed in his palm. After he infused his true energy into it, lines of words appeared in the air like a projection.

Half-monster Alliance.

King Qian only took a glance before he was done browsing. 11 hidden chess pieces have died so quickly. I'm giving you a chance. Don't Let Me Down.

"Without you, how can I fulfill my wish?"

Bang!

There was a flash of golden light in King Qian's palm.

The Jade slip in his hand turned into dust and dissipated.

It was a quiet night.

The next day arrived.

The great Xia city.

Jiang Li had cultivated all night and his internal force had increased a lot. He should be able to reach the mid-stage of level one after a few more days.

The escort team of GJS01 had already returned to the great Xia city this morning.

All the large military transport trucks had entered the military camp.

Jiang Li went straight to the military camp.

“My Lord!”

“My Lord!”

thank you. GJS01 and QBZ01 saluted Jiang Li at the same time.

“Yes.”

okay. Jiang Li nodded and looked at the large military transport trucks that were parked neatly next to him. They were filled with all kinds of supplies and spoils.

“You guys move the medicinal herbs and spirit herbs out of the carriage first.”

Jiang Li said.

“Yes.”

The meches moved to carry the supplies. They piled the ordinary herbs and the spiritual herbs together. The boxes were stacked one after another, forming a small mountain.

my Lord, these are all the lower spiritual crystals we've collected this time. Please take a look.

The jade box GJS01 with the lower spiritual crystals was moved in front of Jiang Li and opened. Inside were diamond-shaped crystals.

They were all lower spiritual crystals.

“Alright,” he said.

Jiang Li smiled. He didn't count the number of crystals. Instead, he touched the crystals with his right hand and started the conversion.

Shua!

[discovered item that can be converted into energy points. Do you want to convert it?!]

A notification appeared.

“Yes.”

Jiang Li confirmed.

Buzzzzzz!

A white light flashed.

The lower spiritual crystals in the jade box disappeared and were converted into energy points.

conversion successful. You've received 11000000 energy points!

I've converted 11 million energy points.

that's 1100 lower spiritual crystals, "Jiang Li murmured. that's 1100 lower spiritual crystals.

Half an hour later.

All the herbs and spirit herbs were moved out of the cart and piled together.

"Convert."

Jiang Li walked over, put his hand on the herbs and started the conversion.

Buzzzzzz!

A white light flashed.

All the medicinal ingredients had disappeared.

They were converted into energy points.

conversion successful. You've received 3100710 energy points!

A notification appeared.

"Continue."

After Jiang Li finished converting the ordinary herbs, he was going to convert all the graded spiritual herbs.

Buzzzzzz!

A white light flashed.

All the spirit herbs had been transformed.

The wooden boxes became empty.

conversion successful. 7500000 energy points!

Shua!

Jiang Li closed all the interfaces.

All the medicinal herbs and spiritual herbs he had plundered from Jinwang County had been converted. There were only twenty stalks of tier two spiritual herbs left. There were no tier three spiritual herbs.

Soon after.

okay. Jiang Li left the camp with the twenty top-class level two spiritual herbs.
