

## Army 20

### [Chapter 20](#)

Take Them Down

Swish!

Jiang Li felt that someone ahead was staring at him. He looked up and saw Lin Tianying, who was standing at the entrance of Eagle Claw Hall.

Lin Tianying looked extremely fierce, giving Jiang Li a lot of pressure.

“Go!” Jiang Li calmed himself and waved his hand.

“Yes, Master.”

Clomp! Clomp! Clomp! Other than Wang Gang, the remaining twenty three meches all rushed ahead.

The Combat Meches were the strongest in close combat.

Pfft! Pfft! In a heartbeat, a few members of Eagle Claw Hall were dead

Bang, bang, bang! The Firearm Meches took out their pistols and performed their gun art. Everyone was already killed before getting closer than ten meters around them. And they all had a bullet hole either in their chest or their forehead. Blood flowed out of the bullet hole.

“What kind of weapon is that?”

“Be careful.”

“Fall back, fall back, fall back.”

The members of Eagle Claw Hall were terrified.

“Hahaha...”

“Kill them.”

“These people are impressive.”

“With these masters here, we’ll certainly win.”

The members of the Sirius Gang cheered.

“Attack,” Lin Tianying narrowed his eyes and yelled.

“Kill them!”

“Exert yourselves.”

“Go!”

Boom! Boom! Boom!!

In an instant, the Martial Artists of Eagle Claw Hall sped forward as they activated their internal force. They were surrounded by a white aura as they blocked the attacks of the meches. However, the Firearm Meches weren't that easy to deal with. Jiang Li spent a lot of energy points to refill their bullets.

When they performed their gun art, fire spouted out of the muzzles of their pistols and the bullets fell like drops of rain.

"Gasp..."

"That's terrifying."

"What is that?"

Horrible! It was indeed horrible.

The gun art could help the Firearm Meches control their guns perfectly and shoot without missing.

And it was not only the Firearm Meches. The Cold Weapon Meches and Combat Meches were helping to block the Martial Artists. So, the Martial Artists couldn't hurt the Firearm Meches at all.

"Great, great, great." Jiang Li was thrilled and satisfied. The Firearm Meches didn't disappoint him at all. They could play their strengths, especially under this situation.

"Dragon Steps," Long Keqi shouted as he rushed forward. He used the Dragon Steps to avoid the Cold Weapon Meches and Combat Meches, and tried to approach the Firearm Meches at his fastest speed.

Bang, bang, bang! The Firearm Meches started shooting. Their bullets forced Long Keqi to fall back.

Long Keqi knew how powerful their weapons were. If he was shot, he would die right away.

Swish! Wang Long rushed forward with a stiletto on his right hand and a dagger on his left. He aimed at Long Keqi's heart with the alloy dagger, creating a beam of light.

"..."

Long Keqi dodged to avoid the attack, then turned around and hit Wang Long with his internal force. "Dragon Palm."

Clang! They clashed against each other. Wang Long stepped back. There was a slash on Long Keqi's hand and blood was oozing out. He looked up and stared at Wang Long. "You're at the mid-stage of level one."

"Let me help you." Qing Peilin yelled as he tried to attack Wang Long with Long Keqi.

Swish! Wang Yan immediately came over to help Wang Long.

Bang, bang, bang! The two parties started fighting fiercely.

"Argh!" After a while, one of the level-one Martial Artists of Eagle Claw Hall were shot by the Firearm Meches. The bullet pierced through his heart causing him to collapse on the ground as his body twitched and he died.

Finally, since the start of the battle, a Martial Artist had died.

“Jiang Li!”

Bang! Lin Tianying shouted. He finally started attacking. If not, Eagle Claw Hall would lose. He let out his power of peak-stage level one, which created strong pressure that made the members of the Sirius Gang turn pale.

“Lin Tianying.”

“A Martial Artist of peak-stage level one.”

“Chief, be careful.”

Wu Zong and Pang Kui were frightened.

Swish! Lin Tianying jumped into the air and swept across the battlefield like an eagle, coming in front of Jiang Li.

“Sky Hawk Claw.”

Whoosh! Lin Tianying performed his art. His hands split the air, creating a whoosh. His claws were surrounded by blue light and were extremely sharp. They were strong enough to break a giant rock.

“Wang Gang, I’ll leave him to you,” Jiang Li backed away and said calmly.

...

“Yes.” Wang Gang nodded and stood in front of Jiang Li.

“Get out of my way,” Lin Tianying shouted.

“Combat Art.”

Boom! Wang Gang clenched his fist and gave a punch. This punch was apparently much more powerful than those before. It even created explosions in the air, and a wave of energy was formed.

“!!!” Lin Tianying’s eyes popped out.

Crack! The two of them clashed against each other and created a thunderous sound. Lin Tianying’s nails broke and his finger bones fractured right away.

The thing was, Wang Gang was wearing a pair of level-one advanced gloves and he knew a level-one advanced combat art, while Lin Tianying had no weapons and his “Sky Hawk Claw” was only a level-one intermediate art. So, he was certainly no match for Wang Gang.

“Argh!” Lin Tianying let out a cry and backed away with blood dripping off his hand. He looked frightened. “Peak stage of level one. You’re also at the peak stage of level one. Why would you work for someone at the peak stage of the elementary level? Jiang Li, who are you?”

“Kill him,” Jiang Li said.

“Yes.”

Bang! Wang Gang flashed towards Lin Tianying and performed his combat art. Lin Tianying retreated quickly. He couldn’t resist Wang Gang’s attacks at all.

...

“Master!”

“It’s over. Master lost.”

“How can it be?”

“Run!”

The members of Eagle Claw Hall were devastated. They weren’t as confident as they were before and they all started escaping. They didn’t have the courage to stay and keep fighting.

“Go to Hell!”

Pfft! In the end Wang Gang seized the opportunity to punch Lin Tianying’s chest and his powerful energy shattered Lin Tianying’s heart.

“...”

Lin Tianying widened his eyes and collapsed.

“Gasp...”

“Eagle Claw Hall is going down.”

“The Sirius Gang is fierce. I can’t believe they exterminated Eagle Claw Hall and killed Lin Tianying.”

“Is City East going to change?”

“It’s horrible.”

“Where did Jiang Li find so many masters?”

Around the battlefield the informants of the other gangs and people who stayed at home were all astonished. The result was completely out of their expectation. They thought the Sirius Gang would be exterminated by Eagle Claw Hall, but it was the opposite. Lin Tianying was even killed.

“Don’t let them run away.”

“Kill them!”

Pfft! Pfft!

The members of the Sirius Gang kept chasing after those from Eagle Claw Hall.

“Chief Jiang, please don’t kill us. We surrender, we surrender,” Plop! The surviving members, Martial Artists and elders of Eagle Claw Hall all knelt and begged Jiang Li for mercy, so that they could save themselves.
