

Army 201

Chapter 201 The plan

“This bi an ...”

The three battlefield commanders looked at each other.

Soon after.

“My respected Lord, after we were created, our minds have automatically recorded the basic information and situation we are currently in.”

although your command is very cautious and you took into account several aspects, your plan is stable and cautious enough.

“But,”

my Lord, we don't have enough soldiers. There are less than 200000 meches. If we take care of many things, we will suffer unnecessary losses.

therefore, we hope that the master can listen to our opinions.

“Oh.”

Jiang Li looked at the three commanders.

One had to know.

It was the first time that Jiang Li's order was rejected by the mech.

In the past.

All the meches followed Jiang Li's orders. They would do whatever Jiang Li said. They wouldn't ask, refuse, or give any suggestions.

He could only react and answer.

Like a marionette.

but ...

However, the three battlefield commanders in front of him were completely different.

of course, my dear Lord, your orders are the direction we will follow with our lives. If you insist on following this plan, we will definitely support you with all our might.

Zh01 said.

"Even if I have to give up my life."

Zh02 followed.

"Yes, I am."

Zh03 nodded.

"Ahem, let's hear your opinions first."

Jiang Li said.

"Yes."

Zh01's eyes revealed a hint of joy, as did the other 2 commanders, showing a very human-like expression.

we think that we should gather all our forces and take down the county cities of the great Qian dynasty as quickly as possible. We should take over the territory and obtain a large amount of resources to unlock the level 3 troop classes.

my Lord, "said zh01. it's because we didn't concentrate our forces that the crocodile Emperor Army lost a large number of meches in Jinwang County. It caused a huge waste of energy points.

if we could gather all our forces, a mere 300000 demon soldiers would be easily annihilated. There would not have been so many casualties.

"You're right."

Jiang Li thought for a while and said, " however, the black snake barbarian kingdom and the red eyebrows Yao Kingdom must be guarded against. The great Xia city must be protected by the Army.

"There's no need to."

the black snake barbarian kingdom has already invaded the great Qian dynasty from Chang an Prefecture. They won't even look at our great Xia Prefecture anymore, "said zh02.

as for the red eyebrows demon Kingdom, they won't know that 300000 of their demon soldiers have been destroyed as long as the news is blocked.

of course, the great Xia city does need an Army to guard it. The safety of the ruler is our top priority.

therefore, we think that we should immediately withdraw the troops guarding the border of Tianshui city. We only need to keep 20000 meches in the great Xia city and the rest will join the crocodile Emperor Legion.

“.....”

Jiang Li fell into deep thought.

“.....”

The three commanders stopped talking and waited for Jiang Li's decision.

“Alright,” he said.

okay. Jiang Li didn't think for long before he nodded. let's do that.

“Yes.”

The three battlefield commanders immediately raised their hands and saluted.

It was very neat.

That afternoon.

The order was given.

The troops guarding the border of Tianshui city returned to the great Xia city at their fastest speed. By evening, they had returned to the great Xia city.

At night.

The mech Army set off.

“BOOM!”

...

The numerous military transport trucks, main battle tanks, and artillery off-road vehicles formed a huge Army, like a flood Dragon, marching at full speed.

This time.

Jiang Li only left 20000 meches in the city.

At the same time.

Only ynsh01 and The Walking corpse puppet controlled by ynsh01 were left.

The remaining meches, GJS01, QBZ01, Lt01, and ynmyq01 were all sent out. They led more than 70000 meches and headed to Jinwang County to meet the Emperor crocodile Army.

“Lord, let’s wait for Hz01’s good news.”

Zh03 said.

“Yes.”

okay. Jiang Li nodded.

It was a quiet night.

...

The next morning.

News came from zh01 that they had arrived at the city of Jinwang County and met up with the Thearch-crocodile Army. Zh01 had taken over the command of the Army, while zh02 was the Deputy commander.

At this moment.

Zh01 and zh02 were sitting in the middle of the Junwang Fu. Luo Ming and the rest were sitting upright and still. They were carefully sizing up zh01 and zh02, not even daring to breathe loudly.

“Open the map.”

Zh01 said.

“Yes.”

Luo Ming immediately stood up and spread out the map that he had prepared beforehand.

The map in front of him showed the distribution of the 36 counties of the great Qian dynasty in detail, as well as the neighboring countries on the border of the great Qian dynasty.

Among them.

The great Qian dynasty was North of the black snake barbarian kingdom and the red eyebrows Yao Kingdom, and the border County was the great Xia County. It was South of the Wei Dynasty, and the border County was called ‘Shang County’. In the West, it faced the lion barbarian kingdom, and the border County was the ‘demon County’. To the East of mang Huang Lake, the border County was the ‘Qian Long County’.

The neighboring County of King Jin County.

To the South was fallen Phoenix County, to the North was great Xia County, to the West was Shanhe County, and to the East was Chaoyang County.

“Luo Ming, you’re the mansion master of Jinwang County. You should be very familiar with the situation of the four counties surrounding Jinwang County. Tell me in detail.”

Zh01 said.

“Alright, Yingluo, alright.”

Luo Ming’s tone was somewhat nervous.

“There’s no need for that in the great Xia.”

Zh02 added.

“Yes.”

Luo Ming nodded and began to introduce the situation of fallen Phoenix County, mountain river County, and Chaoyang County, including the terrain, the location of the city, the distribution of the military forces, and so on.

Finally.

Zh01 and zh02 discussed and decided on their target. They didn’t attack ‘fallen Phoenix County’ according to Jiang Li’s original plan. Instead, they chose ‘magic cauldron County’.

First of all ...

The situation in ‘magic cauldron County’ was rather chaotic. The county King of The Magic Cauldron County was not strong enough to intimidate the five city Lords.

As a result, all sorts of Bandit groups appeared in the county.

And now.

After the half-monster Alliance activated their hidden chess piece, a rebel army appeared in The Magic Cauldron County, which made the county even more chaotic. Everyone was fighting for themselves, and they could not unite their forces.

There was another thing.

The Magic Cauldron Prefecture was rich in natural resources. It was one of the famous 'medicine merchant prefectures' in the great Qian dynasty. If they could occupy The Magic Cauldron Prefecture, they would definitely be able to harvest a large number of medicinal herbs and spiritual medicines, as well as a huge amount of energy points.

After the target was confirmed.

Zh01 reported the situation to Jiang Li. After getting Jiang Li's permission, the crocodile Emperor Legion left for The Magic Cauldron County that afternoon.

An Army of 170000 meches.

Including zh01 and zh02, there were a total of five perfected-stage level three meches.

This was definitely a terrifying Army.

In the afternoon.

There was a guest outside the great Xia city.

It was Mo Ling.

Mo Ling headed straight into the great Xia city. As she had already reached Tier 3, she was able to completely conceal her demonic characteristics, unless she was also at Tier 3.

Otherwise ...

Ordinary people would not be able to detect the abnormality.

After entering the city.

She first asked the residents for the direction of the city Lord's mansion. She walked along the street and came to the city Lord's mansion, but was stopped by the mech.

please inform the king of Jiang County that Mo Ling, an old friend of the half-monster Alliance, has come to visit.

Mo Ling replied.

“Just wait.”

The mech said coldly and went to report to Jiang Li.

In the courtyard.

Jiang Li was practicing the thunderous body movement. Because he had taken the ‘thousand-year spirit marrow liquid’, his talent for martial arts had improved. Although he didn’t know how much it had improved, he was much stronger than before.

The thundering movement technique had also improved significantly.

Not long after.

He should be able to reach the realm of small success.

“Sovereign, there’s a man outside the residence who calls himself ‘Mo Ling’ who wishes to meet you.”

The mech reported to Jiang Li outside the courtyard.

“Mo Ling.”

I’m here. Jiang Li stopped practicing. why did the Vice leader of the half-monster Alliance come to me? ”

“Bring her to the reception hall.”

Jiang Li said.

“Yes.”

The mech nodded and left.

“Let’s go,” he said.

let’s go. Jiang Li left the courtyard. Ynsh01 and zh03 followed him to the hall.

The mech had brought Mo Ling over.

“The king of Jiang County.”

thank you. Mo Ling walked into the reception hall with a smile and saluted Jiang Li. it’s been a few days. You’ve improved again.

“Vice Alliance leader mo.”

Jiang Li looked up and said, " the half-monster Alliance has been doing something big recently. I don't think you're here to catch up with me.

"Let's get straight to the point."

"The king of Jiang County is still as straightforward as ever."

Mo Ling smiled. He didn't care how Jiang Li knew that the chaos in the great Qian dynasty was caused by the half-monster Alliance. I'll get straight to the point.

the half-monster Alliance has gathered a large number of medicinal herbs recently. Not only are there ordinary medicinal herbs worth one billion taels of gold, but there are also spiritual herbs worth ten billion taels of gold.

as long as the king of Jiang County is willing to form an alliance with us, the half-monster Alliance will sell these herbs and spirit herbs to the king of Jiang County at ten percent of the original price.

what did you just say? " Jiang Li was stunned.

"One billion taels of gold worth of ordinary medicinal herbs, and ten billion taels of gold worth of spirit herbs."

Mo Ling was still smiling as he said, " furthermore, we can sell it to the county King Jiang at 10% of the original price, as long as the county King Jiang agrees to cooperate with the half-monster Alliance.

"How did you get so many herbs and spirit herbs?"

Jiang Li couldn't help but ask.

County King Jiang, you don't have to worry about this. We naturally have our own channels.

besides, I've said it before, "Mo Ling said. the power of the half-monster Alliance is far beyond the imagination of the king of Jiang County. The sub-alliances are spread all over the Super Fantasy continent.

"Alright!"

I agree. Jiang Li patted the armrest with his right hand. it's just working with you. We have the same goal, overthrowing King Qian.

"You agree?"

This time, it was Mo Ling who was stunned.

To tell the truth.

Mo Ling had prepared a lot of excuses to persuade Jiang Li, but she didn't expect Jiang Li to agree so quickly, which wasted her efforts.

"That's right."

I don't know, "Jiang Li said with a smile. but before we work together, we need to finish the deal first. That way, I can work with you without worry.

"Otherwise, if you go back on your word halfway or later, I will be played by you."

"Hehe."

However, Mo Ling shook his head. Jiang County King, we can't do this. If you don't work with the half-monster Alliance after you get the item, we'll be at a loss.

"What a joke!"

shut up! Jiang Li shouted righteously.”What kind of person do you think I am? am I a hypocrite who goes back on his word? ” I never go back on my words. You must believe me. ”
