Chapter 202 The contract

“Hehe, Yingluo.”

Mo Ling had a smile on his face as he replied, “County King Jiang, that joke wasn’t funny at all.

“Eh? It seems vice Alliance leader mo is not sincere.”

Jiang Li calmed down, then waved his right hand and said, ” “Then send them off.”

As soon as he finished speaking.

Jiang Li stood up and was about to leave.

“Please,” he said.

Zh03 raised his hand.

“The king of Jiang County.”

“Actually, I have a suggestion. If the Jiang County King agrees to it, I’ll immediately send people to deliver the medicinal herbs and spirit herbs,” Mo Ling immediately replied.

“Tell me.”

Jiang Li said.

After that.

Mo Ling took out a purple-gold piece of paper from his bosom. On it were dense runes that were interweaved together to form the contents.

Jiang County King, this is a 'divine text contract'.

Mo Ling explained, "it's written using the 'divine text' of the gods race. It contains a mysterious power of laws. Both parties who sign the contract must abide by the contents of the contract.

otherwise, you'll suffer the backlash of the contract. At best, you'll become a cripple. At worst, you'll die.

a divine contract.

Jiang Li looked at the purple-gold paper in Mo Ling's hand and murmured.

It was the first time Jiang Li had seen such a thing.

"Yes, I am."

Mo Ling nodded. as long as the king of Jiang County signs this contract and works with the half-monster Alliance to overthrow the great Qian dynasty and establish the half-Monster Kingdom.

we can agree to any of the county King Jiang's requests.

"Hehe."

Jiang Li sneered. vice Alliance leader mo, I felt something was wrong at the beginning. I didn't expect the half-monster Alliance to be so kind as to give me benefits.

"So you were digging a hole here."

“Contract.”

I don't know, ” Jiang Li said coldly. How do I know if you've done anything to the 'contract'? also, are you so sure that I need the herbs and spirit herbs? ”

“I will never sign a 'contract'.”

let's go, ” Jiang Li said in a deep voice.

What do you mean you're going to eat it? isn't it obvious that you need medicinal herbs?

Mo Ling rolled his eyes in his heart.

“County King Jiang, you have to consider this carefully.”

Mo Ling frowned.

“Vice Alliance leader mo, please leave!”

Humph! Jiang Li snorted.

“.....”

I hope you don't regret your decision today, County King Jiang. Mo Ling took back the contract and left.

“.....”

Jiang Li watched Mo Ling leave.

“So many medicinal herbs, gone just like that.”

why is the half-monster Alliance so rich? ” Jiang Li felt his heart ache.

“Chief sovereign.”

your subordinate believes that your decision to reject the other party’s request was a very wise one. We are not familiar with the existence of the ‘contract’, so we can not be sure if there are any hidden traps within the’ contract’.

one billion taels of gold worth of medicinal herbs and ten billion taels of gold worth of spirit herbs are very tempting. If the ruler can obtain them, he can immediately unlock the stage three mechanical Army.

however, the bait of a trap is often full of temptation. If you are not careful, you will fall into the trap that the enemy has designed in advance, and you will not be able to escape.

that’s right. Jiang Li nodded. but I can’t get so many herbs and spirit herbs. I’m itching to get them.

“Don’t worry, hegemon.”

those herbs and spirit herbs are only temporarily placed in the wuzu sub-League of the half-monster Alliance, ” zh03 said. the half-monsters are just keeping them for us.

“Zh01 and the rest have led the Thearch-crocodile Army into action. In a few days, they will occupy the surrounding counties and obtain sufficient resources.”

when the time comes, we’ll directly attack the border with our Army and flatten the wuzu sub-League of the half-monster Alliance. Then, we’ll take all the things.

“It won’t be that easy.”

wuzu sub-League of the half-monster Alliance wouldn't have existed for so many years if it was so easy to destroy, " Jiang Li said. it would've been destroyed by the neighboring kingdoms.

...

otherwise, I would have asked you to capture Mo Ling and use his life to force the half-monster Alliance to hand over the medicinal herbs and spirit herbs.

"The hegemon is right about this Suan ni."

Zh03 was taken aback, " I didn't think of that.

"Everyone makes mistakes,"

don't worry. Jiang Li waved his hand. besides, you've just been born. You still have a lot to learn.

"Yes."

Zh03 nodded his head respectfully.

In the evening.

The Thearch-crocodile Army, led by zh01 and zh02, crossed more than half of Jinwang County and entered The Magic Cauldron County. They passed by a few villages, but they were all reduced to ruins. The houses were all burned and the corpses were still rotten. The carrion vultures were circling in the air, crying.

our first target is the 'giant dragon City' in The Magic Cauldron Prefecture. It's the closest.

speed up, "zh01 said. we'll try to take down 'giant dragon City' by tonight. Then, we'll rest and reorganize in the city.

...

“Yes! Your Excellency, the commander of the battlefield!”

yes! the meches responded in unison.

“Rumble!”

The engine roared.

The car increased its speed and drove to the left. The road was rough, but it would not be affected much with the skill.

Only the artillery off-road vehicle did not have the ‘treading on flat ground’ skill, so it had to slow down.

It somewhat slowed down the marching speed.

magic cauldron County, giant dragon City.

Jiang Li looked at the holographic projection in front of him and saw the scene of the crocodile Emperor Army. there’s a commander commanding the battle. There shouldn’t be too much of a problem.

Buzzzzzz!

The communication was shut down.

QX01, if anything happens, wake me up.

go! Jiang Li ordered.

“Yes.”

QX01 nodded.

“Yes.”

Jiang Li went back to rest.

Late at night.

The Thearch-crocodile Army led by zh01 arrived outside of giant dragon City. The first thing they saw was a huge city that looked like an ancient giant beast.

There was a majestic aura coming from it.

On the city wall.

There were rows of huge crossbows and a large number of soldiers. Because it was already late at night, the city gates were closed and there was a curfew in the city, so no one could be seen.

There was only a faint light.

artillery position.

After zh01 finished examining the city, he immediately gave the order to attack, “all mechanical artilleries, fire all your shells. We’ll catch the city off guard.

“Yes!”

BOOM! BOOM! BOOM!

Behind them.

At the artillery position, thousands of artilleries fired at the same time. Thousands of cannonballs rose into the sky, leaving trails of smoke in the night.

“Rumble!”

After that.

Inside giant dragon City.

The explosion reverberated through the night sky. Countless flames soared into the sky, and buildings collapsed. A large number of soldiers were killed, and many buildings were destroyed.

“All troops, attack!”

“Undead puppets at the front, act as meat shields. Yndeyq01, ynmmyq01, Lt01, QBZ01, you guys break the gate first.”

“Yes!”

“Roar!”

Tens of thousands of walking corpse puppets roared and formed an Army. They charged at giant dragon City with four meches at the perfected stage of level three.

kill!!!

Behind them.

More than a hundred thousand perfected-stage level-one meches formed different groups according to the type of soldiers. They charged forward, and their battle cries shook the sky.

BOOM! BOOM! BOOM!

The artillery shells were fired from a distance.

“Enemy attack! Enemy attack!”

“Prepare for battle!”

“Quickly inform the city Lord!”

there are enemies!!

“.....”

On the city wall.

The soldiers of colossal Dragon City roared.

The next moment.

The alarm rang throughout the entire colossal Dragon City.

“Rumble!”

The LT01 was the fastest. His body turned into a bolt of lightning, and purple light flickered. With just a palm strike, he shattered the gate of giant dragon City.

He was simply invincible.

“Kill!”

Immediately after.

The Walking corpse puppet army was the first to rush into the city, followed by the perfected-stage mech Army, and then the stage two mech Army.

Finally, it was the perfected-stage level two mech Army.

“Ah!”

help!!

Pfft! Pfft! Pfft!

Inside giant dragon City.

Countless screams sounded out as soldiers were killed, blood splattering everywhere and corpses piling up like mountains.

This was a crushing battle.

“The difference in power is too great.”

Zh01 looked at the image of the giant dragon City and mumbled, ” we just have to push our way in. There’s almost no need for any planning.

“That’s true.”

Zh02 nodded his head.

The siege continued.

However, there was no suspense. Under the suppression of 170000 meches, giant dragon City only had 30000 soldiers. They were not on the same level.

After a few hours.

The siege battle was over.

The Thearch-crocodile Army had won.

Giant dragon City had lost tens of thousands of soldiers in battle.

Colossal Dragon City was occupied by the crocodile Emperor Army. The city Lord, he Julong, was killed. The Deputy city Lord and the remaining soldiers of colossal Dragon City surrendered. The county Head of colossal Dragon City refused to surrender, so he was killed.

Soon after.

The Thearch-crocodile Army began to rest and reorganize in giant dragon City, plundering the resources in the city.

On the other side.

After Mo Ling returned to the wuzu sub-League of the half-monster Alliance, he reported the situation to the leader of the sub-League, but Jiang Li refused to cooperate with the wuzu sub-League.

Alliance master, since Jiang Li doesn't know what's good for him, why don't we just kill him instead of leaving an unstable factor like him alive? ”

“To avoid any accidents,” said Gao luqing.

“Vice Alliance master Gao's words are reasonable.”

“Yup,”

“.....”

Many elders agreed.

“.....”

Mo Ling did not say anything.

“Alliance master, if we attack, will it affect our plan?”

Rollin asked.

since Jiang Li can resist the invasion of the red eyebrow Empire and the black snake barbarian kingdom, it means he's not weak. I'm afraid it won't be easy for us to kill him.

E kui said.

“Alliance master.”

“I'm willing to do it myself,” Gao luoqing said in a deep voice as he stood up.

“.....”

Instantly.

The surrounding elders all looked at Gao luoqing.

“Sit down,” he said.

Humph! the leader of the sub-Alliance snorted. we'll think about it. Although Jiang Li didn't agree to cooperate with us, he's also an enemy of the Qian dynasty.

if we kill Jiang Li, we'll be eliminating an enemy for the great Qian dynasty. It'll relieve some pressure and cause us some losses.

we'll talk about Jiang Li after the plan is successful. Don't touch him for now.

"But Yingluo"

Gao luqing was unwilling.

"It's decided then."

"Let's discuss our next move," the sub-Alliance leader said.

"Yes!"

All the elders nodded.

Time passed.

Half an hour later.

The half-monster Alliance's meeting ended, and the sub-Alliance master left. The other elders also left, leaving only Gao luqing and Mo Ling in the hall.

Mo Ling, don't you think Jiang Li is dangerous? "

"In such a short period of time, he has already developed to this stage," Gao luqing said in a deep voice. "If he is allowed to continue developing, I'm afraid it will be out of control."

"So?"

Mo Ling said, you're going to attack Jiang Li behind the Alliance master's back? Don't blame me for not reminding you that Jiang Li has more than one perfected-stage level three experts."

also, don't think I don't know that you're not trying to kill Jiang Li. What you really want is the inheritance of the 'ancient puppet technique' that Jiang Li has mastered.
