

## Army 203

### Chapter 203 Occupation

“What do you mean by that?”

Gao Luoqing said in a deep voice.

Hehe, I heard that your ‘mechanism secret skill’ has reached a bottleneck, so you want to get Jiang Li’s ‘ancient puppet technique’ and learn from it. You want to break through the peak of level three and step into level four.

Mo Ling sneered. We’re both at the great circle of Tier 3. I’m very clear on how difficult it is to break through the bottleneck of Tier 4. If I succeed, it’ll be a whole new world.

“However, even I know about you, so how could the Alliance master not know? Do you think the Alliance master will allow another Tier 4 to appear in the sub-Alliance he controls that can compete with him?”

“That’s impossible.”

Mo Ling shook his head. The moment you have the possibility of breaking through, it will be the day of your death.

“That’s all I have to say. You should think about it yourself.”

As soon as he finished speaking.

Mo Ling immediately left.

“.....”

Gao luoqing's face was gloomy. He clenched his fists and remained silent, but his eyes were filled with deep anger, as if he couldn't suppress it. half-monster Alliance?'Alliance'? " What a ridiculous phrase! Hehe, Yingluo."

The next day.

In the morning.

Jiang Li received the good news from the crocodile Emperor Legion that they had taken over giant dragon City and gathered all the resources in the city.

my Lord, I think that in order to prevent our forces from being scattered, we should occupy the entire magic cauldron County and then transport all the resources back to the great Xia city.

Zh01 said.

"Yes."

alright. Jiang Li nodded and asked, "how long do you need?"

because the situation in The Magic Cauldron County is quite chaotic. Other than the five cities and the county, there are still three mountain villages and the rebel army. It will end in three days at the latest.

Zh01 replied.

"Three days,"

three days, then. Jiang Li thought for a moment. okay, three days it is.

"Yes, chief sovereign."

Zh01 saluted.

The communication was shut down.

Time passed by quickly.

Three days passed by in a flash.

City Lord's mansion courtyard.

BOOM!

Thunder Qi! Jiang Li was running the Thunder Qi skill. His internal force shook and formed an air wave that spread out. His aura was obviously stronger.

“Hu~~Hu~Hu~”

I've finally broken through the fourth meridian with the help of the blood refining bead and the pills. I've reached the mid-stage of level one. My strength has improved a little.

Soon after.

okay. Jiang Li circulated his cultivation technique again to consolidate his cultivation.

At this moment.

A white messenger pigeon flew into the mansion of the castellan and stopped in front of Jiang Li. There was a small bamboo tube tied to its leg with a letter in it.

let's go. Jiang Li walked over, grabbed the pigeon, took out the letter, and let it go.

“It's news from Tianshui city again,”

I'll read it. Jiang Li walked into the room, unfolded the letter, and read it carefully.

Speaking of this.

In the past three days.

Nothing happened at the border of Tianshui city. They didn't even see the appearance of barbarian soldiers, but the reconstruction of the spiritual desolate County had begun.

At the same time.

Luo Tianshui and the others used their network.

One had to know.

Luo Tianshui had been the city Lord of Tianshui city for many years. In addition, Tianshui city's geographical location was extremely important, and Luo Tianshui himself was an early level three inborn martial artist.

so,

She had many friends in the imperial capital of the great Qian dynasty and many County cities, and these friends didn't know that Luo Tianshui had betrayed the great Qian dynasty.

Luo Tianshui sent a messenger pigeon to his friends and asked them about the situation in the various counties of the great Qian dynasty. He then told Jiang Li all the information he got.

The authenticity of the information was still unknown, but it could be used as a reference.

other than the great Xia County, Jin Wang County, and Chang ‘an County that I already know of, there are seven other counties that I don’t know of in the great Qian dynasty.

Jiang Li read the letter and murmured, ” nearly ten counties. This is close to one-third of the territory of the great Qian dynasty.

...

however, it’s very strange. Even though the situation is already so grim, King Qian still hasn’t sent his troops out. His million-strong Army and 100000 Imperial Guards are still guarding the capital. They’re not leaving at all.

“What is he trying to do?”

Jiang Li muttered to himself and couldn’t figure it out.

Soon after.

Jiang Li put down the letter in his hand. He used his internal force and the letter was shattered into pieces.

QX01, how’s the situation in The Magic Cauldron Prefecture? ”

Jiang Li asked.

ruler, QX02 sent a message an hour ago. They are attacking the city of The Magic Cauldron Prefecture. The outcome will be decided soon.

QX01 replied.

“Contact QX02.”

Jiang Li said.

...

“Yes.”

QX01 nodded.

Buzzzzzz!

In front of him.

QX01 launched a holographic projection and established a holographic communication with QX02. The scene of the battlefield was transmitted to Jiang Li.

In the image.

At this moment.

The crocodile Emperor Legion was attacking the city of The Magic Cauldron Prefecture.

The battle had already entered a state of white heat.

Jiang Li's crocodile Emperor Legion had the absolute advantage.

Speaking of this.

In these three days.

The crocodile Emperor Legion had occupied five cities in The Magic Cauldron Prefecture, then three mountain villages. Finally, they launched an attack on the city of The Magic Cauldron Prefecture.

He just didn't expect ...

The Commandery Prince of The Magic Cauldron Prefecture had secretly formed an alliance with the rebel army. The two sides had actually joined hands. The Commandery Prince of The Magic Cauldron Prefecture had betrayed the Qian dynasty.

Hence.

The Thearch-crocodile Army faced the Alliance between the rebel army and the demon tripod County Army.

The joint Army now had 300000 soldiers.

Furthermore ...

They were defending the city and had the geographical advantage.

However ...

Even so ...

Against the powerful Thearch-crocodile Army, they only managed to hold on for an hour before they could no longer hold on. The city gate was destroyed by ymmyq01 with one shot.

The meches entered the city.

“Body of lightning!”

BOOM!

kill! turned into a bolt of purple lightning and charged into the city. He targeted the Commandery Prince of The Magic Cauldron Commandery and began his killing spree.

“Ah!”

BOOM!

Ding Litian, the Commandery Prince of The Magic Cauldron Commandery, only managed to withstand a few attacks from Lt01 before his head was crushed by Lt01.

“Die!”

“Whoosh!”

QBZ01 activated a number of skills, and the heavy spear shot out, containing a strong penetrating power, directly piercing the heart of the rebel leader.

“Ah!”

A miserable scream rang out.

Blood splattered everywhere.

Bang!

With a shake of the heavy spear, the corpse was torn into pieces.

“Charge!”

kill!!!

“Rumble!”

Cannonballs roared and machine guns fired.

The surrounding buildings had collapsed from the explosions.

The battlefield in the city was in chaos. The sounds of fighting could be heard everywhere. With the death of the rebel leader and the Commandery Prince of The Magic Cauldron Commandery, the siege battle was coming to an end.

Half an hour later.

The war was over.

The crocodile Emperor Army had won. Out of the 300000 soldiers, 200000 had been killed, leaving only about 100000. They had all surrendered to the crocodile Emperor Army.

The Magic Cauldron County was in Jiang Li’s hands.

It had only been three days.

They had taken over a Prefecture.

Shua!

The Dominator panel opened.

In the soul Tinder column.

In three days ‘time.

The Thearch-crocodile Army had killed nearly 300000 human soldiers, and the three mountain villages had been uprooted, causing a large number of soul Tinders to appear.

Among them.

There were 3850 level-one soul Tinders, 91 level-two soul Tinders, and no level-three soul Tinders.

“Fuse.”

Buzzzzzz!

fuse. Jiang Li activated the soul Tinder fusion function and fused the 3850 level-one soul Tinders one by one. Then, a series of notifications appeared in front of him.

Ten minutes later.

The fusion was complete.

In total, he had fused 385 times, 130 times of success and 255 times of failure, and he had obtained 130 level-two soul Tinders.

In addition to the original level-two soul Tinder.

The number of stage-two soul Tinders was 230.

fuse the second-stage soul Tinder.

fusion. Jiang Li continued. The fusion interface opened and a fusion picture appeared.

A series of notifications appeared.

A few minutes later.

The fusion was complete.

This time, Jiang Li fused 23 times. He failed 19 times and succeeded four times. He got four level-three soul Tinders.

there are already fifteen level-three soul Tinders.

Jiang Li looked at the number of 'level-three soul Tinders' in the column of soul Tinders and smiled. He was in a good mood.

Naturally, the more Soul Fire Seeds he had, the better.

Shua!

The interface closed.

In the evening.

The crocodile Emperor Legion had already gathered all the resources in The Magic Cauldron County city, the five cities, the three mountain villages, and so on. They had loaded them onto large military transport trucks.

After that.

An escort team of 20000 meches led by zh02 and ynmyq01 was transporting the supplies back to the great Xia city.

The next day.

At noon.

The escort team safely returned to the great Xia city. Although they encountered a small group of bandits along the way, they were easily exterminated without much trouble.

The military trucks filled with herbs and elixirs entered the camp, and were all parked inside.

Jiang Li walked into the temporary camp.

The meches stood outside the camp.

“Hegemon, I’m glad I didn’t fail you,”

yes. zh02 saluted Jiang Li. we’ve successfully occupied The Magic Cauldron County and transported all the resources back to the great Xia city. Please have a look.

“Alright,” he said.

thank you. Jiang Li smiled. thank you for your hard work.

“This is our duty.”

Zh02 said.

“Yes.”

alright. Jiang Li smiled and said, “bring the crystals down first.

“Yes.”

Zh02 nodded and personally moved the lower spiritual crystals from the truck into two Jade boxes. It was obvious that there were quite a lot of them.

“Open it,”

Jiang Li suppressed his excitement.

“Yes.”

Zh02 opened the two Jade boxes. Both boxes were filled with diamond-shaped crystals. There were so many of them that Jiang Li’s eyes were glowing.

“Have you counted?”

Jiang Li asked.

“No, I didn’t,”

Zh02 shook his head.

Jiang Li shrugged. it doesn’t matter if I count or not.

Finished speaking.

Jiang Li squatted down and put his hands on the two Jade boxes at the same time. Then he touched the lower spiritual crystals in the boxes.

[discovered item that can be converted into energy points. Do you want to convert it?!]

A notification appeared.

“Yes.”

Jiang Li immediately confirmed.
