

Army 210

Chapter 210

on the city wall.

The demon soldiers were dumbfounded when they saw the human army outside the city. Their faces were filled with fear and their bodies were trembling.

They were densely packed.

They were all human figures.

They formed an unstoppable flood that surged towards the county capital of Red Dragon County.

“Enemy attack! It’s an enemy attack!”

“Demon God above!”

why are there so many human soldiers?!

“We’re finished! we’re finished!”

the siege had already begun.

An army of one million attacking a County city with only about 30000 demon soldiers was like an adult bullying a child, and the adult was holding a big iron hammer.

Even ‘crushing dry weeds and smashing rotten wood’ was not enough to describe it.

BOOM!

at this moment.

Ynsh01 fired two psionic cannonballs from a distance. The pitch-black energy cannonballs streaked across the night sky and shattered the city gate of Red Dragon County from a few thousand meters away.

The sky was filled with fragments.

BOOM! BOOM! BOOM!

The mechanical artilleries continued to bombard the city, and the sound of the explosions echoed throughout the entire city.

“kill!”

Luo Ming shouted excitedly and was the first to rush into red Dragon County.

“Kill!”

“Hahahahaha!”

“kill all these demons!”

“don’t leave a single one!”

immediately after.

The troops from the county city entered the county city of Red Dragon County. It was a one-sided massacre. Demon soldiers were hacked to death and turned into corpses.

“Hegemon, it seems we don’t need to do anything.”

Zh03 said.

“Indeed,”

okay. Jiang Li nodded and said, ” but we still have to do it. Just kill the monsters above level one. Leave the ones below level one to the human army.

after all, I need the soul Tinder.

“Understood.”

Zh01 nodded.

And that was indeed the case.

With only 600000 human soldiers, they could easily take down the county city of Red Dragon County, and they took it faster than Jiang Li expected.

In addition, the mech had also attacked.

ten minutes later.

All 30,000 demon soldiers were killed. Just like that, Jiang Li took over the Red Dragon County.

“Lock down the entire city.”

Jiang Li said.

“Yes.”

Luo Ming and the others responded in unison.

“My Lord, what about the demi-humans in the city?”

gu shan he asked.

Immediately.

Jiang Li. the other commanders looked at Jiang Li.

“Kill him.”

Jiang Li said.

“Yes.”

“Yes, sir.”

Gu Shanhe and the others looked at each other and nodded. They didn't feel any pressure killing the monsters and civilians. They just followed Jiang Li's order.

Half an hour later.

All the resources in Red Dragon County had been plundered and stored in the county mansion. There were 500 lower spiritual crystals and a lot of herbs and spiritual herbs.

...

There were also various spoils of war.

As for real gold and silver ...

let's go. Jiang Li distributed them to the human soldiers.

The real gold and silver of each county city would be distributed equally, and the reward would be based on the contribution of killing the enemy.

Basically, every soldier would receive a lot of silver.

“thank you, your highness!”

“The regional King is too generous.”

“Yup! That's right!”

“.....”

All the soldiers were extremely excited.

One had to know.

...

They didn't have this kind of treatment before. Even if they won a battle, they would only be rewarded. They were not like Jiang Li, who directly distributed the real money of a County according to the contribution of killing enemies.

To tell the truth.

Not only the soldiers, but Luo Ming, Gu Shanhe, and Feng Wutian were also very surprised.

Prince Jiangli is really generous.

Jin Muyan muttered to himself.

“That’s right,”

Wu Yong nodded. he actually took out all the wealth of the county city and distributed the rewards according to the merits of killing the enemy. In front of the entire Army, not a single tael of silver was left.

“Do you see the expressions on the soldiers” faces? they are all excited.”

Feng Wutian said.

Within the prefecture capital’s government office.

jiang li converted all the 500 lower spiritual crystals and the herbs and spiritual herbs he got from the county capital of red dragon county.

Buzzzzzz!

A white light flashed.

The lower spiritual crystals, herbs, and spiritual herbs were all gone.

They were converted into energy points.

conversion successful. You’ve received 5000000 energy points!

” conversion successful. you’ve received 2107000 energy points! ”

conversion successful. You’ve received 7501000 energy points!

Three notifications appeared.

He had obtained a total of 14608000 energy points.

“Not bad.”

jiang li was overjoyed. the harvest from the red dragon county was much more than he expected. he had gained nearly 15 million energy points.

That was already quite a lot.

after all, it was only a county.

After converting the energy points, Jiang Li walked out of the mansion and saw the human soldiers burning, killing, and pillaging the county city.

jiang li didn't stop him.

Because there was no need.

The enmity between the two races was extremely deep and impossible to resolve. Demons eating humans and humans killing demons was a very normal thing in this world.

“All troops, gather.”

Jiang Li looked at the sky. He didn't plan to rest in the red Dragon County city. Instead, he was going to March to yehuang County.

He had no time to waste.

“Yes!”

“pass down my order, all troops are to gather!”

“Hurry up!”

“Stop flipping and gather!”

“Hurry up! Hurry up!”

Soon after.

jiang li's order was passed down.

Ten minutes later.

The human troops of the nine counties had gathered. As for Jiang Li's mech Army, they had already gathered and were sitting in the trucks.

“I think you've all received your own rewards.”

Jiang Li looked up and glanced at the soldiers. His eyes were calm and he said slowly, ” “I won't say any encouraging or bewitching words to you.”

“However, there is one thing.”

as long as you take down a Demon City, the real gold and silver will be equally distributed according to the number of enemies you kill and the amount of contribution.

at the same time, as long as you make enough contributions and kill enough enemies, other than real gold and silver, you will also be rewarded with medicinal pills, martial arts, and even promoted to officials.

so, if you want to make a name for yourself, want glory and wealth, want to practice martial arts and become a strong man who can control your own fate, then go and fight. Fight on the battlefield, because the more enemies you kill, the higher your future achievements will be.

“The choice and decision are in your own hands.”

let's go. Jiang Li looked at the human soldiers after he finished.

“real gold and silver, pills and cultivation techniques, and even official positions.”

“Is this true?”

“Why do I feel like I'm dreaming?”

“that's impossible. we're just ordinary soldiers.”

“that's right!”

“But, don't we have so much silver in our hands now?”

“You have the life to take it, but you don't have the life to spend it!”

The human race soldiers were discussing in low voices. Some were excited, some were apprehensive, some didn't believe it, and some were filled with fighting spirit. They were all different.

also, if you die in battle, I will send people to deliver everything you obtain on the battlefield to your family.

Jiang Li said.

“Great Qianqian, is what you said true?”

At this moment.

One of the soldiers asked carefully.

“Yes.”

Jiang Li didn't say much. He just nodded and replied with one word.

"I know."

The soldier's eyes lit up, and he nodded solemnly. I believe in you, Sir.

"I also believe in you, Sir!"

"Since I've chosen to become a soldier, I should be prepared to die on the battlefield. Furthermore, the reward that my Lord has given you is something I've never thought of. If I can kill ten demon soldiers, I won't have to worry about anything for the rest of my life."

"That's right!"

"....."

Soon after.

Most of the soldiers were fired up.

of course.

There were also a small number of soldiers and old foxes who didn't care. What achievements and real gold and silver were not as important as their own lives.

It was only true that he was alive.

If he died, he would have nothing.

"Alright," he said.

Jiang Li nodded and didn't say anything else.

in reality.

What Jiang Li said was true, and he would keep his word.

After all ...

If you want the horse to run, you have to let the horse eat its fill.

If he didn't eat his fill, how would he have the strength to run?

It was enough that he could use a few words, rewards, and temptations to boost the morale of most soldiers. Jiang Li never thought that he could make these soldiers work for him sincerely.

This was not realistic.

It was fine as long as it could be of use.

It was done casually.

There was a difference between being forced and taking the initiative to do something.

all troops, set off immediately. Head for yehuang County.

go! Jiang Li ordered.

“yes!”

The soldiers responded.

Soon after.

jiang li walked to ys01. he hadn't sat in the front seat yet.

“Chief sovereign, we've discovered an enemy.”

QX01 ran to Jiang Li and projected a holographic image in front of him. There was a monster army clearly shown on the image.

“it's the demon race.”

Jiang Li looked at the holographic image in front of him and observed it carefully.

“Yes, I am.”

yes. QX01 nodded and said, ” just now, this demon Army entered a ten-kilometer range, so it was captured by the holographic camera.

“From the direction they are heading, they will soon pass by the Red Dragon County city. Furthermore, their destination should be the ‘great Xia County’.”

“Alright, I got it.”

Jiang Li called zh01 and the others over.

huh?!

“It seems like something has happened?”

“Didn't Milord just say that we were leaving?”

“What's going on?”

Luo Ming and the others looked at each other. They saw Jiang Li and zh01 walking into a special carriage. They seemed to be discussing something.

His eyes were filled with doubt.

Inside the YS01 cockpit.

“What do you guys say?”

what do you think? ” Jiang Li asked, wanting to hear the opinions of the three commanders.

“.....”

The three commanders looked at each other, and with a determined look in their eyes, they said in unison, ” “we must exterminate them!”

“I also want to.”

but there’s a million of them, ” Jiang Li said. they can obviously set up a level-three formation. They’re definitely the main force of the red eyebrow Empire.

it’s not an easy thing to destroy them.

“Do you have any good ideas?”

” my lord, it is precisely because this army of demon soldiers is the main force of the red eyebrows yao kingdom that we need to destroy them all. only then can we inflict heavy losses on the red eyebrows yao kingdom. ”

Zh03 said.

Lord, we also have a million soldiers. We’re not weaker than them in terms of numbers. With the mech Army, we’re even stronger than this demon Army.

“we have a high chance of winning.”

“The biggest problem is still the type 3 army formation,” zh02 analyzed.

a Stage 2 army formation can block the bombardment of the artillery, let alone a Stage 3 army formation. With a Stage 3 army formation, even the artillery, firearm, and tank meches can’t do much damage.

as long as we can break their Stage 3 formation, victory is within our grasp.
