

Army 211

Chapter 211 Killing

Late at night.

In the night sky.

Suddenly, the sky was filled with dark clouds.

it blocked out the bright moon and stars, making the night even darker.

About ten li away from the county capital of Red Dragon County, there was a dense forest.

The forest had no name.

Although the area wasn't very large, it was still enough to hide a million soldiers.

At this moment.

Jiang Li's Army was lying in ambush in the woods.

They had already left the city.

At the side of the forest.

It was an extremely wide main road. The main road extended forward and connected to the main road of the county city of Red Dragon County.

It was a path they had to take.

If nothing unexpected happened.

The million-strong demon Army would definitely pass through the main road in front of the forest.

In the forest.

jiang li looked at the holographic projection and watched the million demon soldiers.

They marched in the middle of the night.

Even though they were in the Yao nation's territory, Chao Wuye still maintained his vigilance. He had already sent out a large number of Scouts in front of the Army.

There were both Air Force Scouts and infantry Scouts.

"Great general, we're about to reach the provincial capital of Red Dragon County. Do we need to rest in the city?"

In the demon Army.

Chi changmei, the military counselor of nie Wuye, asked.

"No need."

" we don't have time to waste, " li wuye said. " we have to get to the qian dynasty as soon as possible. this time, not only must we take down jiang li, but we must also take advantage of the time when the wuzu sub-alliance and the imperial court are both injured. "

"This bi an ..."

” what? ” chi changmei was stunned. ” but general, his majesty only ordered us to take jiang li down. he didn’t say that we’re going to participate in the fight between the imperial court and the wuzu sub-alliance. ”

“his majesty didn’t say anything, but that doesn’t mean we can’t do it.”

“This is a once-in-a-lifetime opportunity,” li Wuye said in a deep voice.”If we can destroy wuzu sub-League and the Imperial court of da Qian, our red-browed Fey Kingdom will definitely receive a reward from the ‘Demon God immortal court’ and improve our national power.”

I believe that when the time comes, not only will His Majesty not blame us, but we will also be able to make unprecedented contributions.

“Yes, yes, yes.”

“You’re absolutely right, Grand General.”

“That’s right.”

this is a once-in-a-lifetime opportunity. It would be a pity to miss it.

even if Jiang Li has the so-called ‘ancient puppetry technique’, he’s just a new force. He’s just an empty shell and doesn’t have a solid foundation. He’s like a castle in the air that will fall at the first touch. With the general and our million troops, we can take him down easily.

“yes, yes.”

Immediately.

The Vice-generals of kui Wuye and the other commanders all agreed.

“You’re talking nonsense.”

Li Wuye snorted coldly and swept his cold gaze across the Deputy generals and commanders. He berated them in a deep voice, ” “Don’t you know that arrogance and conceit are taboo in the military?”

“don’t say such things again in the future.”

“Yes.”

“Great general, we have said the wrong thing.”

“General, please calm your anger.”

All the demons said one after another.

shua!

At this moment.

A demonic Sparrow flew over and landed in the hands of a Deputy. The Deputy immediately picked up the letter and quickly handed it to li Wuye.

“Grand General, the fifth Infantry scout team has sent a message.”

The Deputy general said.

“Give it to me,”

Li Wuye took it and read the message. He frowned and said in a deep voice, ” “Eh? The smell of blood? Pass down my order immediately. All troops are on high alert and ready for battle.”

“Great general, what’s going on?”

...

“What happened?”

“All troops, be on guard!”

instantly.

the order was given.

The entire Army was on guard.

“Whoosh!!!”

Vaguely.

The murderous military Qi circulated, showing signs of forming an army formation.

“It’s very likely that the county capital of Red Dragon County has been attacked.”

“The captain of the fifth scout team, dog spirit, is a dog-headed monster. He also has the bloodline of a third stage ‘spirit sniffing dog’, so his sense of smell is extremely sensitive,” li Wuye said.

he smelled an extremely strong smell of blood from the direction of the county capital of Red Dragon County.

...

“this bi an ...”

“Could it be that the county city of Red Dragon County has been attacked?”

“Who could have done it?”

“Demon bandits?”

“Barbarian race?”

“It can’t be the humans, right?”

The Deputy generals and commanders looked at each other and muttered to themselves.

In front.

In the air.

there were many air scout squads patrolling in the sky. they were in front of the million-strong demon army, scouting the way for the demon army and investigating the enemy’s situation.

In the forest.

Jiang Li’s mech troop was well hidden. The human soldiers didn’t even dare to breathe too hard. They were trying their best to hide their presence.

He hadn’t been discovered yet.

On the other side.

One of the small infantry scouting teams.

It was the No. 5 scout team led by Quan Ling. With a wave of his hand, the scout team stopped. Quan Ling then jumped up to the top of a tree and looked in the

direction of the Red Dragon County city. He sniffed hard and his expression changed.

“The smell of blood!”

the dog spirit exclaimed inwardly, it’s indeed the smell of blood! And the smell was very strong! Something has happened in the county!”

In the sky.

There were three holographic cameras floating in the air, controlled by three holographic meches. At the same time, they activated their detection skills and discovered nie Wuye’s aerial and infantry Scouts.

It formed a holographic image and projected in front of Jiang Li.

“Chief sovereign, we might have been discovered.”

Zh01’s pupils contracted, ” the demon Army’s formation has obviously changed. The military Qi has gathered. They’re clearly ready for battle.

they are really cautious. They even sent a small team of Scouts to lead the Army in their own country.

Zh02 said.

“.....”

Jiang Li was silent as he looked at the holographic screen.

Obviously.

no matter what the reason was, the demon army had indeed become alert and prepared for battle.

According to their plan, they were going to hide in the forest and ambush the demon Army when they passed by.

The result.

The plan could not keep up with the changes.

Or rather ...

Every plan and scheme might not necessarily succeed.

All sorts of variables, as well as the enemy's Intelligence and Planning, would cause unpredictable variables to appear in the plans and strategies that were prepared in advance.

It might even lead to failure.

since that's the case, then there's no need to wait. Let's do it directly!

“Start the battle!”

stop! Jiang Li shouted and gave a decisive order.

“Yes!”

“Artillery position!”

fire the cannons immediately!!!

BOOM! BOOM! BOOM!

the next moment.

The artillery was the first to launch a long-range bombardment. There were 10000 artilleries, 900 of which were perfected-stage type 2, and the rest were all at early-stage type 2.

Tens of thousands of cannonballs were fired.

such a scene was extremely shocking.

The cannonballs flew high into the sky and landed directly on the million-strong demon Army not far away, leaving trails of smoke in the night sky.

“It’s an enemy attack!”

“set up the formation!”

prepare for battle!!!

“You’re looking for death!”

boom!

Li Wuye raised his head. His eyes were cold and filled with killing intent. He jumped up and his body released a bright bloodline mist.

Its might was torrential.

buzzzzzz! “whoosh!!!”

“Roar!”

The next moment.

Behind him, a terrifying beast appeared. It looked like a tiger and had long black fur. It had a human-like face and four thick Tiger legs. It had a wild boar-like mouth and fangs and an extremely long tail that looked like a Python's whip.

fourth-rank bloodline.

The nightmare beast!

“Beast roar!”

BOOM!

Kui Wuye shouted and used a demonic art. The nightmare beast behind him opened its bloody mouth and let out an earth-shaking roar.

It could be clearly seen.

The sound waves produced by the roar were almost tangible. They spread out in all directions, shaking the surroundings and producing an extremely powerful area-of-effect killing power.

Bang Bang Bang Bang!

Immediately after.

In the air.

As the cannonballs exploded, they were like fireworks, creating a terrifying shockwave that shook the surroundings.

More than half of the cannonballs were destroyed by li Wuye's roar.

“!!!”

In the forest.

Luo Ming and the others were completely dumbfounded.

“This Suan ni, this Suan ni”

“He’s too strong!”

“It’s Kuai Wuye! he was chu wuye! The general of the red-browed Yao Kingdom!”

this million-strong demon Army is actually personally led by nie Wuye.

“We’re dead, we’re dead!”

Jin murou and the others recognized nie Wuye’s identity and were instantly terrified.

“Kill!”

BOOM! BOOM! BOOM!

The next moment.

Chi changmei, nie Wuye’s Deputy generals, and the other commanders all took action. Their figures rose into the air and suspended in the air. They conjured their bloodlines and shattered the remaining cannonballs.

Jiang Li didn’t count.

but ...

Currently.

More than ten level-three demons had attacked.

of course.

It was far less powerful than the meches that Jiang Li had.

one had to know.

jiang li had more than a hundred meches at the perfected stage of level three.

“army formation! Up!”

“Whoosh!!!”

Li Wuye and the rest took action and stopped the bombardment of the mechanical artilleries, giving the Army behind them time to arrange their battle formation.

A vast amount of military evil Qi was gathering.

A Grade 3 army formation was gradually forming.

It contained a Grade 3 military formation beast.

an extremely terrifying aura was slowly brewing.

liquid metal meches, exoskeleton armor meches, cover the four elite troops.

stop! Jiang Li shouted.

“Yes!”

Shua! Shua! Shua!

In that instant.

A hundred liquid metal meches and ten exoskeleton armor meches rushed out without any hesitation under Jiang Li's order.

They charged towards the million-strong demon Army.

Behind them.

The three psionic mammoth Rangers and the psionic crocodile Emperor Ranger activated their skills and followed behind, advancing under the cover of the liquid metal mech and the exoskeleton armor mech.

“He ran, they ran”

“he just rushed over like that?”

that's a million-strong Army!!!

“.....”

Luo Ming and the others widened their eyes.

“Activate exoskeleton armour.”

Kachaa! Kachaa!

The ten exoskeleton armor meches activated their exoskeleton armor equipment at the same time. Their bodies glowed and in an instant, the exoskeleton armor that covered their bodies was put on.

Whoosh! Whoosh! “Whoosh!”

The next moment.

Countless sharp arrows shot out from the million-strong demon Army, covering the entire sky in an instant. They were densely packed and rained down like a storm.

“fire!”

“Fire!”

Da da da da

The firearm meches and tank meches fired with their machine guns. The fire from their muzzles formed a rain of bullets, knocking away the arrows.

Most of the arrows were shot down.

Clang clang clang clang

A small portion of the arrows hit the liquid metal mech, but they didn't cause any damage to it. The arrows that hit the bone armor mech were bounced off.

Chapter 212

if I'm not wrong, this is Jiang Li's Army.

Nie Wuye looked up and saw those special war weapons. He mumbled, ” because only Jiang Li's Army has these weapons.

Jiang Li, how dare you invade the red eyebrows Fey Kingdom? I'm afraid you don't know how to write the word 'death'!

Kui Wuye's expression was dark and his killing intent was heavy.

“throw the spear!”

Whoosh! Whoosh! “Whoosh!”

In the air.

a large number of air force demons threw their ‘javelins’. each’ javelin ‘contained the power of their bloodline and had a strong penetrating power.

“Fire the anti-aircraft guns!”

BOOM! BOOM! BOOM!

10,000 transport meches meant 10000 anti-aircraft guns. Among them, 900 were perfected stage two transport meches, so the anti-aircraft guns were more powerful.

The anti-aircraft artillery shells rose into the air, hitting and shattering the javelins, and exploded in the air, forming beautiful fireworks.

Whoosh! Whoosh! “Whoosh!”

at the same time.

In the demon Army.

The huge and hideous siege crossbows appeared and aimed at Jiang Li's Army. They shot out arrows as thick as arms.

It contained an extremely powerful force.

Boom! Boom! Boom!

The tank meches moved out and fired shells at the ballistae. The shells and arrows collided and exploded. The arrows were blown to pieces.

“fire the arrows! Shoot the arrows!”

“Attack with the crossbow!”

“Set up the formation! Quickly set up the formation!”

be careful!

Buzzzzzz!

Six-hundred-thousand human warriors.

Although Luo Ming and the rest were terrified as they did not expect to encounter the million-strong demon Army led by nie Wuye, they quickly calmed down and got into formation.

Very quickly.

Sharp arrows streaked across the sky, shooting towards the demon Army.

The crossbow arrows followed closely behind.

However ...

The human army didn't have any flying units.

He was at a disadvantage.

“Roar!”

At this moment.

The stage 3 formation of the demon Army was completed, and an earth-shaking roar resounded throughout the battlefield. It shook the spiritual energy of the entire battlefield, forming an indescribable and terrifying aura.

“.....”

Jiang Li couldn't help but look up and see the giant beast in the sky.

A giant beast!

This was a giant beast!

It was huge.

it was like a huge mountain peak, containing an indescribable power. its body had reached a height of 1000 meters, which was extremely shocking.

Powerful!

It was extremely powerful!

Jiang Li couldn't help but hold his breath. He felt a strong sense of pressure and looked at the Army beast in the sky.

It was an ancient beast, a Taowu.

That's right!

tiger body and human face.

Its entire body was pitch-black, and it had an extremely long tail and a bloody mouth. Its four limbs were thick and sharp, and its claws were as sharp as a dragon's claws. It was slightly crouching, as if it was accumulating strength.

Grade 3 army formation!

The tadpole formation!

“Attack!”

let's go! kui Wuye looked at Jiang Li's Army coldly. He waved his right hand and the bi 'an beast in the air pounced forward!

kill!!!

...

The million demon soldiers shouted in unison.

“roar!”

The bi 'an beast raised its head, and its eyes shone with a brilliant light. As if it had just woken up, it let out an earth-shaking roar.

After that.

He pounced forward.

BOOM! BOOM! BOOM!

It could be seen.

The artillery, tank, firearm, anti-aircraft, and even the rocket artillery from the mechanical Rangers all fired at the enemy.

Bi an pounced forward with a thousand-meter long body. As he charged forward, he actually destroyed all the attacks. In the sky, tens of thousands of artillery shells exploded.

It was hard to describe such a scene.

It was an earth-shattering flame that was extremely dazzling. The shock waves of the explosion spread out, and the entire battlefield was filled with a pungent smell of gunpowder.

...

They were all blocked.

“Ah!”

Among the million-strong demon Army.

Only a small number of demon soldiers screamed as they suffered the backlash from the Army formation and died.

” this is the power of a grade 3 army formation. ”

” it’s nothing. ” jiang li looked serious. ” 10000 artillery soldiers, 10000 tank meches, 10000 transport meches, and more than 100000 firearm meches. all the attacks were blocked. ”

Strong!

It was extremely powerful!

It could be said that ...

Jiang Li finally saw the power of a 'stage three battle formation' and how powerful a 'stage three battle formation' with a million soldiers was.

In reality.

Without the grade 3 army formation.

The million-strong demon Army led by nie Wuye was no match for Jiang Li's mech Army.

but ...

There were no ifs in reality.

Jiang Li knew from the beginning that they would have a level-three battle formation.

This battle was unavoidable!

Furthermore!

he had to win!

He had to win!

at this moment.

The demon Army started to fight back because the level-three battle formation stopped the long-range bombardment of Jiang Li's meches and the arrows of the human army.

That was why they could attack without any reservations.

Hence.

A large number of archers shot out arrows. The arrows fell from the sky and the air Forces threw 'javelins'. The arrows flew through the air and covered Jiang Li's Army.

“Block it! Block it!”

activate the Army formation!!!

Luo Ming and the others roared.

“Roar!”

the 600,000-strong human army formed five grade 2 battle formations. they formed five grade 2 battle formation beasts, trying to block the demon army's attack.

BOOM! BOOM!

but ...

Under the command of nie Wuye, the battle formation beast Taowu pounced again and destroyed the five Stage 2 battle formation beasts, breaking the Stage 2 battle formation of the human army.

“Ah!”

The human soldiers cried out in pain.

there were countless deaths and injuries.

Pfft! Pfft! Pfft!

countless sharp arrows pierced through the human soldiers 'bodies. at the same time, a large number of crossbow arrows damaged jiang li's meches.

all stage three meches, attack with full force and break the stage three army formation.

stop! Jiang Li shouted.

“yes!”

BOOM! BOOM! boom!

At this moment.

One hundred perfected-stage liquid metal meches and ten perfected-stage exoskeleton armor meches had already crossed the distance between the two legions. They blocked countless attacks and destroyed the siege chariots that were charging at them.

They charged at the million-strong demon Army as fast as they could.

“Rank 3!”

“they're all tier 3!”

“Be careful!”

they want to break our Stage 3 army formation!

“You're dreaming!”

if they want to break through a Grade 3 army formation, they'll need to have a Grade 4 battle strength. Furthermore, the 'bi' an army formation 'is being controlled by the general. They can't succeed.

At first, the commanders of the demon soldiers were shocked to see so many stage three experts, but they quickly calmed down and sneered.

He was full of confidence.

Jiang Li's million-man army and nie Wuye's million-man demon soldiers hadn't fought in close combat yet. They were only fighting with long-range attacks.

In reality.

after a short observation, li wuye clearly realized that the overall strength of jiang li's army surpassed his million-strong demon army.

Jiang Li's Army was several times larger than the demon Army, be it the number of stage one or stage two soldiers.

To tell the truth.

Chao Wuye was extremely shocked and even found it unbelievable.

he couldn't understand how jiang li's army could be so strong and how there were so many masters and warriors.

fortunately ...

Jiang Li's Army could only set up a level-two battle formation, not a level-three one.

This was the key to victory.

so,

he didn't plan to fight with jiang li's army in close combat. instead, he was going to fight with jiang li's army with the power of a level-three formation.

all stage three commanders and generals, attack together with me and stop them.
We can't let them attack the Army formation. We must protect the Army formation.

Kuai Wuye shouted.

“Yes!”

“yes, sir!”

kill!!!

” kill the enemy!!! ”

Buzzzzzz! Wuwuwuwuwu!

Soon after.

From the demon Army.

Twenty-five level-three demons rushed out. They were the military counselor Chi changmei, who was at the perfected stage of level three, four Deputy generals at the late stage of level three, nine at the mid-stage of level three, and eleven at the early stage of level three.

“Army formation!”

Roar!

The stage 3 battle formation's power was added to the stage 3 demon commanders, causing their strength and aura to increase greatly.

bloodline manifestation.

One beast after another appeared.

BOOM! BOOM! boom!

an intense battle erupted.

“Kill!”

On the battlefield.

the liquid metal mech's arms changed into two long silver knives that flashed with silver light.

what is this thing?!

The demon commander's eyes widened. He could not understand how his arms could turn into long sabers. In his shock, he did not react in time and missed the opportunity.

Pfft!

Blood splattered everywhere.

The commander of the demon soldiers had been injured. There was a knife wound on his chest.

“Ah!”

Immediately after.

miserable screams rang out from the surroundings.

Pfft! Pfft! Pfft!

blood spattered out.

“Three mayflies, stage three peak! They’re all at the perfected stage of rank three!”

how is this possible?!!

110 perfected stage level three connate martial artists?!

“no! it’s wrong!”

“They don’t have Xiantian true Qi!”

so, what are they?!

“.....”

Aghast!

Shocking!

Unbelievable!

the 25 level-three demons immediately experienced the strength of the liquid metal mech and the exoskeleton armor mech after the fight.

“Good, good, good, very good.”

Jiang Li smiled and laughed. He was watching the battlefield and most of his attention was on the level three mech.

He was extremely satisfied with the results of the liquid metal mech and the exoskeleton armor mech, so he didn't waste so much time unlocking and manufacturing them.

One had to know.

There were only twenty-five level-three monsters. Their levels were far lower than Jiang Li's level-three meches. Their numbers were several times more than the monsters.

Even if the 25 level-three demons had the power of the battle formation, they were no match for the liquid metal mech and the exoskeleton armor mech.

The situation finally took a turn for the better.

“Tier 3 perfection!”

Jiang Li! nie Wuye's eyes became serious. Jiang Li's strength was beyond his expectations.

110 perfected stage tier 3 martial artists!

This was too much.

Even if all the red eyebrow Empire's perfected-stage level three experts were added together, they wouldn't even make up one-tenth of the total, but Jiang Li had mastered so many.

how is this possible?!

chu wuye found it hard to accept this fact.

One had to know.

He took the order from His Majesty and made a military pledge that he would take Jiang Li's head. He was confident.

In nie Wuye's opinion, it wasn't a big deal to take down Jiang Li.

But now ...

Chu Wuye felt immense pressure.

even ...

Vaguely.

He had a feeling that he might lose.

“Jiang Li, bi an.”

Jiang Li. Chu Wuye raised his head and looked across the battlefield at Jiang Li, who was standing at the back. His eyes were filled with killing intent.

Chapter 213 The intention to retreat

Instantly.

Jiang Li immediately felt nie Wuye's gaze. The murderous intent sent a chill down Jiang Li's spine.

His entire body quivered.

“Whoosh, whoosh, whoosh, good fellow.”

Jiang Li took a deep breath and circulated his internal force. He looked at ynsh01, Lt01, and the stage-three walking corpse controlled by ynsh01.

okay. Jiang Li finally felt a little more at ease.

“Just his gaze alone is enough to make me feel cold.”

Jiang Li looked at nie Wuye and murmured to himself, ” “This monster is very strong! It was extremely powerful! i’m afraid that after burning his bloodline, his strength will not be weaker than the psionic mammoth rangers!”

“Be careful,”

Jiang Li said to himself.

“All troops, charge!”

Immediately.

let’s go! Jiang Li gave a decisive order. He would stop the long-range battle with the demon soldiers. Instead, he planned to let the meches rush into the enemy’s formation and start a close-range battle.

“Kill!”

“Rumble!”

The ground started to shake.

“Roar!”

100,000 walking puppets roared. They rushed to the front and acted as meat shields. Most of the arrows and javelins hit the bodies of The Walking puppets.

He had almost become a Porcupine.

but ...

Even if it was shot into a Hedgehog, the undead puppet could still fight unless its head was destroyed or its head was pierced by a sharp arrow.

That was why he fell.

“All human soldiers, charge immediately! Anyone who retreats will die!”

stop! Jiang Li shouted coldly.

“.....”

“follow me!” luo ming gritted his teeth and roared.

the million-strong demon Army has a Stage 3 army formation. It’s extremely disadvantageous for us to engage in a long-range battle because the stage 3 army formation can block all our long-range attacks. Only by charging forward and charging into their army formation can we have a chance of victory.

“All troops, charge!” Gu Shan He shouted.

brothers, hesitation will lead to defeat. The brave will win when we meet on a narrow road!

Jinmurou roared.

” charge!!! ”

“kill!”

“The more you kill, the more rewards you get.”

for the cultivation technique!!!

The human soldiers began to charge, following closely behind The Walking corpse puppets. Their momentum was extremely vast, their battle cries shook the sky, and their killing intent surged.

Of course.

If they charged into the enemy’s battle formation, the demon soldiers in the battle formation would be strengthened by the battle formation, and their strength would increase greatly. However, the human soldiers would be suppressed by the battle formation, and their strength would decrease.

Therefore, generally speaking.

Charging into the enemy’s formation was an extremely unwise choice.

but ...

In a situation where they were unable to break through the enemy’s formation, they could only choose this method of fighting. Otherwise, if things continued at this pace, the casualties would be even more severe.

It could be seen.

Combat meches, cold weapon meches, biochemical meches, electric meches, mechanical Rangers, tank meches, and the driver of the transport meches all joined the battle under Jiang Li’s order.

Then, they formed an Army of hundreds of thousands of meches.

kill!!!

Battle cries shook the heavens.

The two armies had officially started their battle.

The siege chariots collided with the tank meches. The crossbow arrows pierced through the meches 'bodies. The mechanical Rangers moved around the battlefield and killed the demon soldiers with their rocket cannons.

An intense battle!

The battlefield was in complete chaos!

BOOM!

Suddenly.

The battle formation beast bi 'an pounced from the sky. Its thousand-meter long body had extremely powerful combat power. It destroyed thousands of meches with one strike.

...

Thousands of human soldiers were also killed.

now is the time. The perfected stage rank three elite troop class, attack!

stop! Jiang Li roared.

“Sprint, charge!”

“rumble!”

the next moment.

The four elite soldiers had been waiting for a long time, like leopards in hiding, waiting for the best opportunity.

It was at this moment.

The Army formation ferocious beast Taowu materialized.

As long as they could defeat the formation beasts, they would be able to break the grade 3 formation.

The ground was shaking!

...

It was shaking violently!

The three psionic mammoth Rangers and the psionic crocodile Rangers seemed to have endless mechanical psionic energy blooming from their bodies.

At the same time, he activated his ‘sprint and charge’ skills.

Full speed!

The distance of several hundred meters was covered in the blink of an eye.

They had killed their way to the front of the battle formation’s beast, bi an.

Buzzzzzz! Buzzzzzz! Buzzzzzz!

Four elite soldiers.

his entire body.

It was flashing with the light of skills.

Its power continued to climb and reached a limit.

It could be seen.

the psionic imperial crocodile cavalryman activated the four skills 'psionic control, bloodthirst, immense strength, and psionic rage' to increase its strength.

“Psionic heavy sword slash!”

Finally.

It was an extremely bright black psionic sword radiance that was hundreds of meters long. It was extremely heavy, like a sword-shaped mountain.

At the same time.

the three mammoth Rangers all activated their 'psionic control', 'brute force', and 'psionic amplification', increasing their own strength.

“Psionic spear technique!”

Finally.

Three pitch-black Spears of the psionic mammoth ivory Knights pierced forward. All the power condensed into a dazzling spear light, which also extended for hundreds of meters.

It stabbed towards the beast Taowu!

“Not good!”

army formation!!!

“.....”

Chi changmei and the others turned pale with fright.

boom!

“Ah!”

One of the exoskeleton armored meches took the opportunity to attack. He punched with a huge Iron Fist that contained terrifying kinetic energy. The air collapsed.

“Pfft!”

The early stage level three demon commander didn't even have the chance to scream before his head was smashed by a punch. It exploded, and blood and flesh flew everywhere.

He was dead.

“Hurry up! Fully activate the Army formation!”

“Whoosh!!!”

the demon soldiers shouted in unison.

The Tier 3 military formation was fully activated. After absorbing the bloodline power of a large number of demon soldiers, the military killing aura gathered, and the Suan ni roared repeatedly, its might increasing greatly.

kill!!!

Pfft! Pfff!

The meches and human soldiers took the opportunity to attack the demon soldiers with all their might. Many demon soldiers were caught off guard.

Many of them died.

At this moment.

The psionic Imperial crocodile cavalry's psionic heavy sword slash and the three psionic mammoth cavalry's psionic spear technique had already attacked the battle array beast bi 'an.

“Roar!”

The Suan ni roared and charged forward with all its might.

“Rumble!”

The sound of an explosion rang out.

the thousand-meter long giant beast was extremely powerful and ferocious. it was formed by the military qi of millions of demon soldiers and the spiritual qi of heaven and earth.

It possessed great power.

It could also protect and strengthen the Army.

At this moment.

The bi ‘an behemoth collided with the full-force attacks of the four perfected-stage elite soldiers, and a Black Radiance bloomed in the sky before exploding.

A vast shock wave spread out in all directions.

“Ah!”

In the surroundings.

The demon soldiers, human soldiers, and even Jiang Li’s meches were all sent flying by the shockwave.

“Rumble!”

the sound of explosions continued to ring out.

Bang Bang Bang Bang!

The energy was constantly exploding.

The Suan ni beast and the four perfected-stage elite soldiers were in a stalemate.

“Ah!”

Pfff!

A large number of demon soldiers were screaming in pain as they suffered the backlash from the battle formation. Some of them had their bloodline power directly sucked dry by the bi ‘an battle formation.

kill!!!

BOOM!

Kuai Wuye charged over.

“Whoosh!!!”

It could be seen.

His bloodline ‘nightmare beast’ had fused with him, and a bloodline pattern appeared on his face. His aura rose greatly, and he also had the support of the Army formation.

The weapon was a black heavenly halberd.

It was two meters long.

The blade of the halberd reflected a cold glint in the night.

It gathered a vast amount of bloodline power.

slash!!!

Li Wuye’s all-out attack gathered a huge amount of energy. When the halberd landed, a halberd light that was hundreds of meters long came slashing down.

boom!

After that.

the halberd smashed toward the four perfected-stage level three meches, creating a huge explosion. The huge sword light and the three spear lights exploded.

“BOOM!”

At the center of the battlefield.

It was a pitch-black ball of light that had exploded, forming circles of light that spread out in all directions. It was like a black hemisphere that covered the ground and was constantly expanding.

“Ah!”

in the surroundings.

Many demon soldiers, human soldiers, and meches were affected. They screamed and many of Jiang Li’s meches were destroyed.

Pfft!

Chao Wuye let out a blood-curdling screech as his body flew backward for over a thousand meters before landing on the ground. He stood firmly on the ground and plowed two hundred-meter-long trenches in the ground with his feet.

BOOM!

The bi ‘an beast was also sent flying. The light on its body dimmed, and cracks even appeared on it, as if it was about to collapse.

At least tens of thousands of demon soldiers died because of this.

buzzzzzz!

the power of the bloodline gathered and surged into the army formation, maintaining the rank 3 army formation. then, the cracks on the bi ‘an ferocious beast’s body slowly recovered and disappeared.

“Just a little bit more.”

it’s a pity, ” Jiang Li said. if there’s one more perfected-stage elite troop and five perfected-stage elite troops, we should be able to break this level-three formation.

Kachaa! kachaa!

The four perfected stage rank three elite soldiers were also severely injured, and their damage had reached 50%.

His entire body was covered in cracks, with electric sparks flashing.

“Repair!”

Jiang Li used four energy points to repair the damage. With a flash of white light, he was fully recovered.

“.....”

how is this possible? ” nie Wuye looked up and saw that the four perfected-stage elite meches had recovered. His eyes widened. how is this possible?!

great general, save me!!!

At this moment.

The stage-three demon commanders and commanders shouted in horror.

BOOM! BOOM! boom!

One hundred liquid metal meches and ten exoskeleton armor meches formed a circle and surrounded more than twenty level-three demons.

On the ground.

There were already three bodies lying on the ground.

in other words ...

three level-three demons had been killed.

“This bi an ...”

Chao Wuye’s pupils contracted, and fear and coldness rose in his heart.

after that.

He looked at the entire battlefield.

Because of the level three battle formation, Jiang Li’s meches were suppressed by the battle formation, but they were still perfected-stage meches.

Of course.

The demon soldiers were strengthened by the battle formation, so they still had the advantage. Jiang Li’s meches and the human army were suppressed.

but ...

Chu Wuye was very clear.

This situation was only temporary.

if all the level-three demons are killed, the 100-odd perfected-stage level-three demons will be free to join forces with the four top-tier perfected-stage level-three demons. Even a level-three military formation won't be able to stop them!

Chao Wuye already had thoughts of retreating.

Chapter 214 broken

“Ah!”

screams rang out.

Another level-three demon was killed by the liquid metal mech and the exoskeleton armor mech and had his head cut off.

“Whoosh!!!”

Immediately.

A white light spot flew out of the level-three monster's body and entered Jiang Li's body.

a notification flashed before his eyes.

[acquired a Tier 3 soul Tinder!]

“Alright,” he said.

Jiang Li smiled.

retreat!!!

He did not hesitate for too long.

retreat! when kui Wuye saw Jiang Li's four perfected-stage elite troops attacking him again, he gave the order to retreat decisively.

“Retreat?”

“Great general, are we retreating?”

“This bi an ...”

The demon soldiers were instantly stunned.

“All troops, retreat!”

Kuai Wuye shouted.

“Yes!”

“Hurry up! Retreat!”

“Let's go!”

Hence.

The million-strong demon Army began to retreat. They blocked the attacks of Jiang Li's Army in an orderly manner and kept pulling away.

“Whoosh!!!”

at the same time.

The military Qi gathered and gradually formed a marching army formation.

“Hahahahaha!”

Luo Ming was stunned at first, then he laughed wildly, ” they retreated, they retreated.

“We won! We actually won?”

Feng Wutian’s face was filled with shock.

this is an Army of a million demon soldiers led by the general of the red-browed demon Kingdom. They actually retreated. They actually retreated!

“It’s like a dream.”

“We won! We’ve won!”

cheers!

Jumping for joy!

He was excited!

The human soldiers who had survived all began to shout. Their hearts were filled with joy, and it was difficult for them to suppress or calm down.

“chief sovereign, you can’t let them go.”

Zh03 shouted.

“My Lord!”

Zh01 also shouted, ” we have to take care of these demon soldiers at all costs.

“All of you, charge! Chase after the demon Army!”

okay. Jiang Li nodded and shouted.

“What?”

you want to pursue and kill him?!

“my lord, didn’t the enemy retreat? didn’t we win? Why are you still chasing?”

“Don’t chase after a desperate enemy!”

luo ming and the others widened their eyes.

“Those who disobey will die!”

stop! Jiang Li shouted with a cold look.

“i’m yingying!”

Luo Ming and the others opened their mouths, but they gave in under Jiang Li’s cold eyes. They led the human army and chased after the demon Army.

...

In the air.

“Roar!”

the bi 'an beast roared and blocked a large number of cannonballs. the sky was filled with flames and shrapnel. the shock waves of the explosion scattered in all directions, and smoke filled the air.

kill!!!

At this moment.

Half of the 100 liquid metal meches and 10 exoskeleton armor meches, together with the four perfected-stage elite soldiers, started to attack the Army.

“Stop them!”

Li Wuye shouted.

BOOM! BOOM! BOOM!

in the demon army.

Hundreds of war chariots rushed out of the city, and countless arrows were shot down from the sky. Javelins were thrown down from the sky, and sharp arrows filled the sky.

...

These attacks ...

all of them charged towards the four perfected stage three elite troops.

“Liquid metal shield!”

Buzzzzzz!

it could be seen.

the 50 liquid metal meches changed greatly. their bodies turned into silver liquid metal and flowed like mercury.

After that.

The liquid metal gathered together to form a huge silver metal shield, like a city wall, blocking the front.

“This Suan ni, this Suan ni”

Hence.

The demons were dumbfounded.

Clang clang clang clang

The sharp arrows, javelins, and crossbow bolts were all blocked by the silver metal shield.

BOOM!

An explosion sounded.

The five exoskeleton armor meches were two meters tall. They were wearing exoskeleton armor and were extremely hard, like steel robots.

They directly charged out.

After that.

One by one, the siege vehicles were sent flying and disintegrated in the air.

“Ah!”

The demons driving the siege chariots screamed and vomited blood.

Jiang Li’s perfected-stage level three mech charged at the demon soldiers.

kill!!!

BOOM! BOOM! BOOM! BOOM!

After that.

The four perfected stage three elite troops once again released their strongest power and used their skills one after another. A vast amount of mechanical psionic energy began to gather.

They attacked the beasts in the battle formation.

“Damn it!”

Li Wuye bellowed. He swallowed a pill to recover his bloodline power and injuries, while increasing his own strength. He leaped forward and combined the power of the bi ‘an army formation, swinging out an incomparably brilliant halberd light.

“rumble!”

The attacks from both sides collided.

tao wu also charged over.

It produced an earth-shattering explosion that reverberated in all directions. The energy exploded, and bursts of radiance spread out, forming a terrifying shock wave that even cracked the ground.

At the same time.

The attacks of the 50 liquid metal meches and the five exoskeleton armor meches also landed on the bi 'an fero beast.

Kachaa! Kachaa!

It could be seen.

Cracks began to appear on the bi 'an beast's body, and they were gradually spreading throughout its body. It was about to collapse.

“No!”

Li Wuye's eyes widened.

“Ah!”

a large number of demon soldiers were screaming in pain.

“Bloodline ignition!”

BOOM!

At this moment.

Chi changmei shouted and ignited his bloodline without hesitation. It was a red flame bird that was burning with red flames like a Vermillion Bird.

When it spread its wings, it was hundreds of meters long.

The power was vast.

“Military counselor!”

The demons ‘pupils contracted.

“kill!”

BOOM!

” die! ” chi changmei shouted as he stabbed out with a red spear wrapped in flames. several liquid metal meches were sent flying, and their bodies were pierced.

but ...

the liquid metal flowed, and the wound quickly healed.

“.....”

Chi changmei’s pupils contracted, and his face was full of shock.

get lost!!!

BOOM! BOOM! boom!

Chi changmei swept his spear and sent several perfected-stage level-three meches flying. Then, he went to support nie Wuye as quickly as possible.

“I expected it.”

” humph! ” jiang li snorted. ” stop him. ”

shua! Shua!

Two figures had already rushed over.

He took a closer look.

They were the Crown Prince undead puppets and the shadow undead puppets. Under ynsh01’s control, they had already quietly approached the demon Army.

“Crown Prince, shadow.”

When Chi changmei saw the figure who launched the sneak attack, he couldn’t help but widen his eyes with an incredulous expression, ” how is this possible?! You guys are actually afraid?”

BOOM! boom!

The mountain back bull roared.

The Crown Prince’s Double-faced giant axe slashed at red long eyebrows.

at the same time.

the dark shadow bat appeared, and its sharp eyes seemed to pierce through the void.

BOOM!

chi changmei was blocked. he could only stop. he swept the burning spear and blocked the attacks of the crown prince and shadow puppet.

The long spear shook.

The Crown Prince and shadow were sent flying.

“You are not the Crown Prince and the shadow.”

Chi changmei reacted, ” you are just corpses that are being controlled.

Shua! Shua!

Chi changmei was stopped for a moment, and several liquid metal meches and exoskeleton armor meches rushed over and surrounded him.

“Roar!”

The Crown Prince and shadow, the two undead puppets, also rushed over.

“No!”

“BOOM!”

“roar!”

arghh! li Wuye let out a sorrowful cry. The Suan ni beast exploded, and countless cracks spread all over its body.

It finally exploded.

It exploded into black light spots that filled the sky. The vast military Qi dispersed, and countless spiritual Qi overflowed, creating a tornado-like storm.

The Army formation was broken!

Grade 3 bi ‘an army formation!

It was broken!

It was broken by Jiang Li’s meches!

“Ah!”

In the demon Army.

The screams of a large number of demon soldiers rang out. One by one, they spat out blood as they suffered the backlash from the collapse of their formation and fell to the ground.

The fog of light that filled the entire battlefield was dissipating!

It was collapsing!

“Military scepter, military formation, scepter!”

“How is this possible? how is this possible?”

“Grade 3 army formation! This was a Grade 3 army formation! Only the power of a fourth tier can break through it, and it requires the combat power of a National Guardian!”

“Why? Why is that so?”

In the surroundings.

The level 3 demon commanders and the demon soldiers were dumbfounded as they watched the ferocious beasts in the battle formation explode in the sky.

fear!

A wave of fear spread.

However ...

let's go! Jiang Li didn't give them time to be shocked. He waved his hand and tens of thousands of cannons were fired.

They all exploded in the enemy camp.

“Rumble!”

The tank meches charged forward, shells exploded, and machine guns fired.

The anti-aircraft guns were aimed at the demons in the air.

“Ah!”

the screams of countless demon soldiers sounded.

Corpses flew everywhere.

“oh my god!”

“It's broken! The grade 3 army formation is really broken!”

master Jiang Li has actually mastered the combat power of a level four National Guardian? ”

“Unbelievable! It's simply unbelievable!”

“Is this true?”

“The beasts in the battle formation were all killed, how can it not be true?”

“Hahahahaha!”

Luo Ming and the others were stunned. When they came to their senses, they all screamed excitedly.

kill!!!

“Don’t let them escape!”

“I’m going to make a name for myself today!”

“kill them!”

At this moment.

The morale of the entire Army soared.

Furthermore ...

As the level-three battle formation was broken, all the human soldiers and Jiang Li’s meches used their full strength.

Hence.

Jiang Li’s meches showed great combat power. Each of them was above perfected-stage level one. They killed demon soldiers one after another.

The situation on the battlefield was leaning towards Jiang Li.

There was no grade 3 army formation.

Jiang Li's mech Army could crush them!

This was because the quality of the Army was much higher than that of the demon Army.

"I want you dead!"

BOOM!

you're courting death! nie Wuye roared. His eyes were bloodshot and his killing intent boiled. He howled into the sky and used some kind of demonic secret technique, causing his body to grow by a meter.

His entire body.

His veins popped out as if they were about to explode.

A powerful aura rose.

"Bloodline ignition!"

"roar!"

The nightmare beast revealed itself, turning into a huge ferocious beast. Pitch-black flames began to burn all over its body, and its vast aura seemed to suppress the entire battlefield.

"It's too late."

Jiang Li took a deep breath and circulated his internal force to resist nie Wuye's pressure. He said, " " if you had ignited your bloodline without hesitation before your formation was broken, the result would not have been like this. "

“Unfortunately, you don’t!”

Chapter 215 Defeat

” that’s because the price to pay for the ‘ignition of your bloodline’ is too great. the longer the ignition is, the greater the side effects will be. it might even be life-threatening in the end. ”

it’s not that simple, ” Jiang Li said. even if it’s only burned for a short time, it’ll still lower the bloodline’s level.

if the grade of your bloodline drops, it will affect your aptitude and potential. Of course, you’re not willing to stay at the perfected stage of Tier 3 forever. You want to break through to Tier 4.

“So, you hesitated. You hesitated.”

“If you hesitate, you will be defeated!”

Jiang Li looked at nie Wuye with sharp eyes.

Every word struck the heart!

“you shut up!”

I’ll kill you even if I have to die today! li Wuye roared. I’ll get rid of you for the red eyebrows Yao nation and for His Majesty!

BOOM!

As soon as he finished speaking.

Jiang Li! kui Wuye seemed to have turned into a black streak of light. He was as fast as lightning and was about to cross the entire battlefield to charge at Jiang Li.

“I’ve already said it.”

” it’s too late. ” jiang li looked at her calmly. ” it’s too late. ”

Kachaa!

purple lightning flashed.

immediately rushed over.

“Get lost!”

BOOM!

li wuye’s halberd struck down and the lt01 was sent flying thousands of meters away. it smashed a deep pit in the ground.

the damage had reached 20%.

” jiang li, i’ll show you what power is today! ”

“What is the power that will make you despair?” li Wuye shouted.

“Great general!”

“The general has ignited his bloodline Kasaya!”

“You must succeed!”

“.....”

all the demons looked up.

BOOM! BOOM!

Ynsh01 fired psionic shells after psionic shells.

“roar!”

go! nie Wuye roared. The sound waves spread out and caused the psionic cannon to explode. The psionic light exploded.

“Psionic energy control!”

“Whoosh!!!”

Ynsh01 used his skill, and a vast amount of mechanical psionic energy spread out, forming a psionic domain that enveloped Hao Wuye, forming a strange distortion force.

“Break!”

Li Wuye’s halberd swept across and black flames burned. The pitch-black halberd radiance was like a fire blade that tore apart the psionic domain.

“Kill!”

Nie Wuye sped up and closed the distance between him and Jiang Li.

“Die!”

BOOM!

After that.

Li Wuye raised his halberd, which was burning with black flames. The nightmare beast roared and a powerful force gathered on the halberd.

Shua! Shua! shua!

However, at this moment.

The liquid metal meches had already arrived under Jiang Li's order.

Buzzzzzz!

Standing in front of Jiang Li, the fifty liquid metal meches seemed to have melted into liquid silver metal and quickly gathered.

then, it rose.

It turned into a thick silver wall.

He stood in front of Jiang Li.

clang!

The halberd hit the silver wall and made a sharp noise. Jiang Li saw the silver wall caved in.

...

but ...

It was blocked!

Kuai Wuye's attack was blocked.

“You!”

Chu Wuye's eyes widened at the sight.

“Hehe.”

Jiang Li looked at nie Wuye with a smile.

“Psionic heavy sword slash!”

Kachaa!

The next moment.

the psionic crocodile emperor cavalry arrived and slashed with its strongest sword.
a psionic sword ray that was hundreds of meters long slashed down from above,
aiming at li wuye.

...

BOOM!

Li Wuye raised his heavenly halberd to block.

Pfff!

He spat out a mouthful of blood. Although he managed to block the sword, he was still sent flying.

“Psionic spear technique!”

BOOM! BOOM! BOOM!

Soon after.

The three psionic mammoth Rangers arrived one after another and surrounded nie Wuye. The four perfected-stage Tier 3 elite troops attacked him together.

“Let’s attack together.”

Jiang Li said.

“Yes.”

shua! Shua! Shua!

the silver wall melted and regrouped into fifty liquid metal soldiers, melting their arms and forming two silver Blades.

“Kill!”

They attacked Chao Wuye.

Five exoskeleton armor meches, ynsh01, and Lt01 were in front of Jiang Li.

“Ah!”

ah! Chao Wuye screamed.

One had to know.

This was fifty perfected-stage liquid metal soldiers and four perfected-stage elite soldiers attacking nie Wuye together.

it could be said that ...

Unless Nie Wuyue was a true type 4 expert, he would not have been able to withstand the combined attacks of so many at the perfected type 3 realm. It was already impressive that he could last so long.

it was obvious.

Nie Wuyue was not.

He was only at the peak of the perfected stage of Tier 3. Even if he burned his own bloodline, he was still unable to cross the barrier of Tier 4. He could only be said to be infinitely close to Tier 4.

“Pfft!”

finally.

Li Wuyue’s heart was pierced by the psionic mammoth cavalry.

But he didn’t die immediately.

“Ynsh01, immediately transform the undead puppet.”

Jiang Li said quickly.

“Yes.”

Shua!

ynsh01 quickly rushed over and used his biochemical poison skill. he then turned Nie Wuyue into a walking corpse before he died.

“Roar!”

kui wuye stood up again, holding the heavenly halberd. the nightmare beast woke up and roared.

Jiang Li added another perfected-stage level-three walking corpse puppet.

“Alright,” he said.

haha. Jiang Li smiled.

“all troops, attack! annihilate the demon army!”

Jiang Li waved his hand.

“yes!”

“Attack!”

BOOM!

Li Wuye’s walking corpse puppet also rushed into the battlefield and swept the halberd in all directions. In addition to li Wuye’s original identity, these demon soldiers lost all their courage.

Their chief general had actually died.

Even the corpse was being controlled by the enemy.

he had lost all will to fight.

“Retreat! retreat!”

“As many as you can!”

“Run!”

“We must bring this news back to His Majesty!”

Jiang Li has invaded the red eyebrow Yao Kingdom.

“The great general has died in battle!”

The demon Army was completely defeated. They fled in all directions while Jiang Li sent the meches and the human army to chase them.

however ...

There were still fish that could not be avoided.

Jiang Li also asked the holographic mech to use the holographic camera to do a thorough search.

On the battlefield.

The demons with third-rank bloodlines all burned their bloodlines and began to fight back with all their might. After burning their bloodlines, the strength of the tier-three demons increased greatly.

That was why Jiang Li asked a hundred perfected-stage level-three meches to suppress them all.

Pfft!

Not long after.

Chi changmei was killed by the psionic Imperial crocodile cavalryman with one sword strike.

“Ah!”

Following that, the Tier 3 demons were killed one after another, turning into corpses.

Time passed.

The morning came quietly.

the sun rose unknowingly, and its afterglow scattered on the earth.

“It’s already the next morning.”

I’m surprised. Jiang Li slowly raised his head and looked at the rising sun. The light wasn’t glaring, but rather gentle. the battle lasted for half a night.

“However, Yingluo”

Jiang Li took a deep breath and looked at the battlefield. Millions of monsters ‘bodies were piled up on the ground. Their blood had formed a pool.

In the air.

there was a pungent smell of blood that would not dissipate for a long time.

There were too many corpses.

“We won!”

Jiang Li clenched his fist. a million demon soldiers, a level-three formation, but I won in the end. I almost annihilated them all.

“Luo Yilin, it’s time for you to perform.”

Jiang Li said.

“Yes, Your Highness.”

Luo Yilin nodded and walked over. Her tone became more reverent, and her attitude became more respectful.

“blood refining formation!”

buzzzzzz!

Soon after.

Luo Yilin waved her right hand, and the array disc flew out. She formed a seal with both hands, forming a blood refining array. It gradually enveloped the battlefield and refined the demon corpses into ‘blood refining pills’.

“This is a formation!”

“The blood refining array!”

“an array master!”

” i didn’t expect her to be a second-grade array master! ”

In the surroundings.

Luo Ming, Jinmu Rou, and the others looked over in surprise. They clearly didn't expect Luo Yilin to be a rare array master.

Two hours later.

Nearly a million demon corpses were refined into blood refining pills by the blood refining formation. The corpses were weathered, and a strong wind blew past, turning them into ashes and dissipating.

Sir, here are 25 Level 3 blood refinement pills.

Luo Yilin gave the level-three blood refinement pill to Jiang Li.

“Yes.”

Jiang Li took it and said, ” as for the remaining blood refinement pills, just distribute them according to your contributions.

it can also recover the injuries and physical strength of the injured soldiers.

“Yes.”

Luo Yilin nodded.

Soon after.

Jiang Li's order was passed down.

“Long live Your Excellency!”

“So many blood refinement pills, and they're all for us!”

“Daren is simply too generous.”

I swear, from today on, I will forever be loyal to the Jiangli Commandery Prince!

“.....”

The human soldiers cheered.

This battle.

The human soldiers had lost close to two hundred thousand!

Of course.

This was like a huge wave washing away the sand. After the battle with the million-strong demon Army, the soldiers who could survive naturally had some skills.

Furthermore ...

When the blood refinement pills were distributed one by one, their strength and physique were enhanced after taking the blood refinement pills, and their injuries were almost recovered.

there were even peak-stage elementary level soldiers who condensed their internal force and broke through to the early stage of level one.

However ...

There were also some soldiers whose limbs had been chopped off, so they naturally could not continue to participate in the battle.

To these injured people ...

let's go. Jiang Li had them all live in the county city of Red Dragon County.

how many meches did you lose? ”

Jiang Li asked zh01.

“Reporting to you, chief sovereign.”

we lost a total of 129600 meches, ” zh01 replied. this is the worst loss we’ve ever suffered.

“Okay, I got it.”

okay. Jiang Li nodded.

In reality.

Jiang Li took a deep breath when he heard the number. They lost 129600 meches out of the 500000.

This was definitely not a small number.

“What are the details?”

Jiang Li asked again.

we lost 118300 perfected-level meches, 10200 early-stage level-two meches, and 1100 perfected-level two meches.

“No stage three meches were lost,” zh01 replied.

luckily, I didn’t lose any level three meches.

Jiang Li said.

my Lord, although we suffered heavy losses this time, we destroyed the red eyebrows Yao Kingdom's Army of a million soldiers. Moreover, it was one of the main forces of the red eyebrows Yao Kingdom.

"no matter how strong the red eyebrows yao kingdom is, losing a million soldiers is enough to hurt them. not to mention the death of their general," said zh02.

also, the Lord has gained a lot of soul Tinders this time. The lost meches can be replenished as long as we get enough resources.

"So, no matter how you look at it, we've profited."

"Yes."

okay. Jiang Li nodded, opened the Dominator panel, and clicked on the soul Tinder.

Chapter 216 Dismissed

When Jiang Li opened the soul Tinder column and saw the number of soul Tinders displayed on it, he was shocked.

Jiang Li's lips curved up.

That's right!

This time, he had really earned big!

this time.

Jiang Li's mech Army killed almost a million monster soldiers. Some of them were killed by the human army so they couldn't get the soul Tinder.

Even so ...

The 26 level-three demons had also dropped three level-three soul Tinders.

In reality.

Such a drop rate was already very high.

Jiang Li was very satisfied.

Originally.

After Jiang Li unlocked the exoskeleton armor mech, he only had eight level-one soul Tinders left. He didn't have any level-two or level-three soul Tinders left.

They had just occupied the county city of Red Dragon County and killed 30000 demon soldiers.

He had collected 322 level-one soul Tinders and three level-two soul Tinders.

after killing nearly a million demon soldiers, jiang li got 1130 level-two soul tinders and 34819 level-one soul tinders.

so,

In total.

Jiang Li had 35149 level-one soul Tinders, 1133 level-two soul Tinders, and three level-three soul Tinders.

“The entire Army will rest for half an hour.”

leave. Jiang Li closed all the interfaces in front of him, looked at the Army, and gave an order, "those who are too injured to join the battle, leave and rest in the county capital of Red Dragon County. You don't need to join the battle anymore.

also, clean up the battlefield immediately and transport all the spoils of war to the Red Dragon County.

"Yes."

"Yes, sir."

"Did you all hear the Junwang's order? Hurry up and move the injured to the county city. Also, move all the spoils of war into the county city."

"hurry up! hurry up!"

Nearly four-hundred-thousand human warriors began to work.

At the same time.

In order to speed up.

let's go. Jiang Li asked the meches to join.

moving goods.

"My Lord,"

At this moment.

Not long after.

Jiang Li. Wu Yong came over and bowed to Jiang Li. He said respectfully and nervously, ” “do you think it’s not safe to leave these injured people and so many spoils of war in the red dragon county city?”

after all, this is the territory of the red eyebrows Yao Kingdom. There are also many ‘demon bandits’ who occupy the mountains in the red eyebrows Yao Kingdom.

the nature of these demon bandits is similar to that of the bandits in the great Qian dynasty. If they know that there are so many good things in the county city of Red Dragon County and that it is not heavily guarded, I’m afraid they will have evil intentions.

“Oh, you do have a point.”

Jiang Li smiled and looked at Wu Yong. so, commander Wu Yong, do you have any good suggestions? ”

“Reporting to the regional King.”

Wu Yong stood up straight and then said righteously, ” “I am willing to lead the Ling Yue County’s Army to guard the Red Dragon County city and protect the wounded. Then, I will guard this batch of priceless spoils of war and ensure that no demon bandits will enter the county city.”

“I guarantee with my head.”

“Hehe, Yingluo.”

hehe. Jiang Li chuckled. it seems that commander Wu Yong has good intentions.

“Your Excellency is too serious. It is this subordinate’s duty and responsibility to share your burden, and it is also this subordinate’s honor.”

Wu Yong said loudly.

In the surroundings.

jin murou, feng wutian, gu shanhe, and the others all looked over.

“This Wu Yong really doesn’t know his place.”

Jin Muyan sneered with a hint of mockery in his eyes.

“What’s wrong?”

Shang Lin looked at Jinmu Rou with a puzzled expression. if I can really stay in the red Dragon County city and guard the injured and the spoils of war, it will be a good job. I won’t have to follow the main forces to fight to the death with the red eyebrows Yao Kingdom.

moreover, Red Dragon County is a long way from the great Qian dynasty. If they receive the news of defeat, they can immediately escape back to the great Qian dynasty with the spoils of war in the shortest time possible.

...

“Good fellow, now that you’ve mentioned it, this Wu Yong’s thinking is too good. Why didn’t I think of it? This is great, he beat us to it. ”

“Hehe, you should be glad that Wu Yong beat you to it.”

Shen Bao glanced at him and said indifferently.

“What do you mean by that?”

Shang Lin did not quite understand.

” even you can think of it. how can lord jiang li not know? ”

Feng Wutian glanced at Shang Lin.

“You think you’re smart, but you want to fool Jiang Li? i’m afraid he doesn’t know how to write the word “death.” with jiang li’s personality, he’ll be skinned even if he doesn’t die.”

Jin Muyan said.

They were talking.

Jiang Li smiled and patted Wu Yong’s shoulder. He said earnestly, ” since commander Wu Yong is willing to share my burden, I am deeply gratified. From now on, you are no longer the commander of Ling Jue County Army.

...

“The position of Commander-in-Chief will be taken over by the Vice Commander-in-Chief.”

as for you, stay in the red Dragon County city and take good care of these injured men and the spoils of war. If I return and find anything wrong with these injured men and the spoils of war, I will not let you go.

“this junwang will only question you.”

“Argh! The great big sister-in-law, Sir, please!”

He was stunned.

they were dumbfounded!

Wu Yong was dumbfounded!

what? ” he widened his eyes and looked at Jiang Li in shock.

His expression was even more stunned.

“Do you have a problem with that?”

Jiang Li’s eyes turned cold.

“f * ck me f * ck me”

Wu Yong opened his mouth but couldn’t say anything.

Obviously.

jiang li knew what wu xin was planning.

Jiang Li took this opportunity to remove Wu Yong from his position.

Didn’t you want to stay in the red Dragon County city?

Very good!

This Junwang will fulfill your wish!

However ...

You can forget about the soldiers.

“Wu Yong was fired, just like that.”

“The Commander-in-Chief’s position has been removed.”

“Tsk, tsk, I’m afraid that this will be even worse than killing Wu Yong.”

“This time, Wu Yong will have nothing left.”

” it’s good that he’s not dead. did you forget that jiang li had many people killed in the great xia city? wu yong should be glad that he’s still alive. ”

“This is called lifting a rock to smash one’s own foot.”

shang lin and the others discussed for a while.

“Your subordinate, Qianqian, acknowledges the order!”

wu yong answered with a bitter expression.

At this moment.

Wu Xin felt a little regretful. If he had known this would happen, he would not have had such a thought. The position of Commander-in-Chief was gone, and the lingjue County Army was gone.

They all belonged to someone else.

“Sigh, forget it. It’s fine as long as I can keep my life.”

it’s safe. Wu Yong murmured, ” although I lost my military power, at least I’m in the red Dragon County. It’s much safer. I don’t have to fight with Jiang Li and the red eyebrow Empire.

furthermore, even if I lose my military power, I still have my cultivation. As long as I don’t die, I’ll always have a chance to rise again.

In reality.

Wu Xin never thought that Jiang Li could defeat the red eyebrow Empire, nor did he think that Jiang Li could conquer the red eyebrow Empire. He thought that Jiang Li would lose for sure.

Because ...

wu yong had once seen king qian in action.

as for king qian ...

He was a true type 4 powerhouse.

Furthermore ...

At that time, King Qian had only used one move.

Just one move.

The Golden Shadow of the three-clawed true dragon had turned the tide of the battle. The power of that attack was too powerful and terrifying.

It was enough to make people despair!

He couldn't muster up any thoughts of resistance.

He was simply too powerful.

so,

Chi Mei from the red eyebrow Yao Kingdom was also a level four like King Qian. He naturally had a certain amount of power. Jiang Li couldn't fight against that kind of power.

even though jiang li had annihilated the million demon soldiers led by nie wuye.

“It’s fine as long as you can live.”

Wu Yong muttered.

half an hour later.

The entire Army set off.

“Rumble!”

Four hundred thousand human soldiers formed a stage two marching formation. The black wind Eagle spread its wings and sped up. Jiang Li’s mech Army followed behind.

They set off for yehuang County.

buzzzzzz!

Jiang Li was sitting in the passenger seat of YS01.

He began to fuse with the soul Tinder.

“Fuse.”

the dominator panel opened.

He clicked on the soul Tinder column.

Then, Jiang Li started to fuse the soul Tinder.

buzzzzzz!

The fusion interface appeared.

jiang li first fused with the level-one soul tinder. there were 35149 level-one soul tinders, and he could fuse ten of them once.

It could be fused 3514 times in total.

Shua! Shua! Shua!

A series of notifications appeared before his eyes.

Time passed.

All the stage-one soul Tinders had been fused.

This time.

Jiang Li successfully fused 1170 times and failed 2344 times, so he got 1170 level-two soul Tinders.

In other words ...

Jiang Li had 2303 level-two soul Tinders in total.

fuse the second-stage soul Tinder.

jiang li continued to operate the dominator panel and activated the soul tinder.

The fusion interface appeared.

Ten black level-two soul Tinders were fusing with bi an.

shua! Shua! Shua!

A series of notifications popped up.

Time passed.

The second-stage soul Tinder had also been fully integrated.

He had fused two hundred and thirty times in total.

Among them.

He had failed 191 times and succeeded 39 times.

Jiang Li got 39 level-three soul Tinders. In addition to the three that dropped, he had 42 level-three soul Tinders in total.

“Alright,” he said.

a smile appeared on jiang li’s face.

Shua!

After that.

Jiang Li opened the interface of the mechanical Army and clicked on the level-three column.

Level 3 mech types: liquid metal mech (unlocked), exoskeleton armor mech (unlocked), laser weapon mech (locked 42/16), ultrasonic mech (locked), energy mech (locked)

” unlock the laser weapon meches. ”

Jiang Li didn't hesitate. He immediately used 16 level-three soul Tinders to unlock the laser weapon mech.

Shua!

[laser weapon mech has been successfully unlocked!]

At the same time.

The conditions to unlock the ultrasonic mech also appeared.

[ultrasonic mech (locked 26/32)]

The soul Tinder required to unlock it had doubled.

At this moment.

The Army suddenly stopped marching.

“What?”

” huh? ” jiang li was stunned. ” why did you stop? ”

Shua!

Jiang Li immediately closed all the interfaces.

Lord, we have arrived at yehuang County.

master, look. zh01 walked over and reported to Jiang Li, ” not far ahead is one of the six demon cities in yehuang County,’Shadow City.’

“Oh, you’ve arrived so quickly.”

Jiang Li looked up. There was a huge city about ten miles ahead. It was black like a beast lying on the ground.

It was quite imposing.

“Chief sovereign, please take a look.”

Buzzzzzz!

The holographic meches flew their holographic cameras into the sky. The range was ten kilometers, enough to clearly capture the situation in the studio.

it formed a holographic projection.

It was completely presented in front of Jiang Li.

Chapter 217 Three claws

“let’s just do it.”

let’s attack. Jiang Li finished observing the situation in the Shadow City and the deployment of the troops. Then he gave the order to attack the city. occupy this Demon City as soon as possible.

after plundering the resources, we’ll leave immediately.

In reality.

With Jiang Li's current forces and combat power, he didn't need to think about any tactics at all. It was just a Demon City. He could just rush over.

however ...

He was being cautious.

I'll go. Jiang Li observed the situation at the cinema first in case something happened.

“yes!”

BOOM! BOOM! BOOM!

First of all ...

The group was led by the mechanical artilleries. Tens of thousands of cannonballs flew at the same time and landed in the Shadow City, directly stunning the demons in the city.

More than half of them were dead or injured.

“Rumble!”

The city gate had even collapsed from the artillery shells.

“Enemy attack! Enemy attack!”

“What is this?”

“Why is it flying over from the sky?”

“Ah!”

In the movie City.

The demon soldiers were terrified. They did not know how to respond to such an attack. Furthermore, the Cannonball exploded not far away from them. The deafening sound caused their ears to buzz.

“All troops, charge!”

The ground shook.

400,000 human soldiers led the charge and charged toward the Shadow City.

“The enemy is here!”

“Hurry up! Shoot the arrows!”

“this suan ni, this suan ni”

“Why are there so many people?”

“Human! It’s the humans!”

“How did they manage to invade our yehuang County?”

is the great Qian dynasty going to invade our red eyebrows Yao Kingdom? ”

“Something has happened! Something big has happened!”

countless demons in the shadow city were shouting in fear.

The human army had broken into the city.

on the other side.

Although the number of survivors from the million-strong demon Army led by kui Wuye was very small, there were still nearly 1000 of them. Among them, there was even a commander who had perfected stage two.

“Hurry up! Hurry up!”

It could be seen.

The commander’s face was still filled with fear. His entire body was trembling, and his right hand that was holding the reins was shaking uneasily.

He rode the horned scale horse at full speed and rushed towards the palace of the red eyebrow Yao Kingdom.

“Hurry up! go faster!”

” jiang li! ” he sounded extremely anxious. ” the million-strong demon army was annihilated, and the general died in battle. jiang li has led the army to invade the red eyebrow empire! ”

“We must return as quickly as possible and report this to His Majesty!”

“Otherwise, we’ll be in big trouble!”

The movie City of yehuang County.

Around ten minutes.

The siege battle was over.

The movie City was occupied by Jiang Li.

The 10,000 demon soldiers of the Shadow City had all died in battle. Unfortunately, the demon soldiers of the Shadow City were too weak, with only a few at level one.

the city lord was the only tier 2 player.

So, Jiang Li only got ten level-one soul Tinders.

there wasn't even a single stage-two soul tinder.

jiang li casually fused the ten level-one soul tinders, but he received a notification that the fusion failed.

...

Half an hour later.

All the resources in the movie City were plundered.

10 lower spiritual crystals.

There were also a large number of ordinary medicinal herbs and spirit herbs.

energy points. Jiang Li converted them all into energy points and received three notifications.

conversion successful. You've received 100000 energy points.

conversion successful. You've received 116000 energy points.

” conversion successful. received 508000 energy points. ”

Obviously.

Ten low-grade spiritual crystals had been converted into 100000 energy points, the ordinary herbs had been converted into 116000 energy points, and the graded spiritual herbs had been converted into 508000 points.

after taking down a demon city, they had obtained a total of 724000 energy points.

...

just over 700000.

There really wasn't much.

However ...

This was normal.

After all, it was just an ordinary Demon City. It could be seen from the military strength of the Shadow City that it was probably at the bottom of the six demon cities in yehuang County.

This time.

Although Jiang Li massacred the city, he didn't destroy it.

Then, he would use the blood refining formation to refine all the corpses of the demons. Although the quality of the blood refining pills made from ordinary demons was too low, there was a lot of them.

It could even be treated as a full meal.

As for destroying the city ...

It was definitely not possible now.

jiang li's goal was to occupy the red eyebrow empire. if he succeeded, the demon cities would be his property. he couldn't destroy them.

Furthermore ...

It would not be good for the demons to kill them all so easily.

at that time.

Since Jiang Li had established a dynasty, he needed a large number of subjects in his territory. Although these ordinary monsters couldn't become subjects of the dynasty, they could work as slaves.

The most important thing was ...

Jiang Li could also sell these demon slaves to other human dynasties and even attract human civilians or refugees from other human dynasties. Then he could gradually develop.

There was another thing.

As for the establishment and development of a dynasty, it was not just about developing a powerful Army.

He had to take into account all aspects.

He had to consider all aspects.

The dynasty had really been established.

Jiang Li wouldn't be as simple as he was now. He would have more things to do. He wouldn't just be gathering resources and then gathering more resources.

“Let's go to the next Demon City,”

Jiang Li sat in the passenger seat of YS01.

The entire Army set off again.

They left the movie City.

on the other side.

The great gan Lord dynasty.

The capital.

boom! BOOM! BOOM!

He looked around.

the entire capital was caught in the flames of war.

In the air.

kill!!!

Bang!

They were level three inborn experts fighting against level three half-demons, with Mo Ling and Gao luqing, the two vice Alliance Masters, attacking with all their might.

They were experts at the perfected stage of Tier 3.

Furthermore, he was extremely powerful!

It had almost reached the top level.

At the same time.

The people fighting against Mo Ling and Gao luqing were the chief Admiral of the great Qian imperial court, 'Wang Shangqing', and the Civil Minister 'Gongsun Zhi'.

He was also at the perfected stage of Tier 3.

The 100,000 Imperial Guards and one million elites of the great Qian imperial court were clashing with the three rebel forces. The grade 3 military formation formed an extremely huge battle formation beast.

They clashed with each other.

It was obvious.

With the help of the wuzu sub-League of the half-monster Alliance, the three rebel armies had broken into the capital city last night.

At this very moment.

The three rebel forces gathered together, forming a rebel Army of Two million. With the members of the wuzu sub-League, the number was close to three million.

On the other hand, the Imperial court of da Qian.

They had a million elites and a hundred thousand Imperial Guards.

Among them.

Each of the 100000 Imperial Guards was at the perfected stage of level one, and the weakest of the captains were martial artists at the initial stage of level two.

It could be said that ...

The 100,000 soldiers of the Imperial Army were the strongest army in the Imperial court.

Furthermore ...

These Imperial Army soldiers cultivated the same type of martial arts, so even if there were only 100000 of them, they could still form a Grade 3 formation.

From this, one could imagine.

Just how terrifying would the strength of the 100000 Imperial Army soldiers be?

There was more.

The commander of the Imperial Guards, Qian Wu, was a peak-level perfected stage three martial artist.

The great Han Dynasty's military strength was very strong!

But now ...

The two sides were in a stalemate.

the three million rebel army soldiers barely managed to form two grade 3 battle formations, forming two massive battle formation beasts. one was a huge black dog with three heads, and the other was a black three-clawed flood dragon.

The grade 3 formation formed by the million elites of the great gan Lord dynasty was a huge blood-red Tiger. It did not have any special features and was just like a normal Tiger.

but ...

Its body length had reached a thousand meters.

The beast of the Imperial Army was a blood-red three-clawed flood Dragon.

kill!!!

on the battlefield.

Battle cries shook the heavens and earth as the human soldiers and half-demons fought with the rebel army.

“Pfft!”

blood splattered everywhere.

Bodies fell one after another.

There were soldiers dying every second.

War had always been ruthless.

In the air.

Countless arrows, crossbow bolts, war chariots, and soldiers were all mercilessly killing each other. They did everything they could to kill their enemies.

Behind the rebel army.

The leader of wuzu sub-League, who was wearing a multi-colored ghost mask, stood in the void, black mist surging around him.

Above his head.

A black true dragon could be seen forming.

In the surroundings.

Countless fate energy gathered.

The fate of the nation!

This was the invisible fate of the nation turning into something tangible!

This was also why the leader of wuzu sub-Alliance called the plan ‘dragon battle’. It was to fight for the invisible’ fate ‘and gather it into a’ true dragon’.

he would establish a half-monster kingdom and be listed on the ‘young dragon list’.

buzzzzzz!

in the sky above the palace of the imperial court of da qian.

A dazzling golden light bloomed like a blazing sun. It shot into the sky and seemed to burst with infinite brilliance.

“Roar!”

The next moment.

In the golden light that filled the sky.

A life-like three-clawed Golden Dragon appeared!

a true dragon!

the true dragon of the nation!

Unlike the illusionary Black Dragon of the wuzu sub-Alliance master, this three-clawed Golden Dragon seemed to be real. It had golden whiskers, golden scales, and golden claws.

It was as if it was alive.

“King Qian, I’ve been waiting for you for a long time.”

The leader of wuzu sub-Alliance looked up with a dark light in his eyes. He looked at the three-clawed Golden Dragon in the sky and became excited.

“Roar!”

The three-clawed Golden Dragon let out a long roar. The golden light spread out and strengthened the soldiers of the great gan Lord dynasty.

It could be seen.

Under the illumination of the golden light, the injured soldiers were quickly recovering. At the same time, the morale of the soldiers of the great gan Lord dynasty rose, and their strength increased.

“King Qian! King Qian! King Qian!”

millions of soldiers shouted in unison.

The momentum was vast.

“You’re not the only one who knows how to do this! King Qian!”

The leader of wuzu sub-Alliance shouted.

“Roar!”

After that.

The Black Dragon let out a dragon roar, and a black light bloomed and spread, covering the three million rebels and the members of the fog Army sub-League of the half-monster Alliance.

Similarly.

Their injuries were quickly recovering, and their strength had also increased, greatly increasing their morale.

“Very good,” he said.

at this moment.

King Qian finally walked out of the palace slowly. His figure was shrouded in a golden glow, and every step he took covered a distance of 100 meters.

He slowly stepped into the air.

after that.

He stood on the head of the three-clawed Golden Dragon.

He lowered his gaze.

he overlooked the entire capital.

“Yao fog soldier, you did not let me down.”

King Qian looked at the leader of the wuzu sub-Alliance and said his name, ” I’m very pleased that you’re able to come here and lead these ants.

Chapter 218 Compensation

Jiang Li had already arrived at blood Talisman City, another Demon City in yehuang County, with his Army.

Soon after.

jiang li first asked the holographic mech to check the situation in demon city with the holographic camera.

He confirmed that there were no problems.

“Attack!”

Jiang Li gave the order to attack the city.

BOOM! BOOM! BOOM!

After that.

the artillery began to bombard.

The entire Army charged towards the blood Talisman City.

The siege began again.

Tens of thousands of cannonballs from the cannons rose into the sky and landed in bloodcharm city. They exploded in the city, destroying a large number of buildings and killing a large number of demon soldiers.

“Ah!”

The screams were mixed with the sounds of explosions.

“Enemy attack!”

A large number of demon soldiers charged up the city walls.

“.....”

Jiang Li looked at the battlefield calmly.

They were waiting for the victory and end of the siege.

On the other side.

In the red eyebrows Yao Kingdom.

In the palace.

“What?”

Chi Mei suddenly raised his head and made a sound of surprise.

She looked in the direction of the great gan Lord dynasty. A red light surged from her body, and a dense aura fluctuated.

Vaguely.

In the sky outside the palace.

The invisible National aura of the red eyebrows demon Kingdom gathered and formed a red three-clawed true dragon.

“Your Majesty, what happened?”

Zhu Ling asked.

“.....”

The demon officials immediately looked over.

“it’s nothing,”

Chi Mei shook his head and looked away. He said, ” I just felt a great fluctuation in the fate of the great Qian dynasty. It seems like the devil fog soldiers have fought with King Qian.

“Your Majesty, do you think that the great Qian dynasty will be able to withstand this?”

Zhu Ling asked.

“.....”

Chi Mei pondered for a while, turned her enchanting body, chuckled, and said, ”
“We’ll know who wins and who loses after they’re done.”

“by the way, is there any news about nie wuye?”

Red eyebrows asked again.

“Your Majesty, there is no news from the Chief general at the moment.”

A general returned.

“Is that so?”

chi mei muttered, “ according to the speed of the army, nie wuye should have reached the great xia province by now. there should be news. ”

“Could something have happened?”

“Your Majesty, the Grand General is leading a million demon soldiers. How could something have happened?”

“Yup!”

“your majesty is overthinking.”

The ministers all said.

“.....”

chi mei frowned slightly. she had a vague feeling that something was wrong, but she couldn’t put her finger on it. she could only feel that a disaster was about to happen.

“Could it be related to the great gan Lord dynasty?”

Chi Mei murmured, is it because of Jiang Li? It’s unlikely. Although Jiang Li rose up quickly, it hasn’t been long and he doesn’t have enough Foundation.”

...

“Release the ‘demon Sparrow’ and send a message to li Wuye.”

tell him to leave the dynasty immediately after he kills Jiang Li, ” Chi Mei said in a deep voice.

“Yes, sir.”

The demon ministers replied.

In reality.

It was not only the red eyebrows Yao Kingdom.

A few Wang Gang’s at the border of the great gan Lord dynasty.

The Wei King of the great Wei Dynasty, The Lion King of the lion barbarian kingdom, and the Barbarian King of the black snake barbarian kingdom could clearly sense the fluctuation of the great gan dynasty’s National fate.

In a situation where the fate of the country was shaken.

It wasn’t that the country had been destroyed.

It meant that the fate of the country would improve.

...

Of course.

Jiang Li didn’t know these things.

He was now attacking one of the six demon cities in yehuang County, blood Talisman City. His Army had already entered the city and started killing the demon soldiers.

About ten minutes later.

Blood Talisman city was taken over by Jiang Li.

The 20,000 demon soldiers were all annihilated.

He had collected 23 level-one soul Tinders and one level-two soul Tinder.

Soon after.

let's go. Jiang Li sent the meches to search the city.

Half an hour later.

He gathered all the spirit herbs in the blood Talisman City and found 17 lower-grade spirit crystals. Jiang Li converted them all.

conversion successful. You've received 170000 energy points!

conversion successful. You've received 220000 energy points!

conversion successful. You've received 780500 energy points!

A notification appeared.

In total, Jiang Li gained 1170500 energy points from the blood Talisman City.

“Massacre the city.”

go! Jiang Li ordered.

half an hour passed.

All the demons in blood Talisman City were killed.

The corpses were refined into blood refining pills by Luo Yilin using the blood refining array, and then distributed to all the human soldiers for them to consume.

the reason for the massacre was naturally to prevent the news from being leaked.

The later red eyebrows received the news, the better, and Jiang Li would be able to grow stronger.

He couldn't take the gold, silver, jewelry, weapons, herbs, and pills in the city with him for the time being. Jiang Li couldn't go to war with them.

It was also impossible for the soldiers to carry a bag full of real gold and silver to the battlefield to fight the enemy.

This was not realistic.

That was why they had left these things in the city for the time being.

Furthermore ...

if they could occupy the red eyebrows shifter kingdom, the entire red eyebrows shifter kingdom would be jiang li's.

“Let's go. We'll head to the next Demon City immediately.”

Jiang Li said.

“Yes.”

The entire Army left blood Talisman City as fast as they could. The roars of the mech fleet continued as they moved on the road, kicking up clouds of dust.

It was like a flood Dragon.

Time passed.

The night came quietly.

The county city of yehuang County.

BOOM! BOOM!

At this moment.

Jiang Li had already taken down all six demon cities in yehuang County. Nothing happened during the process. It was going very smoothly.

Finally, they arrived at the county city of yehuang County and began to attack the county city.

And this battle had already been going on for half an hour.

It was coming to an end.

On the battlefield.

one hundred liquid metal meches and ten exoskeleton armor meches charged at the front and killed all the enemies.

all the monster experts in the county city had been killed.

He had no power to resist.

“Ah!”

the demon soldiers ‘shrieks were endless.

“.....”

let’s go. Jiang Li looked at it calmly. speed up.

“Yes!”

kill!!!

Da da da da

machine guns fired and tanks charged.

“BOOM!”

The city wall of the county city of yehuang County had collapsed.

“We’re finished, Yingluo.”

The demons were in despair.

Ten minutes later.

The county city was taken down by Jiang Li. There were corpses of demon soldiers lying on the ground around the city wall. The smell of blood was so strong that it seemed to be lingering.

“Blood refining formation!”

Buzzzzzz!

luo yilin operated the formation, and a blood-red formation enveloped the sky, refining the demon soldier’s corpse into blood refining pills, which were stored in porcelain bottles.

After that.

Then, they would be distributed according to the number of enemies killed by the human soldiers and their contributions.

At the same time, he recorded the battle merits.

Using battle to sustain battle.

It could be said that ...

These human soldiers were much stronger than they had been in the beginning. Moreover, after experiencing a series of victories, their morale was high.

An hour later.

In the second-rank prince’s Mansion of yehuang County.

“My Lord, all the spirit herbs and medicinal herbs in the county city are here.”

Zh01 reported to Jiang Li, ” “These are all the lower spiritual crystals.”

“Yes.”

okay. Jiang Li nodded and put his right hand on the lower spiritual crystal. A notification appeared in front of him.

[discovered item that can be converted into energy points. Do you want to convert it?!]

“Yes.”

Jiang Li confirmed.

Buzzzzzz!

A white light flashed.

The lower spiritual crystals all disappeared and were converted into energy points.

conversion successful. You’ve received 9800000 energy points!

A notification appeared.

” nine million and eight hundred thousand energy points. ”

nine hundred and eighty lower spiritual crystals. Jiang Li was delighted. that’s 980 lower spiritual crystals.

“Continue.”

Jiang Li walked forward and touched the herbs. He turned all the herbs into normal herbs.

Buzzzzzz!

White light flashed.

it was rather glaring.

All the medicinal ingredients had been converted.

He disappeared.

conversion successful. You've received 4505000 energy points!

a notification popped up.

“Transform into spirit herbs.”

Buzzzzzz!

Jiang Li converted all the graded spiritual herbs, leaving only 50 superior-grade level two spiritual herbs. He converted the rest into energy points.

A white light flashed.

the spirit herb disappeared.

Shua!

conversion successful. 8970000 energy points obtained!

“Eight million nine hundred and seventy thousand.”

Jiang Li murmured.

In total.

Jiang Li had gained 23275000 energy points from the county city of yehuang County.

shua!

The Dominator panel opened.

In the soul Tinder column.

Jiang Li took down the entire yehuang County.

There were a total of six demon cities and one county city.

He had killed nearly 100000 demons.

Jiang Li now had 580 level-one soul Tinders, 20 level-two soul Tinders, and 26 level-three soul Tinders.

He lost another 1000 perfected-stage level one meches and 200 early-stage level two meches.

In other words ...

jiang li had lost 119300 perfected-stage level-one meches. three thousand of them self-destructed, so he got 8722500 energy points.

He had lost 10400 level two meches and self-destructed 800 of them. He had recovered 4800000 energy points.

Finally.

1,100 perfected-stage level two meches were lost, and 50 of them self-destructed, but they recovered 7875000 energy points.

In addition, Jiang Li had gained 32575000 energy points from the entire yehuang County.

The war had consumed 1205000 energy points.

In the energy points column.

Jiang Li had 62757500 energy points left.

It had already reached more than 60 million.

soon after.

let's go. Jiang Li left the county city and found an empty place outside.

“To replenish our losses.”

Jiang Li glanced at the number of energy points and immediately used 12693000 energy points to build 119300 level one meches and 11500 level two meches.

buzzzzzz!

The manufacturing interface appeared.

A total of nine illusionary figures appeared on the interface, representing nine different types of soldiers. Countless light spots filled the illusionary figures and gradually solidified.

there was a corresponding number next to each illusionary figure.

It displayed the number of items to be manufactured.

A minute later.

[creation complete!]

“Whoosh!!!”

Immediately after.

More than one hundred thousand meches appeared out of thin air.

“My Lord!”

More than a hundred thousand meches saluted Jiang Li at the same time.

“Yes.”

okay. Jiang Li smiled and nodded.

Shua!

congratulations, my Lord. Because you created 30000 cold weapon meches at the same time, a special probability has been triggered. You’ve received a level one elite soldier type ‘spear mech X500’.

A notification appeared.

“this bi an ...”

five hundred spear meches? ” Jiang Li was stunned. five hundred spear meches? ”

Shua!

[congratulations, my Lord. Because you created 3000 mechanical Rangers at the same time, a special probability has been triggered. You have obtained the stage two elite soldier type, 'mechanical Emperor crocodile Rangers'.]

Immediately after.

Another notification popped up.

“Good! Good!”

Jiang Li was overjoyed. mechanical crocodile Emperor cavalry, another rank-two elite troop.

“Upgrade!”

Immediately.

Jiang Li immediately used 16702000 energy points to upgrade all the newly-made early-stage meches to perfected-stage level one.

Shua! Shua!

a white light flashed.

Because there were too many of them, they were quite glaring.

It only took a few seconds.

In just a few seconds, he had completed all his promotions.

Chapter 219 thoughts

Soon after.

Jiang Li used another 15400000 energy points to upgrade 1100 meches from the early stage of level two to the perfected stage of level two.

this way ...

Jiang Li's mech force returned to 510212.

His energy points had also been reduced to 17962500 points.

mechanical crocodile Emperor, No. Deyq02, step forward.

Jiang Li said.

“Yes.”

boom! BOOM!

The ground shook slightly.

Deyq02 walked up to Jiang Li and saluted.

“Yes.”

” i see. ” jiang li nodded and spent 28000 energy points to upgrade deyq02 to the perfected stage of level two. white light flashed around him.

A few seconds later.

The promotion was completed.

“continue.”

Buzzzzzz!

Jiang Li used two more level-three soul Tinders and 20000 energy points to upgrade deyq02 to the early stage of level three. It awakened its mechanical psionic energy and became a psionic Imperial crocodile Ranger.

“Roar!”

The sixteen-meter-long crocodile King roared.

“Very good,” he said.

Jiang Li felt the aura coming from the psionic crocodile Emperor and was even more satisfied. He immediately used 2800000 energy points to upgrade the psionic crocodile Emperor by three levels.

He directly advanced to the perfected stage of Tier 3.

wuwuwuwuwu!

Yndeyq02’s aura grew even stronger.

“Let’s go back to the city,”

Jiang Li said.

“Yes!”

More than a hundred thousand meches followed Jiang Li.

Within the county.

“Whoosh!!!”

The blood-refining array in the sky continued to flash. Nearly 400000 human soldiers were killing the demons in the city. Their eyes were gradually turning red.

It could be seen.

It was as if every soldier's eyes had been dyed red by blood and killing intent, as if an invisible killing intent had enveloped them.

The murderous aura of the Army grew stronger and stronger.

“.....”

luo yilin's face turned slightly pale.

one had to know.

For the entire day.

jiang li's attacks were fast. every time he took down a demon city, he would kill all the demons in the city. nearly a million of them died in his hands.

Until now.

Luo Yilin could hear the shrill screams of the demons in her ears.

“Elin,”

Luo Tianshui walked over, still in her silver armor. She gently patted Luo Yilin's shoulder and said, ” you have to learn to relax. This is war.

“And it’s a war between two races.”

“yes.”

Luo Yilin gently nodded and took a few deep breaths to calm herself down. She murmured, ” “big sister tianshui, i understand what you’re saying.”

but can Jiang Li really win this time? ”

he has to face the entire Yao nation. Moreover, Chi Mei from the Chi Mei Yao nation is a true Tier 4 expert. How can he defeat her? ”

Luo Yilin asked.

“.....”

luo tianshui was silent for a moment. she looked up at the night and said, ” Jiang Li has no other way out. This is the only way he can go. He’ll either succeed or die.

after the result of the battle between the Qian dynasty and the wuzu sub-League is revealed, no matter which side wins, Jiang Li will be dealt with.

...

the red eyebrow Empire and the black snake barbarian kingdom also have irreconcilable grudges with Jiang Li.

so, Jiang Li has to take a risk. As long as he can take down the red eyebrow Empire and show his strength to the surrounding kingdoms, he can deter them.

” otherwise, when the war is over and the dynasties are free, jiang li will face unprecedented pressure. ”

“He has to find a way to break out of this situation.”

“But Yingluo”

Luo Yilin was stunned. can we really win? ”

“Hehe.”

Luo Tianshui smiled and said jokingly, ” “Yilin, didn’t you trust Jiang Li before? Why did you suddenly change?”

“That’s not the same.”

Luo Yilin said, ” previously, at the border defense line of Tianshui city, we only faced a few hundred thousand barbarian soldiers. This time, it’s the entire Yao nation.

“It’s done,”

...

Luo Tianshui rubbed Luo Yilin’s hair. believe in him. We’re on the same side as Jiang Li. We can only believe that he can win, conquer the red eyebrow Empire, and build a human dynasty.

“When the time comes, we’ll still be the followers of the Dragon.”

“the work of following the dragon”

Luo Yilin nodded and didn’t say anything else. She continued to operate the blood refining array, turning all the monster corpses on the ground into blood refining pills.

In reality.

it wasn't just Luo Tianshui and Luo Yilin.

Luo Ming, Jin Murou, Feng Wutian, Cao Pipei, and the other commanders of the county Army were also discussing in low voices about their future.

Obviously.

They didn't have enough confidence.

"Haha, I have to say that it has only been a short while, and my cultivation has actually broken through a small level. I'm already at the perfected stage of tier 2. This speed of improvement is too fast."

Shang Lin stopped his cultivation and his internal force calmed down. He then laughed and said, "It's all thanks to those blood refinement pills. Without them, how could my strength have improved so quickly?"

me too. The soldiers in my Army have all improved a lot. Many of them have condensed their internal force and broken through to the early stage of Level 1.

"....."

Jinmu Rou and the others raised their heads and glanced at Shang Lin without saying anything.

Let's think about what we should do when the Red Eyebrows Yao Kingdom receives the news.

Luo Ming said.

At that time, if Red Eyebrows personally leads an Army to attack us, hehe, I think we don't need to think about it anymore. We should just kneel and surrender.

Feng Wutian shrugged.

“A Tier 4 expert, what do we have to fight her?”

Cao pipei took a deep breath.

isn't there still Lord Jiang Li? ”

Shang Lin said, ” have you forgotten that Lord Jiang Li has more than a hundred perfected-stage level-three experts under his command? there's also a top-tier perfected-stage level-three expert who can break a level-three military formation. By then, we can attack Chi Mei together. We still have a chance to win.

“So, don't be too pessimistic.”

“Hehe, that's because you don't know how strong a Tier 4 martial artist is.”

Jin Muyan sneered. if you've ever seen a fourth-tier master in action, you'll understand why a fourth-tier master is known as a 'National Guardian level'.

“Now that I think about it, I'm starting to envy Wu Yong.”

Gu Shan He laughed bitterly. although his military power has been taken away, he has been left behind to guard the Red Dragon county capital. At least he can keep his life.

“But we're afraid”

“Why don't we find an opportunity to escape?”

Feng Wutian suddenly said.

“This bi an ...”

Luo Ming and the others looked at each other, and their eyes were moved.

“escape? If you want to run, then run.”

Suddenly.

Shang Lin stood up and glanced at Jin murou and the others. His eyes were filled with disdain as he slowly said, ” “I know. It’s normal to be afraid of death. No one isn’t afraid of death.”

the red eyebrows Yao Kingdom is very strong. I’m also very clear that Tier 4 is very strong.

” however, during the time i fought with jiang li, i got things i’ve never gotten before. level two internal strength mental cultivation methods, level three connate cultivation methods, blood refining pills, precious pills, and a lot of wealth. ”

” it’s only been a few days, and i’ve already broken through to the perfected stage of level two. i even have the chance to step into level three and become a connate martial artist. this is something i’ve never thought of before. ”

“If you want to get it, you have to pay.”

that’s why I’m going to follow Jiang Li. I’ll follow him with all my heart, because I can see my own future in him. If Jiang Li succeeds, he’ll take down the red eyebrow Empire and establish a human dynasty.

and I, Shang Lin, will also rise to the heavens in a single bound.

“.....”

Luo Ming and the others were stunned.

“You’re so silly!”

Jin Muyan opened his mouth.

“Let’s go,”

shang lin waved his hand and turned to leave.

“hmp!”

Gu Shan He laughed coldly. how foolish.

“Actually, Shang Lin’s words are not without reason.”

Luo Ming said.

“There’s no reason at all.”

No. Jin Muyan shook his head. I think he’s blinded by the benefits in front of him. He can’t see the situation clearly. Besides, we’re fighting for Jiang Li. Isn’t it right for us to get these? ”

“then are we still going to run?”

Feng Wutian asked in a low voice.

“.....”

Luo Ming and the others rolled their eyes at Feng Wutian.

Run, my ass!

In this situation, where could he escape to?

Furthermore ...

Shang Lin was determined to follow Jiang Li. If he really tried to escape, he would definitely tell Jiang Li.

Therefore, he could only take it one step at a time.

“Eh?!”

Feng Wutian rubbed his nose awkwardly.

Obviously.

He had made a very stupid suggestion.

boom! BOOM! BOOM!

At this moment.

At the county city's Gate.

Jiang Li returned to the county city with more than 100000 newly-made meches. He attracted the attention of the human soldiers.

“what is this?”

Luo Ming's eyes widened.

“Where did these 100000 power soldiers come from?”

Jinmu Rou cried out in shock.

“This bi an ...”

are these soldiers Jiang Li's new subordinates? ”

“Ancient puppetry!”

“si si si ...”

it's true. It must be true. Jiang Li really mastered the ‘ancient puppetry’ and can make powerful puppet soldiers. I knew there was something wrong with Jiang Li's soldiers. When they were injured in the battle, the wounds didn't bleed at all and they didn't have any biological structure.

“Puppet soldiers!”

Jiang Li has brought out so many power soldiers again.

Everyone was extremely shocked.

Half an hour later.

The rest was over.

The injured soldiers who could not participate in the battle all stayed in the county city of yehuang County.

The entire Army set off.

They headed to the next large County in the red eyebrows Yao Kingdom.

Wushuang County!

It was located on the west side of yehuang County.

the distance was very close.

Inside the YS01 cockpit.

Buzzzzzz!

Jiang Li sat in the passenger seat and opened the Dominator panel.

activate soul tinder fusion.

He fused all the level-one soul Tinders and obtained 20 level-two soul Tinders. Then, he fused all the level-two soul Tinders.

Forty level-two soul Tinders could only be fused four times.

He had only succeeded once.

He had obtained a level-three soul Tinder.

I used two stage-three soul Tinders to level up the psionic Imperial crocodile cavalry. I still have twenty-five stage-three soul Tinders left, and I can fuse them twice.

Jiang Li looked at the level-three soul Tinder.

Obviously.

Jiang Li wanted to try to fuse the level-three soul Tinder.

However ...

The success rate of fusing a Tier 3 soul Tinder was too low.

The success rate of fusing ten level-one soul Tinders into one level-two soul Tinder was one-third, and the success rate of fusing ten level-two soul Tinders into level-three soul Tinders was one-sixth.

The success rate of ten stage-three soul Tinders fusing into a stage-four soul Tinder was only one in nine.

so,

under normal circumstances.

Jiang Li needed 90 level-three soul Tinders to make sure he could get one level-four soul Tinder. He only had 25.

It could only be fused twice.

Chapter 220 Anger

“Fuse.”

Jiang Li thought for a while and finally chose to merge the twenty soul Tinders.

It was only a matter of time before he fused a Tier 4 soul Tinder.

That would be very dangerous.

After all, the success rate was only one in nine.

He activated the Tinder fusion function.

Shua!

The fusion interface appeared.

In the interface.

ten tier-three soul tinders appeared clearly. the pure white light spots were neatly arranged in a row, and then slowly gathered in the middle.

There was a pure white light shining.

merging in progress. Countdown: 10,9,8,7 ”

A notification appeared.

Jiang Li was waiting quietly. He couldn't help but feel nervous and excited. He hoped that it would work and that he could form a level-four soul Tinder.

However ...

Jiang Li knew it too.

the failure rate of fusing a rank-three soul tinder was too high, so it was normal to fail twice. he was looking forward to it, but he didn't have much hope.

No matter what.

let's fuse first.

Even if he failed both times, he had accumulated the number of times. The success rate of the next fusion would naturally increase, and there would always be a time when the fusion succeeded.

“whoosh!!!”

the next moment.

jiang li saw a large area of dazzling white light filling the entire interface.

[fusion failed!]

Four big red words jumped out.

“As expected,”

Jiang Li sighed. He was a little disappointed, but it was within his expectations.

“Let’s fuse the remaining ten as well.”

jiang li said.

Shua!

The fusion began.

ten white tier 3 soul tinders were fused.

Ten seconds later.

“Whoosh!!!”

Jiang Li saw a large area of dazzling white light filling his field of vision, covering the entire fusion interface, and then four red words popped up again.

[fusion failed!]

“.....”

okay. Jiang Li closed all the interfaces in front of him, then leaned back in the front seat and closed his eyes to rest.

Out of sight, out of mind.

An hour later.

jiang li's army entered the territory of wushuang county.

the army marched on.

They passed by several demon villages. Due to the large number of soldiers, the March naturally caused a lot of commotion, attracting the attention of the villagers.

This was unavoidable.

let's go. Jiang Li didn't bother with the villages. He went straight to the nearest Demon City.

“those were humans, right?”

“That's right!”

“The human race! And it's a human army!”

“Si si si ...”

“How did the human army enter our Wushuang County?”

“What's going on?”

quickly think of a way to inform the demon city's city Lord and the others. I'm afraid something big is going to happen!

Many of the demon villagers were discussing in fear.

...

Ten minutes later.

It was one of the five demon cities of Wushuang County, 'flat Eagle City'.

Jiang Li's Army had arrived outside the city.

In Eagle City.

At night.

Most of the demon citizens were fast asleep, and only the demon soldiers on patrol were lazily patrolling the city walls.

They didn't know.

A disaster was about to befall them.

"Attack the city."

attack! Jiang Li looked at the city ahead, then waved his right hand and gave the order to attack.

" kill!!! "

...

after that.

The entire Army charged forward.

BOOM! BOOM!

The artillery fired from behind.

Another siege began.

On the other side.

The red eyebrows demon Kingdom's Palace.

It was late at night.

“Report! Report!”

Outside the palace.

The Tier 2 perfected stage demon commander who had escaped immediately jumped off the horned scale horse. As he was in too much of a hurry, he couldn't stand firm when he jumped off and even rolled a few times on the ground.

Bang!

The horned scale horse fell to the ground, foaming at the mouth.

Not long after.

It lost its life.

obviously.

The horned scale horse had run to its death.

“Commander Ying, what happened? Why are you so flustered? Didn’t you go with the general to fight against Jiang Li?”

The guard at the palace gate asked doubtfully.

“Let me see his Majesty!”

The Eagle commander raised his head, his eyes filled with anxiety and fear. He grabbed the Guard’s arms tightly and shouted.

“This bi an ...”

The guard was also dumbfounded, but he had a faint feeling that something big had happened.

“Alright,” he said.

The guard immediately nodded.

A few minutes later.

In the palace.

Outside the bedchamber.

The Eagle commander knelt on the ground.

A few guards were standing beside commander Ying.

“Your Majesty!”

Commander Ying lowered his head and said loudly, ” the million-strong demon army was annihilated. general nie wuye died in battle. jiang li has invaded our country with his million-strong army! ”

“.....”

!!!

silence!

The surroundings were completely silent.

Only a cold breeze blew past.

“.....”

the guards ‘eyes widened and they were completely dumbfounded. they looked at commander ying with a dumbfounded expression.

it was like a dream.

one had to know.

That was a million-strong demon Army, and they were the elites of the Yao nation. They had the rank 3 ‘bi’ an army formation ‘and were personally led by Chu Wuye.

The entire Army had been annihilated.

Even general nie Wuye had died in battle.

such news was too shocking.

They found it hard to believe.

Furthermore ...

Jiang Li dared to invade the red eyebrow Empire!

“He’s dead?”

The next moment.

Chi Mei’s delicate voice came from the sleeping Hall. Her tone was also full of disbelief. She obviously did not expect this to happen.

Jiang Li!!!

“Roar!”

Chi Mei’s angry roar came out, and an extremely terrifying aura pressure surged out from the sleeping Hall. The surrounding spiritual energy was shaking violently, and the roar of a Dragon resounded in all directions.

In the air.

it was a three-clawed red dragon that was slowly forming.

“pass on my order. all civil and military officials are to gather at the red cloud palace in half an hour.”

Chi Mei’s majestic voice came out.

It was cold and deep.

It was full of pressure.

“Yes.”

The guards responded in a respectful tone.

half an hour later.

The red Cloud Palace.

On the throne.

Chi Mei was sitting there, surrounded by a red mist. Waves of power spread out and shrouded the entire Red Dragon Hall.

Below.

The civil and military officials of the Yao Kingdom were all gathered together. They all lowered their heads when they felt the terrifying aura from Chi Mei. They were a little nervous and terrified.

Obviously.

They could not understand why his Majesty was so angry.

This kind of thing.

It had only happened once.

Back when the black snake barbarian kingdom invaded the red eyebrows Fey Kingdom, the fey Kingdom's Commandery princes did not manage to defend their cities well. As a result, the five counties of the fey Kingdom were seized, and the fate of the nation was greatly damaged.

His Majesty was furious.

Hence.

His Majesty had personally led the Imperial Army of the Yao nation and fought the Barbarian King of the black snake barbarian kingdom for a day and a night. The power of that battle was still etched in their minds.

It was too terrifying.

In the end.

The black snake barbarian kingdom retreated.

The five counties were taken back.

The county Kings of the five counties were beheaded in public right outside the palace in front of the demon people.

His head hung there for seven days and seven nights.

“Do you know that tonight, I received a very bad news?”

chi mei raised her head slightly. her red eyes were like crystal red gems, and there was a diamond-shaped red scale between her eyebrows. her tone was too calm as she looked at the civil and military officials below.

“Your Majesty, please explain.”

“Your Majesty!”

the civil and military officials said.

“Commander Ying.”

“You tell them,” said red eyebrows.

“Yes.”

Commander Ying knelt on the ground and saluted Chi Mei. He then said, general nie Wuye led a million demon soldiers and was attacked by Jiang Li’s Army when he passed by the Red Dragon County.

” in the end, general nie wuye burned his blood and died for the country. the million demon soldiers were all killed. jiang li’s army is invading other counties. ”

what?!

“What did you just say?”

“Impossible! This is absolutely impossible!”

“nonsense, this is utter nonsense.”

“How could general Xi Wuye die in battle?”

“This Suan ni, this Suan ni”

In the surroundings.

Jiang Li! the civil and military officials widened their eyes and shouted. They couldn’t accept the news and couldn’t believe that Jiang Li had such a terrifying Army.

A million demon soldiers!

The entire Army had been annihilated!

This was a huge blow to the red eyebrows Yao Kingdom.

The chief general had actually died in battle.

“That’s enough,”

Chi Mei rebuked, ” I didn’t hear you quarreling here. Now I just want to ask, why is your ‘Patrol Department’ so unbearable? Why did I only receive the news Now?”

“And I heard it from commander Ying.”

“Are you all useless?”

“patrol department!”

“Your Majesty!”

Plop!

The head of the inspection department, que Yan, knelt on the ground in fear and kept kowtowing. I’m sorry, I’m sorry. Please forgive me, Your Majesty. Please forgive me.

Shua!

At this moment.

A red messenger bird flew in from outside the hall and landed on que Yan’s shoulder. It chirped a few times, but que Yan knelt down and didn’t dare to move.

“What’s wrong? And you want me to personally invite you to check the information?”

Chi Mei said coldly.

“No, I wouldn’t dare.”

With trembling hands, Que Yan took the letter from the messenger bird’s feet, then slowly opened it and read its contents.

“This is an ...”

After that.

Que Yan’s face was pale, completely devoid of blood. His pupils could not help but widen, and he did not even notice the letter falling from his hand to the ground.

“What’s going on?”

“Que Yan, what happened?”

“Are you dumb?”

the civil and military officials berated him in low voices.

At this moment.

A few civil officials were closer to the sparrow’s voice, so they lowered their heads and looked at the letter that had fallen to the ground, seeing its contents.

“This Suan ni, this Suan ni”

” red dragon county, yehuang county, and wushuang county have all been conquered by jiang li’s army in one day and one night! ”

” jiang li’s army is marching toward hulao county. ”

“Three counties! the entire three counties! Jiang Li took it down in one day and one night!”

“Si si si ...”

In the surroundings.

The sound of gasps could be heard.

“Your Majesty”

the demon ministers looked up at chi mei on the throne.

“All of you are trash!”

Chi Mei stood up. Her red robe drooped and covered her graceful figure. She was surrounded by a red mist. Jiang Li took three counties in one day.

que Yan, pass on my order. The 100000 Imperial Guards of the Yao nation are to gather. All the county Kings of the 31 counties in the country are to immediately dispatch a large number of troops and head to Hulao County as fast as possible.

“i want them to arrive within a day.”

“Those who disobey will be beheaded!”

“Yes!”

Que Yan nodded. I'll do it now.

chi mei took a deep breath. "jiang li alone is enough for me to deal with. the qian dynasty is in chaos, and my red eyebrow empire is in chaos."
