

Army 221

Chapter 221 The devil

Tiger cage County.

Star Demon City, one of the six demon cities.

early in the morning.

Last night, Jiang Li's Army took down Wushuang County and plundered a lot of resources. Jiang Li also got a lot of energy points.

At the same time.

After killing a large number of demon soldiers, he had also obtained many soul Tinders.

At this moment.

let's go. Jiang Li's Army had arrived and started attacking star Demon City. The entire Army launched an attack. Shells were fired, meches charged, and tanks crushed.

The perfected-stage meches swept the battlefield.

The star Demon City was about to be taken down.

however, something unexpected happened.

kill!!!

“Charge!”

“Roar!”

Whoosh! Whoosh! “Whoosh!”

It could be seen.

From all directions.

there were many demon armies, and their battle cries shook the sky. the grade 2 army formation was activated, forming a huge army beast that was hundreds of meters long.

Countless sharp arrows shot over, forming a rain of arrows that filled the sky.

“Set up the formation!”

Shang Lin and the rest shouted in unison.

Buzzzzzz!

The murderous aura of the Army gathered.

Instantly.

The grade 2 battle formation was formed, and a huge black Tiger was formed. It had a pair of wings on its back and was a few hundred meters long. It roared continuously as it blocked the sharp arrows that filled the sky.

“Where did these demon soldiers come from?”

Luo Ming looked at the demon Army charging towards him and his tone was a little confused.

it should be the armies of the other demon cities in Hulao County. I think all the armies from the county city of Hulao County are here. There are quite a number of them, at least 200000.

Jinmu Rou guessed.

“Yes.”

Cao pipei nodded and murmured, ” we’ve taken down Red Dragon County, yehuang County, and Wushuang County. The news must have spread.

I guess the Junwang of Hulao County gathered the entire County’s Army after he received the news.

“Two hundred thousand? Hehe, are you here to die?”

Gu Shan He laughed coldly, ” we have a million troops. With just 200000 demon soldiers, what are we doing here if not seeking death? ”

“that’s the best decision.”

if the king of Hulao Prefecture doesn’t do this, ” jinmurou said, ” are you going to wait for us to occupy their demon cities one by one and then take down his county?
”

“They can only gather all their forces and fight us to the death.”

kill!!!

boom! BOOM! BOOM!

The next moment.

The armies of both sides fought against each other. The two hundred thousand demon soldiers of Hulao Prefecture were completely suppressed by the sheer number and quality of the soldiers.

“Be careful!”

these soldiers are all at the perfected stage of stage one!

“This Suan ni, this Suan ni”

“the great circle of rank three! A perfected stage three Xiantian realm warrior!”

“Ah!”

On the battlefield.

The demon soldiers ‘screams rang out continuously.

“Psionic heavy sword slash!”

BOOM!

The two psionic Imperial crocodile cavalymen entered the battlefield and directly slashed out their strongest sword. The psionic sword rays were hundreds of meters long, like sword-shaped mountains.

After the sword slashed down.

He had killed tens of thousands of demon soldiers.

...

A terrifying sword mark nearly a thousand meters long was left on the ground.

“!!!”

On the battlefield.

The demon soldiers were all dumbfounded and their faces were filled with fear. The five city Lords of the demon City were trembling all over. Their hands and feet were cold and their blood seemed to have frozen.

he was too strong!

“Kill!”

Shua! Shua! Shua!

More than a hundred perfected-stage level three meches entered the battlefield and killed demon soldiers one after another. Nearly five thousand perfected-stage level two meches formed a destructive force.

“Jiang Li!”

The king of tiger cage County, The Crimson Gold tiger, had a tiger head and a human body. His fur was Crimson Gold, and his body was huge. His four limbs were thick and strong. His cultivation had reached the late stage of level three, but he had not transformed into a human.

Buzzzzzz!

...

His bloodline was ignited.

A huge Tiger's shadow appeared, burning with golden flames.

BOOM!

However ...

The ten exoskeleton armor meches charged over and punched. In just a few moves, the red gold tiger was severely injured and spat out blood.

“Ah!”

The Scarlet Gold tiger cried out in pain.

He was completely powerless to resist.

The difference was too great.

Even if he burned his bloodline and reached the perfected stage of level three, he was still no match for ten meches.

” jiang li, you won’t live for long. his majesty has given the order. all the troops from the major counties will be here soon. his majesty is leading 100000 imperial guards of the yao kingdom. ”

Jiang Li! the red gold tiger roared before it died, ” you have nowhere to run. No one can save you. It’s the stupidest decision you’ve ever made to attack the red eyebrow Empire.

“Pfft!”

Wggzj01’s fist landed and crushed The Crimson Gold Tiger’s head.

Buzzzzzz!

Immediately.

A white light spot flew out of The Crimson Gold Tiger's body and merged into Jiang Li's body. He immediately felt like he had improved.

[acquired a Tier 3 soul Tinder!]

another level-three soul Tinder.

jiang li was overjoyed. he looked at the red gold tiger's body and smiled. I really have to thank you. Not only did you send me the information before you died, but you also dropped a level-three soul Tinder.

"You are a good Yao."

"Did you guys hear what you said?"

Luo Ming swallowed his saliva.

"Yes."

Gu Shan He nodded his head heavily. of course I did. The Demon King just said that Chi Mei has already received the news and is preparing to mobilize the entire country to kill us!

the red eyebrows demon Kingdom has a total of 35 counties. Excluding the Red Dragon County, yehuang County, Wushuang County, and tiger cage County, there are 31 counties left.

"Even if each county only sends out 100000 demon soldiers, there will still be more than three million demon soldiers in total. How can we fight against such a number?"

"Not to mention that Chi Mei has personally taken action."

Cao pipei said.

“What do we do now?”

Jinmu Rou looked at everyone.

Let’s talk to Lord Jiang Li first.

Feng Wutian suggested.

Half an hour later.

The demon Army of Two hundred thousand was completely annihilated.

The war was over.

“Whoosh!!!”

Luo Yilin immediately set up a blood refining array and refined all the corpses on the battlefield into blood refining pills, which were stored in porcelain bottles.

They would then be distributed to the human soldiers.

After consuming it.

The porcelain bottle had to be taken back.

Shua!

Jiang Li opened the Dominator panel. The number of soul Tinders increased again because he had taken Wushuang County and tiger cage County.

He had killed nearly 400000 monster soldiers.

The number of stage-one soul Tinders reached 4980, stage-two soul Tinders reached 120, and stage-three soul Tinders reached six.

take over the star Demon City quickly and search for resources. The injured soldiers will immediately take the blood refinement pills to recover from their injuries. The soldiers who can not participate in the battle will stay in this Star City.

” go! ” jiang li ordered.

“Yes.”

Luo Ming and the others immediately led the soldiers to do as they were told.

“Fuse.”

soon after.

Jiang Li fused all the soul Tinders he got.

Ten minutes later.

The fusion ended.

After fusing 4980 level-one soul Tinders, he had obtained 165 level-two soul Tinders. Then, he could fuse 28 times with 285 level-two soul Tinders.

He had successfully obtained five level-three soul Tinders.

There were five level-two soul Tinders left, and eleven level-three soul Tinders.

“Ruler, the resources of star Demon City have been gathered.”

Just nice.

After Jiang Li merged the soul Tinder, Luo Ming and the others did as Jiang Li asked. They gathered all the resources in star Demon City and put them in the mansion of the city Lord.

“Alright,” he said.

okay. Jiang Li nodded and went to the castellan mansion. He converted the eleven lower spiritual crystals and all the herbs he collected and got 1570000 energy points in total.

the soldiers who were too injured to join the battle could not move with the army. they had to stay in star demon city for the safety of the soldiers.

The demon civilians in star Demon City could not be allowed to live.

Therefore, they massacred the entire city.

It was refined into blood refinement pills.

Ten minutes later.

“Let’s go.”

let’s go. Jiang Li left star Demon City with his Army and headed to the next Demon City in tiger cage County.

This was because the demon Army in the entire tiger cage County had basically been completely annihilated.

so,

Jiang Li’s next move was almost unimpeded. He took down the remaining five demon cities in Tiger prison County as fast as he could, along with the county capital.

In the red eyebrows Fey Kingdom.

there were many 'demon sparrows' flying in the air at an extremely fast speed, like bolts of lightning, sending messages.

The intelligence was sent to various parts of the red eyebrows Fey Kingdom.

“What? Has tiger cage County fallen so quickly?”

“Two hundred thousand demon soldiers were annihilated?”

“This bi an ...”

Jiang Li is heading to the 'black jail County', which is the closest to tiger cage County.

“Hurry up! Immediately change the direction of the Army! Head to the black jail County.”

“Hurry!”

if I remember correctly, the black jail Prefecture's County King, the black jade shark, died a strange death half a month ago. The candidate for the county King has not been confirmed yet. Also, there has been news recently that a 'devil' has appeared in the black jail Prefecture. The black jade shark died after its soul was devoured by the 'devil'.

Within the red eyebrows Yao Kingdom.

because of chi mei's order, all the county kings in the country immediately led the troops of their counties to hulao county at the fastest speed.

At the same time.

The intelligence network of the 'Patrol Department' was operating at a crazy pace. The 'demon sparrows' were constantly sending the latest news to the armies of the various counties.

The devil!

Among the six races: human, monster, barbarian, devil, God, and ghost.

A bizarre creature born from the Union of the devil clan and the ghost clan.

One had to know.

The gods and devils were above the nine Heavens, while the ghost clan resided in the nine nethers.

The demon, God, and ghost clans.

They were stronger than humans, demons, and barbarians.

It had all sorts of unbelievable abilities.

'Strange creatures' like 'Devils' possessed the abilities of the demon and ghost clans. They could even give birth to some strange powers that were beyond imagination and hard to grasp.

in tiger cage county.

The armies of the counties closest to tiger cage County had arrived at the territory of tiger cage County first. They passed by several demon cities, but they could only see empty cities.

there were no demons.

“We’re late.”

The Commandery Prince of Dragon Python County, Ling mang, said in a deep voice, ” Jiang Li has already left tiger cage County. I’m afraid he’s already in black jail County.

“Spirit Python, I knew you would be one step ahead of me.”

Not long after.

From another direction.

An Army of 150000 demon soldiers marched over in a grandiose manner. It was the Army of Moshou County, one of the 35 counties of the red eyebrows demon Kingdom. The king of the county was he Moshou.

“He Junwang.”

Ling mang greeted.

“Rumble!”

The ground shook slightly.

In front.

Dust and dirt flew into the air.

It was a large number of cavalrymen, all wearing heavy armor and looking very powerful.

“It’s the Centaur County’s cavalry!”

He Moshou said.

Chapter 222 The sculpture

At this moment.

the three demon country's commandery princes who were closest to tiger cage county had already gathered together and were running.

The number of demon soldiers had reached about 400000.

the Duke of spirit Python, the Duke of crane.

The Commandery Prince of Centaur County, MA Yingjun, was a muscular and handsome Centaur. He carried a huge black longbow on his back as he slowly walked over.

“MA Junwang.”

The spirit Python and he Moshou called out in succession.

Do you have any clues or traces of Jiang Li? ”

MA Yingjun asked.

The spirit Python and he Moshou looked at each other, then the spirit Python said,
” I led the Army of spirit Python County all the way here. We passed by three demon cities, but all of them were empty.

” jiang li might have arrived at the black jail county. ”

“then what are we waiting for? Hurry up and increase the speed of the Army.”

ma yingjun shouted.

“Wait a moment.”

He Moshou berated and stopped MA Yingjun. MA Junwang, don't be so reckless. Did you forget that Jiang Li's Army isn't easy to deal with? they're very strong. Even General Li Wuye's million-strong demon Army was killed by Jiang Li. Even li Wuye died in the battle.

think about it. We're just demon soldiers. How can we defeat Jiang Li? ”

“So, don't be anxious. Let's wait until the armies of the other counties have arrived and have all gathered before we talk.”

“Ahem.”

The spirit Python coughed lightly and said, ” it's not that we're afraid of death. We're just trying to avoid unnecessary casualties and sacrifices. We know that the enemy is too strong, but we still want to charge forward. This is no longer bravery. We're just going to die.

“This Yingluo.”

MA Yingjun muttered to himself for a moment before nodding. you two are right. Let's wait a little longer.

“i believe that the armies from the other counties will be here soon.”

The spirit Python said.

At this moment.

jiang li had entered the territory of the black jail county.

However ...

not long after jiang li entered the black jail county, he noticed that something was wrong. it seemed like some disaster had happened.

On the way, they passed by several demon villages and found that the demon villagers were all as thin as firewood, their faces were sallow, and they looked like they were on the verge of death.

It was as if it had been sucked dry by something.

“What’s going on with these demons?”

Jiang Li was confused.

In front of the Army.

luo ming and the others led the human army to the front. they looked around and found that the surroundings were rather desolate. they even saw the corpses of demons and humans lying on the side of the road.

These corpses were so thin that only their bones were left.

“This bi an ...”

Luo Ming and the others looked at each other, their faces full of astonishment.

“Something’s not right.”

Jinmu Rou muttered.

“There’s something wrong with this black jail County, there’s definitely something wrong.”

Gu Shan He said.

“Is there a famine? Are these demon people in a famine? That’s why they’re so thin? Or even starve to death?”

Feng Wutian guessed.

“Impossible.”

cao pipei shook his head.

the demons were in a famine?

How was that possible?

this kind of guess was completely blind.

Even if there was a famine, it would not be limited to just one county.

Shua!

Jiang Li ordered the holographic mech to control the holographic camera. It floated in the air and projected the situation within ten kilometers clearly in front of Jiang Li.

“It’s here. Let’s get a closer look.”

I’m here. Jiang Li pointed at a place on the screen and said.

“yes.”

...

QX01 nodded.

In front of him.

the holographic projection screen enlarged quickly. a village of monsters gradually appeared in front of jiang li, becoming clearer and clearer.

In the image.

Inside the demon village.

Jiang Li saw a huge black statue.

The black Sculpture was nine meters tall and looked a little ferocious. It had a pair of spiral horns on its head, a pair of black bat wings on its back, and a thick tail like a crocodile tail.

Around the sculpture.

A large number of demi-humans knelt on the ground and kowtowed to the black statue. Black streams of air were emitted from their bodies and poured into the black statue.

After that.

The faces of the demi-humans turned paler and paler, as if their spirits had been sucked dry. However, their faces were filled with joy.

...

It was as if he had ascended to Nirvana.

“.....”

it's related to this black statue. Jiang Li mumbled, " it seems like it's related to this black statue. I just don't know what it is.

it seems like it's absorbing the essence of these demon people.

shua!

the holographic projection screen turned off.

"Increase the speed of the Army and head to the nearest Demon City."

Jiang Li said.

"Yes!"

luo ming and the others replied.

On the other side.

BOOM! BOOM! BOOM!

The ground was shaking.

At the border of the black jail County.

A large number of demon soldiers appeared. They were fully armed and well-equipped. They raised the flags of the county city, forming a vast sea of soldiers.

obviously.

The red eyebrows Fey Kingdom's Army had gathered.

He looked around.

They were all demon soldiers, forming a line that stretched as far as the eye could see.

The number of demon soldiers had already exceeded three million.

at the front of the army.

Thirty-one Demon country's Commandery princes stood in a row. Every Demon country's Commandery Prince was a level three demon. They had just awakened their bloodline, and there were strong and weak demons.

Among them.

There were only three complete-stage level three Demon Country County Kings, seven late-stage level three County Kings, nine mid-stage level three County Kings, and a total of 12 early-stage level three County Kings.

County Kings, we're all here today because of Jiang Li.

ma yingjun looked at the various junwang and laughed.

“Hehe.”

A few of the county Kings only smiled, but most of them kept their mouths shut.

“by the way, do any of you know more about the situation in the black dungeon prefecture? Hu Yueqing, your Gu Fox County is the closest to the black jail County. You should know better than us.”

“I heard that the black jade shark died.”

“.....”

A few of the county Kings asked.

“I’m not sure.”

Hu Yueqing was a female demon. However, she had a strong body, just like a strong man. Her weapon was a huge iron hammer, which she carried on her shoulder. She glanced at the other regional Kings and said indifferently, “I think it’s related to the ‘devil’, but I don’t know the details.

great. After I kill Jiang Li, I’ll get rid of the ‘devil’. He’s not going to let me off easily.

“Yes.”

“That’s reasonable.”

“Indeed, we need to solve them.”

The other regional Kings nodded in agreement.

obviously.

they were very confident.

Of course.

The 31 counties had joined forces, and the number of troops had exceeded three million. In addition, Chi Mei had personally taken action. No matter how one thought about it, they would definitely win.

Naturally, he was extremely confident.

“Her Majesty is about to arrive. Quickly prepare to receive her.”

At this moment.

The county King of the 'Black Dragon County', one of the three peak stage rank three Demon Country County Kings, Jiao Lu, raised his head and said in a deep voice after receiving the message from the messenger bird.

“his majesty is coming.”

“Hu ~~ Hu ~ Hu ~”

“Everyone, pay attention.”

“.....”

The demon country's County Kings shouted.

A few minutes later.

Shua!

In the air.

It was a red stream of light. In an instant, it had already appeared above the Army, and waves of red light sprinkled down.

“Roar!”

Vaguely.

a dragon's roar was heard.

Unparalleled power.

it was red eyebrows.

“Your Majesty!”

“We pay our respects to Your Majesty!”

“!!!”

the next moment.

Thirty-one Demon country’s Commandery Kings and more than three million demon soldiers all knelt on the ground and kowtowed to the Supreme figure in the sky.

He looked around.

Such a scene was somewhat shocking.

BOOM! BOOM!

The ground started to shake again.

The demon soldiers raised their heads.

They were the 100000 Imperial Army soldiers of the red eyebrows Yao Kingdom. They marched in unison and lined up in an orderly manner. Every Imperial Army soldier was dressed in red armor, and they looked like burning flames.

there was a terrifying and unparalleled might that came from the attack.

“These are demon soldiers of the Imperial Army!”

although it's not the first time I've seen it, I can't help but be shocked every time I see it.

“He's really too strong.”

every single one of the Imperial Army's demon soldiers is at the perfected stage of level one. They're all powerful soldiers that His Majesty has carefully selected. They're all veterans who have cultivated the same cultivation technique. With the blessing of the nation, they're able to set up a level three military formation.

“This time, even the Imperial Army has been mobilized by His Majesty.”

The demon country's Commandery princes were in a heated discussion.

“Let's go.”

Chi Mei lowered her head slightly and looked at the three million demon soldiers and the 100000 Imperial Guards. She nodded in satisfaction. These Demon country's Commandery princes did not disappoint her.

In total, they had sent over three million demon soldiers, and they were all elites.

He didn't go against it.

“Yes!”

“Yes, sir!”

“All troops, move out!”

“Get into formation!”

“.....”

The various regional Kings shouted.

Roar! “Roar!”

The next moment.

The murderous military Qi gathered and in the air above the demon Army, huge battle formation beasts appeared, adding to the injuries of the demon soldiers.

Buzzzzzz!

The spiritual Qi of heaven and earth gathered.

The momentum was huge.

More than three million demon soldiers entered the black jail County. They followed the traces left by Jiang Li and moved at full speed.

At this moment.

It was one of the seven demon cities in the black dungeon Prefecture.

Black demon City.

BOOM!

” let’s go. ” jiang li’s army had arrived and started attacking black demon city. they took down black demon city as fast as they could. the psionic crocodile emperor cavalry cut down the city wall.

kill!!!

The soldiers had entered the city.

A massacre began.

Ten minutes later.

The 30,000 demon soldiers of black demon City were all killed. The city wall was covered with the corpses of demon soldiers. The smell of blood was strong, but Jiang Li was used to it.

“Where are the demons in the city?”

“i didn’t see him.”

“What’s going on?”

Jinmurou and the others led the human soldiers into the city, but they didn’t find any traces of the demons. Every house was empty.

Jiang Li walked into the city under the protection of ynsh01 and the others.

“My Lord,”

Jin murou and the others immediately came over and reported to Jiang Li, ” we don’t see any demon citizens in black demon City. Furthermore, these demon soldiers are clearly too weak.

“Yup,”

cao pipei nodded. ” i felt it too. ”

“Whoosh!!!”

In the air.

The blood-refining formation had been set up. The corpses of the demon soldiers were refined into blood-refining pills. However, there was something wrong with these blood-refining pills.

“This is an ...”

Luo Yilin was holding a blood refinement pill in her hand. This blood refinement pill’s luster was dim, and there were traces of black patterns on it, emitting a strange aura fluctuation.

“sir, there’s something wrong with these blood refinement pills,”

Luo Yilin walked to Jiang Li with the blood refining pill and said, “not only is the medicinal effect only one-third of the normal, but it also contains a very strange power.

before I figure out this strange power, I can’t take these blood refinement pills for the time being.

Luo Yilin said.

Chapter 223 Recovery

Jiang Li took the blood refining pill from Luo Yilin and looked at it carefully, but he couldn’t figure out what the strange energy was.

“if that’s the case, don’t distribute these blood refinement pills for the time being, in case something happens to the soldiers after they consume them.”

Jiang Li said.

“Yes.”

Luo Yilin nodded.

“ah!”

Suddenly.

From the center of the city came the screams of soldiers. They were extremely shrill and ear-piercing.

“.....”

what’s going on? ” Jiang Li immediately looked up.

“something has happened!”

“Hurry up!”

“It’s the location of the city Lord’s mansion!”

Luo Ming and the others shouted.

Ta ta ta da

dense footsteps.

let’s go! the human soldiers rushed to the city Lord Mansion as fast as they could. Jiang Li also sent his meches there and sped up.

A few minutes later.

In front of black demon city’s city Lord Manor.

“this bi an ...”

Everyone's eyes were filled with shock.

“It's this kind of sculpture again,”

Jiang Li looked ahead.

a 19-meter-tall black sculpture came into view. it was much more magnificent than the nine-meter-tall sculpture jiang li saw last time.

Furthermore ...

they looked exactly the same.

Around the black Sculpture.

There were a few human soldiers 'corpses lying on the ground, all of which had been sucked dry.

There were about 150000 demons in black demon City. All of them knelt on the ground and kowtowed to the black statue in prayer.

” oh, great ‘holy spirit’, please release your supreme power to annihilate the human race that is invading black demon city and save our black demon city! ”

“Holy Spirit! Holy Spirit! Holy Spirit!”

The next moment.

These demon people shouted in unison, their expressions were crazy, like fanatical believers, they almost lost their minds, their shouts were deafening.

wuwuwuwuwu!

Immediately after.

a large amount of black qi gushed out from the bodies of these demon dwellers and poured into the black sculpture in front of them, forming a thick black mist that could not be dispersed.

Instantly.

what's going on? ” Jiang Li felt a cold energy.

obviously.

Sacred Spirit. Jiang Li took down the black demon City and killed 30000 demon soldiers, which terrified the civilians. They put all their hopes on this so-called Sacred Spirit.

Hence.

And this happened.

“What is this?”

“This is not normal!”

“It's more than abnormal.”

“it's a little strange.”

Luo Ming and the others swallowed their saliva and took a few steps back.

he had never encountered such a situation before.

yndeyq01, do it. Destroy this Black Sculpture immediately.

yndeyq01. Jiang Li had a vague feeling that the 'black statue' in front of him was breeding something, so he sent out yndeyq01 without hesitation.

“Yes!”

BOOM!

Yndeyq01 charged forward and activated his skill.

...

Sprint! Charge!

Its huge body was as fast as lightning as it charged towards the black Sculpture. The demi-humans who were blocking yndeyq01 were sent flying.

“Ah!”

The screams continued.

“whoosh!!!”

mechanical psionic energy was released.

[psionic control], [bloodthirst], [immense strength], [psionic frenzy]

The four skills were activated at the same time.

Its might increased greatly.

“Psionic heavy sword slash!”

Finally.

...

With all the powers combined, yndeyq01 raised the psionic Imperial crocodile heavy sword in its hand. A sword light that was hundreds of meters long appeared, like a sword-shaped mountain.

It charged towards the black Sculpture.

“.....”

In the surroundings.

The crowd looked over.

“Holy Spirit! Holy Spirit! holy spirit!”

The demons were shouting crazily like mad demons.

A vast amount of black Qi gushed out from the bodies of the demi-humans and fused into the black Sculpture.

* Jie Jie Jie Jie Jie

The next moment.

A sinister laugh came from within the black Sculpture. Something terrifying had awakened.

Kachaa! Kachaa!

It could be seen.

The black Sculpture cracked open, and in the blink of an eye, the cracks had covered the entire body of the black Sculpture.

BOOM!

The sculpture exploded.

the black shards flew in all directions, containing powerful kinetic energy, and crushed the kneeling demi-humans to death.

after that.

It was a 19-meter tall monster with a ferocious face. It had a pair of spiral-shaped black horns on its head, wide black bat wings on its back, and a thick crocodile tail.

Its arms drooped down, and its five fingers had sharp claws.

He grinned.

The corner of his mouth almost split his head into two.

He was resurrected!

the black sculpture had resurrected!

Clang!

The sword-shaped mountain-like psionic energy sword projection that was hundreds of meters long slashed down toward the resurrected Black Sculpture. It contained extremely powerful might.

“Roar!”

The monster let out a deafening roar. The sound waves seemed to have substance as pitch-black Qi spread out and filled its entire body. It spread its wings and protected its entire body.

Clang!

The sword ray landed on the wings, and a piercing sound like that of fine iron hitting each other was heard. The black gas and the psionic energy collided, and a series of explosions erupted.

“thump!”

The next moment.

The monster’s wings flapped and a terrifying power erupted. It then shattered the psionic sword gleam and produced a powerful kinetic energy that sent yndeyq01 flying.

pfft!

Black blood dripped from the wings.

Obviously.

The monster was also injured by the sword radiance.

“Tier 3 perfection!”

Jiang Li looked at the monster in front of him and took a deep breath. it must be a perfected-stage level three if it can block the psionic Imperial crocodile’s full-force attack!

“and it’s one of the most top-notch ones.”

“Kekekekekekeke”

hehe ... the monster laughed again. His voice was extremely harsh. He looked around, at the demi-humans on the ground, and then at Jiang Li and the others.

“Eh? The human race!”

The monster was stunned for a moment, then said, ” interesting. The human army has actually reached the black jail County of the red eyebrows Fey Kingdom. The red eyebrows Fey Kingdom has indeed declined.

“However, I still have to thank you, puny human. If it wasn’t for your appearance that put these demons in a dangerous situation where they were on the verge of death, how could they all serve me sincerely and offer everything they have? this ‘clone’ of mine wouldn’t have been born so quickly.”

“Kekekekekekeke”

He laughed sinisterly again, but it was a very happy laugh.

“A clone.”

jiang li frowned.

he just said that this is only his clone? ”

Luo Ming gasped.

“This bi an ...”

” if a clone is this powerful, then wouldn’t his real body be at the fourth rank? ”

“f * ck!”

we’ve actually encountered an unknown tier 4 monster in the black jail County!

Jin murou and the others were also stunned.

“Devour!”

“Whoosh!!!”

The monster opened its arms, and an endless black aura spread out, enveloping the surroundings and covering all the demons.

after that.

Countless wisps of black smoke were being devoured and gradually integrated into the monster’s body.

The demons fell down one by one. Each of the dead demons had a look of joy on their faces. They were so skinny that they were only skin and bones. Even their souls had been devoured.

“My Lord, this monster is devouring these demons to strengthen itself.”

Zh01 said.

“All level three meches, attack and kill it.” He ordered.

Jiang Li said immediately.

“Yes!”

” kill!!! ”

Shua! Shua! Shua!

in an instant.

One hundred liquid metal soldiers, ten exoskeleton armor soldiers, three psionic mammoth Rangers, and two psionic crocodile Emperor Rangers.

There were a total of 115 perfected-stage level three meches.

at the same time, they charged towards the monster.

“lowly human, how dare you attack the great ‘devil’ chris. you will pay a desperate price for this.”

The monster shouted in a deep voice.

“The devil.”

what’s that? ” Jiang Li was stunned. what’s that? ”

“Devil!”

this monster is a devil born from the Union of the devil and ghost clan? ”

“Such a thing actually appeared in the red eyebrows Yao Kingdom.”

“No wonder this monster has such a strange and bizarre ability.”

“My Lord, be careful.”

shang lin and the others shouted.

boom! boom! BOOM!

The battle immediately erupted.

The 100 liquid metal meches attacked first and arrived in front of Chris. Their arms changed shape and turned into Silver Blades.

Clang clang clang clang

Chris's wings closed, blocking the attacks one after another. Black energy surged, but he was still cut, and black blood spurted out.

boom!

The ten meches charged over and punched Chris with their huge fists, sending his huge body flying.

“Ah!”

“Rumble!”

Chris roared in anger as the buildings collapsed.

Clang! Clang!

The next moment.

Two huge psionic sword radiances descended from the sky and slashed toward Chris.

“Bastard!”

Roar!

die! Chris shouted in anger. He opened his mouth and spat out a black beam of light. It was like a pitch-black laser that shattered the psionic sword radiance.

kachaa! Kachaa!

The two psionic crocodile Emperor Rangers were sent flying, and their bodies emitted electric sparks. Their damage level had increased to about 10%.

“Psionic spear technique!”

Three psionic mammoth Rangers immediately charged over, and three psionic Spears pierced out. The black gas around Chris condensed to form a shield, but it was shattered by the spears, and three bloody holes appeared on Chris’s body.

“Human puppeteer, you’re courting death!”

damn it! Chris roared again. Although he was strong, he was no match for hundreds of perfected-stage level three meches.

“i’ll let you know why the demons and ghosts are called the” nemesis “of human puppeteers.”

“Whoosh!!!”

As soon as he finished speaking.

Chris used some kind of secret technique, and an invisible soul fluctuation spread out in all directions, forming a strange soul domain.

“Devil’s Domain!”

Chris shouted.

With Chris as the center.

in the surroundings.

There was a hemisphere with a diameter of 10000 meters that covered Jiang Li and the others.

Jiang Li felt the pressure of his soul level.

It was as if a huge mountain was pressing down on his body.

It was hard to move.

Obviously.

Chris had this special ability. He could control the power of souls, so he could bewitch living beings and make the demi-humans worship him blindly.

His essence, energy, and spirit had all been devoured by Chris.

human puppeteer, begin to despair and wail. In my Devil's Domain, your soul will be suppressed, and the 'soul thread' that you use to control your puppets will lose its effect. Your puppets will become useless.

chris laughed wildly.

BOOM!

However ...

The next moment.

The exoskeleton armor mech's huge Iron Fist enlarged in front of Chris and punched him in the face. Chris was sent flying and his teeth were knocked out.

“You, you, you, you, you, you, you ...”

Chris fell to the ground and looked at Jiang Li in shock. He couldn't believe what he was seeing and screamed, ” “Why can your puppet still move? Why did you do that?”

“.....”

Jiang Li shrugged.

He really wanted to ask, 'when did I say that I was a' puppeteer'?

There was more.

don't just randomly assign me a job!

Chapter 224 Fragment

chris thought that jiang li was a human puppeteer and could make powerful puppets. he practiced puppetry and could control the puppets with his soul thread.

Unfortunately ...

Jiang Li wasn't.

What ancient puppetry? what puppeteer?

None of them.

Jiang Li's meches weren't puppets, so they didn't need to be controlled by the soul thread. Each mech had its own ability and high intelligence.

All the meches were only following Jiang Li's orders. They weren't controlled by the 'soul thread'.

There was a fundamental difference between them.

so,

From the very beginning.

Chris had miscalculated.

He thought that his own ability was Jiang Li's nemesis. Even though Jiang Li had a large number of complete-stage level three 'puppets', he was still confident.

The result.

Reality had taught him a very profound lesson.

"Ah!"

Chris's miserable cry rang out.

The silver light of the blade flickered.

The 100 liquid metal meches attacked continuously, forming countless blade lights that fell on Chris, leaving wounds on his body.

Black blood splattered everywhere.

“No! No!”

Chris roared angrily, and fear appeared on his face. He no longer had the confidence and pride he had earlier, and he couldn't smile.

BOOM! boom! BOOM!

The 115 perfected-stage level three meches attacked together and completely suppressed Chris. Chris tried to fight back and break through the blockade of meches.

It was all in vain.

“Roar!”

die! Chris spat out a dark energy beam from his mouth again. It shot at Jiang Li like a laser cannon.

Clang!

The hundred liquid metal meches melted into a liquid state, like silver mercury. They gathered together and formed a silver wall, blocking Chris 'attack.

“This bi an ...”

Chris was completely dumbfounded.

What kind of ability was this?

It was actually able to turn from solid to liquid, completely changing its form, and even combining them together. Such an incredible ability was probably even more bizarre than Chris's Soul Control.

He even suspected who the ‘devil’ was.

Clang! clang!

Two psionic crocodile Emperor cavalrymen had already arrived. Two psionic swords that were hundreds of meters long slashed down and sent Christian flying. Two bloody wounds appeared on his chest.

It was so deep that the bones could be seen.

“Ah!”

Chris let out a blood-curdling screech as he flew backward and crashed onto the ground. He was severely injured.

Pfft! Pfft! Pfft!

The next moment.

The three spearlights pierced through the air and pierced through Chris’s body, leaving three huge holes.

He was almost dead.

Finally.

The ten exoskeleton armor meches jumped up and landed from the sky. Their huge Iron Fists smashed down at the same time and hit Chris ‘head with all their strength.

A ‘bang’ was heard.

Chris’s head exploded just like that.

The headless corpse fell to the ground.

Kachaa! Kachaa!

After that.

the body turned back into a statue and broke into pieces, turning into black gravel and scattering around.

“He’s dead!”

this demon was killed by Lord Jiang Li’s subordinates!

Everyone was discussing in shock.

...

“This is the devil?”

Jiang Li walked over slowly with the meches guarding him. He looked down at the black stone under his feet and kicked it. It turned back into a stone.

in terms of strength, this abomination is indeed at the peak of the perfected stage of rank three. Its ability is also a bit strange, as if it can control the power of the soul.

I’m dead, ” Jiang Li murmured, ” but she’s still dead.

Buzzzzzz!

suddenly.

From the crushed stones in front of him, a pitch-black Radiance gathered together and gradually condensed into a pitch-black spot of light.

this pitch-black dot of light was pure black, as if it had swallowed all light.

Shua!

After that.

The black light spot merged into Jiang Li's forehead.

...

[acquired a rank-four devil's soul tinder fragment (1/7)!]

Immediately after.

Jiang Li received a notification.

“What?”

What's this? ” Jiang Li looked at it carefully. What's this? ” A special soul Fire seed? The fourth rank devilsoul Tinder fragment seems to be only one-seventh of it. ”

“this is interesting.”

soul Tinder? ” Jiang Li's eyes lit up. He murmured, ” since I've captured a special soul Tinder, according to the rules of the game, if I remember correctly, I should be able to activate a special troop type.

Shua!

Jiang Li immediately opened the Dominator panel and clicked on the mechanical special army.

[sub-surface: special type of machinery]

troop type: battlefield commander (unlocked)(able to build 3/340), mechanical demon (locked 1/7) ”

“Mechanical demon spirit.”

jiang li looked at the information. as he expected, apart from the battlefield commander unit, there was also a special unit called ‘mechanical demon’.

to unlock the mechanical demon spirit, I need seven level-four devil soul Tinder shards. There are seven demon cities in the black jail County. In that case, each Demon City should have a ‘Devil’s avatar’.

“This is good too.”

my original plan was to take down these demon cities. Now, I can also collect ‘level-four devil soul Tinder fragments’ and unlock the ‘mechanical demon spirit’.

“Two birds with one stone.”

Soon after.

Jiang Li closed all the interfaces in front of him.

On the other side.

In the county city of the black jail County.

In the Junwang Manor.

Within the palace.

Shua!

Suddenly.

Two pitch-black beams of light appeared. Upon closer inspection, a middle-aged man with a square face was sitting in front of them. He opened his eyes.

The black beam of light just now was the light from his pupils, and it had almost materialized.

“One of my clones has actually fallen.”

There was no trace of anger on his face. It was as calm as a dead man’s face, but there were black patterns on it. The patterns interweaved between his eyebrows, forming a black pupil.

“Who is it?”

He muttered, ” is it Chi Mei? ” With the abilities of my clone, it has reached the peak of the perfected stage of rank three. Ordinary perfected stage rank three cultivators are no match for it. ”

“only those at the 4th rank can kill them.”

“If it’s not red eyebrows, who is it?”

“Holy Spirit! holy spirit! Holy Spirit!”

Suddenly.

The cheers of countless demons could be heard from outside the prefecture Lord’s mansion. Their voices were filled with fervor and there was an endless amount of black Qi that surged out from their bodies.

After that.

They were all gathered together.

The square-faced middle-aged man opened his mouth and sucked in all the black Qi like a dragon drinking water. He refined and absorbed it.

“It’s almost done,”

“I just need to do this a few more times and I’ll be able to break the shackles on my body. Then, I won’t have to stay in this place anymore,” he murmured with a smile.

“As for those clones ...”

He pondered for a moment. although it’s a pity that it was created by a part of my soul, it seems that I can only give it up for now. However, the task of those clones has been completed.

“If it’s gone, then it’s gone.”

Obviously.

The square-faced middle-aged man was worried that red eyebrows would be the one who dealt with the ‘Devil’s avatar’. If it was really red eyebrows, he would be sending himself to the door if he rushed over.

Rather than taking this risk ...

it was better to stay in the black jail county’s city. as long as he absorbed a few more times and devoured all the ‘essence qi’ of the entire county, he would be able to break the shackles on his body.

At that time.

Even if Chi Mei came, he would not be afraid.

Furthermore ...

The 'demonic avatars' in the seven demon cities were just vessels used by the 'middle-aged man' to collect the 'black gas'. Then, the collected' black gas 'would be passed to the' middle-aged man 'for him to absorb.

In reality.

It wasn't just the seven demon cities.

There were black sculptures in many large demon villages in the black jail County. However, the black sculptures in those demon villages could not even be considered 'clones'.

he didn't need it anymore.

The demon men and demon soldiers in the county city were enough to provide him with enough 'black Qi'.

On the other side.

Within black demon City.

Half an hour passed.

City Lord's mansion.

Jiang Li had refined all the spiritual herbs, but there wasn't a single lower spiritual crystal. The demon named Chris probably took it away.

Buzzzzzz!

a white light flashed.

All the herbs and spirit herbs had been transformed.

It had disappeared.

conversion successful. You've received 1204700 energy points!

A notification appeared.

I've got one million energy points.

Jiang Li said.

Speaking of this.

Jiang Li plundered the entire Wushuang County and gained 48704000 energy points in total. After taking down tiger cage County, he gained 55201000 energy points in total.

The war had consumed 1407000 energy points.

They lost three thousand perfected-stage level one meches, three hundred early-stage level two meches, and fifty perfected-stage level two meches. It was a small loss.

It could almost be ignored.

He had recovered a total of 750000 energy points.

It took 1500000 energy points to replenish the losses.

In addition, he had just obtained 1204700 energy points from black demon City.

Shua!

the dominator panel opened.

In the energy points column.

Jiang Li's energy points had increased from 17962500 to 120915200. It was more than 120 million now.

although these energy points look like a lot, I can make more than eight hundred thousand perfected-stage level one meches and one hundred and twenty thousand early-stage level two meches.

Jiang Li calculated in his mind and thought, " " if all of them are making perfected-stage level two meches, then there will only be more than eight thousand. "

if it's upgraded to the next level, I can only make 80 perfected-stage meches.

currently, the mech Army still lacks long-range attacks. Although the artillery and tank meches are powerful, they will be blocked by a Stage 2 army formation, and they won't be able to display their full power in a Stage 3 army formation.

I'll make ten laser weapon meches. Jiang Li started to make new meches.

jiang li unlocked the 'laser weapon mech' last time, but he didn't have enough energy points to build it. now that he had enough energy points, he could build this new type of mech.

Buzzzzzz!

the manufacturing interface popped out.

In the interface.

An illusionary figure appeared, and countless light spots filled it. Beside the illusionary figure, there was a number 'x10', representing the number to be created.

A minute later.

[production complete!]

A notification appeared.

Shua! Shua! Shua!

Ten figures appeared in front of Jiang Li out of thin air. They stood side by side and saluted at the same time.

“My Lord!”

The ten laser weapon meches said at the same time.

Chapter 225 The laser

“Yes.”

jiang li was studying the laser weapon mech.

First of all ...

The laser weapon mech had a lightweight exoskeleton armor that covered almost his entire body.

His facial features and face were revealed.

at the same time.

Their weapons were no longer cannons, but laser weapons. Although they were similar to guns in appearance and style, they fired laser weapons.

It possessed extremely powerful destructive power.

Early stage rank three.

The laser weapon mechs were only equipped with 'laser pistols', and they had two guns at the waist, which were attached to the light exoskeleton armor.

Shua!

” unit type: laser weapon mech

[rank: early stage of rank three]

[No.: Jgwq01]

” skill: level three low-grade laser weapon mastery ”

“equipment: dual laser guns”

[machinery: jian jia (omitted)]

advancement requirement: 200000 energy points

Jiang Li read the information of the laser weapon mech.

“Jgwq01, test out the power of the laser weapon.”

jiang li said.

“Yes.”

jgwq01 stepped out, ” master, please give us your target. ”

“En, Yingluo.”

Jiang Li looked around, pointed at the city Lord’s mansion, and said, ” “i’ll take it.”

“Yes.”

Jgwq01 nodded.

“Whoosh!!!”

After that.

jgwq01 pulled out the two guns on his waist and aimed at the city lord’s mansion in front of him. he pulled the trigger, and the muzzles were filled with blue light.

“Whoosh!”

The next moment.

it was a laser beam that shot out from the muzzle. it was about the thickness of a baby’s arm, just like the black beam of light that the ‘devil’s avatar’ had roared out.

However ...

The diameter of the laser beam from the Super laser pistol was much smaller.

After that.

Jiang Li clearly saw two blue laser beams piercing through the entire mansion and spreading forward, piercing through buildings.

These buildings were like tofu in front of the laser beams.

“It’s alright,”

okay. Jiang Li took a look and nodded.

“Upgrade.”

Soon after.

Jiang Li then upgraded the ten laser weapon meches to the perfected stage of level three. With a flash of white light, they completed the upgrade in a few seconds.

It consumed a total of 14000000 energy points.

after the promotion.

The laser weapon meches were fully equipped.

Fully armed!

it could be seen.

Each of the perfected-stage laser weapon meches had a laser pistol and a portable exoskeleton armor.

It was equipped with a super laser sniper rifle and a super laser cannon.

At the same time.

Every laser weapon mech was wearing a pair of black glasses. Their eyes had been modified so that they could shoot out laser waves.

In reality.

...

Compared to the Super laser pistols, the Super laser sniper rifle, and the Super laser cannon, the 'laser eye' of the laser weapon mech was the most powerful attack.

"let's try."

it's still this mansion, " Jiang Li said. it's the same one.

"Yes."

jgwq01 nodded and took the laser cannon from his back. it looked like a rocket launcher with a bright silver exterior and was placed on his shoulder.

BOOM!

the next moment.

The Super laser cannon fired, and the blue laser beam bombarded the city Lord's mansion in front of them, causing a huge explosion.

The light that filled the sky exploded.

dust filled the air.

When the light and dust gradually dispersed ...

...

Half of the city Lord's mansion had collapsed, turning into ruins.

"Alright!"

okay. Jiang Li nodded in satisfaction.

"Why is the city Lord's mansion gone?"

"It seemed to have been destroyed by something."

"This power is too terrifying."

luo ming and the others were dumbfounded as they looked at the city lord's mansion that had almost been reduced to ruins.

Since the 'Devil's clone' in black demon City had been killed by Jiang Li, the strange energy attached to the blood refining pill had disappeared.

In other words ...

He could consume the blood refinement pill now.

However, its effect was only one-third of that of a normal blood refinement pill.

but it was better than nothing.

In order to test the power of the laser weapon meches, Jiang Li spent a few minutes. After the test, he immediately gathered his troops and left black demon City.

Without stopping, they headed to the next Demon City.

It had been about an hour since Jiang Li left black demon City.

BOOM! BOOM! BOOM!

The ground shook.

The three million demon soldiers of the red eyebrows Fey Kingdom arrived outside black Fey city. 100000 imperial soldiers followed behind Chi Mei, who was standing in the air and flying.

“This bi an ...”

black demon City has already fallen.

“We’re late.”

“Do you want to go into the city and take a look?”

The demon country’s Commandery princes looked at each other and then looked at Chi Mei, who was standing in the air.

shua!

Chi Mei was like a red stream of light as he entered the black demon City.

” this is the mist, the aura of the devil. ”

Red eyebrows landed from the sky. Her bare feet did not touch the ground, about ten centimeters above the ground. She looked at the corpses of the demon people on the ground. These corpses had an extremely happy expression on their faces, but they were so thin that they were only skin and bones.

On the ground.

There were also pieces of black gravel that gave off an ominous aura.

“A demon actually appeared in the black jail County.”

chi mei’s tone was a little gloomy, and he frowned slightly. ” but i haven’t received any news. ”

“Your Majesty, let’s go!”

At this moment.

The demon country’s regional Kings entered the city one after another. They then saw the demon corpses all over the ground. The strange death with a happy smile on their faces caused their pupils to contract and their words to stop.

“How did these demons die?”

“It seems like his essence, Qi and spirit have been completely devoured.”

and the expressions on their faces are really too abnormal.

in that case, the news about the ‘demons’ appearing in black jail County is true, and the situation is more serious than we thought.

The demon country’s Commandery princes discussed.

Your Majesty, although Jiang Li's marching speed is fast, we should be able to catch up with him soon if we continue to follow the traces left by Jiang Li.

jiao lu said at this moment.

"Your Majesty, what should we do with the 'demons' of black jail County?"

Another Demon country's Commandery Prince, Chan Ling, who was at the perfected stage of level three, asked.

"Whoosh!!!"

Chi Mei waved her hand, and a red flame spread out from her hand, turning into a sea of fire that covered the surroundings.

After that.

All the corpses of the demons were reduced to ashes in the sea of fire.

"All troops, move out!"

stop! Chi Mei shouted and gave an order, " go to the county city of black jail County. Stop chasing. We'll wait for Jiang Li to come to us.

" i'll also take care of the demon in the black jail county's capital. "

"Yes!"

"Yes, sir!"

All the demon country's Commandery princes nodded.

“but, your majesty, what about the demon citizens in the remaining six demon cities in the black jail county? If we don’t keep chasing, Jiang Li will take all the demon cities.”

finally, the tier 3 perfected stage demon kingdom king, yan huhu, said in a deep voice.

“Do you know what this is?”

Red eyebrows pointed at the black gravel on the ground.

“I don’t know.”

Yan huhu was stunned and shook his head.

this is the remains of the ‘Devil’s Double’ after his death.

chi mei said, ” if i’m not wrong, the entire black jail county is probably under the control of that devil. the seven demon cities are all under its control. there are ‘devil avatars’ in all of them. ”

” the demon soldiers and citizens of the seven demon cities are already half-dead under the control of the ‘demonic incarnation’. we can only save them by killing the real demonic incarnation. ”

if Jiang Li wants to take down Demon City, he’ll have to fight with the ‘Devil’s clone’. With the strength of the ‘ Devil’s clone’, it won’t be easy for Jiang Li to deal with it. He’ll lose a lot of soldiers.

” i’ll use jiang li to solve the problem in black jail county and weaken his strength.
”

“I can kill two birds with one stone.”

“I see.”

yan huhu came to a realization and lowered his head. ” your majesty is far-sighted, i was too short-sighted and didn’t know your plans and methods. ”

“I am ashamed.”

“Let’s go.”

Chi Mei’s figure rose into the air.

“All troops, move out!”

“Rumble!”

The demon Army of more than three million moved out. The formation was activated, and the power was surging. The spiritual Qi of heaven and earth was shaking as they marched toward the county city of black prison County.

in reality.

According to Jiang Li’s plan, he would definitely go to the county city of the black dungeon County after taking down the seven demon cities.

Chi Mei was clear about this.

so,

Instead of chasing after him, it was better to go in front of Jiang Li and wait for him in the black jail County’s capital. At the same time, he could set up traps in the capital so that Jiang Li would never return.

Of course.

Chi Mei also wanted to get rid of the demon in the black jail County.

this was confidence!

he had great confidence in his own strength!

It made her fearless.

In red eyebrows 'eyes.

she could kill both the demon in the black dungeon county and jiang li because she was the 'king' of the red eyebrow empire!

Time passed.

Jiang Li moved forward step by step according to his plan and took over the demon City in the black jail County as fast as he could. At the same time, he also wanted the 'Devil's clone' in the city.

BOOM!

The laser weapon meches played a very important role. Ten of them carried their super laser cannons and shot down the walls of Demon City.

There were countless deaths and injuries.

BOOM! BOOM! BOOM!

The artillery shells exploded.

“Ah!”

A large number of demon soldiers died.

“whoosh!!!”

On the battlefield.

Soul Fire Seeds flew out and merged into Jiang Li’s body. He caught one soul Fire seed after another, most of which were level-one.

“Kekekekekekeke”

In Demon City.

The demi-humans shouted the name ‘Holy Spirit’ in a frenzy, and the black Sculpture came to life. A sinister smile rang out, and a huge monster appeared.

“It’s actually the lowly human race.”

After that.

The devil’s clone said the same thing.

“I don’t have time to waste with you.”

let’s go. Jiang Li waved his hand and said, ” perfected-stage level three meches, go all out and kill this demonic clone as soon as possible.

“Yes!”

Shua! Shua! Shua!

The perfected-stage level three meches charged over.

Whoosh! Whoosh! “whoosh!”

The ten laser weapon meches took off their black glasses at the same time. The laser eyes were activated and the red laser shock waves were shot out.

“Ah!”

Pfff!

The abomination shrieked in pain as its body was pierced by the red laser shockwave. The black gas and bat wings were unable to stop it, and countless cracks spread all over its body.

Kachaa! kachaa!

After that.

His body fell and split into pieces, turning into black gravel.

He was dead!

Chapter 226 chain

The laser weapon mech showed great power. The power of the ‘laser eye’ was beyond Jiang Li’s expectation. It killed the ‘demonic clone’.

One had to know.

When he was in black demon City, he had spent a lot of time to get rid of the ‘Devil’s clone’, and some of his meches had even been damaged. This time, he had killed it instantly.

It was clean and crisp.

“Very good,” he said.

Jiang Li was even more satisfied with the laser weapon meches.

“Whoosh!!!”

Immediately after.

The black rocks on the ground emitted a black light. The pure black light gradually gathered, devouring all the light and turning into a black dot.

Shua!

The black light entered Jiang Li’s body.

[acquired rank-four Devil’s soul Tinder fragment (2/7)]

A notification popped up.

“I have two.”

Jiang Li was delighted and thought to himself, ” since it’s a rank four Devil’s soul Tinder fragment, the ‘mechanical ink spirit’ created after the seven fragments are fused has a high chance of being a rank four special type of soldier.

“Even if they’re not at the 4th rank, they’re definitely stronger than the elite troops.”

“No matter what, at the very least, it’s at the Tier 4 level.”

create another ten laser weapon meches.

After seeing the power of the laser weapon meches, Jiang Li immediately opened the Dominator panel and used another 15000000 energy points to make ten perfected-stage laser weapon meches.

A minute later.

[creation complete!]

A notification appeared.

Shua! Shua! Shua!

Ten people appeared in front of Jiang Li. They were all laser weapon meches. They were all wearing black sunglasses and standing in a straight line.

“My Lord!”

Jiang Li! they saluted Jiang Li and shouted in unison.

“Yes.”

” okay. ” jiang li nodded with satisfaction. ” go and meet the other laser weapon meches. ”

“Yes.”

They nodded.

Half an hour later.

They had searched all the resources in the city, but they still couldn’t find any lower spiritual crystals. As Jiang Li had guessed, Chris had taken all the spiritual crystals.

“What a pity.”

Jiang Li felt a bit regretful.

Buzzzzzz!

Immediately after.

Jiang Li converted all the herbs and spirit herbs.

White light flashed.

All the herbs and spirit herbs disappeared.

Shua!

conversion successful. You've received 980000 energy points!

He didn't get more than a million energy points this time. It was even less than the energy points he got in black demon City. Jiang Li shook his head and closed all the interfaces.

"Let's head out to the next Demon City,"

Jiang Li said.

"Yes!"

The soldiers responded.

the entire army set off once again, leaving the demon city. the human army led the way, and the marching formation was activated, rushing to the nearest demon city at the fastest speed possible.

At this moment.

Jiang Li's human army had been reduced from 400000 to 300000. Many of the 100000 soldiers were killed, and some were too injured to fight anymore.

Both of them accounted for a certain proportion.

However, Jiang Li's number of walking puppets had reached 200000 without him knowing, which made up for the lack of human soldiers.

In addition, Jiang Li had more than 500000 meches.

It still reached a million.

...

However ...

The remaining three-hundred-thousand human warriors could already be counted as elite warriors. After taking a large number of blood-refining pills, their powers had all been improved to a certain extent.

Every human soldier was a peak-stage elementary-level martial artist. Many of them had condensed internal force and reached the early stage of level one. There were also many commanders who had broken through to level two.

Jiang Li didn't count them, so he didn't know the number of level-one and level-two human soldiers.

Very quickly.

Jiang Li had arrived at the third Demon City of the black dungeon County.

without thinking too much, jiang li ordered the whole army to charge and attack the demon city.

BOOM! BOOM!

The 20 laser weapon meches fired at the demon City in front of them. The blue light from the laser cannons filled the sky and was extremely dazzling.

“Rumble!”

The earth was shaking.

...

The city wall collapsed.

The war broke out.

“Ah!”

A large number of demon soldiers cried out in pain.

It could be said that they were directly beaten into a daze, and they didn't even have the chance to react.

the 20 laser cannons had even killed thousands of demon soldiers.

after that.

Jiang Li's Army entered the city one after another.

More than ten minutes passed.

The demon city was taken by Jiang Li and tens of thousands of demon soldiers were killed. The blood refining formation was activated and the bodies of the demon soldiers were turned into blood refining pills.

“These blood refinement pills aren’t normal either,”

Luo Yilin was holding a blood refinement pill in her hand. There were black patterns on it.

“Also, these demon soldiers are too weak.”

“This Demon City must also have a ‘Devil’s clone’.”

I estimate that all seven demon cities in the black dungeon Prefecture have ‘Devil’s avatars’, and the real body of the devil is definitely hidden in the city.

“In that case, we’ll definitely have to face that demon in the end?”

“This is an ...”

“That’s a Tier 4 existence!”

Luo Ming and the others were discussing.

In the center of the city.

Let’s go. Jiang Li arrived with the mechs. The scene in front of them was exactly the same as the previous two times. It was like the same plot.

A large number of demons were frantically praying to the ‘Devil’s clone’ and shouting the name of the ‘Holy Spirit’.

After that.

The vast black gas in the surroundings rushed into the black Sculpture in a frenzy. It was all absorbed by the black Sculpture, and the devil’s avatar was resurrected.

Jiang Li stood aside and watched. He didn't interrupt but waited quietly. He was waiting for his prey to be born and then he would catch it.

kachaa! Kachaa!

The black Sculpture cracked.

BOOM!

A powerful aura erupted.

hehehe, the great Chris has awakened, hehe.

this devil's clone opened its arms and spread the wings on its back. thick black mist spread out as it howled into the sky. its power surged like the rolling river.

"Holy Spirit! Holy Spirit!"

After that.

the surrounding demi-humans shouted in a frenzy.

"The Holy Spirit has awakened."

"Hahahahaha!"

"the great holy spirit has arrived! all these human beings are going to die! all of them are going to die! under the great holy spirit's light, they will die without a burial place!"

The demons were shouting.

“Whoosh!!!”

After that.

The black mist spread out and enveloped the surroundings, including all the demon dwellers. It devoured all the essence energy of these demon dwellers and they fell down one by one.

The ‘Holy Spirit’ that they believed in ‘ate’ them before they even attacked Jiang Li.

“Kill him!”

jiang li said.

“Yes!”

the perfected-stage level-three meches immediately attacked the demonic avatar.

“Hehe, what a foolish human puppeteer. How dare you attack the great Chris? you overestimate yourself and are extremely foolish. I will let you taste the true meaning of despair and hopelessness!”

The demonic clone’s tone was extremely arrogant.

Whoosh! Whoosh! Whoosh!

The next moment.

The 20 laser weapon meches lined up and released laser eyes. The red laser shockwaves tore through the space and pierced through.

Pfft! Pfft! Pfft!

blood splattered everywhere.

Before the demonic avatar could finish its words or even make any moves, its body was pierced by the red laser shock waves.

“You’re so silly!”

The demonic clone’s eyes widened, and his face was filled with astonishment. He was completely unable to accept this fact.

Bang!

the huge body fell down and turned back into a statue. it broke into pieces and shattered into pieces of black gravel, scattering on the ground.

He died in such an aggrieved manner.

“Why are you acting all high and mighty in front of me?”

Jiang Li looked at the broken stones on the ground.

“Holy Spirit Suan ni”

“No! This isn’t the real Yingluo.”

how did the Holy Spirit die?!

“heavens!”

Then, the surviving demons were scared silly.

Buzzzzzz!

immediately after.

The black stone glowed with a dark light, then it gathered together and turned into a black light spot, merging into Jiang Li's body.

[acquired rank-four Devil's soul Tinder fragment (3/7)]

a notification appeared.

“Three pills.”

Jiang Li smiled. I need four more to collect the seven fragments and then unlock the mechanical demon spirit. I have to speed up.

“I'll try to finish collecting them before tonight.”

Half an hour later.

Jiang Li finished collecting all the resources in the demon City and converted all the herbs and spirit herbs into energy points. He gained 1358000 energy points in total.

The entire Army set off again.

They headed to the fourth Demon City.

Jiang Li followed his plan and took down one Demon City after another. When the sun was about to set, he finally arrived at the last Demon City in the black jail County with his Army.

Fog Dragon Demon City.

this also meant that ...

Jiang Li had already conquered the first six demon cities. As expected, he killed six demonic clones and captured six level-four Demon Soul Tinder fragments.

He was only missing the last one in the fog Dragon Demon City.

hmm. Jiang Li first asked the holographic mech to record the situation in the fog Dragon Demon City. He looked at the holographic projection in front of him. there's something wrong with this Demon City.

In the projection.

On top of the city wall, inside Demon City.

They were all demon soldiers and humans that kept moving as if they were unconscious. They were abnormal, similar to Jiang Li's walking puppets.

Furthermore ...

their bodies were as thin as firewood, and faint black qi was rising from their bodies. there were also black vein-like patterns on their faces, which was quite strange.

In other words ...

The entire fog Dragon Demon City.

Not a single living being was left.

They were all dead.

“Hu ~~ Hu ~ Hu ~”

Jiang Li took a deep breath, looked at the scene in front of him, and murmured,” it seems that the last Devil's clone is not easy to deal with. It has already been

revived in advance and has taken control of all the demons in the city. It has become a 'Living Dead demon' that is similar to a puppet walking corpse.

On the other side.

In the county city of the black jail County.

Within the county.

Around the Junwang Fu.

Countless demon soldiers knelt on the ground and kowtowed in the direction of the regional King's mansion. Black Qi gushed out of every demon soldier and demon soldier's body and surged into the regional King's mansion.

“Hahahahaha!”

wild laughter!

Wild laughter rang out from within the mansion!

After that.

Countless spiritual Qi of heaven and earth surged forth. With the Junwang residence as the center, it formed a vast vortex of spiritual Qi, and a black mist of light condensed.

In the end.

It was a huge figure that was 99 meters tall.

Humanoid.

Its entire body was pitch-black, with Black diamond-shaped scales on its wrists and ankles. It had a pair of wide wings on its back, like bat wings that had been enlarged countless times. Its face was ferocious, like a horse's, and there was a pair of spiral-shaped horns on its head.

He took a closer look.

There were golden runes on the body of the huge figure. They intertwined together and formed three chains that trapped him.

kachaa! Kachaa!

At this moment.

The three golden chains were gradually breaking apart under the erosion of the surrounding black gas. Every time a part of the golden chain disappeared, the aura of the huge figure grew stronger.

Chapter 227 Gathered

obviously.

He was breaking the 'shackles' on his body.

"roar!"

Suddenly.

At this moment.

It was a terrifying Dragon's Roar that resounded through the sky. Endless red light bloomed and formed a three-clawed Red Dragon, which pounced across the sky.

“No!”

In the sky above the regional King’s mansion.

The huge figure raised his head and looked at the ‘three-clawed Red Dragon’ that was charging towards him. He let out a furious roar, and his eyes were filled with anger and fear.

it could be seen.

Two of the three golden talisman shackles on the huge figure had already disappeared. Only one was left.

As long as the last one disappeared.

He had succeeded.

“BOOM!”

However ...

The three-clawed Red Dragon had already broken through the seal of the black Qi and pounced directly on the huge figure. It exploded, filling the sky with light. It was extremely dazzling and dazzling, and an energy storm raged.

Kachaa! kachaa!

On the ground.

some buildings collapsed.

“Ah!”

Buzzzzzz!

In the end.

The huge figure turned into a black stream of light and rushed into the Junwang family's mansion. Then, it merged into the body of the square-faced middle-aged man.

“Chi Mei! i'm going to kill you!”

BOOM!

An explosion sounded.

The middle-aged man flew into the sky and smashed through the ceiling of the regional King's mansion. He flew into the sky and stood in the void as endless black mist surged around him.

“whoosh!!!”

the soul domain spread out.

the spiritual qi of heaven and earth trembled.

Just a little more!

Just a little bit more!

He would have broken all three of the Golden talisman chains. He was clearly on the verge of success, just one more! Chi Mei's sudden attack had interrupted his plan.

It was a futile effort!

Of course.

He had already broken two of the three golden talisman chains, so he could only release a part of his strength and dared to face red eyebrows.

otherwise ...

He had long escaped.

Why would he continue to stay?

“You want to kill this King?”

in the air in front of him.

Chi Mei stepped on a three-clawed Red Dragon and arrived. The fate of the red eyebrows demon Kingdom was on his body, and his body was surging with a red brilliance that was endless like a blazing sun.

the might of the country was vast.

boom! BOOM! BOOM!

The ground shook.

Outside the city.

More than three million demon soldiers had arrived. The Army formation was activated, and endless military Qi gathered, forming three huge army formation beasts.

Grade 3 army formation!

And there were three of them!

The most important thing was ...

Because they were personally led by Chi Mei, they had the blessing of the country's fate, so the power of these three Grade 3 military formations was increased by a level.

“you're so silly!”

the middle-aged man's pupils contracted, and there was a faint sense of fear.

...

Obviously.

he had never expected that chi mei would come with the strength of the entire country.

What's the point of fighting!

On the other side.

Fog Dragon Demon City.

BOOM! BOOM! BOOM!

An explosion sounded.

Jiang Li didn't hesitate for too long and started the siege. First, the laser meches fired their laser cannons and the blue laser cannons penetrated the city wall.

immediately after.

it was a series of cannonballs. in one round, over 10000 cannonballs were fired, and the entire demon city was in the midst of a war.

“rumble!”

...

The main battle tank drove towards Demon City and fired its shells.

kill!!!

all the troops charged.

The human army and The Walking corpse puppets charged into the city and began to fight with the living demons in the city.

“these demons are already dead!”

“Be careful!”

“They’re all Living Dead demons being controlled.”

“Cut off their heads.”

“F * ck!”

“All the demon soldiers and citizens in the city have turned into Living Dead demons.”

Everyone was exclaiming.

Inside the fog Dragon Demon City.

There were nearly 200000 demon civilians and about 30000 demon soldiers. All of them had become 'Living Dead demons' that looked like puppet walking corpses.

In other words ...

These undead demons could all fight.

Moreover, because it was already dead and was just a Living Dead demon under control, it did not have the fear and would only attack madly.

“They are the human army?”

The devil's avatar in the fog Dragon Demon City had been revived a long time ago, and the entire fog Dragon Demon City had become his own Devil City.

All the demon soldiers and demon civilians were transformed into 'Living Dead demons' by him, becoming his soldiers.

“This is the territory of the red eyebrows Yao Kingdom. How can there be so many human soldiers? Moreover, their weapons are too powerful.”

this devil's avatar looked at the battlefield and analyzed the situation. he quickly came to a conclusion that his army of living dead demons had no chance of winning.

It was only a matter of time before they were completely annihilated.

One had to know.

The number of human soldiers had reached a million, and he also saw a large number of perfected stage-three experts.

He couldn't fight at all.

The difference in strength was too great.

there was no chance of winning.

“No, I have to leave quickly.”

the devil's avatar thought to himself, ” “while these undead demons are holding back the human army, i must quickly escape and head to the black jail county's city to meet up with master.”

“looking at the time, master should have already broken the ‘shackles’ on his body.”

“Let's go!”

Buzzzzzz!

This Devil's clone was very decisive. After making this decision, it immediately retreated. Black mist enveloped its body, and it transformed into a black cloud as it silently fled.

High up in the sky.

there were three spherical holographic cameras that could monitor the entire mist dragon demon city. they formed a holographic image and sent it to jiang li.

“Chief sovereign, we've found the target.”

qx01 immediately said.

“Where are you?”

Jiang Li asked.

Shua!

It could be seen.

The holographic projection in front of Jiang Li was getting closer and closer. The image became clearer and clearer. Then, Jiang Li saw a black cloud escaping from the fog Dragon Demon City from the southeast at an extremely fast speed.

“He’s trying to escape!”

stop it. Jiang Li stared at the black cloud. all perfected-stage level three meches, go to the southeast immediately and stop the demonic clone in the fog Dragon Demon City.

“We can’t let him escape!”

one had to know.

jiang li had collected six level-four devil’s soul tinder shards and was only missing one. he didn’t want to waste all his efforts.

“Yes!”

A hundred liquid metal meches, ten exoskeleton armor meches, and five elite troops charged at the fastest speed, chasing after the devil’s avatar in the fog Dragon Demon City.

Shua! Shua! shua!

A hundred liquid metal meches and ten exoskeleton armor meches rushed out of the battlefield. They were extremely fast and jumped from house to house like silver lightning.

BOOM! BOOM!

The five elite soldiers were too big, and there were too many buildings in the city. It was not easy to move forward, so they activated their skills and directly destroyed the buildings in front of them.

It was like demolishing a building with brute force.

“I’ve been discovered so quickly,”

The fog Dragon Demon city’s devil avatar heard the commotion and immediately turned around. He discovered the large number of pursuers behind him. His pupils contracted, and he increased his speed.

Although the meches were not slow, they could not fly since they were from the Army. Naturally, they were not as fast as the devil’s doppelgangers.

The fog Dragon Demon city’s devil avatar was running further and further away.

If this continued ...

He would probably lose her.

Whoosh! Whoosh! “Whoosh!”

At this moment.

The 20 laser weapon meches locked onto the devil’s avatar with their laser sniper rifles and pulled the trigger.

In that instant.

It was 20 laser beams that cut through the night sky. They were bright blue and contained extremely terrifying energy and penetrating power.

it directly shot towards the fog dragon demon city's devil avatar.

“!!!”

The devil's clone's pupils contracted.

“Whoosh!!!”

After that.

His aura soared.

A vast amount of black Qi gushed out and exploded with all his power. The power was extremely strong, almost reaching the 4th rank, forming a terrifying pressure and domain.

obviously.

The strength of this Devil's avatar was stronger than the previous six.

Shua! Shua! Shua!

it could be seen.

The speed of the abomination seemed to have reached an extreme. It was like lightning, constantly moving left, right, up, and down in the air, as if it was constantly flashing.

He had actually dodged the laser beams.

The laser beams that were dodged landed on the ground below and exploded, filling the sky with light and creating huge pits.

“Ah!”

Bang!

However ...

There were a total of twenty laser beams, but the abomination only managed to Dodge fifteen of them. Five of the laser beams hit him.

the black gas exploded.

The demon’s avatar was blasted away by five laser beams and fell from the sky, smashing through buildings and plowing a trench in the ground.

Pfft!

The devil’s clone coughed up blood and was injured.

“Kill!”

a hundred liquid metal meches and ten exoskeleton armor meches caught up and formed an encirclement, trapping the devil’s avatar and killing it.

“Ah!”

die! the demonic avatar roared and unleashed all its power. Then, it spat out a black beam of light that pierced through the chest of a liquid metal mech.

There was a huge hole.

Drip Drop

the liquid metal mech's wound seemed to have been melted by the high temperature. it turned into a red liquid and fell on the ground, creating a deep pit.

The damage level immediately rose to 50%.

However ...

the wounds of the liquid metal mech were gradually healing.

“Yingluo didn't die?”

The demonic clone's eyes widened, and his face was filled with fear.

Shua!

The next moment.

He immediately soared into the air, wanting to escape.

“Psionic heavy sword slash!”

Clang!

The five elite soldiers rushed over and used their strongest power. Two hundred-meter-long sword energies and three huge spear energies attacked at the same time.

“Ah!”

BOOM!

The domain of the devil's avatar was directly broken. With a scream, its huge body was sent flying, and black blood splashed.

He fell from the sky, heavily injured.

BOOM! BOOM! boom!

Ten exoskeleton armor meches fell from the sky and smashed down with their huge Iron Fists. The demon's eyes widened in fear.

'Bang'!

His head had exploded!

Kachaa! Kachaa!

The body split into pieces and turned back into a statue, shattering into pieces of black gravel.

"Hu ~~ Hu ~ Hu ~"

Jiang Li was relieved.

At the same time.

With the death of this demonic avatar, all the living and dead demons in the fog Dragon Demon City fell.

Buzzzzzz!

Immediately after.

The black stone glowed with black light and merged into a black spot of light that entered Jiang Li's body.

[acquired Devil's soul Tinder fragment (7/7)]

“I’ve finally gathered all seven fragments.”

Jiang Li looked at the notification that appeared in front of him and smiled.

Chapter 228 Mo Ling

The mist Dragon Fey city had been taken by Jiang Li and he had collected seven level-four devil soul Tinder fragments. He had achieved both of his goals.

Soon after.

Jiang Li sent more soldiers to search for resources in the fog Dragon Demon City, but they found that there was nothing in the entire city except some gold, silver, and weapons.

Not only were there no lower spiritual crystals, but there were also no medicinal herbs, spiritual herbs, elixirs, and other materials.

Sir, we only found these gold, silver, and jewelry. We searched the entire fog Dragon Demon City, but we didn’t even find a single medicinal herb.

shang lin reported.

“I know.”

” alright. ” jiang li nodded and waved. ” you may leave. ”

“Yes.”

Shang Lin bowed and saluted before he slowly retreated and left the city Lord’s mansion.

Obviously.

those medicinal herbs and the possibility of them being ‘damaged’ by the demonic clone.

It was a pity.

Shua!

Jiang Li opened the Dominator panel and clicked on the ‘mechanical special military type’ interface. As expected, ‘mechanical demon’ was displayed.

[sub-surface: special type of machinery]

troop type: battlefield commander (unlocked)(3/340 can be manufactured),
mechanical demon (unlocking conditions have been met, unlock yes/no?) ”

unlocking ‘mechanical demon’.

yes. Jiang Li confirmed.

Shua!

[do you want to use seven level-four Devil’s soul Tinder fragments to unlock the mechanical demon?]

A notification appeared.

“Yes.”

Jiang Li confirmed again.

Buzzzzzz!

A white light flashed on the interface.

In the soul Tinder column, seven devil soul Tinders appeared and fused together, turning into an even larger black spot of light and fusing into the ‘mechanical demon spirit’.

shua!

The information about the mechanical demon changed.

[mechanical demon has been successfully unlocked!]

A notification appeared.

[sub-surface: special type of machinery]

troop type: battlefield commander (unlocked)(able to build 3/340), mechanical demon (unlocked)(able to build 0/1)

I can only create one mechanical demon spirit.

I can't. Jiang Li murmured, " although the seven pieces of the devil's soul Tinder unlocked the mechanical demon spirit, I can only make one.

“Is it because there aren't enough fragments?”

in other words, if I want to create more mechanical demons, I have to collect more devil soul Tinder fragments, or complete devil soul Tinder.

“One then,”

let's make it first, " Jiang Li said. let's see what level this 'mechanical demon' is and what kind of abilities it has.

create a mechanical demon spirit.

yes. Jiang Li confirmed.

Shua!

[do you wish to spend 10000000 energy points to create a special mechanical soldier type 'mechanical demon spirit'?!]

A notification popped up.

"Ten million!"

it'll take 10 energy points to make level-one units, 1000 energy points to make level-two units, and 100000 energy points to make level-three units. Jiang Li took a deep breath.

10 million energy points are needed to build the mechanical demon spirit.

" that means that the mechanical demon spirit is definitely a level 4 special soldier type. "

"Alright, alright, alright."

" great! " jiang li was overjoyed. " yes, i'll make it immediately. "

Buzzzzzz!

Ten million energy points were consumed.

the manufacturing interface popped out.

...

Within the interface.

An illusionary figure appeared, slowly rotating. Countless light spots filled the surroundings, and the illusionary figure gradually solidified.

A minute later.

[creation complete!]

Shua!

after that.

A figure appeared out of thin air and stood in front of Jiang Li in the mechanical demon spirit.

“myl01 mechanical demon spirit greets my lord!”

Right in front.

Mr. Jiang, MYL01 saluted Jiang Li and greeted him with respect.

“Yes, sure.”

...

Jiang Li smiled and nodded. He then looked at the mechanical demon spirit up and down. On the surface, he didn't see anything special about it.

It was very normal!

He had a square face, short hair, broad shoulders, and a camouflaged military uniform and cap. His hands were straight, and his palms were placed on his pants.

He looked to be around 30 years old.

“MYL01, report your ability.”

what’s wrong? ” Jiang Li asked.

my Lord, I’m currently at the early stage of level four and have mastered mechanical psionic energy. At the same time, I’ve inherited the basic abilities of the strange creature ‘devil’ and can master the power of the soul.

“Furthermore, it can also be ‘illusionary’,” replied MYL01.

“Void-ification?”

Jiang Li was confused.

” to put it simply, it can be transformed into ‘ghost’ mode. it can negate almost 90% of pure physical damage and 50% of energy damage. ”

“however, there’s also a flaw. after turning invisible, the attack power will be reduced by 90%,” explained myl01.

“I know.”

okay. Jiang Li nodded.

Shua!

advancement requirement: 20000000 energy points

“magic spirit machinery.”

After Jiang Li Read all the information, he was surprised. it can devour souls and evolve.

“Yes, I am.”

MYL01 nodded and replied, ” your subordinate can indeed rely on constantly devouring the souls of living creatures to achieve the goal of self-evolution. This is also the ability of the ‘demon spirit body’.

“Alright, alright, alright.”

great! Jiang Li was overjoyed. if that’s the case, I’ll be able to evolve continuously if I can successfully evolve.

“Right, what’s with this ‘incomplete’?”

Jiang Li asked.

my Lord, I only made it with ‘seven pieces of Devil’s soul Tinder’. The pieces are incomplete.

MYL01 replied again, ” because the soul Tinder is incomplete, it is in a broken state.

“As a result, I can only advance to the mid-stage of the fourth rank.”

“is there a way to solve this?”

Jiang Li asked.

“There is.”

MYL01 nodded, ” devour souls, self-evolve, repair the incomplete parts, and reach the complete level.

“Soul devouring.”

Jiang Li thought for a while and made up his mind. He operated the Dominator panel. I’ll upgrade you to the mid-stage of level four first.

promoted to mechanical demon No. MYL01.

Jiang Li used 20000000 energy points and started upgrading his mechanical demon spirit.

buzzzzzz!

A white light flashed.

the promotion was complete.

The appearance of the mechanical demon spirit did not seem to have changed at all. However, the luster in its eyes had become brighter, and there was a faint light of psionic energy flowing in them. Soon, it fell silent again.

“Thank you, chief sovereign!”

MYL01 saluted immediately.

Shua!

special troop Type: Mechanical demon (incomplete)

[rank: mid-fourth rank]

[No. MY01]

skill 1: level four middle-grade psionic mastery

skill 2: level four mid-grade Soul Control ”

skill 3: level-four mid-grade void-ification technique

skill 4: Tier 4 middle-grade demon spirit body ”

[magic spirit machinery: Chenchen (omitted)]

” promotion condition: can not be promoted! ”

“As expected,”

Jiang Li said to himself.

As MYL01 had said, after advancing to the mid-stage of the 4th rank, he could no longer advance because the devil’s soul Tinder was incomplete.

since I need a soul, I should be able to use the soul Tinder.

Jiang Li thought.

shua!

Hence.

jiang li opened the soul tinder column.

The number of level-one soul Tinders had reached 1300,70 level-two soul Tinders, and 11 level-three soul Tinders.

Obviously.

It was the soul Tinder that dropped after Jiang Li killed the demon soldiers in the seven demon cities of the black dungeon County.

Not too much.

can these soul Tinders allow you to complete your self-evolution? ”

Jiang Li took out a level-one soul Tinder, a level-two soul Tinder, and a level-three soul Tinder. He showed them to MYL01 and asked, ” “Also, which of these three is better?”

“Yes, I can!”

myl01’s eyes lit up and he nodded, this pure white soul Fire seed is the best. Absorbing one is equivalent to absorbing thousands of gray Soul Fire Seeds.

“Yes.”

” i see. ” jiang li nodded. ” i know. ”

“Fuse.”

Immediately.

Jiang Li started to fuse all the level-one soul Tinders. There were 1300 of them, so he could fuse 130 times in total.

The fusion was complete.

He had succeeded 45 times and failed 85 times, and he had obtained 45 level-two soul Tinders.

fuse the second-stage soul Tinder.

Immediately after.

jiang li then fused the level-two soul tinders. there were 115 of them, so he could only fuse them 11 times. in a few minutes, he had fused all of them.

This time, the fusion succeeded twice and failed nine times.

He had obtained two level-three soul Tinders.

In addition to the eleven he already had, Jiang Li now had thirteen level-three soul Tinders.

Shua!

Jiang Li took out a level-three soul Tinder. The white light was floating on his palm, emitting a soft light.

“Absorb it,”

Jiang Li handed it over.

“Thank you, hegemon.”

alright. MYL01 nodded and opened his mouth. The White level-three soul Tinder in Jiang Li’s palm flew into his mouth.

Buzzzzzz!

a white light flashed on myl01’s body.

There was no change.

“How do you feel?”

Jiang Li asked.

” my lord, the ‘heart of the demon spirit’ has indeed been completed. after absorbing nine more of these soul tinders, i can advance to the late-stage of the fourth rank. ”

Said MYL01.

“Alright,” he said.

okay. Jiang Li nodded and took out nine level-three soul Tinders without hesitation. Nine pure white soul light spots floated in front of Jiang Li with a soft glow.

Buzzzzzz!

Then, MYL01 absorbed all nine stage-three soul Tinders, and his eyes flashed with light, although there was no visible change on the surface.

however, after jiang li opened the information on myl01.

the inability to level up had disappeared, and now it required 40000000 energy points.

“Upgrade!”

after that.

Jiang Li used another 40000000 energy points to upgrade MYL01 to the late-stage of level four.

“late-stage rank four, i think it should be enough for the time being.”

more importantly, ” Jiang Li thought, ” I only have three level-three soul Tinders left. It’s obviously not enough to level up MYL01 again.

“Also, there aren’t many energy points left.”

i need to find a way to replenish it as soon as possible.

Chapter 229 Deduction

One had to know.

Although Jiang Li had taken down seven demon cities in the black dungeon County, he didn't get many energy points. He only had 62100000 energy points in total.

Among them.

jiang li made 20 perfected-stage laser weapon meches and spent 30000000 energy points. he also spent 70000000 energy points to make and upgrade myl01.

There were 100 million points in total.

In addition to the consumption from the war, it took 2100000 energy points to replenish the meches.

The number of energy points left was only 25025200 points.

There wasn't much left.

“Let's go!”

” let's go. ” jiang li closed all the interfaces in front of him and left the city lord's mansion. he sat in the passenger seat of ys01 and ordered the army to set off. ” go to the county city of black jail county! ”

“Rumble!”

the ground shook slightly.

The meches and all The Walking corpses were sitting in the transport trucks. The main battle tanks and artillery off-road vehicles followed behind the transport meches, forming a huge fleet.

Right in front.

The three-hundred-thousand human warriors formed a Grade 2 formation, leading the way.

“Are we really going to the county city next?”

Luo Ming muttered.

“what’s wrong? Do you still want to disobey my orders?”

“I remember that before the demon country’s King of tiger cage County died, he said that the red-browed Demon King had led an Army to besiege us. But why haven’t we seen a single trace of the demon Army?”

Gu Shanhe asked in confusion.

“You’re asking me, but who should I ask?”

Jin Muyan coldly snorted. moreover, isn’t it better that they didn’t appear? Do you still want Chi Mei to lead the demon Army here?”

“but i still feel a little worried!”

Cao pipei said.

“Ai, ai, ai, ai.”

feng wutian sighed and suddenly said, ” “Do you think that the red-browed Demon King is waiting for us to come to him in the black dungeon County?”

” and that demon. we killed so many of his clones. ”

“I’m afraid it won’t end well.”

“.....”

Instantly.

luo ming and the others looked at feng wutian in unison.

“What’s wrong, Yingluo?”

Feng Wutian was stunned.

“I think what you said makes sense.”

Gu Shan He said.

“Ah?”

feng wutian’s eyes widened.

“Let’s go, we’ll report this to the Lord.”

Jin murou and the others looked at each other and immediately said.

“Alright,” he said.

Luo Ming nodded. if red-browed demon monarch is really leading his demon Army and waiting for us in the black dungeon County, we can totally avoid them!

“That’s right.”

Shang Lin also nodded.

Hence.

Jin murou and the others immediately stopped, turned around, and went to the back to find Jiang Li.

“Sir, this subordinate has an important matter to report.”

Jinmu Rou shouted.

“what is it?”

Jiang Li opened the window and looked at Jin muyao and the others.

” sir, do you still remember what the demon country’s commandery prince said before he died in tiger cage county? ”

Jinmu Rou asked.

“i remember.”

okay. Jiang Li nodded.

...

“Yes,”

jin muyan’s expression brightened. ” that demon country’s commandery king said that the red-browed demon king has already led the demon army of the demon country to attack us. he wants to destroy us all. ”

however, almost a day has passed, and we have not seen any traces of the demon Army.

that's why we suspect that red-browed Demon King might have led the demon Army of the demon Kingdom to the front of us. He's waiting for us in the black dungeon County city, waiting for us to come to him.

"Oh."

Jiang Li glanced at Jin muyao and the others.

"My Lord, this is not impossible."

luo ming said.

"My Lord, it's better to believe it than not."

"if red eyebrows is really waiting for us," gu shanhe continued, "he's set up a trap. if we rush in like this, it's no different from suicide."

therefore, we can go around the county city of the black jail County and head to the other demon kingdoms. We can attack their demon cities and weaken their power.

...

"We'll let red eyebrows and the others eat the dust behind our butts."

"Yup,"

Cao pipei nodded. we don't have to take the risk and go to the black dungeon County. Besides, the real body of the devil is probably in the county.

"My Lord!"

Everyone looked at Jiang Li, waiting for him to make a decision.

“.....”

jiang li lowered his head and started to think.

Obviously.

What Jin murou and the others said made sense. It had been a long time, but the demon Army still hadn't caught up. Jiang Li was already suspicious.

so,

It was very likely that Chi Mei was hiding in the county city of the black dungeon County.

but ...

Jiang Li did want to go to the black jail County.

This was because he wanted to get rid of Chris's true body so that he could completely repair MYL01.

There was another thing.

If red eyebrows had really gone to the county city of the black dungeon Prefecture, he might have already started fighting with the demon Chris. If he rushed over now, he might have a chance to launch a sneak attack when red eyebrows and Chris were fighting.

That is, if he succeeds.

It was like killing two birds with one stone.

the most important thing was ...

Jiang Li already had MYL01, which was at the late stage of level four. He had the combat power of a National Guardian, so he didn't need to be afraid of red eyebrows anymore.

In addition, he had millions of soldiers.

they basically had the strength to fight the red eyebrows yao kingdom head-on.

If Chris was killed by red eyebrows, Jiang Li wouldn't be able to collect the complete devil soul Tinder, which was one of the reasons why Jiang Li was hesitant.

"Then we'll be prepared for both."

jiang li thought for a while and made a decision. he looked up and said to jin murou and the others, "I already know what you're thinking. Go back first,"

"We'll keep the direction of the Army for now, but we'll have to slow down."

"Sir, this bi an ..."

"My Lord!"

what? " Jin murou and the others looked up in shock. It was obvious that Jiang Li still wanted to go to the county city of the black jail County.

"Let's go back!"

Jiang Li said in a deep voice.

"yes!"

jin murou and the others opened their mouths, but their faces were a little gloomy. they didn't dare to say anything more, and just kept their mouths shut, silently returning to the human army.

“MYL01.”

Jiang Li said.

“Chief sovereign.”

Buzzzzzz!

Suddenly.

A ghostly figure floated in from outside the window. It could actually pass through solid matter and float in the air. It could even achieve a degree of invisibility.

It was like a monster from the legends.

take the map and bring QX03 with you to the capital of the black dungeon Prefecture as fast as you can. Investigate the situation in the capital and get QX03 to report to me in detail.

go! Jiang Li ordered. no mistake.

“yes.”

MYL01 nodded solemnly, ” I promise to complete the mission.

“Go on.”

jiang li waved his hand.

“Yes.”

Buzzzzzz!

MYL01 disappeared through the door.

Shua!

The next moment.

let's go! MYL01 turned into a ghost and flew away with QX01. They disappeared in the air like lightning and passed Jiang Li's Army.

“.....”

HM? ” Jiang Li looked in the direction where MYL01 left.

“Attention all troops, slow down the marching speed.”

In front.

Luo Ming and the others shouted loudly, giving orders to the soldiers.

“Yes.”

Buzzzzzz!

The Army formation was activated, and the marching speed was reduced by more than half. Jiang Li's mech fleet also slowed down.

why did you suddenly slow down the marching speed? ”

“I don’t know,”

” don’t worry about it. we’ll just follow the orders. ”

“That’s true.”

” we are just ordinary soldiers. even if something big happens, it’s not our place to care. ”

“.....”

The soldiers were talking in low voices.

“Ai, ai, ai, ai.”

luo ming sighed and looked worried.

“What do you think Lord Jiang Li is thinking? He’s going to the capital of the black dungeon Prefecture. He’s obviously going to die and he’s bringing us along.”

Feng Wutian said unhappily.

“Who knows?”

Gu Shan He shrugged his shoulders. who knows, maybe there’s no ambush in the black jail County? ”

“Impossible.”

we’ve invaded the red eyebrows Yao Kingdom for so long, ” Cao pipei analyzed. they must have received the news and sent their Army over.

but we didn't encounter the demon Army. The most likely possibility is that they've already arrived at the county city of the black jail County and set up an ambush.

moreover, even if there's no ambush in the black jail County's County city, the true body of the devil must be there.

“that's enough,”

Jin Muyan waved his hand. what's the point of thinking about this now? It's better for you to honestly think about How to Save Your Own Life.”

“.....”

Luo Ming and the others fell silent.

ys01.

Jiang Li closed his eyes and rested his back on the passenger seat. QX01 had come to Jiang Li's side and stood straight on his left.

Time passed.

Jiang Li was waiting quietly.

master, QX03 is requesting communication.

At this moment.

QX01 said.

“Connect immediately.”

Jiang Li opened his eyes.

“Yes.”

Buzzzzzz!

The holographic camera floated up and projected a miniature holographic projection in front of Jiang Li, showing the scene of the black dungeon Prefecture.

“chief sovereign.”

In the image.

” jiang li. ” two miniature figures appeared and floated above the image of the black jail county. it was qx03 and myl01. they saluted jiang li.

“Yes.”

okay. Jiang Li nodded.

“Ruler, we have already reached the county city of the black jail County. We are about one kilometer away from the city. As there are too many demon soldiers outside the city, we did not continue to approach.”

QX03 reported.

“i know.”

Jiang Li looked at the holographic image in front of him. It was a huge and magnificent city with tall and thick walls. The entire city was black in color. It was like a huge ancient beast lying on the ground.

The most important thing was ...

around the county city, jiang li saw a large number of monster soldiers. they grouped together and formed a terrifying battle formation.

“Roar!”

In the air.

Three giant creatures over a thousand meters long were suspended in the air, roaring and releasing a vast pressure. The natural energy was shaking violently.

BOOM!

at this moment.

jiang li heard a huge explosion. there was a pillar of energy in the county city, and then it exploded. there were also dragon roars.

The red radiance was like an endless flame.

QX03, aim the camera at the inside of the county and Zoom in.

stop! Jiang Li shouted.

Chapter 230 Complete

“yes.”

QX03 nodded and adjusted the camera.

Shua!

After that.

The scene began to gradually Zoom in.

Jiang Li clearly saw the scene in the county city getting bigger and bigger in front of his eyes. On the screen, there were collapsed houses, cracked ground, and huge cracks that looked like scars.

The flames burned fiercely.

A black mist of light filled the surroundings.

It gradually became clear.

“Roar!”

Suddenly.

It was a three-clawed Red Dragon. It was vivid and lifelike, baring its fangs and brandishing its claws as it pounced forward. Jiang Li could feel the terrifying power contained in it just by looking at the scene.

BOOM!

Immediately after.

From the black mist, a huge black Claw stretched out. The arm was as large as a Hill, and there were diamond-shaped scales on the wrist.

Black Qi filled the air.

“Thump!”

The two sides collided, and an earth-shaking explosion rang out. The collision of energy formed a huge storm that swept in all directions.

“Pfft!”

Black blood splattered everywhere.

“Ah!”

A blood-curdling screech rang out from within the black mist. The mountain-like arm was injured, and one of its claws had been broken. Crimson flames covered it.

BOOM! BOOM! BOOM!

The battle was getting more and more intense.

In the image.

the black mist gradually dissipated, revealing a middle-aged man with a square face. his body was covered in black runes.

The most important thing was ...

the square-faced middle-aged man was in the body of a 99-meter-tall monster. the monster was almost identical to the demon’s clone that jiang li had encountered.

It had spiral-shaped horns on its head, bat wings on its back, a horse-faced crocodile tail.

“This should be the true form of the demon Chris.”

so, ” Jiang Li said, ” the one fighting with demon Chris is red-browed Demon King from the red-browed demon Kingdom, right? judging from the situation on the battlefield, it should’ve been a long time.

“The victor is about to be decided.”

“You’ve come at the right time.”

buzzzzzz!

The red flames began to withdraw.

In the air.

chi mei’s figure appeared. she was wearing a red dress, and her body was graceful. she stood on the head of the three-clawed red dragon with her bare feet like jade, and there were red flames floating around her.

The invisible fate of the country gathered.

Its power was shocking and unparalleled.

* Cough cough *

The demon, Chris, was coughing up blood. His injuries were not light, and he was clearly at a disadvantage. His strength was inferior to that of Demon King Red eyebrows. He stared at Demon King Red eyebrows and gritted his teeth as he berated, “Damn it, if it wasn’t for the fact that the ‘shackles’ weren’t completely broken, I wouldn’t be in such a sorry state, and I wouldn’t have lost to you, little girl!”

“scarlet dragon seal!”

Buzzzzzz!

Red eyebrows didn’t pay attention to Chris’s scolding. His beautiful face was cold as he formed a seal with his hands, and runes flashed and gathered together.

It formed a Yin art.

“Go!”

“Roar!”

Finally.

Chi Mei’s seal fell forward with a Dragon’s Roar. Then, it turned into a huge Red Dragon-shaped seal, like a mountain, and pressed down directly.

“Devil’s Domain!”

Buzzzzzz!

stop! Chris roared and released the power in his body to form a territory. A black light shield covered his body to resist Chi Mei’s Scarlet Dragon Seal.

“boom!”

...

The two sides collided.

In the end, the Crimson Dragon Seal tore through Chris’s devil domain, and the remaining power struck Chris ‘body, causing a towering Crimson light to explode.

Bang!

“Ah!”

Chris let out a blood-curdling screech as his body was sent flying. He crashed through buildings one after another and crashed into the ground, creating a deep pit with a diameter of several hundred meters.

BOOM!

but in the next moment.

Chris rushed out of the deep pit.

After that.

Chris glanced at red eyebrows and quickly fled into the distance.

It was extremely fast.

...

He turned into a black lightning bolt and streaked across the sky.

“Chi Mei, you little girl, just you wait. When I fully recover, I’ll come back to settle the score with you. At that time, I’ll let you know my power!”

shua!

Chris’s voice was heard.

“You want to escape? In your dreams!”

“Red Dragon Sword seal!”

Clang!

Chi Mei snorted coldly, and his eyes were cold. His white and tender hands formed a sword technique, which combined together and turned into a Red Dragon-shaped sword seal.

“Go!”

Immediately.

The Dragon-shaped sword seal cut through the sky at an extreme speed. It split the air like a red lightning bolt.

“!!!”

Chris turned around, his pupils contracting.

“Whoosh!!!”

The next moment.

he folded his wings and turned them into a shield behind him. black qi burst out and condensed into a material existence.

clang!

the dragon-shaped sword seal stabbed toward kris, but it was blocked by the wings. the two sides entered a stalemate, and a vast storm of energy spread in all directions.

Bang Bang Bang Bang!

the sound of energy explosions continued.

Finally.

“Pfft!”

Chris vomited blood. His wings had been cut by the Dragon-shaped sword seal, but the Dragon-shaped sword seal had also exhausted its power and collapsed.

Shua!

Chi Mei rode on the Red Dragon and chased after him.

“Let’s go!”

chris raised his head. blood was flowing from the corner of his mouth. his 99-meter-tall body was covered in cracks and was about to collapse.

Obviously.

Chris’s injuries were not light.

“MYL01, take action immediately.”

” stop! ” jiang li quickly gave an order and shouted, ” get rid of the demon Chris and take his soul. You’ll be able to complete the ‘heart of the demon spirit’.

It could be seen.

Chris was no match for red eyebrows.

His injuries were not light.

if he didn’t make a move now, he wouldn’t have the chance to do so. chris would definitely be killed by red eyebrows.

“Yes.”

Shua!

the myl01 was moving at full speed and had already turned into a blur. it was like a ray of dim light and was almost invisible in the night.

Hurry up!

It was extremely fast!

At this moment.

Jiang Li couldn't even catch MYL01.

At the same time.

Jiang Li also had a deep understanding of MYL01's speed. The mechanical demon was indeed a special unit that had reached the late stage of level four.

Immediately after.

In the blink of an eye.

In just a few seconds, MYL01 had already reached the side of the demon Chris. He was even faster than red eyebrows and directly attacked him.

“what?”

Chi Mei was stunned. She felt a strange aura.

“who is it?”

the demon chris turned around.

Buzzzzzz! Buzzzzzz!

“Psionic mastery, Soul Control.”

MYL01 used two skills and dispelled The Phantom state. Mechanical psionic energy that was purer than the crocodile Emperor cavalry was released from his body.

not only that.

It was also filled with a soul energy fluctuation.

Black Qi!

A dark aura that looked like the demon Chris appeared on MYL01's body!

“Another devil?”

Chi Mei frowned.

“What's this?”

The demon Chris was even more astonished. 'This aura, why is it so similar to this Lord's aura fluctuation? It's almost as if they come from the same source.'

“could it be my devil clone?”

“Something's wrong!”

“All of my devil avatars are dead!”

“It's you! You're the one who killed all of my devil clones!”

The next moment.

chris reacted and roared angrily.

“Die!”

myl01 wasn't interested in answering chris's question. he only had one goal, which was to execute jiang li's order and kill chris.

boom!

The pure mechanical psionic energy combined with the black gas, producing an even more powerful 'demonic spirit energy', which turned into a huge black palm print.

It was like a mountain.

It landed directly.

“ah!”

Chris woke up from his stupor and let out an angry roar. He exploded with all the power in his body, and a vast amount of black energy gathered. His 99-meter-tall body opened its bloody mouth and directly roared out a black pillar of light.

It pierced through!

“Thump!”

MYL01's palm print landed, producing a vast power. It collided with the black light pillar, and a loud sound was heard.

“No!”

it could be seen.

Chris's eyes widened, as he watched in fear as the black beam of light was being destroyed by the palm of MYL01.

Finally.

It was completely shattered.

“This bi an ...”

Chi Mei's pupils contracted slightly, and she immediately stopped.

So strong!

This guy who had suddenly appeared was so powerful that it was almost unbelievable!

One had to know.

Chris's attack just now was almost his strongest technique, but it had been so easily defeated. It was a complete suppression.

such power.

Late-stage rank four!

The other party was late-stage Tier 4!

“Alright, alright, alright.”

great! Jiang Li was overjoyed and smiled. the mechanical demon spirit didn't let me down. It crushed the demon Chris.

“Although Chris is injured.”

Kachaa! kachaa!

Bang!

The remaining power of MYL01’s palm landed, directly shattering the 99-meter tall figure. It exploded, and black light filled the sky.

“Ah!”

Chris, the demon, screamed in pain as he fell to the ground.

“Let’s all die together!”

“Whoosh!!!”

Suddenly.

Chris’s expression became crazed. His body continuously expanded, and the black runes on his body flickered with light. An explosive and crazy energy fluctuation was brewing.

“he’s going to self-destruct,”

Chi Mei exclaimed.

“Pfft!”

The next moment.

MYL01 stomped down, crushing Chris’s head. He then opened his mouth and sucked, causing a black ball of light to emerge from Chris’s body.

He took a closer look.

this black ball of light was like a miniature version of chris. it let out a soundless scream of fear and struggled with all its might, but it was to no avail.

Buzzzzzz!

Finally.

The black ball of light was devoured by MYL01.

A white light flashed.

MYL01 burped as if he had eaten too much, and a satisfied expression appeared on his face.

He took a closer look.

MYL01's eyes became more alert.

Furthermore ...

The aura on his body was completely perfected.

Shua!

Jiang Li immediately opened the information on MYL01. After devouring Chris’s real soul, the ‘heart of demon spirit’ was completed and the word ‘incomplete’ was gone.

Not only that.

His skills had also changed.

He had an additional skill.

It was also known as the ‘demon spirit domain’.

Jiang Li had seen that this skill could be used to attack and defend. Within the domain, it could also suppress the soul, which was the nemesis of the puppet technique.

It could be said that ...

If Jiang Li encountered an enemy who could use the puppet technique, he could ask the mechanical demon spirit to teach them a lesson.
