

## Army 231

### Chapter 231 Eruption

At this moment.

In midair.

MYL01 and red-browed Demon King were facing off.

BOOM! BOOM!

As the auras of the two sides clashed, the invisible aura turned into something tangible. The clash of the powerful auras seemed to generate lightning in the void.

The scene was shocking.

Suddenly.

Red eyebrows raised her head and looked at the holographic camera floating in the sky. Her eyes, which were as pure as rubies, flashed with a strange color.

“I’ve been discovered.”

Jiang Li saw red eyebrows ‘movements through the holographic camera. They looked at each other and said, ” a Tier 4 expert’s perception is really sharp.

the holographic camera is floating at an altitude of ten miles from the ground, and it was still discovered.

“My Lord,”

At this moment.

luo ming ran over on a horse and reported to jiang li, ” we’re about 20 kilometers away from the county city of the black jail County. We’ll be there soon.

“should i prepare for battle?”

twenty kilometers.

jiang li pondered for a while.

Twenty kilometers wasn’t far.

If they travelled at full speed, with the speed of the transport truck, they would only need ten minutes to arrive.

Jiang Li looked at the three million demon soldiers in the holographic projection.

“Continue forward, then increase the speed of the Army and prepare for battle.”

stop! Jiang Li shouted.

“Yes.”

” yes. ” luo ming nodded and didn’t say anything else. he gave jiang li’s order.

“roar!”

The Stage 2 army formation started to operate.

The mech fleet moved at full speed.

let’s go. Jiang Li’s million soldiers rushed to the county city of black jail County as fast as they could.

At the same time.

Within the black jail County.

“A late-stage Tier 4 powerhouse.”

Red eyebrows looked at MYL01 and said, “I have never seen you before, and you happened to be here. Chris just said that you killed his demon doppelganger.

“And that special thing in the air.”

if I’m not wrong, your background and identity should be related to Jiang Li.

“.....”

MYL01 was silent.

“She immediately guessed it.”

Jiang Li looked at the holographic screen in front of him.

“Jiang Li!”

that human Jiang Li? ”

Jian Jia, Jiang Li has a level-four subordinate? ”

“Si si si ...”

” no wonder. no wonder jiang li rose so quickly, no wonder general nie wuye died and the million-strong demon army was annihilated. ”

“Tier 4!”

this is a Tier 4!!!

Outside the county.

When the demon country’s Commandery princes heard Chi Mei’s words, they could not help but be shocked. They were extremely shocked.

“MYL01, don’t be in a hurry to attack.”

Jiang Li sent an order to MYL01 through QX03. since red eyebrows isn’t in a hurry, you don’t have to be in a hurry either. We’ll attack when the Army arrives.

“yes.”

MYL01 replied.

Obviously.

The holographic mech could connect to any mech through the holographic device, which was the ‘new camera’. It could communicate through radio and transmit information and orders.

...

In reality.

At this very moment.

In fact, Chi Mei’s heart was extremely uneasy.

“Why would I?”

Jiang Li, ” Chi Mei said to himself, ” logically speaking, if Jiang Li has the combat power of a National Guardian, he should’ve led his Army and charged at the capital of the demon Kingdom instead of attacking the county cities near the border.

is Jiang Li showing weakness on purpose? ”

To tell the truth.

Chi Mei didn’t expect Jiang Li to have a subordinate at the late stage of level four.

She was confident because she thought Jiang Li didn’t have the combat power of a tier-four.

Furthermore ...

Jiang Li’s subordinate, who was at the late-stage of level four, had strange combat power and abilities. Chris, who was at the late-stage of level four, was killed so easily.

...

it was as if even his soul had been devoured by it.

although chris was injured, it wasn’t easy to kill him. moreover, chris had wanted to self-destruct just now, but his head had been crushed by a kick.

The most important thing was ...

Chi Mei’s cultivation was only at the mid-stage of the fourth rank. It was because of the blessing of the nation’s fate that he was able to reach the late-stage of the fourth rank and suppress Chris.

She wasn't confident that she could win against this enemy.

Of course.

If Chi Mei had ignited his bloodline.

She was very confident that she could win.

But the problem was ...

In order to defeat the Barbarian King of the black snake barbarian kingdom, Chi Mei had already burned her bloodline once. If she burned it again, she did not know what the consequences would be.

Now, things were developing in a direction that she couldn't control.

Hesitation!

Chi Mei began to hesitate.

"Yes, I am."

At this moment.

I'm Jiang Li. MYL01 said. He received Jiang Li's order and started to buy time. He answered red-browed Monster King, "you're right. I'm indeed a subordinate of the Commandery Prince Jiang Li.

"As expected,"

Chi Mei took a deep breath, then looked at MYL01 and smiled. In an instant, he revealed an unparalleled beauty.

“I can tell from your aura that you are not a human.”

Chi Mei smiled and said, ” moreover, you’re a powerhouse of the late-stage of the fourth rank. Why would you submit to a weak human? ” According to my information, Jiang Li isn’t even a level-two martial artist.”

“how can such a weak human be worthy of your loyalty?”

“To be honest, I feel bad for you. You should have a Kasaya.”

“Shut up!”

MYL01 interrupted red eyebrows. His psionic energy and black gas exploded at the same time, and a vast aura surged, producing a strong sense of oppression. He scolded in a cold voice, you’re just a demon. How dare you speculate about the greatness of the Jiangli Commandery Prince? you’re really ignorant.

“You’re so silly!”

what? ” Chi Mei was stunned. She didn’t expect Jiang Li to have such a big reaction. what’s Jiang Li capable of? ” who was it? To actually be able to make a Grand late-stage type 4 expert so loyal!”

“This is simply unbelievable.”

BOOM! BOOM! BOOM!

At this moment.

The ground started to shake.

In the distance.

Jiang Li's million soldiers had arrived. They were about ten kilometers away from the black dungeon County. Chi Mei could already see them.

"It's the human army!"

"Prepare for battle!"

"Hurry!"

The county Kings of the red eyebrows Yao Kingdom also reacted and shouted loudly. They passed down the order and the military formation immediately began to move.

"Roar!"

The murderous military Qi was turbulent, and the spiritual Qi of heaven and earth gathered, forming a vast vortex. The huge Army of fierce beasts roared, exuding a powerful aura.

"This Suan ni, this Suan ni"

"Heavens! So many demon soldiers!"

"At least three million!"

"we're finished! I'm finished!"

Luo Ming and the others' pupils contracted, and fear appeared on their faces. Their faces immediately turned pale.

"Attack!"

" attack! " jiang li ordered without hesitation.

BOOM! BOOM! BOOM!

The artillery fired.

Tens of thousands of cannonballs rose into the air. A few seconds later, they landed in the middle of the red eyebrows Yao Kingdom Army. The Army formation's light fog blocked them and exploded in the air.

The sky was filled with fire.

my Lord, the enemy has three stage three battle formations. It will be difficult for the artillery to display its power.

Zh01 warned.

“Yes.”

okay. Jiang Li nodded.

my Lord, since we're going to start a war, the artillery and transport meches can provide long-range support from the rear. The other meches will rush into the enemy's formation and start a close-range battle.

yes, ” zh02 said. at the same time, the perfected-stage level three meches must work together and break the enemy's level three army formation as fast as possible.

“.....”

Jiang Li muttered.

kill!!!

“Charge!”

At this moment.

die! the demon Army charged at Jiang Li's Army first. Their roars shook the sky and their terrifying aura pressed down.

powerful!

It was extremely powerful!

“si si si ...”

” what? ” luo ming and the others were so scared that their faces turned pale. if they weren't intimidated by jiang li's ruthlessness, they would've turned around and run away.

They also wanted to run now, but they didn't dare to.

“BOOM!”

at this moment.

in the county city.

MYL01 made his move.

The psionic energy and the black gas gathered, producing demonic spirit energy. Black mist filled the air, filling his entire body. He raised his hand and struck out.

“Scarlet Dragon Seal!”

Buzzzzzz!

Chi Mei immediately formed a seal with his hands, forming a Red Dragon-shaped seal. It was like a Hill, breaking through the air. The attacks of both sides collided in the air.

BOOM!

The sound of an explosion rang out.

The sky was filled with radiance.

“Kill!”

myl01 withstood the shock wave of the explosion and charged forward again. he then opened the devil’s realm, and a black light curtain enveloped the surroundings, covering red eyebrows.

It formed a suppression.

“You’re so silly!”

“This is the devil’s territory!” Chi Mei’s pupils contracted as he exclaimed.

“Roar!”

The next moment.

The three-clawed Red Dragon under Chi Mei’s feet roared, and the invisible National aura turned into tangible energy. It exploded, producing a vast power that blocked the suppression of the devil’s realm.

BOOM! BOOM! BOOM!

The fierce battle began.

In the sky.

myl01 and red eyebrows seemed to have transformed into a black stream of light and a red stream of light. the two streams of light constantly crossed each other, and each collision would produce a huge explosion with energy.

At this moment.

On the battlefield outside the county.

The twenty laser weapon meches fired their super laser cannons. Twenty blue laser cannons shot out, creating a beautiful light beam.

“Roar!”

The battle formation beasts roared. Although they had blocked the laser Cannon’s bombardment, they were still injured, and the backlash hit the demon soldiers.

“Ah!”

Over a thousand demon soldiers had died.

“Tier 3 perfection!”

the strength of this attack has definitely reached the level of a perfected Tier 3 martial artist. Otherwise, it’s impossible for it to cause such great damage to the battle array beast.

Jiao tu and the others exclaimed.

“All troops, charge!”

retreat! Jiang Li’s eyes were cold as he gave an order. anyone who retreats will die!

“Kill!”

“Let’s go all out!”

“Kill!”

“All troops, charge with me!”

“.....”

at such a time.

luo ming and the others gritted their teeth and roared. they led 300000 human soldiers and activated a grade 2 battle formation, charging towards the demon army.

Roar!

After that.

The 200,000 walking corpse puppets also formed an Army and rushed forward.

“Kill!”

Immediately after.

other than the artillery and transport meches, all the meches and even the drivers of the transport meches had joined in.

The mech Army of almost five hundred thousand soldiers charged at the demon Army.

Looking down from the sky.

On the ground.

The armies on both sides were numerous and densely packed. They were like two groups of ants as they charged forward and attacked each other. Then, they collided.

kill!!!

Pfft! Pfft! pfft!

On the battlefield.

It was chaos, filled with the sounds of killing.

it was hard to describe such a scene.

It could be said that ...

this was the largest battle jiang li had ever experienced.

“Kill!”

Pfft! Pfft! Pfft!

100 liquid metal meches, 10 exoskeleton armor meches, and five stage three elite soldiers formed a powerful super team. they were like a sharp knife that pierced into the demon army.

it caused a large number of casualties.

## Chapter 232 Ceasefire

Jiang Li looked at the huge battlefield in front of him. He couldn't see the edge of the battlefield. The endless battle line extended into the distance.

He was at the back of the battlefield, not far from the battlefield. Ynsh01, Lt01, and the other meches stood beside him to protect him.

Buzzzzzz!

The three holographic meches shot the holographic cameras into the sky and recorded the entire battlefield. They then projected it in front of Jiang Li.

And so.

Jiang Li could see the entire battlefield at a glance.

It could be seen.

in this chaotic and vast battlefield.

Human and demon soldiers were dying every second. Their bodies fell to the ground and their blood formed pools of blood. Many meches were scrapped. Their remains turned into Starlight and dissipated, then they were recycled as energy points.

At the same time, some of the meches activated their 'self-destruct sequence' and exploded, creating terrifying shockwaves that spread in all directions.

Jiang Li's million-strong Army of 500000 meches, 300000 human soldiers, and 200000 walking corpse puppets were fighting with the red eyebrow Empire's three million demon soldiers.

The war was extremely brutal and intense, without the slightest bit of mercy.

Only the cold death continued to play out on the battlefield.

“Roar!”

The demons ‘Tier 3 battle formation activated, and ferocious beasts roared.

“BOOM!”

The battle-type beasts pounced over. The thousand-meter-long behemoths displayed an incomparably terrifying killing power, and many soldiers died at the hands of these three battle-type beasts.

Pfft! Pfft! Pfft!

Blood splattered everywhere.

Jiang Li’s team of perfected-stage level three meches had already charged into the enemy, although they were suppressed by the three level-three military formations and their strength was weakened.

but ...

This small team was like an extremely sharp blade, piercing into the enemy’s heart.

a large number of demon soldiers were killed.

He was invincible, just like chopping melons and vegetables.

“Rank three! They’re all at the perfected stage of Tier 3!”

“Si si si ...”

there are at least a hundred of them at the perfected stage of Tier 3!

“This bi an ...”

The demon country’s Commandery princes were extremely shocked.

Within the county.

“.....”

Jiang Li? ” Chi Mei turned around and was shocked. Jiang Li has more than a hundred subordinates who have perfected stage three. He has such great power.

Obviously.

If Jiang Li couldn’t unlock the mechanical demon spirit, red eyebrows would have attacked right away and stopped the hundreds of perfected-stage level three martial artists.

If the perfected-stage mech was stopped by red eyebrows, Jiang Li wouldn’t have the power to fight against the level-three battle formation. His Army would be destroyed by the demon Army.

Unfortunately ...

Jiang Li already had the combat power of a level-four National Guardian, a late-stage level-four mechanical demon spirit, and five level-four skills.

He was very powerful.

Chi Mei didn’t have time.

“Kill!”

BOOM!

MYL01 attacked again. The demon spirit energy surged and turned into a monstrous energy wave, like a sea wave, sweeping towards red eyebrows.

“Roar!”

The three-clawed Scarlet Dragon roared and pounced, tearing apart the demonic spirit energy wave.

BOOM! BOOM! BOOM!

It was difficult to determine the winner in a short time.

“kill!”

“Thump!”

At this moment.

On the battlefield.

The five perfected stage rank three elite soldiers began to attack together. Two psionic sword rays and three psionic spear rays were hundreds of meters long.

At the same time, they charged over.

they attacked one of the beasts.

...

“Operate the formation at full force.”

Jiao Lu shouted.

“yes!”

The demon soldiers responded in unison.

“Roar!”

The battle-type beast was a black water dragon. It was very lifelike, as if it was a real living creature. Its eyes revealed a bloodthirsty and crazy expression.

Grade 3 black flood Dragon Army formation!

It was presided over by the perfected stage three flood Dragon.

“Kill!”

Jiao tu and the black water dragon roared as they pounced forward, colliding with the two psionic sword beams and three psionic spear beams.

“BOOM!”

...

The sound of an explosion rang out.

“Ah!”

The demon soldiers screamed.

“Pfft!”

He spat out a mouthful of blood.

nearly a thousand demon soldiers had been killed or injured by the backlash from the battle formation.

Kachaa! Kachaa!

At the same time.

The spear radiance and the sword radiance exploded and were directly torn apart by the black flood Dragon. The five elite troops were forced to retreat continuously from the shock, and their bodies emitted electric sparks.

The damage level was rising.

The next moment.

BOOM! BOOM! BOOM!

100 liquid metal meches and 10 exoskeleton armor meches attacked at the same time toward the black flood Dragon. The other two Battle Beasts also came.

It blocked the attacks of more than 100 perfected-stage level three meches.

It could be seen.

The remaining two Battle Beasts.

They were the black gold Toad and the pure gold Flame Tiger.

The type 3 black-gold Toad army formation and the type 3 Crimson-gold Flaming Tiger Army formation.

The black gold Toad was hosted by the perfected stage three Toad spirit, while The Crimson Gold Flame Tiger was hosted by the perfected stage three Yanhu Tiger. The remaining Demon country's Commandery princes assisted them from the side.

“BOOM!”

In the middle of the battlefield, a deafening explosion sounded.

jiang li's team of perfected-stage level three meches were forced back, but the liquid metal mech was fine. it recovered soon.

the exoskeleton armor mech would not recover automatically. if the exoskeleton armor was damaged, it would have a significant impact on its combat power.

“This bi an ...”

Jiang Li's eyes grew serious.

Obviously.

It wasn't as easy as Jiang Li thought to break the level-three battle formation of the demon Army. Under the suppression of the three level-three battle formations, Jiang Li's meches were weakened.

otherwise ...

Under normal circumstances, the combined strength of five perfected-stage Tier 3 elite troops would be enough to cause fatal damage to a Tier 3 army formation. They might even be able to break it.

But now ...

It was obviously not the case.

Under the suppression of the three Army formations, the combined attack of five perfected stage three elite soldiers was already very difficult to break through the stage three army formation in front of them.

This was also because the three Grade 3 military formations had been strengthened by Chi Mei's power of the nation's fate, which had increased their power, so they were so powerful.

Of course.

Jiang Li had a chance of winning. He had a lot of energy points. As long as he kept consuming energy points to recover the meches, he could fight a long battle.

There would be a chance of victory.

However, in this case ...

Even if he won the war, Jiang Li's losses would be unprecedented. Less than 10% of his meches would be left and almost all the human soldiers would be killed.

BOOM! BOOM! BOOM!

At the artillery position in the rear.

The 20 laser weapon meches fired their laser cannons and hit the three Battle Beasts in the air. The laser beams exploded and produced a powerful destructive force.

"Ah!"

The demon soldiers' screams rang out.

"Damn it!"

Jiao tu and the rest looked at the artillery in the distance, their expressions dark. They took in a deep breath, before leaping up and throwing out their black Spears.

“Roar!”

The power of the Black Dragon Army and the power of the Jiao Slayer were attached to it. The black spear was like a Black Lightning, cutting through the night sky and piercing through the laser weapon mech.

Whoosh! “whoosh!”

A few laser weapon meches took off their glasses and activated their laser eyes. Red laser beams shot through the air and turned the black spear into ashes.

Whoosh! Whoosh! “Whoosh!”

The red laser shock waves were like blood-red beams of light, extremely fast, and pierced the bodies of the three battle-type beasts, causing them to cry out in pain.

“Pfft!”

Jiao Lu, Chan Ling, and Yan huhu coughed out blood as they suffered the backlash from the battle formation.

“Ah!”

a large number of demon soldiers also suffered from the backlash.

kill!!!

BOOM!

die! Jiao Lu and the others roared and controlled the beasts to attack Jiang Li's soldiers. Many meches were destroyed and the human soldiers suffered heavy losses.

Many of The Walking corpse puppets had also fallen.

Whoosh! Whoosh! "whoosh!"

In the air above the battlefield.

There was a rain of arrows, crossbow bolts, bullets, and cannonballs that filled the sky. On the ground, the siege chariots and main battle tanks collided with each other.

The situation on the battlefield was getting more and more chaotic.

Jiang Li, stop.

And at this moment.

Chi Mei's voice reverberated throughout the entire battlefield, accompanied by the roar of the three-clawed Red Dragon. With the invisible fate of the nation, Chi Mei's 100000-strong demon Kingdom's Imperial Army entered the battlefield.

"roar!"

after that.

The 100,000 Imperial Army soldiers of the fey Kingdom got into formation. Their auras were connected, and the Qi of military killing gathered. The power of their bloodlines circulated, forming a three-clawed Red Dragon.

Grade 3 red Dragon Army formation!

boom!

The thousand-meter long three-clawed Scarlet Dragon let out a long roar towards the sky. Its power was vast and spread out, almost suppressing the entire battlefield. It made Luo Ming and the others extremely pale.

another Grade 3 formation!

“This is an ...”

Jin murou and the others cried out in shock.

“Your Majesty!”

“.....”

Jiao tu and the others looked over.

” jiang li, why aren't you stopping? ”

Chi Mei's eyes were cold as he scolded in a deep voice, ” “Do you really want both sides to suffer? If you really want to fight, I will accompany you to the end!”

“When the time comes, it's still not certain who will win or lose!”

“.....”

jiang li was silent. he looked at chi mei, who was standing on the head of the three-clawed red dragon. his red dress showed off his white legs. his long red hair was flying in the wind. he looked very powerful. there was a diamond-shaped red scale between his eyebrows, which made him look even more demonic.

“Stop firing!”

let's go. Jiang Li waved his hand and ordered the artillery behind him.

“yes!”

The artillery and anti-aircraft guns stopped.

“All troops, retreat!”

Chi Mei glanced at him, waved her hand, and gave an order.

“This bi an ...”

the demon country's commandery princes looked at each other. they maintained their battle formation and retreated backward. they slowly withdrew from the battlefield and the battle calmed down.

“All troops, retreat!”

retreat! Jiang Li also ordered to retreat.

“Is this a ceasefire?”

Luo Ming could not believe it.

what are you still standing there for? hurry up and retreat.

Jin Muyan roared.

“Let's go!”

“Retreat!”

Shang Lin and the others shouted.

In the blink of an eye.

The troops of both sides quickly separated, and the chaotic battle was temporarily quelled. However, on the battlefield, there were many corpses.

In the air.

The smell of blood was extremely pungent.

It could be seen.

the demon army stood outside the city wall of the black jail county. their battle formation was still in operation. they were aggressive and looked as if they would pounce at chi mei's command.

more than three million demon soldiers stood together, forming an extremely long battle line.

on jiang li's side.

The human army, The Walking corpse puppets, and the mech Army were three different types of armies. When combined, there were less than a million of them.

Chapter 233 Splitting the land

Of course.

The human soldiers had some fear on their faces, but The Walking puppets were already dead, so they didn't have any fear and were controlled by the biochemical meches.

Jiang Li's mech Army was made of machines. They weren't afraid of death or pain. They had a strong military aura. Just by standing there, they formed an oppressive aura.

Shua!

MYL01 turned illusionary. Like a ghost, it flew through the air from the black prison County city and ignored the demon soldiers below the city wall.

“.....”

Chi Mei, on the other hand, watched him leave without stopping him.

furthermore ...

She could not stop him.

In the blink of an eye.

myl01 returned to jiang li's side.

“commandery prince, the mission is complete.”

MYL01 saluted respectfully.

“Alright,” he said.

Jiang Li smiled.

“Jiang Li.”

Shua!

Chi Mei descended from the sky and stood in front of the demon Army. The three-clawed Red Dragon under her feet turned into invisible National aura and disappeared.

“Your Majesty!”

Behind them.

The demon country’s Commandery princes bowed to Chi Mei.

“your majesty!”

After that.

The demon soldiers shouted in unison.

Their voices were in unison, like a thunderclap that resounded in the surroundings, forming an invisible might.

“Just tell me, what will it take for you to withdraw your troops?”

Red eyebrows looked up, but he couldn’t find Jiang Li, because Jiang Li was at the back of the Army and was surrounded by several meches.

they were tightly protected.

“Retreat!”

red eyebrows, ” Jiang Li murmured and looked at red eyebrows on the holographic projection. it seems like red eyebrows doesn’t want to fight anymore.

It was true.

Jiang Li's Army wasn't weak. There were hundreds of perfected-stage level three meches and nearly 500000 meches. Most of them were perfected-stage level one, thousands of perfected-stage level two, and tens of thousands of early-stage level two meches.

Although their numbers were far inferior to the demon Army of the red eyebrows demon Kingdom, they were superior in quality. With the help of the human army and The Walking corpse puppets, they were much better.

The most important thing was ...

Jiang Li now had a late-stage level four mechanical demon spirit, which was the combat power of a National Guardian. That was the real reason why red eyebrows didn't want to fight anymore.

It was obvious.

If they continued to fight ...

No matter which side won.

the final result would only be a lose-lose situation for both sides.

It could be said that ...

If Chi Mei wanted to win this war, he would have to burn his bloodline once, and the three million demon soldiers would definitely suffer heavy losses.

At that time.

If Chi Mei was seriously injured, the demon Army of more than three million would suffer heavy losses. The kingdoms around the red eyebrows demon Kingdom would not let go of this rare opportunity.

the red eyebrows yao kingdom would be in danger of being destroyed.

If Jiang Li wanted to win, he had to find a way to break the stage-three battle formation. As long as he broke the stage-three battle formation, he would have a chance to win.

However ...

It wasn't easy to break four level three military formations. They would have to pay a great price and might even lose perfected level three meches.

Even if they won in the end.

Jiang Li's meches would also suffer heavy losses.

Of course.

if there were no more meches, jiang li could make them again with energy points. however, he was worried that the kingdoms around him would come to him like sharks that smelled blood before he could collect resources and convert them into energy points to make meches.

That would be troublesome.

” jiang li, show yourself! ”

...

chi mei shouted.

QX01, remote projection.

Jiang Li said.

“Yes.”

QX01 nodded.

buzzzzzz!

After that.

QX01’s camera captured Jiang Li’s entire body, then projected Jiang Li’s holographic figure to the front through the holographic camera.

“Whoosh!”

the holographic camera cast a beam of light from the sky and appeared in front of red eyebrows, about 100 meters away.

Not long after.

...

The rays of light gathered and gradually formed an illusory projection.

It was Jiang Li’s holographic projection.

it looked illusory.

What is this?!

Red eyebrows was slightly stunned. She didn’t understand what it was.

“What is it?”

“A clone?”

“This bi an ...”

In the surroundings.

The demon country’s Commandery princes and the demon soldiers were also discussing among themselves. None of them could understand what was going on. They were all confused and made wild guesses.

“Hello, nice to meet you, respected Demon King of the red eyebrows demon Kingdom.”

I’m Jiang Li. Jiang Li smiled and said, ” I’m Jiang Li!

“.....”

Red eyebrows was silent for a moment, then he looked at the projection in front of him and smiled. hehe, interesting. Why? He didn’t dare to show himself, and then made such a play.”

“He’s really cautious.”

“only by being cautious can you live longer.”

Jiang Li said.

“That’s true,”

Chi Mei nodded and sneered, ” after all, you’re not even at the second rank. your cultivation is too low. it’s normal to be cautious. it’s nothing. ”

“I understand!”

obviously.

Chi Mei was mocking Jiang Li for being too weak.

“yup,”

Jiang Li smiled. it’s true that I’m not even level two yet, but you’re already level four, red-browed Demon King. So what? You can’t even win against one of my men.”

“You!”

Chi Mei’s eyebrows were raised.

“Hehe.”

No. Jiang Li waved his hand and said in a deep voice, ” red-browed Demon King, cut the crap. Since you want to stop the war and negotiate, you have to show me your sincerity. Otherwise, I’d rather die than live in dishonor.

“.....”

Jiang Li, do you think I’m afraid of you? ” Chi Mei glanced at him coldly.

“Rather broken Jade than intact tile? Who are you trying to scare!”

“That’s right!”

Jiang Li, if you want to fight, we’ll fight you to the end!

“Don’t even think about having an easy time!”

“!!!”

The demon country's Commandery princes immediately berated.

"Then there's nothing to talk about?"

Jiang Li shrugged.

"State your conditions first."

Chi Mei said coldly.

"Alright," he said.

yes. Jiang Li nodded. first of all, I've already occupied Red Dragon County, yehuang County, Wushuang County, tiger cage County, and this black jail County. They must be separated from the red eyebrow Empire's territory.

in addition, you will have to compensate me with the territory of five counties, one billion gold in medicinal herbs, ten billion gold in spiritual herbs, and 100000 lower spiritual crystals.

as long as you agree to my conditions, I will immediately withdraw my troops and never invade the red eyebrows Yao Kingdom's territory again. I can guarantee it with my 'honor'!

The lion was demanding an exorbitant price!

jiang li was asking for too much.

"bastard!"

BOOM!

Chi Mei was furious. His Qi burst out, and a red flame started to burn all over his body, like flowers.

It was extremely bright.

Unfortunately ...

It was just Jiang Li's projection in front of red eyebrows. Jiang Li was at the back of the Army and was protected by several meches.

Chi Mei's aura didn't affect Jiang Li at all.

"Impossible!"

chi mei rebuked, forcefully suppressing the anger in his heart.

To tell the truth.

If Jiang Li didn't have a late-stage level-four subordinate and he didn't burn his bloodline once, Chi Mei wouldn't have endured it.

She would have led the demon Army of more than three million to attack.

However ...

She could not do that.

"Detestable!"

Jiang Li is asking for too much.

it's not enough to occupy five of our counties. He wants five more, and he wants so many medicinal herbs and spiritual herbs, even 100000 lower spiritual crystals. Why doesn't he just go and Rob us!

“Impossible! We won't agree to it!”

“If you want to fight, then fight!”

“Does he think he's a victorious country?”

The demon country's Commandery princes were furious.

Lord Jiang Li, you're really bold. You're asking for land and compensation. It's exactly how a victorious country treats a defeated country.

Luo Ming muttered to himself, ” it would be strange if red-browed demon monarch agreed.

“It's indeed a lion's mouth.”

Jin Muyan nodded.

“I didn't expect it to turn into a truce like this. How did Lord Jiang Li do it? I can't understand it at all.”

cao pipei said.

Obviously.

They didn't know that Jiang Li had a late-stage level-four mechanical demon spirit, and there was no need for them to know.

“Where's Gu Shanhe?”

Shang Lin suddenly asked after looking around.

“He’s dead,”

“I saw him being killed by the beasts with my own eyes,” Feng Wutian replied.

“This bi an ...”

Luo Ming and the others were stunned.

“Ahem.”

ahem. Jiang Li coughed but his expression didn’t change.

In reality.

jiang li knew that red eyebrows wouldn’t agree to his requests. if she did, jiang li would suspect that she was up to something.

Red Dragon County, yehuang County, Wushuang County, tiger cage County, and black jail County. I can give you the territories of these five counties. As for the territories of the other five counties, that’s impossible.

“as for the medicinal herbs worth one billion taels of gold, the spiritual herbs worth ten billion taels of gold, and 100000 lower spiritual crystals, it’s even more impossible,” chi mei said in a deep voice.

“Hahahahaha!”

Jiang Li laughed and said sarcastically, ” red-browed Demon King, do you think I’m an idiot? you are the one who wants this king to retreat, not this king.”

“Those five counties were conquered step by step by this King after much thought and risking his life, leading the Army personally and losing a large number of soldiers.”

“These territories already belong to this King.”

I don't need you to give me anything! Jiang Li shouted. I don't need you!

“You want this King to retreat without paying any price? Stop dreaming.”

“Very good!”

Jiang Li roared, ” in that case, the red eyebrows Fey Kingdom will be destroyed! Even if they don't die by my hands, they will die by the hands of the neighboring kingdoms!”

“Do it!”

” run! ” jiang li shouted.

kill!!!

Wuwuwuwuwu!

kill! the meches shouted in unison.

Buzzzzzz!

MYL01 raised his head and directly used the void-ification technique. The mechanical psionic energy and the black soul gas combined together to form the demon spirit energy.

“!!!”

chi mei's pupils contracted, " wait! "

"Stop!"

jiang li immediately raised his hand.

Instantly.

The hundreds of thousands of meches stopped at the same time.

"Eh?!"

everyone was stunned.

why do I feel like Lord Jiang Li is just scaring us? "

"I also think so!"

"It should be to scare the demon!"

in fact, Lord Jiang Li doesn't want to fight anymore. After all, it won't do any good for the red eyebrow Empire or Lord Jiang Li. The other kingdoms will take advantage of it.

"You're right."

the key now is how much Lord Jiang Li wants and how much Chi Mei can offer.

"They're just talking."

Luo Ming and the others were discussing in low voices.

## Chapter 234 Ten thousand spirits

Outside the black jail County's city.

the atmosphere didn't ease up at all. instead, it became more intense. neither chi mei nor jiang li seemed to want to compromise.

Obviously.

Chi Mei was naturally unwilling to give up land and pay indemnities. This would not only embarrass the red eyebrows Yao Kingdom, but it would also cause the red eyebrows Yao Kingdom to suffer huge losses.

The most important thing was ...

the decrease in the size of a kingdom's land would affect the strength of the country's fate.

In other words ...

If Chi Mei agreed to all of Jiang Li's conditions, the fate of the red eyebrow Empire would be weakened by a third.

Similarly.

Jiang Li didn't want to retreat without getting enough benefits.

"One-tenth!"

In the end.

chi mei took a deep breath and said in a low voice, ” huhu yingluo, jiang li, i can give you one-tenth of what you asked for. ”

“your majesty!”

“this bi an ...”

The demon country’s regional Kings could not help but ask.

“.....”

Chi Mei raised his hand and stopped them.

“Oh, one-tenth.”

Jiang Li thought for a moment and murmured, ” that’s 100 million taels of gold worth of medicinal herbs, 1 billion taels of gold worth of spiritual herbs, and 10000 lower spiritual crystals.

This number was not small!

Jiang Li was overjoyed.

One had to know.

10,000 lower spiritual crystals alone were equivalent to 100 million energy points.

He had obtained so many resources without any effort.

Jiang Li was in a good mood.

Of course.

Jiang Li couldn't show his happiness. Instead, he frowned and looked very unhappy and embarrassed. It was as if he would suffer a great loss if he agreed to this condition.

“That's right.”

Chi Mei nodded, ” and if I remember correctly, you've already occupied ten counties of the great Qian dynasty. Now, you've also occupied five counties, including the Red Dragon County, and the Green Mountain Range.

these territories and areas are enough for you to establish a human dynasty. You will then be listed on the ‘young dragon List’ and gather the fate of the country.

“Young dragon ranking.”

jiang li was confused.

It was obvious.

Jiang Li didn't know what the ‘young dragon ranking’ was.

However ...

jiang li's expression didn't change. he just smiled and said slowly, ” “You don't have to worry about this, I have my own plans.”

“So, you've agreed.”

Chi Mei said.

“ahem.”

Jiang Li shrugged. although it's indeed a little lacking, I have to agree for the sake of my subordinates and soldiers. I don't want my soldiers to die in vain.

“After all, this Prince loves his soldiers like his children.”

“So be it.”

“ha.”

Red eyebrows put on a smile.

“Then, red-browed Demon King, when are you going to give it to me? Once you’ve obtained these things, you can withdraw your troops and leave this place.”

yes, ” Jiang Li said. because from now on, the black jail County is my territory.

“isn’t it?”

Jiang Li smiled.

“.....”

Chi Mei’s face was gloomy, and her hands were clenched into fists.

“Flood Dragon Slayer.”

Chi Mei took a deep breath, suppressed his anger, and ordered, ” go to the Royal Palace immediately and bring 100 million taels of gold worth of ordinary herbs, 1 billion taels of gold worth of spiritual herbs, and 10000 lower spiritual crystals as fast as possible.

...

“Yes!”

Jiao tu nodded and took Chi Mei's 'token'. He then rode on his horned scale horse and galloped towards the palace at the fastest speed.

"Just wait obediently."

Chi Mei glanced at Jiang Li coldly.

"Alright," he said.

Jiang Li nodded with a smile.

At this moment.

On the other side.

The capital of the great Han Lord dynasty.

The battle between the wuzu sub-League of the half-monster Alliance and the Army of the great Qian dynasty was coming to an end. Both sides had suffered heavy losses, and more than half of their forces had been lost.

on the battlefield.

...

The ground was filled with corpses of both humans and half-demons. Their blood had formed a River, and the pungent smell of blood was extremely pungent.

The city walls of the capital had already collapsed, and the buildings had turned into ruins.

In the sky.

“Roar!”

The three-clawed Golden Dragon’s Roar reverberated through the entire battlefield. The other three-clawed Black Dragon was also baring its fangs and brandishing its claws as they fought each other.

The battle between King Qian and the demonic fog soldiers was getting more and more intense.

The two sides had been fighting for so long.

However, there was still no clear winner.

BOOM! BOOM! BOOM!

It could be seen that the collision of their attacks produced a huge explosion. Light shot in all directions, extremely dazzling and containing extremely powerful power.

“King Qian,”

today is the day that the fate of the great Qian dynasty will collapse,” the soldier shouted. from today onwards, the great Qian dynasty will disappear from this world.

“The kingdom of wuzu shall be established today!”

“Roar!”

the black dragon roared and combined with the demonic fog soldiers. its power was monstrous.

BOOM!

It could be seen.

The monster fog soldier exploded with all its strength.

A powerful aura was unleashed, creating a vast energy storm that swept in all directions. The huge black Dragon Claw was like a mountain as it charged toward King Qian.

“Black Dragon Claw!”

the monster fog soldier shouted.

“you’re right, it’s time to end this.”

King Qian looked at the battlefield below him and nodded in satisfaction. When he raised his head again, his eyes shone with a Dragon-shaped golden light. The aura that he had been suppressing suddenly burst out, and his strength rose rapidly.

Late-stage rank four!

king qian’s cultivation base was actually at the late stage of rank four!

The most important thing was ...

With the support of the great gan Lord dynasty’s fortune, his strength had increased by another level, reaching the perfected stage of level four. Golden light bloomed from his body.

it was like a golden sun.

“Dragon Claw!”

Roar!

die! King Qian raised his hand and struck out. Dazzling golden light gathered and the three-clawed Golden Dragon fused into it. It transformed into a huge Golden Dragon Claw that tore through the void.

bang!

The two sides collided.

The Black Dragon Claw was torn apart by the Golden Dragon Claw and exploded into black light spots that filled the sky, creating a storm of energy that swept through the surroundings.

“Ah!”

pfft!

The demonic fog soldier cried out in pain and spat out blood. Its body flew backward for a few hundred meters before it managed to stabilize itself. It raised its head and looked at King Qian as it said in shock, ” “When did you reach the late stage of the fourth rank? that’s impossible, you should only be at the middle stage of the fourth rank!”

“Monster fog soldier, there are still many things you don’t know.”

King Qian looked at the demonic fog soldiers with a scornful smile on his face. do you really think that I don’t know what you’ve done? Do you really think that I don’t know about your hidden chess pieces?”

“What a joke!”

“Everything about you is under my control. Without my permission, do you think you could have set up so many hidden chess pieces in my dynasty?”

“you’re so silly!”

The monster fog soldier's eyes opened wide and shouted, "Impossible, this is absolutely impossible. Everything was planned by me, so it's absolutely impossible."

"The king of the Council."

King Qian ignored the demonic fog soldiers. Instead, he looked at a certain direction not far away. It was the edge of the battlefield. He then said slowly, "activate the tier 4 formation! Ten thousand spirit array!"

"Yes, Your Majesty,"

Shua!

A figure suddenly appeared out of thin air.

He looked closer.

It was a middle-aged man with a delicate face and well-defined facial features. He was tall and wore a purple dragon robe. His aura was very strong.

"Tier 4!"

the pupils of the monster fog soldier contracted and shouted in shock, "He's also a Tier 4!"

Aghast!

incomparable horror!

the devil fog soldiers had never expected that the great gan dynasty would have two stage four experts. moreover, king qian's cultivation had already reached the late stage of stage four.

This was completely inconsistent with the information he had.

It was simply a world of difference.

At this very moment.

The demonic fog soldier was finally a little frightened. He had already understood that King Qian was right. Everything he had done was within King Qian's control.

Everything had been planned by King Qian.

He had been tricked by King Qian.

buzzzzzz! Buzzzzzz! "Whoosh!!!"

The king of Council began to form a seal with both hands, and a series of seals appeared. Purple light flashed, forming a rune array, and then rose into the air.

"an array master!"

When the demonic fog soldier saw this scene, it could not help but exclaim, "A third-grade array master!"

the king of council was not only a type 4 powerhouse.

he was also a third-grade array master.

This was very terrifying.

"Activate the formation!"

Immediately after.

at the edge of the battlefield, the array bases that had been prepared in advance were activated, forming array diagrams that floated in the air.

They gathered together.

Tier 4 Grand array!

Ten thousand spirit array!

Originally.

The king of the Council was only a third-grade formation master, so he was unable to set up a fourth-grade formation. However, King Qian had spent several years and a large amount of resources on it.

He failed several times.

Finally, he divided the myriad spirit array into four parts and completed the four parts one by one. At the end, he combined the four parts together.

This way, the ten thousand spirit array could be set up.

At the same time.

In order to set up the ten thousand spirit array, he needed a large number of living beings.

Tier 4 Grand array!

the goblin fog soldier had a dumbfounded expression.

“this suan ni, this suan ni”

“What kind of formation is this?”

“.....”

on the battlefield.

The members of the half-monster Alliance, the rebel soldiers, and the soldiers of the great gan Lord dynasty all looked up at the sky in horror.

It could be seen.

In the sky above the battlefield.

The four spell formations combined and fused into one, forming a dazzling purple-gold circular spell formation that emitted Supreme radiance.

the formation’s diameter was difficult to estimate, and it had already covered the entire battlefield.

“spirit gathering.”

Buzzzzzz!

The king of counsel’s hand seal rose into the air, and the purple-gold talisman turned into a stream of light, integrating into the array in the sky, and the array began to operate.

Immediately after.

countless rays of purple-gold light fell from the array diagram. the corpses on the battlefield turned into streams of light and gradually integrated into the array diagram.

“Transfer.”

shua!

the king of council made another hand seal and activated the ten thousand spirit array, transferring the soldiers of the great qian dynasty and the imperial army out of the array.

At this very moment.

In the ten thousand spirit array.

The rest were all members of the half-monster Alliance and rebel soldiers. There were only about a million of them left, and the ground was covered with corpses.

in this war.

Millions of lives were lost.

now.

king qian wanted to use the ten thousand spirit array and the millions of living beings to refine the ten thousand spirit pearl. other than that, he also wanted to devour the fate of the nation from the demonic fog soldiers.

As long as he succeeded.

King Qian would be able to use the thousand spirit Pearl to advance to the perfected stage of level four and devour the nation's fate. After that, he would be able to upgrade the nation's fate to another level and raise his ranking on the young dragon List. He would then be able to obtain a reward and lay a solid foundation for his promotion to 'dynasty'.

obviously.

The monster fog troops planned to gather the Fortune of the country to destroy the great Qian dynasty and build a half-Monster Kingdom on top of it.

King Qian had played them at their own game, making the demonic fog soldier feel that his plan would definitely succeed. However, he did not know that everything he had done had fallen into King Qian's trap.

Everything he had done.

They would only be paving the way for King Qian.

“Three-clawed Golden Dragon, swallow this Black Dragon.”

King Qian shouted.

“roar!”

Immediately after.

The three-clawed Golden Dragon roared and charged towards the three-clawed Black Dragon. Its might increased as it opened its mouth and bit the three-clawed Black Dragon, devouring the fate of the country.

“No!”

the monster fog soldier wailed.

“Alliance leader Xuanji has already lost, Xuanji”

“We're finished! we've been tricked!”

“It’s all over now!”

“quickly run!”

Mo Ling, Gao luqing, and the others all began to panic.

“Hurry up!”

“Think of a way to break out!”

“Run!”

The rebel soldiers screamed in fear.

Time passed.

The morning of the second day arrived.

in the county city of the black jail county.

More than half of the night had passed.

Jiang Li also waited outside the city for most of the night.

The convoy led by Jiao Lu finally delivered 100 million taels of gold worth of ordinary herbs, 1 billion taels of gold worth of spiritual herbs, and 10000 lower spiritual crystals from the palace of the red eyebrows demon Kingdom.

“Your Majesty.”

Jiao Lu rode over on his horse. Behind him was a huge fleet of carriages that looked like a long Dragon. one hundred million taels of gold for ordinary medicinal herbs and one billion taels of gold for spirit herbs.

and 10000 lower spiritual crystals. They have been delivered.

“Yes.”

red eyebrows nodded, ” you may leave. ”

“Yes.”

The flood Dragon retreated.

Jiang Li, the thing you wanted is here.

Chi Mei said.

“Alright,” he said.

I’ll go. Jiang Li smiled and looked at the huge fleet that was like a long Dragon. The smile on his face grew wider. With so many resources, he could have another wave of troops soon.

Of course, Jiang Li was happy.

Soon after.

Chi Mei had taken away all the remaining demons in the black jail County.

“Let’s go,” he said.

immediately after.

Chi Mei waved her hand and led the demon Army to retreat.

“All troops, retreat!”

BOOM! boom!

millions of demon soldiers began to retreat. the marching formation was activated at full speed. the ground was shaking slightly. the army gradually disappeared from jiang li and the others ‘sight.

After a brief moment of silence.

” oh my god, we won!!! ”

“Hahahahaha!”

“He won! we’ve won!”

the demon Army has retreated!

“Alive! I’m still alive!”

...

“That’s great, that’s great, Yingluo.”

“But my brothers are all dead, sob sob”

the next moment.

the human soldiers started cheering and shouting. they were extremely excited and overjoyed. some of them even shed tears of joy. some soldiers were also slightly sad for the death of their brothers.

“.....”

let’s go. Jiang Li watched them cheer and shout in silence. He didn’t interrupt them or stop them. He just let them vent.

“Who would have thought that we would actually survive?”

Luo Ming was in a daze as he looked at the black jail County’s capital. He felt as if he was in a dream and was at a loss.

“Yup!”

Jin Muyan nodded. He couldn’t help but turn around to look at the soldiers who were reveling behind him, and then at the emotionless meches.

His gaze became respectful.

...

not only did we survive, but we also fought back millions of demon soldiers. Even the level-four red-browed Demon King had to compromise. We even compensated Lord Jiang Li with 100 million taels of gold worth of ordinary herbs, one billion taels of gold worth of spirit herbs, and 10000 low-grade spiritual crystals. We also occupied five counties of the red-browed demon Kingdom.

“I feel like I’m dreaming!” Feng Wutian exclaimed.

“Build a nation!”

cao pipei’s eyes lit up and he said, ” red-eyebrowed Monster King was right. The territory you have now is enough to build a Kingdom, ” the leader said.

according to the three laws of the human race, Lord Jiang Li is strong enough to establish a Kingdom and be listed on the young dragon List. By then, we'll be the subjects of the Dragon!

“Hahahahaha!”

“what do you think?” shang lin laughed and said proudly. Everyone, as I said before, Lord Jiang Li has succeeded this time. He defeated the red eyebrow Empire's Army and won.”

“.....”

luo ming and the others nodded. they were more and more in awe of jiang li.

“Unfortunately, Gu Shan He is dead.”

Feng Wutian said.

The red eyebrows Fey Kingdom Army.

“your majesty.”

that batch of spiritual herbs, ” Jiao Lu said, ” I specifically chose all of them to be of the lower first grade. Although there are a lot of them, their grades are not high.

although it can't cause any actual damage, it can still annoy Jiang Li.

“Yes.”

Chi Mei just nodded.

“Your Majesty, we'll take a break this time.”

chan ling and the others wanted to say something but stopped.

One had to know.

the red eyebrows fey kingdom had lost its face by ceding land and paying indemnities. it had also caused a significant loss in interests. if jiang li established a kingdom and lost the territory of five counties, the fate of the red eyebrows fey kingdom would be affected as well.

“I know what you want to say,”

” you don’t want to give up, ” chi mei said slowly. ” you don’t want the territories of the five counties to be taken away, and you don’t want to compensate jiang li with the resources. ”

“And then? So what if I’m not willing?”

“This is the price you have to pay for not having enough strength.”

you should know that the kingdoms at the border of the Yao Kingdom will suffer great losses if we go to war with Jiang Li.

at that time, those kingdoms will definitely attack us, and the red eyebrow Yao Kingdom will be in danger of being destroyed.

“.....”

The demon country’s Commandery princes were silent.

It was true.

They were all very clear about this.

He just couldn't accept it!

he was very unhappy!

Unfortunately, they had no other choice but to accept it.

Jiang Li would rather die than live in dishonor, but they couldn't.

“However, Yingluo”

Chi Mei suddenly sneered. She looked at the great Qian dynasty and said coldly, ”  
“the war between the great gan lord dynasty and the wuzu sub-league should be ending soon.”

no matter who wins or loses, Jiang Li has occupied ten counties of the great Qian dynasty, which is almost one-third of the land.

if Jiang Li really manages to build a Kingdom, it'll be like cutting a big piece of meat off the great Qian dynasty. They'll definitely have conflicts.

also, even if Jiang Li doesn't build a Kingdom, the winning side won't let Jiang Li occupy the ten counties.

“Next, let's watch a good show.”

The capital of the great gan Lord dynasty.

The war that had engulfed the entire great Qian dynasty had ended.

King Qian had obtained the final victory.

The wuzu sub-League of the half-monster Alliance was almost completely annihilated. Only a few high-level members and half-monsters escaped, and the rest were all killed.

Inside the ten thousand spirit array.

The corpses were piled up on the ground. The essence of these corpses was refined by the 'ten thousand spirit array' and poured into the array diagram, gradually condensing together.

Pfft!

The demon fog soldier vomited blood. It was severely injured and fell to the ground. There was a penetrating wound on its chest. It had been pierced through by King Qian's palm.

He was almost dead.

In the air.

The three-clawed Black Dragon let out a wail. Clouds of black mist were devoured by the three-clawed Golden Dragon. The fate of the country condensed by the demonic mist soldiers was being absorbed by the three-clawed Golden Dragon.

“Whoosh!!!”

The radiance on the three-clawed Golden Dragon's body grew brighter and brighter.

Vaguely.

it was as if a fourth claw was forming.

” hahahahahahahahahaha! ”

the demonic fog soldier looked at the three-clawed black dragon in the sky and laughed bitterly. it sounded rather miserable and full of unwillingness.

“Alliance master, you can go in peace.”

At this moment.

half-monster rowling had walked to the front of the fog soldiers and smiled, ” i will take care of your fog soldiers sub-league. ”

“Rollin, what are you doing?”

The demon fog soldier stared at Rollin.

“Pfft!”

Rollin’s palm fell, and his right arm changed from a body of flesh to a strange mechanical arm. The large palm smashed the head of the demon fog soldier.

Tier 3 perfection!

rollin’s cultivation was at the great circle of stage 3!

“Sub-Alliance chief token!”

Rollin found a grey diamond-shaped token on the body of the demonic fog soldier. He was overjoyed and put it in his pocket. He turned around and looked at King Qian who was standing in the air before he turned around and fled.

shua!

The ten thousand spirits array automatically opened up a hole, and Rollin escaped from it. In the blink of an eye, he rushed out of the capital and disappeared into the distance.

“Ten thousand spirit Pearl.”

King Qian looked at the myriad spirit array with a smile on his face. soon. I'll refine the myriad spirit Pearl and upgrade it to the perfected stage of level four. Then, the three-clawed Golden Dragon will devour and fuse with the nation's fate.

“Everything will be a success.”

In the county city of the black jail County.

Half an hour later.

Only after that did the human soldiers gradually calm down.

After that.

let's go. Jiang Li led the Army to the county city of black jail County.

The number of casualties was calculated, and the battle merits were calculated. Rewards were distributed according to the number of battle merits, and the injured soldiers took blood refinement pills to heal their injuries.

At the same time.

Carriages filled with 100 million taels of gold for ordinary herbs, 1 billion taels of gold for spiritual herbs, and 10000 lower spiritual crystals were all transported into the city.

in the second-rank prince's mansion.

In the main hall.

Jiang Li gathered everyone.

They were all gathered here.

Jiang Li sat on the high seat in front of him. MYL01 and ynsh01 were standing on his left and right.

Jiang Li looked down at the crowd.

“Luo Ming,”

Jiang Li said.

“Your subordinate is here.”

Luo Ming’s body trembled. He quickly stood up and knelt on the ground.

now, I order you to lead Prince Jin’s County Army to Red Dragon County. Bring back all the injured and all the resources there.

destroy all the monster villages in the county and capture all the monsters. Jiang Li gave an order.

“Yes.”

Luo Ming nodded, ” your subordinate will definitely complete the mission.

“Go on.”

Jiang Li waved his hand.

“Yes.”

Luo Ming stood up and left the hall.

Soon after.

let's go. Jiang Li asked Jin muyao to lead The Magic Cauldron County Army to yehuang County, Feng Wutian to Wushuang County with the fallen Phoenix County Army, and Cao pipei to Hulao County with the Changfeng County Army.

As for the black jail County.

Jiang Li asked Shang Lin to lead the moon River County Army to bring back all the resources and injured from the seven demon cities. At the same time, they were going to destroy the demon villages and capture the demon civilians.

Very quickly.

More than half of the people in the hall had left.

Luo Tianshui, Luo Yilin, Chang pingwang, Guo Yi, Shen Bao, the commander of the divine Crane County Army, mo ke, the new commander of Chaoyang County, and Wang Changlin, the new commander of Shanhe County, were all left.

There were a total of seven people.

Luo Tianshui, take some people and collect the resources in the black jail County's capital.

Jiang Li said.

“Yes.”

luo tianshui nodded.

“All of you may leave.”

Jiang Li waved his hand.

Chapter 236 condition

“Yes!”

chang pingwang and the others bowed to jiang li and walked out of the hall.

However, Shen Bao didn't leave. He looked up at Jiang Li.

He seemed to have something to say.

“Shen Bao, what's the matter?”

Jiang Li asked.

“My Lord!”

Shen Bao immediately knelt down on both knees.

“What?”

Jiang Li looked at Shen Bao in confusion.

Chang pingwang and the others, who were about to leave, were stunned and couldn't help but stop. Luo Tianshui and Luo Yilin looked at each other. They stood at the entrance of the hall and also stopped, looking at Shen Bao curiously.

He was wondering what Shen Bao was up to.

“If you have something to say, then say it.”

Jiang Li said.

“Yes, my lord.”

Shen Bao raised his head, took a deep breath and said to Jiang Li, ” we now have control over ten counties of the great Qian dynasty. In addition to the five counties of the red eyebrows Fey Kingdom and the territory of the Green Mountain Range, we have reached the basic standard for establishing a human dynasty.

“This subordinate would like to ask if you want to establish a Kingdom, my Lord?”

“establish a new human dynasty?”

“Oh.”

jiang li was surprised.

In reality.

jiang li did have that idea. after thinking for a while, he looked at shen bao and said, ” in that case, tell me what you know about the young dragon ranking and everything about building a country.

“Yes!”

shen bao nodded and felt a bit happy. he immediately said, my Lord, the ‘young dragon ranking’ is a supernatural item that exists in the entire ‘Super Fantasy world’. Its origin is unknown.

“There’s a legend that the ‘young dragon ranking’ is formed by the rules of the entire world.”

“I don’t know the exact situation.”

of course, this may also be because your subordinate's knowledge is shallow, so I can't know the real truth.

the young dragon Roll records all the dynasties in the world.

according to the strength and fate of each dynasty, the ranking will be arranged.

as long as a new dynasty is established, it will appear on the 'young dragon List'.

not only that, but the higher your ranking on the 'young dragon List', the more generous the rewards will be.

as for how to build a country, other than having enough territory, we need to gather the fate of the country.

Shen Bao said.

what about the fate of the country? " Jiang Li looked at Shen Bao and asked, " how do we gather the fate of the country? "

" my lord, you will need to communicate with the 'young dragon ranking' . "

Shen Bao said, " my Lord, as long as you have the intention to establish a human dynasty and have enough territory, you can communicate with the 'young dragon List'. Then, you can gather the fate of the country and form a Dragon. You can then establish a human dynasty and leave your name on the 'young dragon List'.

"It's just that he's a little bit tired."

Shen Bao pondered for a while and continued, my Lord, the new dynasty has just been established, and it's likely to attract the attention of many dynasties. If we don't have enough power, it's better to establish the dynasty after stabilizing the situation.

” you have to know that the dynasties devour each other’s fate. newly-established dynasties have always been the targets of many powerful dynasties. ”

there are even some powerful dynasties that will not destroy the weaker dynasties. Instead, they will allow them to grow. When they are fat enough, they will devour the strong National fate to strengthen their own national fate.

“Harvest wave after wave of the country’s fate.”

“The fate of the nation.”

what kind of power is this? ” Jiang Li murmured and guessed.

“Alright,” he said.

yes. Jiang Li nodded and said, ” I’ve made up my mind about building a country. Stop guessing. Go do your own things.

“Yes.”

Shen Bao nodded and left.

In reality.

The reason why Shen Bao did this was because Cao pipei and the others discussed it with each other. In the end, they asked Shen Bao to suggest it to test Jiang Li’s thoughts.

He wanted to see if Jiang Li had plans to build a human dynasty.

Soon after.

Luo Tianshui and the others had all left. Apart from ynsh01 and MYL01, only Jiang Li was left in the hall.

He was pondering.

...

To tell the truth.

This was the first time Jiang Li had heard about the young dragon ranking and the National fate. He had never heard of it before.

Obviously.

there were still many secrets in this world.

Jiang Li only knew a small part of it.

Shua!

the dominator panel opened.

The battle outside the county city of black jail County didn't last long, but Jiang Li had lost 50000 perfected-stage level one meches, 4000 early-stage level two meches, and 500 perfected-stage level two meches.

He didn't lose any perfected-stage meches.

They had lost about one hundred thousand human soldiers and one hundred thousand walking puppets. Although they had replenished the number with twenty thousand, the number of walking puppets was only about one hundred and twenty thousand.

Fortunately ...

...

Jiang Li's Army also killed at least four to five hundred thousand monster soldiers and captured a lot of soul Tinders.

Soul Tinder.

The number of soul Tinders.

There were 6327 level-one soul Tinders, 200 level-two soul Tinders, and only three level-three soul Tinders.

“Fuse.”

Buzzzzzz!

fuse them. Jiang Li activated the Tinder fusion function. He first fused all 6320 level-one soul Tinders, which took him more than half an hour.

The fusion was complete.

He had fused 632 times, 210 times of success, and 422 times of failure. In total, he had obtained 210 level-two soul Tinders.

“Continue.”

After that.

There were 410 level-two soul Tinders in total. With every ten Tinders, he could fuse 41 times.

A few minutes later.

Shua! shua! “Whoosh!”

Notifications flashed before his eyes.

the fusion was complete.

he succeeded eight times and failed thirty-three times, but he only got eight level-three soul tinders. with the original three, jiang li had eleven level-three soul tinders.

Shua!

The rank 3 Army type column was displayed.

It required 32 level-three soul Tinders to unlock the ultrasonic mech. Jiang Li only had 11. He needed 21 more and couldn't unlock it for now.

He could try to fuse them.

However ...

Jiang Li didn't do that. Instead, he kept the level-three soul Tinder.

Because there was no need to take the risk of fusing the tier-three soul Tinder in the current situation.

Jiang Li already had a level-four mech, which was the mechanical demon spirit. The mechanical demon spirit was at the later stage of level four, which was enough to fight against a National Guardian.

One had to know.

the reason why jiang li took the risk to fuse the level-three soul tinder was to create a level-four soul tinder and upgrade to a level-four troop class.

Now, they had a fourth-tier troop class.

He didn't need it.

The failure rate of fusion was simply too high.

Jiang Li didn't have the capital to take the risk.

After all, it wasn't easy to get a level-three soul Tinder, and he couldn't just waste it by fusing it. He should first unlock the level-three Army branch before fusing it.

Or unlock the other military units and army bases.

Shua!

Jiang Li closed the soul Tinder and troop classes and then opened the energy points.

The number of energy points was displayed.

Among them.

Apart from the self-destructed meches, which couldn't be recycled for energy points, he had recovered 9100000 energy points from all the destroyed meches.

The war cost him 1220200 points.

Jiang Li still had 32905000 energy points.

From the surface.

Since Jiang Li had recovered a lot of meches, his energy points seemed to have increased, but in fact, he had lost more than half of them.

“let’s replenish our losses first.”

Soon after.

jiang li walked out of the duke’s mansion and went to the place where the meches were temporarily stationed. it was the monster army’s camp in the county city of the black jail county. it was big enough to accommodate jiang li’s army of 500000.

As for the human soldiers ...

Most of them had followed Luo Ming and the others to carry out their missions.

create 50000 perfected-stage level one meches, 4000 early-stage level two meches, and 500 perfected-stage level two meches.

Buzzzzzz!

The manufacturing interface appeared.

In the image.

Nine illusionary figures appeared, representing nine different types of troops. Next to each illusionary figure was a corresponding number, representing the number of troops to be created.

In the surroundings.

Countless light spots filled it.

This time.

Jiang Li used 190000000 energy points to make up for his losses.

A minute later.

[ creation complete! ]

A notification appeared.

Shua! shua! “Whoosh!”

In the open space ahead.

Tens of thousands of meches appeared out of thin air. They were the new meches that Jiang Li had created. There were exactly 54500 of them.

The battle losses had been replenished.

“my lord!”

Yes, sir! the meches greeted and saluted Jiang Li.

“Yes.”

Jiang Li smiled and nodded in response.

Soon after.

let’s go. Jiang Li left the military camp and returned to the Duke’s mansion. He asked the meches to move the 10000 lower spiritual crystals into the mansion and put them in huge boxes.

They were stacked up very high.

Kachaa! Kachaa!

In front of him.

The boxes were all filled with diamond-shaped crystals, which emitted a soft luster and contained energy.

However ...

jiang li hadn't reached level three yet, so he couldn't feel it or use spiritual crystals to cultivate.

“Hu ~~ Hu ~ Hu ~”

Jiang Li looked at the 10000 lower spiritual crystals in front of him and his breathing quickened.

This was not a small number.

There were 10000 of them!

Jiang Li had robbed so many resources, but he had less than 10000 crystals in total. It was a shock to see so many crystals in front of him.

“Red-browed Demon King is a good demon!”

Jiang Li smiled. the red eyebrow Empire is also very rich. They easily took out 10000 lower spiritual crystals. If there's a chance next time, I should try to get more.

“Convert!”

Jiang Li reached out and touched the crystal. He started the conversion.

Shua!

[ discovered item that can be converted into energy points. Do you want to convert it?! ]

A notification appeared.

“Yes!”

Jiang Li confirmed.

“whoosh!!!”

A white light flashed.

10,000 lower spiritual crystals disappeared and were successfully converted into energy points.

” conversion successful. you’ve received 100000000 energy points! ”

A notification popped up.

100 million points!

Jiang Li got one hundred million energy points.

Chapter 237 The base

“Alright!”

okay. Jiang Li looked at the soaring energy points and smiled. He was in a good mood. take these boxes out and burn them. Then bring in the ordinary herbs.

“Yes!”

” yes, sir! ” the meches responded in unison and immediately went to do what jiang li asked.

They first moved the boxes with spiritual crystals out and burned them down. Then, they moved the wooden boxes with medicinal herbs in.

The hall of the Duke’s mansion wasn’t small, but it obviously couldn’t hold 100 million taels of gold worth of herbs. Jiang Li had to convert them in batches.

One hundred taels of silver was enough to buy a ten year old ordinary medicinal herb.

If one hundred million taels of gold were to be converted into silver, it would be ten billion taels of silver. That was to say, it was an ordinary medicinal herb worth ten billion taels of silver.

There were so many medicinal herbs that it was almost impossible to count.

“Convert!”

“Convert!”

“Convert!”

.....

jiang li started to convert the herbs in batches. every time, the herbs filled the hall. after the conversion, the meches would move the empty wooden boxes out and destroy them to make space. then, they would move the herbs in and jiang li would continue.

conversion successful. You’ve received 12040000 energy points!

.....

conversion successful. Received 10400000 energy points!

.....

conversion successful. You've received 9700000 energy points!

.....

In front of him.

A series of notifications flashed past.

He had transformed ten times.

the 100 million taels of gold worth of herbs had been converted into 104700000 energy points, which was 104.7 million energy points.

“Alright!”

Jiang Li was overjoyed.

The energy points column opened.

The number of energy points had increased from 13905000 to 218605000, and the total number of energy points had reached more than 21000.

Furthermore ...

Jiang Li still had one billion taels of gold worth of spiritual herbs to sell.

Very quickly.

The meches moved the wooden boxes in one after another. They opened the boxes and found that they were all low-grade first-grade spiritual herbs.

“This bi an ...”

Jiang Li was also stunned.

“Open the rest of the boxes.”

Jiang Li said immediately.

“Yes.”

The meches quickly opened the boxes. The elixirs inside were messy. Some of their roots were broken. They looked terrible.

Furthermore ...

All of them were low-grade first-grade spirit herbs.

“Hehe.”

Jiang Li couldn't help but laugh. interesting. They're all low-grade level one Spirit herbs. Are you trying to disgust me? ” They're all low-grade spirit herbs.”

it's a pity that I don't want these spiritual herbs to refine pills or sell them. I want to convert them all into energy points. There's no difference in the grades.

It was true.

If it were anyone else, they would probably be flustered and extremely displeased to see that these spiritual herbs were all low-grade first-grade spiritual herbs.

But Jiang Li didn't feel anything.

He even felt like laughing.

Furthermore ...

Also, because they were all low-level spiritual herbs, they didn't look as good. Instead, there were more spiritual herbs, which Jiang Li could convert into more energy points.

he would earn more.

Jiao Lu thought he could annoy Jiang Li, but he didn't know that Jiang Li would benefit from it.

If Jiao Lu were to know about this, he would probably vomit blood in anger.

A stalk of inferior-grade first-grade spiritual medicine was worth ten thousand taels of silver, which was equivalent to a hundred taels of gold. One billion taels of gold could probably buy one million stalks of inferior-grade first-grade spiritual medicine.

...

A stalk of inferior-grade spirit herb could be converted into 10 energy points.

In other words ...

although one billion taels of gold worth of spiritual herbs seemed like a lot and was very expensive, if they were all converted into energy points, they would only be worth more than ten million points.

It was not as much as he had imagined.

Of course.

if he could sell these spiritual herbs and trade them for gold and silver, then use the gold and silver obtained to buy ordinary medicinal herbs, the number of energy points he could get would increase by a hundred times.

Jiang Li couldn't find a buyer now, so he didn't want to waste time. He just converted all the one billion taels of gold worth of inferior-grade first-grade spiritual herbs.

ten minutes later.

All the spirit herbs had been transformed.

Jiang Li got 12020000 energy points in total, more than two million more than he had expected.

the total energy points reached 230625000 points.

...

promoted to mechanical demon No. MYL01.

He had enough energy points. Jiang Li immediately used 80000000 energy points to upgrade MYL01 to the perfected stage of level four.

Buzzzzzz!

It could be seen.

Several white lights flashed on the mechanical demon's body.

A few seconds later.

The promotion was complete.

“Thank you, chief sovereign!”

thank you, Jiang Li. MYL01 was overjoyed and saluted Jiang Li immediately. He hid his aura and all his skills were upgraded to level four.

His strength had been greatly improved.

advancement requirements: one tier 5 devilish soul Tinder, 100000000 energy points ”

the requirements for promotion are different for Special Troops. They need a special soul Tinder. I wonder how strong a rank five devil can be.

I'm not sure. Jiang Li sighed. you know, a level-four combat ability can destroy a mountain.

other than the rank five Devil's soul Tinder, I still need 100 million energy points.

it's true that the further I advance, the more terrifying the resources needed will be.

“However, my strength has increased quite a bit.”

it could be said that ...

With MYL01's combat strength at the perfected stage of level four, he could already defeat the red-browed Demon King. However, if the red-browed Demon King forcibly ignited his bloodline and went all out, it would not be so easy to deal with him with the help of the four level three battle formations.

Furthermore ...

If red eyebrows broke through the blockade of the meches without caring about his own life, he might pose a great threat to Jiang Li's life.

“Still be careful.”

I'll keep developing, ” Jiang Li thought to himself. it'll be best if I can upgrade another level-four mech. That way, I'll be more confident.

if I remember correctly, there is a wild lake to the East of the great Qian dynasty, and there are many 'demons' living in the lake. Are the souls of those 'demons' special souls? ”

Jiang Li guessed and murmured, ” if it is, maybe I can unlock a special kind of troop.

“If there’s a chance, I must go to the wild lake and take a look.”

Shua!

Jiang Li opened the dominator panel.

He looked at the mech Navy and mech Air Force for a few seconds before looking away. He took a deep breath and made a decision.

“Since we are planning to establish a country, we will need a ‘military base’,”

Jiang Li chose ‘army base’ from ‘new military type’ and ‘army base’. with the ‘army base’, the mech Army’s development can be considered to be on the right track, and the cost of building meches will be greatly reduced.

they can also create technological meches.

“Although the research meches aren’t combat units, they have a lot of research knowledge and can even create special genetic potions.”

“It can also be used to create special weapons.”

“Activate the division’s separation surface!”

Jiang Li didn’t hesitate. He used nine level-three soul Tinders and 100000000 energy points to open the ‘army base’.

Shua!

[ a total of 100000 troops has been achieved. nine stage-three soul tinders have been achieved. one hundred million energy points have been achieved. the activation conditions have been met. the ‘army base’ interface is opening. please wait patiently. countdown: 10?9?8?7.....?

[ the countdown has ended. The ‘army base’ interface has been successfully unlocked. ]

[ can be expanded. ]

Ten seconds passed.

It was a success.

jiang li also saw the notifications.

The Dominator panel opened.

[ master panel ]

[ master: Jiang Li ]

[ game: super mechanical Army ]

[ interface: Army type ]

“Interface: army base (can be expanded)”

[ soul Tinder: 7 level-one soul Tinder, 2 level-three soul Tinder ]

The Dominator panel had changed. Besides the 'military type interface', there was an additional 'army base interface', which could be expanded.

“Open the 'army base'.”

Jiang Li said.

Shua!

The next moment.

The interface popped up in front of Jiang Li. A holographic projection-like image appeared in front of him. It was an illusory and huge base city.

the main color was pitch black.

the 'army base' was a square with extremely thick black city walls in all four directions.

jiang li could adjust the angle of the holographic projection at will and observe all the facilities in the 'illusory army base'.

Currently.

The entire base was divided into five parts.

They were the dominating heart, mech factory, Research Center, Construction Center, and Sentry tower.

The dominating heart was located in the center of the 'army base'. It was a castle-like building. The mech factory was on the right side of the dominating heart, the Research Center was on the left side, and the construction center was behind the dominating heart.

right in front of the control hub was the ‘sentry tower’.

among which

The Sentry tower in front of the core was the ‘main Sentry tower’. There were four’ sub-sentry towers ‘in the four corners of the base to protect and guard the base.

Construction requirements: ten normal mechanical soldiers, one normal mechanical engineer, 100000000 energy points

advancement requirements: nine level-four soul Tinders, 1000000000 energy points ”

“.....”

Jiang Li looked at the information of the base. Of the five facilities, only the ‘Construction Center’ could be opened. The other four could only be opened and used after a real ‘army base’ was built.

building a physical base requires 100 million energy points. In addition to the nine level-four soul Tinders, the upgrade also requires a total of one billion energy points.

that’s not a small number. Jiang Li sighed.

“Launch the construction center first.”

Jiang Li had an idea.

Chapter 238 the gathering

Shua!

In Jiang Li's sight.

another interface popped up.

[ facility: Construction Center ]

construction units: normal mechanical soldiers (unlocked), normal Mechanical Engineers (locked 2/1)

The information displayed.

“The construction center only has two types of construction units.”

Jiang Li looked at the information on the interface and read it carefully. after all, it's just a new 'army base'. It's still in its initial stage.

“And the actual 'army base' has not been built yet.”

unlock normal mechanical engineer.

Jiang Li used a level-three soul Tinder.

Shua!

[ normal mechanical engineer successfully unlocked! ]

A notification popped up.

currently, there are only slightly more than 50 million energy points, which is not enough to build a real 'army base'. However, the abilities of ordinary meches and ordinary Mechanical Engineers are not only limited to building the Army base. They can also build other defense projects and buildings.

I'll make ten normal mechanical soldiers and one normal mechanical engineer, ”  
Jiang Li thought.

Immediately.

Jiang Li used 1100000 energy points to build 11 construction units.

Shua!

The manufacturing interface appeared.

Within the interface.

There were two illusionary figures, and countless light spots filled the surroundings, gradually solidifying.

A minute later.

[ creation complete! ]

Shua! Shua!

Eleven figures appeared in front of Jiang Li. They were ten ordinary mechanical soldiers and one ordinary mechanical engineer.

“My Lord!”

Jiang Li! the eleven meches saluted and greeted Jiang Li in unison.

“yes.”

okay. Jiang Li nodded and sized up the eleven meches.

Normal mechanical soldiers.

Ten young men.

He was wearing a thick and hard camouflaged safety helmet and a camouflaged construction worker’s uniform. Other than that, there was nothing special about him.

Normal mechanical engineer.

He was a middle-aged man with a delicate face. He wore black-rimmed glasses and a black suit. Other than that, there was nothing special about him.

Shua!

.....

Generally speaking.

Under normal circumstances.

There was a variety of construction jobs.

...

There were woodworking, masonry, reinforcer, concrete worker, and painter. Heavy lifting, crane driver and commander, welder, mechanic, and maintenance Electrician. Measurement worker, waterproof worker, scaffold worker, Water Worker, electrical worker, and handyman.

Of course.

The 'normal mechanical soldiers' in the 'army base' directly grasped the skills of all the construction jobs and integrated the abilities of these jobs into one.

This was the power of the 'normal mechanical soldier'.

at the same time.

The type 3 multi-form construction tool could transform into various construction tools.

An ordinary mech engineer.

The AI stored a large amount of engineering knowledge and had various engineering designs. It could design perfect projects according to the terrain, human environment, and so on.

After that was the 'third order virtual-reality transformation technique'.

This skill was one of the most crucial abilities.

It could transform energy points into physical building materials.

...

Furthermore ...

A normal mechanical engineer could lead 10 normal Mechanical Engineers.

Construction troops were not combat troops. Although they were also at the third rank and had some combat power to a certain extent, their combat ability was extremely weak.

There was more.

Construction troops could not be upgraded, and they could not be upgraded. They would be of the same grade as they were created.

his abilities and skills would not change.

it was fixed.

ptgc01, take 10 normal mechanical soldiers and explore the surroundings of the black jail County. Familiarize yourself with the environment and see if there are any places that can be reinforced or modified.

go! Jiang Li ordered.

“Yes.”

Ptgc01 nodded.

my Lord, in fact, the construction requirement for building a physical ‘army base’ is one hundred million energy points, but most of these energy points are used on the material of the construction.

At this moment.

Ptgc01 suddenly said, ” if there are ready-made ‘construction materials’, we can save a lot of energy points. In fact, only ten million energy points will be needed to build the ‘heart of the base’.

“Oh.”

Jiang Li’s eyes lit up. He looked at ptgc01 and asked, ” “Are you sure?”

“Yes, I am.”

Ptgc01 nodded solemnly.

“What building materials do you need?”

Jiang Li asked.

“Steel,”

the Army base is still in its initial stage, ” said ptgc01. the main building material needed is ‘steel’.

“When I level up in the future, I’ll need even higher grade materials.”

“only steel?”

Jiang Li asked.

“Yes, I am.”

Ptgc01 nodded.

“You don’t need concrete, bricks, or wood?”

Jiang Li asked again.

“No need,”

ptgc01 shook its head. ” the ‘army base’ is different from ordinary buildings. it only needs ‘steel’. ordinary buildings can be built with concrete, bricks, wood, and the like, but the’ army base ‘only needs’ steel ‘at the current stage. ”

“Alright, I got it.”

yes. Jiang Li nodded. I'll find a way to get enough 'steel'.

"Yes."

Ptgc01 nodded and left with the ten ordinary mechanical soldiers. They explored the surroundings of the black jail County's capital and looked for places that needed to be modified.

"Steel,"

jiang li thought for a moment. "i have a lot of building materials. if i can't, i'll melt the weapons and equipment. "

"i don't even know how many of those iron armors there are, but they can be used as building materials for the 'army base'."

"Moreover, I now have 15 counties under my control. I don't believe that all 15 counties can't gather enough steel to build an 'army base'."

Soon after.

Jiang Li calmed down.

"young dragon ranking."

Jiang Li closed his eyes and started to communicate with the 'young dragon ranking' according to Shen Bao's method. At the same time, the idea of building a kingdom came to his mind.

after that.

almost without any obstacles, jiang li really sensed the 'young dragon list' with his consciousness.

it was a very mysterious feeling.

however ...

Jiang Li did feel it.

The young dragon ranking!

It could only be understood, but not conveyed.

this is the young dragon ranking? ”

Jiang Li felt it carefully. It was indescribable. It was like his mind was connected to the young dragon List. It was a purple-gold List that existed in the deepest part of the world.

It seemed to be an illusion, but it was real.

They could only observe and not truly explore.

After that.

Jiang Li also saw dense words on the young dragon ranking. These words were the titles and titles of the dynasties. There were so many of them that they formed a ranking.

“Whoosh!!!”

At this moment.

As soon as Jiang Li communicated with the young dragons, his body glowed. It was a pure green light that was dim at first.

As time passed.

From all directions, countless rays of green light flew towards Jiang Li and gathered on his body.

the fate of the nation!

This was the fate of the country that belonged to Jiang Li!

Obviously.

After Jiang Li communicated with the ‘young dragon ranking’, he was already gathering the fate of the nation. Whether Jiang Li was willing or not, the fate of the nation was already gathering.

It couldn’t be stopped.

In the county city of the black jail County.

In the sky.

The situation changed.

A huge vortex appeared.

Kachaa! Kachaa!

Lightning flashed and Thunder rumbled.

Strange phenomena occurred.

“Roar!”

Vaguely.

A deep and majestic Dragon's Roar came from the Duke's residence.

"The fate of the nation! This is the Fortune of the nation!"

Chang pingwang raised his head and looked in the direction of the Junwang Manor. Then, he looked at the strange phenomenon in the sky. He could not help but widen his eyes and then cry out in surprise.

"this bi an ..."

Guo Yi was also staring blankly, his expression surprised and happy. He could not help but say, has Lord Jiang Li already communicated with the 'young dragon List' and gathered the fate of the country? "

"It definitely is! it definitely is!"

master Jiang Li! Shen Bao said excitedly, " I didn't expect Lord Jiang Li to communicate with the 'young dragon List' so quickly and gather the fate of the nation so quickly.

in fact, it's not easy to communicate with the 'young dragon List'. Many existences can't communicate with the 'young dragon List' even if they have enough power and territory. It's hard for them to gather the fate of the nation.

that's why many dynasties first decide on the founding of their dynasty, confirm the title and title of the dynasty, and then hold the heaven worship ceremony to communicate with the 'young dragon List' and gather the fate of the country.

but Lord Jiang Li has communicated with the young dragon List and gathered the fate of the nation. He's been recognized before he even established a Kingdom. He has the foundation to become an 'Empire'.

He was very excited.

Shen Bao was very excited.

“So this is what it’s like to gather the nation’s fate.”

Luo Tianshui and Luo Yilin also looked at the Duke’s mansion with curiosity.

In reality.

Back then, the leader of the wuzu sub-League, the wuzu goblins, had also communicated with the young dragon List and condensed the country’s fate before the country was established.

But in the end.

The demonic fog soldiers were killed by King Qian, and the fog soldiers sub-League was almost completely annihilated.

Therefore ...

It didn’t matter if he had to establish a country first, then communicate with the young dragon List and gather the country’s fate, or communicate with the young dragon List and gather the country’s fate before establishing a country. It was all the same.

There was no difference in strength.

As to what level he could reach in the end, it would still depend on his future development.

Moreover ...

Even if you were a genius, it would be useless if you died before you could grow up.

The so-called “dynasty’s” Foundation was only what Shen Bao had read about in some random books. It could not be taken seriously. In the end, Shen Bao’s knowledge was still too shallow.

Time continued to pass.

The invisible National aura took shape and covered Jiang Li’s body. A blue true dragon gradually formed, but it was still illusory as if it would disappear at any time.

however ...

More and more green streams of light fused into it, causing the green true dragon to gradually solidify.

On the other side.

the red eyebrows yao kingdom’s palace.

“Roar!”

Suddenly.

A Dragon’s Roar was heard.

It was a red three-clawed Red Dragon that appeared in the air above the palace. The huge three-clawed Red Dragon was very lifelike, and its power was vast, suppressing the palace.

However ...

This time.

the three-clawed red dragon let out a sorrowful roar.

it could be clearly seen.

a part of the three-clawed red dragon's body was disintegrating and disappearing. it turned into wisps of red air currents and fled into the distance.

the direction he was heading to was the black jail county.

## Chapter 239 Wailing

“the red dragon of national aura has manifested. it's the red dragon of national aura.”

“The Red Dragon is wailing!”

“What's happening? Why was the Red Dragon wailing? Why was a part of the Red Dragon's body disintegrating? This Suan ni, this Suan ni ”

“It's the Fortune of the nation! The red eyebrows Yao Kingdom's fate is being weakened!”

“.....”

Around the palace.

countless demons looked up at the sky. the three-clawed red dragon had appeared. it was too obvious. a part of the red dragon's body was disintegrating and it was wailing in pain.

“Ai, ai, ai, ai.”

“It seems like the five counties have been completely lost.”

this time, the fate of the nation has been weakened by at least one-seventh!

“.....”

Zhu Ling and the other high-ranking demon ministers knew the truth, so they sighed.

Shua!

Chi Mei appeared. Her figure was like a red light, flying out of the hall and into the sky. She stood beside the three-clawed Red Dragon, and a vast power of blood gushed out, covering the three-clawed Red Dragon and forcibly stopping the loss of the country's fate.

“Pfft!”

The next moment.

Blood seeped out from the corner of Chi Mei's mouth. He had suffered the backlash of the country's fate.

“.....”

Chi Mei's expression was a little solemn. He wiped the blood from the corner of his mouth and looked in the direction of the black dungeon County. His eyes were cold as he muttered, ” Jiang Li, you've already contacted the 'young dragon List' and gathered the fate of the nation before you even officially establish a nation.

Jiang Li, the five counties of the red eyebrow Yao Kingdom aren't easy to take.

“Whoosh!!!”

The loss of the three-clawed Red Dragon's National fate was forcibly stopped by Chi Mei's own power. The wailing stopped, and the collapsed gap was gradually restored.

However ...

It could be clearly seen.

The three-clawed Red Dragon's body shrank.

Soon after.

The Red Dragon merged into Chi Mei's body and disappeared.

At the same time.

The part of the Red dragon's fate that was destroyed crossed the boundary of time and space and merged into the illusionary Green Dragon next to Jiang Li.

It could be seen.

The Azure Dragon became more and more solid, growing dragon scales, dragon horns, and dragon claws.

However ...

It was still not enough.

The fate of the nation was not enough to form the Azure Dragon.

The great gan Lord dynasty.

The ten counties under Jiang Li's control occupied nearly one-third of the great Qian dynasty's territory.

the fate of the country that originally belonged to the great qian dynasty began to leave the dynasty and was controlled by jiang li, merging into the azure dragon.

The capital of the great gan Lord dynasty.

“Whoosh!!!”

The ten thousand spirits array had already combined the essence of millions of creatures into one. The impurities were removed and the essence was extracted, which was placed in the center of the array.

The ten thousand spirit Pearl had been refined.

“Your Majesty, the ten thousand spirit Pearl is complete.”

The king of Parliament said.

“Alright,” he said.

King Qian raised his head as his eyes gleamed.

“BOOM!”

The myriad spirit array exploded. The array diagram that enveloped almost the entire capital city shattered, turning into light spots that filled the sky and gradually dissipated.

Obviously.

The myriad spirit formation was a Grade 4 formation. Although King Qian had spent a lot of resources and time to set it up successfully, he could only use it once.

It would collapse after using it.

But it was enough.

this was because the ten thousand spirit pearl had already been refined.

“come.”

...

Shua!

King Qian waved his right hand. With a flash of golden light, the thousand spirit Pearl in the air flew toward King Qian and landed in his hand. It then began to glow.

The ten thousand spirit formation was suspended in King Qian's right palm. The pill that was one centimeter in diameter glowed with four colors-red, orange, yellow, and green.

It contained extremely dense energy.

“Roar!”

The three-clawed Golden Dragon roared. It had already devoured the three-clawed Black Dragon. The fate of the nation had strengthened by a lot. Its body had also become several times larger, and its might had become stronger.

“Alright,” he said.

King Qian laughed out loud. with the blessing of the nation's fate, I've advanced by swallowing pills.

“Whoosh!!!”

Without any hesitation.

king qian sat cross-legged on the ground. the three-clawed golden dragon let out a roar and flew toward king qian. it wrapped itself around king qian’s body and was supported by the power of the nation’s fate.

...

Soon after.

King Qian consumed the myriad spirit Pearl in his hand.

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

The Qian dragon art circulated.

King Qian refined the energy in the myriad spirit Pearl and raised his body. He was about to achieve a complete breakthrough to Tier 4. The aura on his body grew stronger as the heaven and earth Spirit energy in the surroundings gathered and surged into his body.

The king of the Council stood in front of King Qian and protected him.

in the surroundings.

The soldiers of the great Qian dynasty, the civil and military officials, and the people of the Imperial City all raised their heads to look at King Qian who was in the sky.

His eyes were filled with respect.

Time passed.

King Qian's breakthrough had reached a critical juncture, and his aura fluctuated greatly.

"his majesty is about to succeed."

The king of counsel's face showed a happy expression.

if His Majesty King Qian can break through to the perfected stage of Tier 4, with the blessing of the nation's fate, his strength will definitely increase greatly. By then, be it the Barbarian King of the black snake barbarian kingdom, The Lion King of the lion barbarian kingdom, or the red-browed Demon King of the red-browed demon Kingdom, none of them will be a match for His Majesty King Qian.

wang shangqing's tone was very excited. "when the time comes, we'll conquer these dynasties and gather the fate of the nation. then, we'll be able to ascend to the throne of an imperial dynasty. "

"That's right!"

gongsun zhi nodded and clenched his fists. "although we have lost a lot of soldiers in the battle with wuzu sub-alliance and the rebel army, we only need a year to recruit soldiers and quickly replenish our losses. in addition, his majesty king qian has broken through. under his leadership, we will definitely win. "

"The dynasty, ah Yingluo."

In the surroundings.

all of the officials and generals were also excited, as if they were fantasizing about the beautiful future. they were filled with anticipation.

Kachaa! Kachaa!

"Roar!"

Suddenly.

It was almost without warning.

The three-clawed Golden Dragon that was initially wrapped around King Qian's body let out a painful wail. Its solid body was actually splitting apart and disintegrating with cracks appearing on it.

“Whoosh!!!”

His body turned into a golden stream of air and flew into the distance.

“Ah!”

ah! King Qian screamed and spat out a mouthful of blood.

“What's going on?”

what happened?!

why did the Golden Dragon of National fortune suddenly wail? ”

“This Suan ni, this Suan ni”

Shocking!

Dumbfounded!

in the surroundings.

wang shangqing, gongsun zhi, the civil and military officials, and the citizens of the capital all stared at the scene with wide eyes.

dumbfounded!

They were dumbfounded!

“How could this be?”

The king of Parliament’s pupils contracted, ” the Golden Dragon of the country’s fortune is cracking, the country’s fortune is dissipating, what is going on? ” Why is it like this?”

“Pfft!”

King Qian vomited blood again. He had suffered a very serious backlash.

One had to know.

Just now.

with the blessing of the nation’s fate and the absorption of the myriad spirit pearl, king qian had suddenly reached the perfected stage of level four. he had also reached a critical juncture and was about to succeed.

However ...

The Golden Dragon of the nation’s fate suddenly wailed and disintegrated. A large amount of the nation’s fate was dissipating, interrupting King Qian’s breakthrough and causing him to suffer a backlash.

“Who is it? who is it?”

Roar!

King Qian roared furiously.

he opened his eyes, his face full of anger. golden light bloomed like golden flames, and his powerful aura formed a terrifying pressure.

“Your Majesty!”

The king of Parliament shouted.

“Who is it?”

you’re courting death! King Qian roared. He was furious.

He was furious!

He was extremely furious!

Just one more step!

He was just one step away!

King Qian was about to succeed and break through to the perfected stage of stage four. His National fate would improve once again, and he would definitely be able to raise his ranking on the young dragon ranking. He would then receive rewards and improve his National Strength.

At that time.

King Qian would definitely lead the great Qian Army to invade the surrounding kingdoms and take over their territories, promoting the great Qian dynasty to the great Qian Empire.

However ...

Everything that was happening now ...

No more!

All gone!

All of them had turned into an illusion!

He had failed!

He had failed!

He had failed just like that!

Even to the extent that ...

even king qian did not know who was behind this.

Aggrieved.

he was extremely aggrieved.

After so many years of preparation, they were back to square one.

It was too unbearable.

“Your Majesty, it’s better to stop the loss of the country’s fate first.”

The king of Parliament shouted.

“I know,”

King Qian took a deep breath and gradually sobered up from his anger. He looked at the three-clawed Golden Dragon that was disintegrating and wailing in pain. His heart ached.

Every time a part of the three-clawed Golden Dragon was destroyed, it meant that the fate of the great Qian dynasty was weakened.

“Whoosh!!!”

Gan Wang immediately activated his power. Golden light gushed out and covered the three-clawed Golden Dragon. He used his power to stop the loss of the nation’s fortune.

“Pfft!”

King Qian spat out another mouthful of blood. His injuries were even more severe after suffering the backlash from the nation’s fate.

fortunately ...

The loss of the Fortune of the nation had been stopped. The three-clawed Golden Dragon had shrunk a lot, and the Fortune of the nation had been weakened by at least a quarter.

In other words ...

The three-clawed Golden Dragon had absorbed the three-clawed Black Dragon’s National aura for nothing. It had returned to its original state.

“Whoosh!!!”

The three-clawed Golden Dragon fused into King Qian’s body.

“.....”

king qian's face was gloomy. the suppressed killing intent almost made wang shangqing and the others 'hands and feet turn cold.

the only explanation for the collapse of the nation's fate is that the territory has been occupied by other kingdoms.

king qian lowered his head and looked at wang shangqing, the regional kings, and the civil and military officials. " tell me why? why would the territory of the great qian dynasty be occupied by other kingdoms?"

"I'm guilty! I'm guilty!"

"Your Majesty, please calm your anger! please calm down!"

"Your Majesty!"

Plop! Plop!

Below.

All of the officials, generals, and princes knelt on the ground and kowtowed to beg for forgiveness.

I have given the territory of the great Qian dynasty to you. I have given it to you to manage and control, but how have you repaid me? "

"Trash!" King Qian shouted. you're all useless!"

since he's trash, what's the use of keeping him?!

"Your Majesty!"

at this moment.

” yes. ” gongsun zhi suddenly raised his head. ” during the period of chaos in the great qian dynasty, there was a powerful army other than the rebel army set up by the half-monster alliance. ”

this Army is controlled by ‘Jiang Li’. He has occupied ten counties of the great Qian dynasty.

wuzu sub-League and the rebel army have all been taken care of. It won’t affect the fate of the great Qian dynasty. Only Jiang Li is still at large.

that means the changes might be related to Jiang Li.

“You mean Jiang Li?”

Jiang Li? ” King Qian frowned and remembered. you mean Jiang Li from the Black Dragon County? I remember him. He’s the traitor.

however, even if Jiang Li occupies the 10 counties, it’s not enough to build a country. It’s impossible to gather the fate of the country, let alone affect the fate of the great Qian dynasty.

that’s why I didn’t pay attention to him and focused on dealing with the evil fog soldiers. I didn’t expect Jiang Li to ruin my plan.

if it’s really related to Jiang Li, there must be something else that I don’t know.

Chapter 240 the azure dragon of the great xia

At this moment.

in the county city of the black jail county.

Buzzzzzz! Buzzzzzz! “Whoosh!!!”

In the Junwang Manor.

As the great gan’s National aura, the Golden Dragon, dissipated and descended across time and space, more and more National aura gathered and gradually enveloped the entire Prefecture Lord’s mansion. Then, an extremely strong spiritual energy fluctuation was produced.

the fate of the nation! It’s the fate of the nation that’s gathering!

Outside the Junwang Fu.

Chang pingwang, Shen Bao and the others looked up and sighed.

Many of the human soldiers were also watching, but many of them had no idea what it was.

This was because their status was too low, and their knowledge was too shallow. Thus, they had no idea what the ‘fate of the nation’ was. They only knew that this phenomenon was very shocking and terrifying.

It was extremely powerful.

In the Duke’s residence.

Jiang Li sat cross-legged and the blue National aura around him became more and more solid.

myl01 and ynsh01 were guarding jiang li.

“What’s the situation with the chief sovereign?”

Ynsh01 was puzzled.

“Don’t worry,”

MYL01 sensed for a while and said in a deep voice, ” “This special power is strengthening the ruler’s body. This is a good thing.”

“Yes.”

Ynsh01 nodded.

Jiang Li’s sea of consciousness.

At this time, he had already communicated with the ‘young dragon ranking’ and received some information from it.

The message from the ‘young dragon List’ was asking Jiang Li if he wanted to ‘establish a country’.

“Yes.”

yes. Jiang Li didn’t hesitate and sent his consciousness.

Immediately after.

Another piece of information was transmitted from the ‘young dragon ranking’.

This time.

They were asking about the title and country name of the dynasty Jiang Li built.

“The Grand Xia Dynasty.”

yes. Jiang Li replied, ” the country’s name is ‘Xia’.

“Whoosh!!!”

The next moment.

Jiang Li clearly felt that the ‘young dragon ranking’ was glowing. A purple-gold light fell from it. Compared to the ‘young dragon ranking’, this light was too weak.

After that.

The purple-gold light entered Jiang Li’s mind.

“This is a Kasaya.”

fate? ” Jiang Li was stunned. He received the information. It was a technique that used the ‘fate of the nation’ to help with cultivation and how to control and drive it.

it was called the great xia azure dragon technique.

A level four low-grade cultivation method.

Obviously.

This was the reward that Jiang Li got after he successfully built a Kingdom and got on the ‘young dragon List’. It was the most basic reward, and every dynasty that got on the ‘young dragon List’ would get it.

This was the foundation!

Although their cultivation techniques were roughly the same, they were all cultivation techniques that the ‘young dragon ranking’ had customized according to the different physiques of the Kings of each dynasty.

There was a slight difference.

Also, because it was a customized technique, only Jiang Li could practice it.

the king of every dynasty was the same.

As the fate of the dynasty increased, the grade of the cultivation method would also increase.

“The Azure Dragon art of the great Xia Dynasty,”

this ‘young dragon List’ is indeed mysterious. Its power is almost immeasurable. It’s not an exaggeration to say that ‘it’ is the embodiment of the rules of heaven and earth.

Shua!

At this moment.

After Jiang Li successfully built a Kingdom and was listed on the ‘young dragon List’, he could already see the ‘young dragon List’.

...

It was a purple-gold ranking list, quietly floating up and down.

Young dragon ranking-Saint peace state

[ first place: ??? ]

[ second place: ??? ]

.....

[ 99th place: Xia Dynasty, country name 'Xia', King' Jiang Li ']

Thick fog.

Jiang Li could only see a cloud of mist on the 'young dragon ranking'. The purple-gold Mist blocked all the titles of the dynasties and countries ahead.

In other words ...

Jiang Li couldn't see anything yet.

The most important thing was ...

...

Last place!

Jiang Li's great Xia Dynasty was ranked last!

He had only barely made it onto the young dragon Roll.

Furthermore ...

The 'young dragon List' in front of him was only a sub-list, and it seemed to only contain all the dynasties in the 'holy peace state'. There were 99 dynasties in total, and Jiang Li's great Xia Dynasty was ranked 99th.

In other words ...

Before Jiang Li established his Kingdom, there were only 98 dynasties.

Soon after.

Another piece of information was transmitted from the ‘young dragon ranking’.

“I see.”

Oh. Jiang Li understood after receiving the message. I can only see the information of the dynasties that are ranked lower than my own on the young dragon List.

they are ranked last, so naturally, they can’t see anything. However, the other dynasties can see the basic information of the great Xia Dynasty.

“It’s actually the last place.”

jiang li looked at the ranking on the ‘young dragon list’ and smiled silently. ” it only has 15 counties. including the green mountains, it has less than a million troops. it’s really weak in terms of both land and national power. it’s not wrong to be ranked last on the ‘young dragon list’. ”

“however, this is only temporary.”

Jiang Li said, ” soon, it won’t be. Speaking of which, the reward of the ‘young dragon List’ is indeed good. Even if you’re ranked last, you’ll get a custom-made level four low-grade internal strength cultivation technique. This technique can be upgraded and you can control the fate of the country.

I’m a little looking forward to what kind of rewards I’ll get after my ranking increases.

One had to know.

King Qian had planned for so many years, sacrificing the soldiers he had trained for many years and even allowing the wuzu sub-Alliance to develop secret chess pieces in the great Qian dynasty.

His goal was to improve the country’s strength, the country’s fate, and his ranking on the ‘young dragon List’. It was also for the rewards after his ranking was raised.

It could be seen from this.

The rewards given by the ‘young dragon ranking’ must be extremely tempting and precious. This was why King Qian was willing to pay such a high price to plan for these things.

unfortunately ...

King Qian had planned for so many years and was about to succeed, but Jiang Li ruined everything. All his efforts were in vain.

From this, one could imagine.

At this moment, King Qian was filled with rage and indignation.

he was so angry that he wanted to vomit blood.

Buzzzzzz!

The next moment.

jiang li’s consciousness returned to his body. the connection between him and the ‘young dragon list’ was cut off. at this moment, he felt the power of the ‘national fate’.

In the Duke’s residence.

“What is this?”

jiang li had already opened his eyes. he looked around and clearly saw the green national aura around him. the invisible national aura had become tangible.

Furthermore ...

Jiang Li realized.

His cultivation base had broken through.

He had directly advanced from the middle stage of the first stage, which had opened up four main meridians, to the great circle of the first stage, which had opened up all 12 main meridians.

He only needed to open one more of his eight extraordinary meridians and he would be able to advance to an early stage Tier 2 martial artist.

His body had been greatly strengthened.

Inside his body.

The vast internal strength was extremely pure and there were no side effects at all.

“I broke through just like that.”

Jiang Li was surprised.

He didn’t think that ‘founding a country’ would bring him such benefits.

“Chief sovereign, you’re awake!”

MYL01 and ynsh01 quickly replied.

“Tell me what exactly happened?”

what’s going on? ” Jiang Li asked. He could clearly see that a three-clawed Green Dragon was wrapped around his body.

However ...

This three-clawed Green Dragon had just been born. Although it was not weak, its aura was still lacking. Moreover, it was only about ten meters long. It could not compare to red eyebrows 'three-clawed Red Dragon or King Qian's three-clawed Golden Dragon.

my Lord, the power in your body is very similar to the power that Chi Mei has. It's as if they are of the same origin.

MYL01 had fought with red eyebrows and experienced the power of the National fortune, so he had the most say, " this power has been gathering around your body not long ago and has formed an inseparable connection with you. This power has also strengthened your body.

"The Azure Dragon of the nation!"

what's going on? " Jiang Li stood up. He naturally understood. He reached out his right hand and touched the Dragon Horn. It felt real and warm.

The Azure Dragon growled in a low voice, showing a sense of intimacy, and its eyes were bright.

"Hahahahaha!"

haha. Jiang Li smiled.

the great Xia Dynasty's ranking is too low and it's a newly established dynasty. Since the dynasties on the young dragon List can see the great Xia's information, it's inevitable that some dynasties will have their eyes on the great Xia.

I'll have to show my 'fist' and 'power' to the dynasties to avoid this. I'll deter them from acting rashly.

"Since that's the case, Zhenzhen"

Jiang Li took a deep breath and his eyes glowed.

“The Azure Dragon of the Grand Xia.”

I’m sorry. Jiang Li calmed himself down and shouted, ” go, Azure Dragon of the Xia Dynasty. To the world, to the people, to the world, to represent me, to represent the Xia Dynasty.

to announce to the world!

“Your birth!”

“Great Xia Azure Dragon technique!”

Buzzzzzz!

Jiang Li started to practice the ‘great Xia Azure Dragon technique’. Although he hadn’t switched to this technique yet, he could use the martial arts techniques in it to control the power of the fate of the country.

“Roar!”

The next moment.

The three-clawed Green Dragon raised his head and opened his Emerald-like eyes. His eyes were like two green bolts of lightning.

It streaked across the sky.

“BOOM!”

The fate of the nation erupted.

the three-clawed green dragon soared into the sky and broke through the sky. the ceiling of the duke's mansion was smashed by the three-clawed green dragon and was sent flying into the sky.

Kachaa! Kachaa!

In the air.

Lightning flashed and Thunder rumbled. The clouds turned into vortexes, and strange phenomena occurred frequently.

at this moment.

As the three-clawed Green Dragon flew into the sky, the invisible National aura gathered and produced an extremely powerful force. It spread out and enveloped the entire black jail County.

“Roar!”

Roar!

The three-clawed Green Dragon let out an earth-shaking roar!

it's a Dragon!!!

“A true dragon of National fate! It's the true dragon of the nation!”

“Success! Lord Jiang Li has succeeded!”

“This Suan ni, this Suan ni”

Within the black jail County.

Luo Tianshui, Luo Yilin, Chang pingwang, Shen Bao, and the other human soldiers all looked up at the sky, at the three-clawed Green Dragon soaring in the sky.

not only that.

The commotion was so huge that it affected the entire black jail County. The demon villagers looked up in fear in the direction of the black jail County city.

“Not enough! It’s not enough!”

Jiang Li looked at the three-clawed Green Dragon in the sky. The fate of the nation gathered by the 15 counties wasn’t strong enough.

The ten-meter long Azure Dragon could only affect the black jail County.

They were unable to form a deterrence.

“MYL01, go and give the Green Dragon a hand.”

stop! Jiang Li shouted.

“Yes, chief sovereign.”

MYL01 nodded respectfully.

Shua!

The next moment.

He flew into the sky and used an illusory technique to turn into a spirit-like state. The mechanical psionic energy and the black soul gas fused together and turned into ‘demonic spirit energy’.

After that.

“whoosh!!!”

myl01’s aura of a perfected stage of tier 4 was fully released. it contained an incomparably vast energy and directly surged towards the three-clawed green dragon, pouring into the three-clawed green dragon’s body.

“roar!”

It could be seen.

The three-clawed Green Dragon roared into the sky. After absorbing the energy of the mechanical demon spirit, its body continued to grow.

From 10 meters to 99 meters, and then to 100 meters. Then, as if there was no limit, it continued to grow bigger and bigger.
